Exchanges

An annual ice carnival will be held during February at the University of Wisconsin.

Louis Graveure, famous baritone soloist, is to open this year's artist concert series at Grinnell college.

McGill University has established an employment bureau to assist students in getting work for the year.

Sixty-five years of age is the limit set by the trustees of Liverpool University for the age of professors.

Plans for a new University of Iowa armory and field house have been approved by the state board of education.

McGill University, Montreal, Canada, is holding "jazz teas" weekly, at 5 p. m., with dancing and refreshments.

University of Washington's first forensic co-ed tangle will be held early in December with the University of Idaho.

The honor system has been rejected at Harvard University by a unanimous vote of the committee to which it was referred.

Over six hundred volumes have been added to the Depauw University Library since last July, according to a report recently issued.

University of Indiana.—A five-year course to complete the school of dentistry will be required here beginning in the fall of 1926.

Prospects for a University of Missouri football stadium have just

been realized when a meeting of the Board of Directors adopted this provision.

"To drink or not to drink," the great American problem, was debated by teams from the University of Cambridge and Beloit College, Wisconsin.

Close to a half century separates the University of Michigan's oldest and youngest students, with the oldest one fifty-seven and one fifteen years of age.

The University of California's men's glee club has a world wide reputation for good music, having made tours of the United States, Alaska and Europe.

An Oregon woman recently advertised offering \$400 compensation for a temporary husband in order that she might fulfill the requirements of an inheritance.

At the University of Idaho the hour when women must be in from dates has been extended from 11 o'clock on Friday nights and 11:30 on Saturday nights to 12 o'clock on both nights.

A student manager system for athletics has been adopted at Northwestern. Athletic director "Tug" Wilson, formerly of Drake was one of those responsible for adopting the new system.

A gridgraph was used at Oregon Agricultural College last week to report the game with Stanford. Before the game and between quarters and halves an orchestra furnished music for dancing.

Huge arc lights have been installed in the Berkeley stadium in order that the early darkness of the fall nights will not interfere with varsity practice. The Bears have been using a "ghost ball."

Pink pajamas, purple pantaloons, and nightshirts were the freshmen badges at the annual Jajamirina held at Stanford University. The class of '29 turned out en masse for the parade and yells.

Men who sit in the rooter's section at athletic contests at the University of California, southern division, must wear rooter's caps, white shirts and black ties and are provided with megaphones.

Experiments conducted at George Washington University in Washington, D. C., disclosed that no loss of mental powers resulted from loss of sleep. Students taking the test went from sixty to eighty hours without sleep.

An evening buggy ride was held by forty men and women of Baylor University as a protest against the recent ruling by the dean of women prohibiting riding in automobiles in the evening by the women of the university.

Students of Iowa State College do motor car repair work in a new laboratory recently installed. A flat rate is charged for work, the owner furnishing his own parts. Proceeds are used to pay instructors and to purchase tools.

A school for police established at Boston University last year is being continued this year. The curriculum of the school offers courses in law which airs the officers in combatting offenders and acting as prosecutors in court.

A course in glass blowing has been started at the University of Kansas. The art of glass blowing, ordinarily thought to be only for carnival sideshow tricksters, is a valuable asset in chemistry, according to Dr. H. M. Elsey, professor of chemistry.

Bates won in Oxford in a debate on the Prohibition question last week. It is interesting to note the English style of debating, each speaker debating for twenty minutes on any aspect of the question he may choose and when all have concluded, there is no rebuttal allowed.

One of the features of the Dad's day celebration at Northwestern University was a football game between the dads during the time between the halves. The dads spent the time scrapping as fiercely as the varsity team had been a few minutes before.

In a recent survey of Brown University students at Providence, R. I., it was disclosed that there are many ways of working your way through college. Freak jobs such as massaging lame backs, escorting ministers' daughters to dances or furnishing blood for transfusions were commonly listed.

All boarding houses, dormitories and college restaurants at Ohio Wesleyan will serve mush and milk every Thursday noon. The money saved by this novel plan will be given to Ohio Wesleyan's development plan of \$800,000.

According to The Bulletin, the daily paper of the Kansas State Teachers College of Emporia, a class in deanship composed of eight women did not have a single bobbed head among them at the beginning of the school term, but now one of the deans-to-be succumbed to the lure of shorn locks and shattered the remarkable record.

William Howard Taft, chief justice of the United States supreme court, will dedicate the new law building at the University of Cincinnati. Nicholas Longworth, speaker of the house of representatives will also speak.

The senior class of the Kansas Wesleyan University, located at Salina, Kan., observed "sneak day" recently. On "Sneak Day" the seniors left at 5 a. m. for a breakfast in the country, then drove to another town, where they spent the day. All plans were carried out without the knowledge of the University authorities.
