THE STUDY OF SCIENCE

"The study of science should be of more value to the average man than any other course in college. It should give him an understanding of his environment and acquaint him with the progress that science is bringing to the world."

Ten Years Ago

The Home Economics Club met to listen to a talk on the "Business of Health" by Mrs. Edholm of Omaha. The committee on duties was appointed and the track and football schedules approved at the meeting of the athletic board.

Twenty Years Ago

Some dozen members of the faculty met three times a week under the direction of Dr. Clapp to go through a series of severe gymnastic exercises. So secret were these sessions that the doors were not only locked but if a student managed entrance the teachers disbanded and hid.

ter. If students could have such interpretation as this—the relating of science to life, the making of it a live and interesting thing—they would probably have more interest in their science courses and do far better work.

Since writing the above, we have read a news story which appears in another part of this paper relating the comments of Prof. H. G. Deming of the department of chemistry in an address at the World Forum. Part of his address we repeat: "Try to catch the scientific spirit. I am sorry that most scientific courses fail to show the scientific spirit. But try to get it some way, somewhere. It is the thing that molds the world today."

COLLEGES INTRODUCE CURRICULAR CHANGES

cannot classroom hours be devoted not to the reading of notes that the student can get more, quickly and more completely from a book, but in discussion experimentation, and in an attempt to provoke at least a little original thinking?

OHIO STATE UNIVERSITY

The University student publication is attempting to save the "many a stubbed toe and stone bruise" along the path of learning by explaining at the beginning of the quarter just what several instructors are trying to do in their classes.

PHI BETA KAPPA

The honor society, Phi Beta Kappa, today represents only a certification that the wearer of its once-boasted key has been successful in "playing" the faculty. Or it may be the manner in which the same faculty pays off its social obligation; in awarding the honors to a man at whose board it has eaten, or whose liquor it has partaken.

QUALITY UNSOUGHT

Dr. Kennedy flayed unmercifully tendencies toward bigness in our construction. "The keynote of the time is 'bigness,'" he charged. "We no longer go after quality; but by size we are accustomed to evaluate all things. From a thing to be used, education has become a thing to sell."

NORTHWESTERN UNIVERSITY

An undergraduate committee has been constituted for the purpose of analyzing student problems and making recommendations for changes in educational policy.

CORNELL UNIVERSITY

The able editors of the Cornell Sun are hard at work on a critique of the curriculum after the manner of the Harvard Crimson's famous criticisms. The Sun explains that the criticisms "pretend to be, and will be, nothing more than the mere personal reaction of a supposedly normal undergraduate to a course which he has taken."

Exam Helps from the Lincoln Photo Supply Co.

—just use one of their easy-flowing pens and perhaps your thoughts will follow suit! There'll be no wasting of precious minutes and expletives because your pen or pencil won't function, when you're writing exams with Parker or Eversharp products from the Lincoln Photo Supply Co., 1217 O. And after you've selected your writing instruments, you'll enjoy looking at the Valentines here; such totally novel ones for any recipient you might have in mind. Shop also at the Lincoln Photo Supply Co. for Keytainers—offered in just the size and style that will best fill your needs.

Pre-Inventory Reductions at the Famous!

—prices have been slashed, slithered and gashed with but one purpose in mind—viz: to effect a disposal of all winter coats and dresses before inventory is taken. So here is the opportunity of the year for those of you who are working for your master's degree in bargain-hunting! Here you will find the winter coats which will establish you as a campus fashion plate for the rest of the season and serve you well next year; the dresses that Henry and Willie will proudly take a-dating. You'll find them reduced one-third to one-half their former prices, moreover, so hurry down to the Famous!

The Apex Cleaners and Dyers Prolong Life!

—both your life and the life of your clothes! You see, frequent dry cleaning discourages the presence of horrid little germs that might cause you ill health; and then of course scrupulously clean clothes wear longer as well as look better. So call the Apex at B 3331! You'll be delighted with their work and as much so with their prices. Ladies' plain dresses cleaned and pressed are but \$1.50; men's suits cleaned and pressed are the same price, with other types of apparel priced correspondingly low. Located at 123 S. 23rd, with P. M. Flammound as president, and William John as manager.

Did Your Last Corsage come from Dick Stryker's?

—if so, you know what it is to wear a really artistic bunch of posies! Somehow, bouquets from this floral shop have an air about them. Perhaps it's because Dick Stryker, with his many years of experience as a designer and his inherent artistry, directs the making of each corsage. Perhaps it's because the flowers themselves are the very best obtainable, always fresh, and always chosen to harmonize with the gown with which they are to be worn. At any rate, if your last corsage didn't come from the Stryker Floral Co., see that the next one does. You'll be simply delighted with it and John won't be averse to its moderate price.

Be careful in the selection of your hats. Consider their style and their quality. STETSON HATS Styled for young men For Sale by Farquhar's, Leon's Inc., Mayer Bros Co., Ben Simon & Sons, Magee's, Rudge & Guenzel Co., Speiers.

"That's a clean, neat, intelligent piece of work" THE professor continues, "Perhaps other papers were equally intelligent, but their merit was obscured by illegible penmanship. If everybody would learn to use a portable typewriter, it would save your time and mine and relieve me from the drudgery of reading longhand." Neat, legible, typewritten manuscript keeps the "profs" in perfect "reading humor." And perfect "reading humor" tends to mean better marks. Then too, a writing machine for your personal use is helpful in compiling your notes, and in writing those letters home. The New Remington Portable is preferred by students because it is the lightest, smallest, and most compact of all standard keyboard portables. We will gladly show you this machine and explain our easy payment plan. COLLEGE BOOK STORE 1135 R Street, Lincoln, Neb. REMINGTON TYPEWRITER CO. Room 101, Bankers Life Bldg., Cor. N. and 14th Street, Lincoln, Neb. Price, complete with case, \$60 New Remington Portable

Susie Smart --our shop scout says! Send "Valen-Photos" from Barnett's Art Studio! —here is the valentine de luxe! When Tommy opens with trembling fingers, your February 14th message, he'll see a clever folder which contains a very flattering picture of yourself on one side, and your few well-chosen words and autograph on the other; \$1.50 a dozen complete with envelopes. Let Mr. Barnett take your application pictures too,—you would-be teachers! Twelve impressive and dignified likenesses for only \$1.25. And then there are "Tingraphs"—mounted pictures that are just the size to exchange with your friends, for \$2.50 a dozen.
