

SIGMA NU IS IN LEAD IN TRACK MEET

Delta Tau Delta and Sigma Phi Epsilon Are Next in Inter-Fraternity Meet

RUN OFF FOUR EVENTS

Shot Put Event Breaks Former Record: Much Interest Present and Good Showings Made

The inter-fraternity track meet that is one of the most interesting events of the week is being run off in fine shape with a falling of one of the old fraternity records. The two events to be run off on Monday were one track event and one field event. The mile race was won by Graham, Alpha Sigma Phi, in the fast time of 4:55.9. Reller, Theta Chi, came in second, his time being 4:57.8. Cummings, Sigma Alpha Epsilon, made the distance in 5:03.

The record-breaking feat of the day was in the field event, the shot put. Ashburn, Sigma Nu, put the shot forty feet and ten inches, bettering the old fraternity record by ten inches. Stiner, also of Sigma Nu, tossed the shot for thirty-eight feet and five inches, and Andersen, Sigma Alpha Epsilon placed it thirty-six feet and one inch. Sigma Nu was ahead on Monday in the point column with 1946. Sigma Alpha Epsilon had 1648 to take the second place and Delta Tau Delta had accumulated 1590; The Farm House 1578, Theta Chi 1534, Alpha Sigma Phi 1368, and Pi Kappa Alpha 1298.

Results Yesterday

The Tuesday's events were the fifty-yard dash and the high jump. The fifty-yard dash was a tie; Doty, Delta Tau Delta, Wyatt, Kappa Sigma; Coffee, Sigma Nu and Hancock, Sigma Phi Epsilon, all came to the tape in .05.7. In the high jump Swanson, Theta Chi, cleared the bar at five feet six and one half inches winning first place. Wolfman, Sigma Alpha Epsilon was second with five feet four and one-half inches; Reneau, Beta Theta Pi, took the third place with five feet four inches.

The Tuesday Standings are:

1. Sigma Nu	5086
2. Delta Tau Delta	4860
3. Sigma Phi Epsilon	4668
4. Farm House	4528
5. Theta Chi	4524
6. Pi Kappa Alpha	4298
7. Alpha Tau Omega	4196
8. Sigma Alpha Epsilon	3720
9. Alpha Sigma Phi	3708
10. Phi Sigma Kappa	3410
11. Tau Kappa Epsilon	3206
12. Beta Theta Pi	3042
13. Kappa Sigma	1610
14. Delta Chi	1220
15. Phi Kappa Psi	1100
16. Omega Beta Pi	730
17. Acacia	700
18. Delta Upsilon	352

There is a great deal of interest shown in the inter-fraternity meet. It is one way in which the coach can see what material he will have as well as a source of good hearted sport between fraternities. The events to be run off on Wednesday will be the 880-yard dash and the fifty-yard low hurdles. These events should show up some new stock in the distances. Fraternities that have not paid their registration fees at the Athletic office by Wednesday night will be barred from further competition.

VAN DUSEN WILL TALK ON RELIGION

Princeton Man Who Directed World Court Campaign Appears Here March 1 and 2

Henry Pitt Van Dusen, Princeton '17, will give several talks in Lincoln, March 1 and 2, under the auspices of the Y. M. C. A. and the Y. W. C. A. The speeches will deal with the fundamental problems of religion. Mr. Van Dusen was the national director of the World Court Campaign conducted by the students Young Men's and Young Women's Christian organizations of the United States.

He will speak at the Y. W. C. A. vesper service, March 2, in Ellen Smith Hall, and will also talk at luncheons and special meetings. The programs of these meetings will be announced later, according to Mr. Arthur Jorgenson, Secretary of the University Y. M. C. A. A joint committee from the Y. M. C. A. and Y. W. C. A. cabinets and a joint committee from the Freshman Council and the Freshman Commission are working out the final plans.

George Seymour Pleads That Plans For University Building Be Made

Speaks on Necessity of Making Definite Program So That Landscape of Future Campus May Not Be Damaged

"There is no question of doubt that a cottage in a beautiful setting is more pleasing than a mansion with no landscape at all," declared George N. Seymour, former president of the Board of Regents, addressing the Rotary Club at the Lincoln Hotel Tuesday noon, concerning the University building plans.

"I am pleading for a specific University plan. The Regents have tried to make it the outgrowth of the institution itself, not imposed upon the school by some outside architect," the speaker explained. "All the citizens of Lincoln have been asked to contribute ideas, for we want a plan that can be perpetuated."

Many plans have been formulated in the past, Mr. Seymour explained. The Board of Regents in the past have seen the necessity of a building scheme and have sought the aid of an architect. These plans would be submitted, formally or informally adopted, and then pigeonholed until another Board of Regents repeated the trick.

