

"Man prefers to believe what he prefers to be true"

THE DAILY NEBRASKAN

"Keep that school girl complexion—out of the rain."

VOL. XXVI. NO. 31

THE UNIVERSITY OF NEBRASKA, LINCOLN, NEBRASKA, FRIDAY, OCTOBER 29, 1926.

PRICE 5 CENTS

PUBLICITY MEN NEEDED BY KLUB

Kosmet Klub asks Applications For Publicity, Property And Poster Men

BAND WILL BE CHOSEN

Applications for production assistants in the 1926 Kosmet Klub show, "The Dream Pirate," will be received at Long's Book Store Friday and Saturday. Assistants will aid in publicity, property managing, poster work, scenery painting and moving and business.

Applications for positions in the pit orchestra that will accompany the show on its week's tour out in the state in Christmas vacation will also be received at the book store. The orchestra will be of the modern type. There will be a piano, saxophones, trombone, trumpet, drums and banjo in the orchestra. In some cases try-outs may be held.

Writers are Needed

A half dozen or more assistants will be needed in publicity work, as an extensive advertising and publicity campaign is planned. Advertising writers and news writers will be needed.

No experience is required for property, business and scenery work (except in scenery painting), but any who have had experience in this line will be particularly welcomed. Art students are expected to assist in the poster work, to work in conjunction with the ad writers.

Blanks for applications may be obtained at Long's.

The cast of the show will be called together and definite assignments to parts made early next week. Appointments of assistants will also be announced then.

FINE ARTS BAND TO APPEAR SOON

Recently Organized Musical Group Will Play at Next Convocation

The new fine arts band will make its first public appearance before the student body at the next convocation, Thursday morning, November 4. The band, which has been organized since the first of this year, now has a membership of forty, and according to Prof. William T. Quick, who directs the band, it is making splendid progress.

The fine arts band has been a much needed organization, especially in the past few years, because so many students have been coming into the university and the R. O. T. C. band and the University concert orchestra could not take care of them all. As both men and women are eligible to the fine arts band, these surplus students who play musical instruments can be taken care of very nicely.

"With the present outlook I believe the fine arts band will become one of the big organizations of the fine arts department," said Prof. Quick, who created the organization.

This new band will in no way interfere with the functioning of the R. O. T. C. band or the university concert orchestra, but will have work of its own to carry out. The personnel of the band and the program for the convocation will appear in an early issue.

Eloise Keefe To Attend Milwaukee Conference As Nebraska Representative

Eloise Keefe will represent Nebraska at the National Student Conference at Milwaukee, Wis., December 23 to January 1. The Conference is sponsored by the National Y. W. C. A.

The purpose is explained in a pamphlet published by the Council of Christian Associations, "To share our best experience and convictions on questions like these (concerning Christianity) has led to the calling of a national student conference. It is no 'snap-decision.' Cabinets, Councils, and Conferences from Coast to Coast, after prolonged deliberation have registered their overwhelming judgment that the time has come to face in this national way our life as professed Christian students in relation to the vast areas of human need in the world's life today."

The Milwaukee auditorium will be used for the meetings. Special convention rates are expected. Free rooms and breakfasts for many of the delegates are planned by the city of Milwaukee.

Kansas R. O. T. C. Adopts New Uniform
The R. O. T. C. at the University of Kansas has adopted a new style of uniform consisting of blue coats and trousers, and white trousers for parade. The blue uniforms are also used at the University of Missouri.

Ask Aid in Preparing For Military Carnival

John A. Boyer, general manager of the 1926 Military Carnival which will be held on the evening of November 13 at the University Coliseum, is soliciting assistance in preparation for the affair. The work will consist of general decorating, preparing booths, and aiding in novelty attractions, and is open to anyone registered for military science, whether in the basic or advanced course. The management is making plans for the most attractive carnival in the history of the event.

The names of persons who wish to help Major Boyer and Scabbard and Blade in preparation should be turned in to Mrs. Frank Henline, secretary in the offices of the military department, on the third floor of Nebraska Hall. The names should be turned in this week or the first part of next.

