Hi, Lads VV Gels, Too WALLY'S BACK V

Just saw the old kid over at the Eversharp counter. Had a great summer. Looks like a million. More new style than the Prince of Wales.

And sharp! Well, Eversharp! Whole book of lecture notes, dance dates, phone numbers-all up his little write sleeve.

Scamper on over and give him the grip!

Seniors, juniors, sophomores, freshmen-Eversharp is the pencil in your class. Always sharp, but never sharpened. No whittle, no smudge, no clog, no jam; just an even trail of high-grade marks from the point of that rifled tip.

Any size you like - from the shy little "Tux," for the weskit pocket, to the extreme "Oxford bag." Any color you like -red, mottled, or black in hard rubber barrels, silver or gold, solid or filled. Any lead you like-hard, medium, soft-regular, checking or heavy duty thicknessand also in all colors.

Any price you like-[see the new Utility Unit, \$1.50 worth of everything for \$1.00].

> From 50 cents to a month's allowance

Right here, too, is your fountain pen. The popular pen on every campus, and we might say the best one in the world. Wahl Pen.

Tell you why you'll like a Wahl Pen better

It's durable. Built to last. You won't be breaking it every other day or running in to replace it every now and then. All the Wahl-barrel, cap and point-is durable.

It's capable. A good point and a steady flow. The Wahl Pen nib is made of iridium-tipped solid gold. The ink sac in a Wahl Pen holds more ink than you can get in any pen of equal size-more even than the bulky pens that carry all their bigness in their looks,

It's individual. You make your own choice of a Wahl Pen from a complete line of sizes, points and styles. You can get a super-humdinger, thick as a wrestler, or a neat little cylinder, slim as a girl. You can get a Wahl in solid gold or sterling silver, gold-filled or silver-filled, red, black, or mottled rubber. You can get exactly the point you want-stiff or flexible, fine, medium, stub, or oblique, or Wahl Standard Signature.

And any Wahl you buy is the finest writing instrument you ever used, at any price.

> \$3 to \$7 for the silver or rubber \$6 upward for the gold

MARK MY WORDS