"When we undertook the job we wanted to see why these plans did not realize. I found that every architect I interviewed was primarily interested in the housing problem. To secure an appropriate building plan, it is necessary to provide for large open spaces, so that no matter what they build in the future, they can not materially change the landscape."

Mr. Seymour has studied the similar problems of many Universities in the United States. It is a deplorable truth that very few schools have had the foresight to plan adequate campus facilities for the future. Nebraska is fortunate in that it has not gone as far as most of the colleges in its program. A few errors can be corrected and a future building scheme can be carried out, he explained.

"We hope to change Twelfth street to a Stadium Walk and prohibit its use as a 'jitney' parking place, which is not in accord with good landscape," continued the speaker. A boundary will be made around the whole, as a picture has its frame, to properly set off the central buildings. Streets are not sufficient, for directly across there may be something to mar the desired effect. A thick line of trees will be planted along the northern boundary of this pictured campus, to obstruct the present view of railroad tracks and unsightly buildings.

"The Tuesday's events were the fifty-yard dash and the high jump. The fifty-yard dash was a tie; Doty, Delta Tau Delta, Wyatt, Kappa Sigma; Coffee, Sigma Nu and Hancock, Sigma Phi Epsilon, all came to the tape in .05.7. In the high jump Swanson, Theta Chi, cleared the bar at five feet six and one half inches winning first place. Wolfman, Sigma Alpha Epsilon was second with five feet four and one-half inches; Reneau, Beta Theta Pi, took the third place with five feet four inches."

TRACK SQUAD GETS READY FOR RELAYS

Prepare to Go to Urbana, Illinois, on February 27; Star Men are Back on List

With the indoor meet at Kansas City over the squad is now turning all its efforts to preparing for the Illinois Relays held at Urbana, on February 27. This is one of the greatest indoor meets held in the country and draws into competition the best track men of the large Universities and colleges.

The squad has its star men back on the list now as Locke, Weir, Hein and Rhodes were all working out Monday and Tuesday. Weir is not working strenuously on the hurdles, as yet, but as his condition improves they will receive his entire attention.

Last year the Huskers made a very creditable showing at the relays and it is the object of Coach Schulte to have his men in such form that even a better showing may be made in the events this year.

Fire in Supply Store

A \$100,000 fire razed the student supply store at Champaign, Ill., Tuesday night. A large stock of supplies, which had been obtained in preparation for the registration rush at Illinois, was destroyed.

Hold Contest For Selecting Name Of Chairman Of Engineer's Week

A contest for the selection of a more appropriate name for the chairman of Engineers' Week which was announced in the January issue of The Nebraska Blue Print has caused considerable interest around the college and among the alumni.

"Believing," the announcement states, "that the dignity of the position of chairman of our Engineers' Week deserves a title as truly original as distinctive as the Week itself, The Nebraska Blue Print has undertaken the task of starting the machinery for the selection of the name. Starting the machinery is merely starting you to thinking, for we do not propose to force a name of our own selection upon you."

The contestants are further assured: "There is no 'red tape' connected with this contest—just think up as many titles as you wish, write them on a piece of paper, with or without your own name, and mail it to The Nebraska Blue Print."

The titles suggested are to be collected and presented before the Nebraska Engineering Society at its meeting February 19. Selection of the new name will be based upon a majority vote.

PLAN VALENTINE ALL-UNI PARTY

Will Hold Next All-University Mixer in Armory Saturday Night

ADMISSION IS 25 CENTS

The All-University annual Valentine Party will be the next mixer to be held in the Armory Saturday evening at 8:30 o'clock.

The party will start immediately after the Nebraska-Creighton basketball game. During intermission a novel Valentine program will be featured. Fruit punch and wafers will be served throughout the evening. The usual admission of twenty-five cents will be charged.

The following committees have been announced:

Entertainment: Wilhelmina Schellak and Gregg Watson, chairmen, Zeta Tate Allingham, Madeline Jackson, Lyndall Fisher, Bernice Trimble, Wayne Gragnity, Howard Hunter, Roy Dreisbach, and Paul Bolen.

Reception: Helen Anderson and Arthur Breyer, chairmen, Edith Sadler, Frances Harrison, Merle Jones, Richard Peterson, and Robert Davenport.

BISHOP JONES IS LUNCHEON SPEAKER

Representatives of Organizations Working for Peace Will Talk at Grand Hotel Today

Bishop Paul Jones, of Utah, at present connected with the Fellowship of Reconciliation, one of the most active of the organizations agitating against war, will speak at a luncheon at the Grand Hotel, Thursday noon. The Federation of Church Workers of Lincoln is bringing Bishop Jones here.