JOURNALISTS HOLD DINNER

Theta Sigma Phi Entertains Women; Lawrence, Walker Hackler, Speakers

Thirty-five women, almost all the women registered in the School of Journalism, attended the dinner given by Theta Sigma Phi at Ellen Smith Hall yesterday evening. The sorority colors, lavender and green, were used in the table decorations.

That the best opportunities for women in the field of journalism are to be found either in the specialized field, chiefly in the very large cities, or in towns of less than 25,000 population, was the message brought to the women by Prof. James E. Lawrence, the principal speaker, whose topic was "Women in Journalism."

Prof. Lawrence warned the women that work on newspapers in cities with population of between 25,000 and 125,000 was extremely grueling and involved too much responsibility for women. A constant strain and high tension characterize the work on newspapers in cities of this size, where the field is large and yet not large enough for specialization.

A particular phase of the work now open to women and needed is that of interpreting politics for the women voters, according to the speaker.

Women Open Minded
If women bring to the field of journalism those qualities which they possess to a larger degree than men, namely open-mindedness, fairness, and tolerance, they will do a great service to the profession, Professor Lawrence asserted. He stated that he believes the women will make this contribution.

The speaker recalled several reminiscences connected with Nebraska journalism. Mrs. Walt Mason, wife of the famous poet and humorist, was among the first women active in journalism in this state. Her sketch of southern Nebraska is a work of which we are justly proud. Mrs. Harriet McMurphy was another of the early Nebraska women journalists.

To remark about the many accomplishments of women in the journalistic field, Professor Lawrence added the statement that he could not but regret the tendency of the time which is taking the woman away from that vital institution, the home.

Gayle C. Walker, acting director of the school, discussed the threefold aim of the School of Journalism. It offers, of course, direct, practical training for the field. Secondly, students are required to take courses in philosophy, history, languages, and the like, in order to get the necessary cultural foundation. Even if one does not, then, for some reason enter the profession, he still has a cultural education. The third purpose of the department is to develop the student, among other qualities, those of toleration and loyalty—loyalty to

(Continued on Page Two.)

ALL UNI CHURCH DAY IS SUNDAY

Students Urged By Religious Organizations To Attend Places of Worship

SERVICES ARE PLANNED

Next Sunday, October 31, is All-University Church Sunday, at which time university students are urged by religious organizations to attend the churches of their denomination.

Those who are church members in their home towns may become affiliated members, by uniting with a church for the duration of the present school year. They will also have the opportunity of becoming regular members.

Efforts are being made in order that this day may be successful. Every student is urged to help make this custom an all-university tradition. Students with intentions of becoming a church member during their college career should do so next Sunday, since they have a special opportunity to unite with their church.

FRESHMEN ATTEND ANNUAL BARBECUE

First Year Cornhuskers Turn Out En Masse for Lunch and Meeting in Coliseum

Nearly three hundred Freshmen attend the annual barbecue Thursday night, held at the University Coliseum. The Barbecue was sponsored by the Iron Sphinx.

The speakers of the evening were John Trout, Harold Fulscher, president of Iron Sphinx, and Captain Stiner. Two of the speakers, Dean Chaturban and Coach Schulte were unable to attend. Harold Fulscher gave a short talk on the object of the meeting, and wished the Freshmen good luck in the Olympics which will soon take place. Captain Stiner told the Freshmen some of the football traditions, and planned the importance of physical exercise; he encouraged all Freshmen to go out for some form of athletics.

Cheers were led by one of the Freshmen cheer leaders, and a considerable amount of enthusiasm was worked up in the class.

MONTE MUNN HERE TO WATCH HUSKERS

Nebraska Legislator-Fighter Back in Lincoln; One of University's Best Known Men

Monte Munn, former Nebraska linesman, ex-state legislator, and heavyweight pugilistic hope of the state, is back in Lincoln. He says he is back to vote and look over the football teams and backed up his assertion by watching the Huskers practice Thursday evening.

Munn is today one of Nebraska's best known graduates. Although he has been in the fighting game less than a year, he has an enviable record of knockouts to his credit which has attracted considerable publicity from the press of the country.

