Y. M. and Y. W. Reply

The following letters were written by the presidents of the
University Y. M. and Y. W. after an invitation from the Daily
Nebraskan.

Y. W. C. A.

The detailed budget of the ex-
penditures of the student Y. W. C. A.
will be published in a day or two, so
it is not the purpose of this state-
ment to include that. However, as a
general statement of our expendi-
tures, the budget amounts to approx-
imately \$3600, about half of which
goes to cover administrative expen-
ses. This year we will receive \$1200
of that amount from the community
chest.

We attempt to build our program
around the religious needs of stu-
dents and in so doing to deepen the
spiritual life on our campus.
The weekly Vesper service at-
tempts to meet our need for corpor-
ate worship. It is planned to be a
truly lovely, worshipful service, with
a vested choir composed of members
of the Association, special music, in-
sistent prayer and talks on topics of in-
terest and concern.

A large number are enrolled in the
Bible Study and discussion groups,
including the Freshmen Commission,
which is a study group.
The Y. M. C. A. and the Y. W.
C. A. have charge of the weekly
World Forum luncheons at which
able speakers are asked to talk on
topics of interest to students. The
social program includes parties given
jointly by the associations.

Last year an interracial commis-
sion of colored and white girls was
started for the purpose of furthering
understanding between these two
groups. This commission meets once
a week for luncheon and discussion
together.

One discussion group is composed
of members from each of the denom-
inations represented on the campus.
This group leads to better under-
standing of their respective creeds.

Members of the association have
charge of the Americanization classes
and the Girl Reserve clubs in the
community. The choir gives several
programs during the year at different
charitable institutions in the city.

Several speakers of national and
international reputation have been
brought to the campus for series of
meetings.

These are some of the activities
and of course on merely hearing
them enumerated, it requires one's
imagination to fill in the picture and
realize the spiritual growth that
comes about in the lives of girls on
our campus as a result of them. As
a group, we are searching to come
to a better understanding of Jesus'
way of life, and see what its impli-
cations are for our lives. Through our
working together in a Christian fel-
lowship we are helped to be our best
selves.

CYRENA SMITH,
President Y. W. C. A.

Two Years Ago

Professor E. E. Lackey, former
professor of Geography at the Wayne
Normal College, was added as associ-
ate professor of Geography at the
University of Nebraska.

Professor A. G. Hinman of the Col-
lege of Business Administration gave
an address on retail advertising at the
meeting of the Cosmopolitan Club
held at the Hotel Lincoln.

Dean William Sealock of Teachers
College was the principal speaker at
teacher's institute in several Iowa
towns.

Dr. Charles Fordyce, chairman of
the department of educational psy-
chology and measurements in the
University, was elected president of the
Wesley Foundation, the organiza-
tion which supports Methodist work
among students in the University.

Among the leading colleges that
have an enrollment of more than
3,000 students Syracuse is leading
in convocations managed by the stu-
dents.

Freshmen co-eds at Tulane univer-
sity go with powderless noses as a
punishment for disobeying freshman
regulations.

We have heard from several stu-
dents who have been members that
"women's honoraries amount to less
than men's." We can immediately,
however, brand that statement as
false for it is impossible.

Both the Y. M. C. A. and the Y.
W. C. A. have accepted our invita-
tion to tell the students what they
accomplish and where the money goes
and letters from the presidents of
those organizations appear elsewhere
in today's paper. We wish to call the
readers' attention to these letters.
Within a few days all of the students
will be asked to contribute to these
organizations and now is the time
to decide whether or not they deserve
the support they ask.

It is again necessary to remind the
students and other readers that it is
imperative that the editor know the
identity of all contributors to the
"Other Opinions" column. We have
again received letters which we
would like to print but cannot until
we know who wrote them. It will not
be necessary to print the person's
name, but it will be necessary for the
editor to know who is the author.

A student infirmary report at Syra-
cuse shows that men students need
more medical attention than women
students.

Y. M. C. A.

The editor has asked for a state-
ment from the University Y. M. C. A.
in regard to its work on the campus
and its place among the many orga-
nizations which infest our school. Such
a request is entirely proper and we
welcome the opportunity to acquaint
the student body with the real work
of the "Y". Within the next few days
there will appear several stories in
the Nebraskan telling of some of our
activities such as the World Forum,
which is managed jointly with the Y.
W. C. A., our work for new students
in finding them rooms and giving
them help in the first hectic weeks of
school, the "N" Book and similar en-
terprises.

At present though, I wish to call
the attention of the editor to a phase
of the work which is often overlooked
but which is perhaps the most impor-
tant. The real work of the "Y" is
something which cannot be listed on
a sheet of paper for it deals with that
intangible something which we may
call spiritual, intellectual, or moral
values. In listing the activities of the
"Y" we cannot list the story of the
student who came in at the first of
the year and said that the Freshman
Council last year, conducted by the
"Y", had been the only thing which
had kept him up to the high standard
of morality with which he had come
to college. There are numerous sim-
ilar cases and others which are no
where recorded.

The University Y. M. C. A. is the
only student organization on the
campus, to my knowledge, which fos-
ters these moral values and tries to
stimulate thought among those who
are too often prone to accept things
as they are without an adequate
knowledge of why they do so. It is
the University Christian organiza-
tions which keep the student body in-
formed as to student thought and
action throughout the country. As I
have said these things are intangible
and difficult to explain to those who
have not experienced them but they
must be reckoned with when an at-
tempt is made to evaluate the Y. M.
C. A. The opportunity to receive this
personal aid is open to all who seek
it whether or not they are members
of the organization and the officers
of the University Y. M. C. A. hope
that they are living up to their obli-
gation to serve the students of Ne-
braska in every possible manner.

JOHN M. ALLISON,
President Y. M. C. A.