During the war Bishop Jones got into difficulties in his diocese in Utah because of his failure to agree with the generally accepted ideas about the United States entering the world war, and was forced to relinquish his position. Since then he has been devoting his time to work with peace organizations. He is, however, still a bishop in the Episcopal church.

All students are invited to the luncheon at the Grand Thursday. After the short address by Bishop Jones there will be opportunity for general discussion. The luncheon will be twenty-five cents. Students who wish to attend are asked to inform any one of the University student pastors, whose offices are in The Temple, as those in charge desire to know approximately how many will be present.

AWGWAN CAMPAIGN FAIRLY SUCCESSFUL

Bromide Number, With Clever Features Will Come Out in About Two Weeks

The Awgwan subscription campaign, which closed Tuesday evening, was "fairly successful," according to Merle Jones, business manager. Added subscriptions increased the circulation list considerably.

Many of the students new to Nebraska University, and many of those who had not formerly subscribed, hastened to take advantage of the offer of the four remaining issues for fifty cents. Subscription tables were located in the College Book Store and in the Social Science building.

The next number, a few days late on account of the change in administration, will probably be out the twentieth. This issue, hailed as the Bromide number, promises to be one of the best out so far. The Book Review column will be greatly amplified. Much clever work has been done in connection with Bromides.

ARTS COLLEGE GROUP MEETS FOR PARLEY COMMITTEE TO ARRANGE TEAS

Discussed Value of Arts College and Considered Its Purpose

HAVE AID OF A LIBRARY

Special Books and Clippings Will Be Contributed on Subject of Education

About fifteen Arts College juniors and seniors met yesterday at 4:30 in the student pastor's room of the Temple to consider holding discussions relative to the purpose and operation of the Arts College. The group decided to undertake discussions, to bring in other interested students, and to hold meetings about four times a month. The next meeting was set for Wednesday, February 17 at 7:30 p. m.

Members of the group decided to thrash out the various problems of the college from the undergraduate point of view. The various activities of the college will be considered. The theme for the next meeting will have to do with the purpose or function of the ideal Arts College as a part of a state university. It was the opinion of those present that the standard should be set and the workings of the Arts College be tested by the standard.

To aid members of the undergraduate group in their discussions, a library will be made accessible to which students will bring books and clippings having to do with the subject of education. Various members of the committee will give contributions of books by prominent educators, extracts from discussions held elsewhere, and copies of printed reports made by student and faculty groups in other institutions.

Yesterday's meeting was called by a small number of students who became interested in criticizing or evaluating the Arts College. Faculty discussions have been in progress for some time and members of the faculty, in response to a query from some students, stated that undergraduate opinion would be considered by the faculty. The student committee has come about as a result of student interest and will have no official connection with the faculty. Those who attended yesterday's meeting expressed the desire that other interested students attend these meetings and take part in discussions.

ORGANIZE ALUMNI CLUB AT EL PASO

Make Plans to Listen in To Charter Day Program; Texas Group Now Has Ten Members

A Nebraska Alumni club has been organized at El Paso, Texas. The first meeting was held in January and plans were laid for a meeting on February 15 to listen in on the Charter Day program to be broadcast from the University studio. The club is composed of ten members, residents of El Paso and the vicinity. Officers have not yet been elected and Miss Alice E. Beynon is secretary pro tem.

The members are: Miss Helen Park, '23. R. S. Trumbull, '08. Miss A. E. Beynon, '20. James E. Pike, '12. Mrs. Edith V. Pike, '12. Charles W. Mottinger, '12. Mrs. Alvina Huenfeld, '10. Miss Elva L. Sly, '03. A. J. Pinckney, '23. I. W. Goddard, Former Professor at the University.

Create New Magazine

Commerce students at Ohio State University soon will publish the first issue of "The Ohio Commerce," a newly-created magazine.

WEATHER FORECAST

Wednesday: Fair and warmer.

Weather Conditions

Clear and slightly colder has overspread the Missouri valley, the Plains region and the Rocky Mountain states, but temperatures are still well above normal. Light rain or snow fell yesterday in extreme northern and extreme eastern Nebraska, and last night in Iowa, Illinois, Minnesota, Wisconsin, the Lake region and the Ohio valley. Elsewhere the weather is fair. Temperatures are above normal in all parts of the country except the New England states.

THOMAS A. BLAIR,
Meteorologist.