Munn was a big factor in Nebraska football while in school. After graduation, he did some very effective work for the University while serving in the state legislature. After the football season last fall, he went to New York where he has been boxing under the management of Dan Hickey, who has several world's champions to his credit.

Spanish Club Will Meet on Saturday

The Spanish club will meet this fall with the opening meeting 7:30 Saturday evening. There will be speakers from the faculty or from other colleges who will speak in Spanish. Spanish games and songs will be played and sung. It is under the direction of Professor Alexis, who has arranged a very interesting program for the year.

Hackler Is Delegate To Journalist's Convention

Victor T. Hackler was elected delegate to the annual Sigma Delta Chi national convention to be held at Madison, Wisconsin, November 15, 16, and 17. John Boyer was chosen as alternate.

The selection was made at the first of a series of luncheons to be given by Sigma Delta Chi, at the University Club.

Mr. Hackler is president of the Nebraska Chapter of Sigma Delta Chi.

THIRD VARSITY IS ON SATURDAY

All-University Party Features Halloween; Decorations Being Planned

1000 COUPLES EXPECTED

A Halloween festival, the third Varsity Dance of the year, will be held in the Coliseum Saturday evening. Pumpkins and corn stalks and the customary Halloween colors of black and yellow will carry out the decorating scheme. Cider and doughnuts, typifying the spirit of All Saints' day, will be served by the refreshment committee.

An attendance of one thousand University couples has been set as the goal for the party. Any student enrolled in the University of Nebraska is eligible to attend. More than 750 couples attended the last party.

Cheerleader Band to Play
Joyce Ayres and his Cheerleader's Orchestra, which played at the Varsity Dance held at Lawrence, Kansas, will furnish the music. A Corn Cob stunt will feature the intermission.

The chaperones for the affair are Professor and Mrs. George M. Darlington, Professor and Mrs. Earl W. Lantz, Professor and Mrs. Wiedeman, and Professor and Mrs. Jules P. Colbert.

Deputies will direct the parking of cars around the Coliseum to relieve the traffic congestion which occurred at the last party.

The Inquiring Reporter

Every day he asks a question of different students picked at random on the campus.

Today's question—"What suggestions have you for the improvement of the varsity dances?"

Where asked—Between Memorial Hall and University Hall.

Elton Fee, '29, Arts and Science, Lincoln.

"I think they should have a better system for checking wraps," George W. Holt, '30, Business Administration, Chicago, Ill.

"There should be seats downstairs for the dancers, preferably davenport or at least something more comfortable than the hard seats that are used up in the balcony."

Pete Randall, '29, Business Administration, Lincoln.

"I think the varsity dances are as good as they can possibly be."

Thomas M. Elliott, '27, West Point.

"I'm glad to see them started again. They are a great thing."

Guy L. Cooper, '27, Humboldt.

"I think the fraternities and sororities should get behind them."

Dave Foster, Law '27, Sterling.

"They're great, but they ought to have a better system of checking wraps."

Prof. Slaymaker is Author of New Book

Professor Philip K. Slaymaker, Professor of Mechanical Engineering is the author of a recently published text-book for students of Mechanical Engineering, copies of which have been received at the book store. The title of the book is "Elementary Mechanism" and is a revision of a book of the same title by Professor A. T. Woods of Washington University and Professor A. W. Stahl of Purdue University. It was published by D. Van Nostrand Company of New York.

A new chapter entitled "Instant Center" was written by Professor Slaymaker and an effort was made throughout the book to introduce modern application and as far as possible to bring up to date without making the text bulky.

NEBRASKA SHIFT WORRIES AGGIES

Iowa Cyclones Perfecting Defense for Saturday Game; Lineup Unchanged

Ames, Iowa, Oct. 28: (Special)—No changes in the Iowa State lineup for the renewal of the football feud at Lincoln Saturday will likely be made, with the exception that Smith will go in at tackle. Coach Noel Workman is drilling the Cyclones against the intricacies of the Nebraska shift, and is trying to develop a stone wall line to stop the Pressnell, Oehrich, Stephens and Mielenz, hard driving Husker backfield combination.