"Chinese Need to Learn How to Live Christ-Like Lives," Says Miss Barger

COMMITTEE TO ARRANGE TEAS

Group Plans for Series of Unusual Afternoon Entertainments

EXPECT NEW INTEREST

A committee to arrange for the Associated Women's Student weekly teas which are held on Thursday afternoon from 4 to 6 o'clock in Ellen Smith Hall has been appointed by the A. W. S. board. This committee will plan the teas during the semester, making all the arrangements and asking an honorary women's organization to be in the receiving line and be the hostesses for the afternoon.

Katherine McWhinnie is chairman of the committee and the members of her committee include Helen Graham, secretary; Geraldine Fleming, entertainments; Dorothea Dawson, refreshments; Virginia Dougall, decorations; Sylvia Lewis, arrangements and Eloise Keefer, publicity.

The first will be held Thursday in honor of Miss Vera Barger, with the members of the Grace Coppock staff as hostesses. In the receiving line will be Miss Vera Barger, Miss Erma Appleby and Eloise McMonies, chairman of the Grace Coppock staff. The time of this tea is from 4 to 5 o'clock.

The next tea will be given on February 18 and will be a George Washington tea with the members of Delta Omicron as the hostesses. Special favors and decorations will be used and a George Washington program has been planned. On February twenty-fifth the Mystic Fish will take charge of the tea which will be a circus tea with booths and decorations suggestive of the circus. A puppet show is being planned.

The tea on the following week, March 4, will be a Mad March Hare tea adapted from Alice in Wonderland, and on March 11 the A. W. S. board will sponsor a spring style show with refreshments after the style show.

The A. W. S. board hopes through the new committee to have each tea different and of real interest to the University women.

SEND CHARTER DAY PLANS TO ALUMNI

Eighteen Hundred Programs Mailed; Also Send Out Many Songs, Films and Slides

Eighteen thousand Charter Day programs have been mailed to Nebraska alumni from the office of the Alumni secretary. These pamphlets list the numbers for the six hours program, in detail, and explain how the fourth radio program is to be broadcast.

According to the Alumni secretary, Harold E. Holtz, over twenty-five clubs in the United States will tune in. Pennants have been sent to the clubs for decorating the places where the meetings will be held, and song book supplements have been sent to clubs requesting them. The songs in the books are the Cornhusker, the Chant, and There is no Place Like Nebraska.

Slides, showing university activities have been sent to the alumni club at Seattle and the club at New York. These films and slides portray activity at registration time, the Freshman initiation, commencement activities, and views of the well known professors. The pictures of the Notre Dame and other games have also been sent out.

The Alumnus will be issued Monday, February 15. The magazine is ready to go on the press and will be mailed the end of the week. The candidates for the offices of the alumni club will be announced in this issue.

Fraternities and Sororities Must Not Initiate for Several Weeks

There will be no sorority initiation for at least six or seven weeks, according to Miss Clara O. Wilson, chairman of Pan Hellenic. "Very few of the women's grades are in yet, and it will take that length of time to get the work completed," she said yesterday.

"No fraternity initiation of any sort may be held before February 22, and the preference is that these initiations would not be held until after March 1," was the statement issued from Dean Engberg's office last evening.

There are between four and five hundred men to be initiated, with an

Director of Physical Education in China Declares That Work There is Difficult, And Deplores The Control By Foreigners

"The work among the students of China is very difficult. I feel, even in my own work which you know is physical education, that what China wants most from the west is the living of Christ-like lives. It is my biggest job and the one I am most afraid of. I—we—need all the support that you can give us."

Miss Vera Barger, graduate of Nebraska in 1911, who is on her way back to her work as a physical education director in China, spoke on Conditions in China at Vespers, yesterday. About the first of March the annual campaign for the support of the work of Miss Barger will be held. This support is given as a memorial to Miss Grace Coppock, the first Nebraska graduate to go to China.

"To have any understanding of the situation in China, you must know of the May Thirtieth Tragedy," declared Miss Barger. Last May a Chinese worker in a Japanese mill in Shanghai was shot and killed. As a protest a memorial service was planned by students and workers. After it was over six students marched, carrying banners protesting against foreign imperialism. When they reached the foreign controlled area they were arrested for disturbing the peace. They were not able to raise the bail, set at one hundred dollars, and were sent back to jail, after being tried in an international court.

Two thousand Chinese students gathered around the jail. Almost at once arrests were made by the police (foreign police), and it has been stated that after ordering them to disperse, the British Sergeant of Police gave the order to shoot. Eleven were killed and others wounded.

Indignation at the incident spread quickly over China in spite of the fact that there is no wide reaching newspaper. Even now it is doubtful that any satisfactory settlement has been made. "One thing however has come out of it—the union of the government in the north and that in the south; the union of the Christian and the non-Christian against the foreign domination," stated Miss Barger.

TEACH BOTANY IN ROCKY MOUNTAINS

Dr. Pool Will Give Course to Limited Class in Colorado During First Term of Summer School

The department of botany has made plans to give courses in the Rocky Mountains during the first term of the 1926 Summer Session. This work will be under the personal direction of Professor Raymond J. Pool, Chairman of the Department of Botany and will begin in Estes Park, Colorado, June 8, and will continue until July 14.

Dr. Pool is familiar with conditions and the materials available for this work in Colorado, as he has conducted classes in the mountains for several summers.

The principle course offered will be general in scope, presenting a broad view of the modern biology, with particular reference to plants found in the Rocky Mountains region. Registration in this course will be limited to fifty. An advanced course which will offer training in plant taxonomy or ecology will also be given. The registration in this course will be limited to twelve.

These courses are planned for the special value which they will have for teachers of botany, biology and nature study in public schools and colleges, and for college students who wish to broaden their knowledge of the field.

An illustrated pamphlet regarding this summer session is being prepared, and this will give detailed information about the session.

HUSKERS TAKE SHORT END OF 41-26 SCORE

Nebraska Players Start With Vim, But Kansas Aggie Hit Basket Better

CHANGED LINE-UP OFTEN

Shooting Poor and Defense Seemed Weak; Smaha Scores Most Points for Nebraska

After taking the lead in the first seven minutes of the playing, and then by losing their shooting eye as well as weakening in their defense, the Nebraska Huskers lost the game to the Aggies by a score of 41 to 26. The score at the end of the half was 21 to 6 in favor of the Aggies.

The Huskers evidently went on the floor to win because at the end of seven minutes of play the Nebraskans were leading 6 to 5. The Aggies called time out. They must have injected some stimulant into their men because the Aggies shots fell in the baskets and in a short time they threw three goals in a row, making the score 12-6 in the Aggie favor.

A complete change in the Nebraska line-up was made. This, however, did not seem to hinder the Kansas farmers from caging eight more baskets.

In the second period Smaha, Nebraska's talented basket-tosser, took the matter into his own hands and sunk two nice counters between the iron hoops. All the way through the last half Smaha seemed to be the main cog in the scoring machine, scoring twelve points while his teammates were making eight. The Aggies were making numerous substitutions and as the game ended were holding the scoring of Smaha and his assistants about equal.

The following gives the line-up and substitutions made.

	G	FT	F
Aggies (41)	6	0	2
Byers, rf	1	2	1
Weddle, lf	1	2	1
Tebow, c	0	0	0
Koch, rg & c	3	0	0
Osborne, rf	4	0	0
Tangeman, c	1	0	0
Nebraska (26)	1	0	0
Mielenz, rf	1	1	0
Smaha, rf	5	2	1
Norling, lf	0	0	0
Elliott, lf	0	0	0
Page, c	1	1	0
Ekstrom, c	1	0	0
Gehrlick, rg	1	0	2
Brown, lg	1	2	0

Substitutions: Aggies: Osborne for Byers, Mertel for Weddle Tangeman for Tebow, Price for Koch, Holsinger for Edwards.

Nebraska: Smaha for Mielenz, Elliott for Norling, Ekstrom for Page, Lawson for Gehrlick, Sprague for Lawson.

Summary: Tech fouls Koch (K. A.) one.

Free throw missed: Smaha one; Edwards one; Gehrlick 1.

Referee: E. C. Quigley, St. Marys.

RIFLE TEAM WINS MEET WITH MAINE

Husker Rifleman Defeat Eastern Rivals; Will Fire Five Matches Next Week

The University of Nebraska rifle team defeated the Maine University team by a score of 1871 to 1802. The results of the remaining matches on this week's schedule have not been received by Captain Eggers.

Next week's schedule includes matches with the University of Vermont, College of the City of New York, Cornell University, University of Porto Rico, and Georgetown University.

DR. BARKER SPEAKS AT WORLD FORUM

Will Address Group on "Eugenics and Progress" in Third Talk of "Progress" Series

Dr. Franklin D. Barker, of the department of zoology will speak on "Eugenics and Progress" at the regular Wednesday noon luncheon and discussion of the World Forum at the Grand hotel today. All students who bought tickets before six o'clock on Tuesday evening will be admitted to the dining room before those who did not purchase tickets. Space permitting, others will be admitted later, but they will be charged thirty-five cents instead of the usual twenty-five.

The address today is to be the third of a series on "Progress" which the Forum is conducting. Professors J. O. Hertzler and H. C. Deming have been previous speakers on the subject.