Lindbloom, Cyclone right half who took some bumps on his injured leg in Tuesday's practice is coming along nicely, and the leg is expected to be fully healed for the Husker grid Classic.

Holman is at Half
Coach Workman continues to use Holman at right half, however, the veteran Fisher at left half, Weiss at quarter and Lamson at fullback, and this combination will start against Nebraska Saturday.

Smith, Iowa State tackle who broke his hand in the Grinnell game, still has the injured member in a cast, but does not seem to be hampered by it in scrimmage sessions. Wednesday's heavy scrimmage game with Coach Wheeler's green jerseyed freshmen concluded the heavy work of preparation for the Bear game.

The Cyclone mentor has set another precedent by deciding not to take his team to Lincoln a day early, but rather getting them there on the morning of the game. The team, the 100 piece Iowa State band, and the Iowa State football fans will all leave Ames shortly after midnight Friday on a special train, arriving in the Nebraska capital at 7 o'clock Saturday morning.

ORGANIZATIONS BUY BOXES FOR CONCERT

Three Fraternities and One Sorority Purchase Blocks of Seats for Navy Band Entertainment

Three fraternities and one sorority have purchased blocks of seats for the concert to be given in the Coliseum, November 6, by the United States Navy Band.

The organizations which already have reserved blocks of tickets for the concert are:

Acacia.

Alpha Delta Theta.

Delta Sigma Delta.

Theta Chi.

Tickets for the concert are being sold to university students by the Tassels and the Pershing Rifles, as well as by the members of the above four organizations.

Boxes have been given to Governor McMullen, Chancellor Avery, and Mayor Zehrung, for the concert.

Half-rate tickets have been placed on sale at the Lincoln High School. The students there may secure tickets for the concert for 50 cents each.

Bizad Banquet-Dance Tickets Selling Fast

Tickets for the Bizad Banquet-Dance are selling at a good rate, according to Henry Lucas and Ella Thompson, joint chairmen. The annual banquet and dance promise to be a complete success. It is estimated that 300 will be present at the banquet and that 250 couples will attend the dance which will follow. The dance is open to all friends of Bizads.

All of the Bizads are urged to buy their tickets before Tuesday night, in order that there may be a definite check for the banquet.

Interest Is Shown In Model Campus Display

Considerable interest in the model of the University's future campus is being shown by the public according to Mr. L. F. Seaton, who has charge of the model in the Administration building. This remarkable project has been viewed by several conventions and clubs and has excited much favorable comment. Articles about it have appeared in several papers in the future, the value of this outline of growth will increase as the school develops and grows.

BASEBALL MAY BE REINSTATED

"N" Club Would Ascertain Opinion of Students As To Third Sport

The "N" club is sponsoring a movement for the reinstatement of baseball as a major sport in the University's athletic program. If base ball takes its former position here among college sports, it will be due to the action taken by the students.

There were several reasons why base ball was abolished a little over a year ago, one was because of the lack of interest in the game; another was due to the expense of the new field house, causing a shortage of funds for the support of the game. At that time there was not a satisfactory place to play, and there was no coach. Other schools in the Missouri Valley conference abolished the game and this made it hard for Nebraska to arrange its schedule.

Petition Drawn Up
The following is a copy of the petition that will be circulated to find out just what the attitude of the student body is concerning the question:

"Petition to Reinstatement Baseball"
The signers of this petition, students of the University of Nebraska, interested in all forms of athletics, do hereby suggest to the Athletic Board of the University that baseball, which has been a major sport at the University for many years, be restored to its place among the competitive sports.

"We feel that this major sport will attract enough of the students to justify its replacement and that the increased interest aroused by varsity competition in this branch of sport will increase the interest of the student body to such an extent that it will prove a material aid to the development of the intramural athletic program."

"We pledge our support and co-operation to furthering baseball at Nebraska."

There are many reasons why baseball should be restored to its former place. The Alumni are continually writing and asking why we do not have a baseball team. Baseball is a national sport and creates a greater interest in a larger amount of people than any other one sport; it would be an added inducement for students who play baseball to come to school here. The field house is now completed and there should be enough profit from the basket ball games to support it if necessary.

Civic Club Visits Ag College Campus

The annual visit of the Lincoln Junior Civic Club to the Agricultural College was made yesterday morning. The purpose of the Club, which is composed of all seventh grade pupils in the Lincoln schools, is to acquaint the boys and girls with their city.

Lectures for the boys about livestock and classes in Home Economics for the girls were the features of the morning's program.

MONSTER RALLY PLANNED ON EVE OF AMES BATTLE

Iowa State Athletic Director Will Be Introduced On Speaking Program

QUARTET IS ON PROGRAM

Cheerleaders Promise Surprise For Husker Fans; Locke and Waugh to Talk

Nebraska's student body will voice its confidence in the football team tonight at a rally in the Coliseum. This will be the midseason pep meeting for the Cornhuskers. The rally will start promptly at 7:15, and will be over in time for evening engagements.

Athletic Director N. T. Metcalfe of Iowa State will be introduced to the students and will give a talk. The other speakers will be Captain Lonnie Stiner of the 1926 Cornhuskers, Roland "Gipp" Locke, former Nebraska football player and famous sprinter, and Sam Waugh, "N" man and Nebraska basketball coach.

Quartet Will Appear
The University quartet will make its first appearance and will sing two songs.

The game Saturday means the renewal of football relations with Ames. The last game was played in 1923. Coach Noel Workman's eleven is handicapped by less experience feels that a turn in luck will result from this season's encounter. Nebraska holds a record of winning two-thirds of the games played between the two schools.

Nick Amos and the cheer leading staff will direct the enthusiasm. Amos promises that there will be something new for the rooters which he will announce at the rally. The University band is expected to aid the cheer leaders and to swell the volume of yells and songs.

MARTIN TO RUN HERE SATURDAY

Champion Half-Miler Appears Between Halves on Track Exhibition Program

Exhibition track events and the finish of the cross-country meet between Nebraska and Drake will feature the between halves program at the Nebraska-Iowa State football game Saturday in the stadium. Coach Schulte will present an unusual number of record breakers in the track events in Martin of Northwestern, Locke, Hein, and Wirsig.

Roland Locke and Bill Hein will run an exhibition 100 yard dash. They are in much better shape than when they ran an exhibition 100 between halves of the Nebraska-Missouri game. Frank Wirsig, holder of the Missouri Valley record in the pole vault, will vault between halves. Wirsig has only been out a short time but has been making some good marks for early season work.

Martin Record Holder

Rev. A. O. Martin, Northwestern graduate, now minister at Otoe, will run an exhibition half mile between halves. Martin won both the National Collegiate championship and the American Amateur Athletic association championship in the half mile last spring. He has come close to record time on several occasions. Wednesday afternoon, in a practice workout on the stadium track, he stepped a 560 in the fast time of 1 minute 22 seconds. He ran the first 440 of this in 51 seconds.

Some varsity half mile candidates will run against him with handicaps. Lemly was expected to run against him but was sick Thursday and may not be able to make the race. Sneathen, promising freshman, who had been picked as one of Martin's pacers, suffered a nervous breakdown over a week ago and was sent to the hospital.

The cross-country team finished off with a light workout Thursday night in preparation for the Drake meet. The Huskers will probably be represented by Captain Hays, Chadderton, Beller, Sprague, McCartney and Diedrichs. Johnson will replace Diedrichs in case his ineligibility is removed.

Drake will be represented by Manchester, Wright, Beale, Swenseny, Lockhart, Hixon and Earl. Drake was defeated by both Iowa State and Missouri in a triangular meet last week but it is thought that they will put up a close fight against the Nebraskans Saturday.

Dean Chaturban's Condition Improved
Dean George Chaturban, who was very ill during the fore-part of last week, is improving rapidly but will not be able to resume his duties before the first of next week.

Grow May Start at Center

Lloyd Grow, 181-pound center, may start his first varsity game of the year Saturday, when he takes the pivot position against the Iowa Aggies.

McMullen Is Back

Dan McMullen, guard, who has been out of the last two games on account of injuries, will be seen in action against Ames Saturday.
