

## BEARG LOOKING FOR HARD GAME

### Huskies Snap Through Signal Drill and Then Take in Chalk Talk

The first snow of the season sent the Huskies, clad in their heavies and mittens, out on the field yesterday afternoon for a short snappy signal drill. Coach Bearg, who saw the Kaggies in action against Marquette Saturday, assured the boys in the chalk talk that took most of the period that the Kansas aggregation would be the strongest team on the schedule to date.

With the biggest job in football circles, that of playing Kansas Aggies, New York and Washington—a trio of teams of the first calibre—in twelve days, looming before the Cornhusker camp, Coach Bearg has been trying several combinations in order to present the strongest line-up available next Saturday.

The team which led the signal practice yesterday had Roy Mandery and Sprague at the ends, Holm and McMullen at guards, Stiner and Randells at tackles, Morrison at center, Stephens at quarter, Gehrich and Presnell at the halves, and Howell at fullback.

With the Kansas Aggie victory stored safely away in the first year memoirs, the freshman squad spent a busy afternoon learning various Aggie plays which will be sprung on the Varsity later in the week. Notable among these was the "talk-it-up" play which the Kaggies have been using in their yard-gaining plunges.

## 6 MEN ARE CHOSEN FOR JUDGING TEAM

### Members of Senior Fat Live Stock Judging Team Are Chosen By Coach Derrick

The Senior Fat Stock Judging team of the College of Agriculture was picked Monday morning by Mr. W. W. Derrick, coach of the team. Eight men have been trying out for the team twice every week since school started.

The competition has been very keen for places on the team. The following men have been chosen: Donald Ray, Frank Reece, Ed Crowley, Ross Miller, Clay Westcott, and Irving McKinley. The other two men, although not chosen for the team, gave the above men close competition and made them work exceptionally hard for their places.

The team leaves next Thursday evening for Kansas City where they will compete in the American Royal Livestock Exposition.

## ROY COCHRANE WILL SPEAK BEFORE D. A. R.

Roy E. Cochran, associate professor of American history, will speak to the St. Leger Cowley chapter of the Daughters of the American Revolution next Tuesday evening. "Pilgrim Wives and Mothers" will be his topic. The meeting will be held at the home of Mrs. Edwin Jeary, 2318 Bradford Drive.

## CROSS COUNTRY FEATURES CARD

### Martin, Half-Miler, Also To Appear Between Halves On Saturday

The finish of the dual cross-country meet between Kansas Aggies, last year's valley champions, and Nebraska, and an exhibition half mile run by Rev. A. O. Martin, national collegiate star, will feature the track events on the between-halves program at the Kansas Aggie-Nebraska game in the stadium Saturday.

Kansas Aggies will bring all but one of the members of her championship team of last year here for the cross-country meet. They are strong favorites to win the valley title again this year. Coach Schulte expects the Nebraska runners to put up a good fight Saturday, however.

A. O. Martin, who ran an exhibition 660 between halves of the Nebraska-Iowa State game will attempt to set a new record for the half mile on the stadium track. The present record of 1 minute 57.1 seconds is held by Van Laningham of Drake. He nosed Roberts of Nebraska out to set this record in the Nebraska-Drake dual meet last spring. Several Husker track candidates will run against Martin. They will be selected this week.

The five members of the cross-country squad who have run regularly this season, Captain Hays, Chadderdon, Sprague, Reller and McCartney are all in good shape. They will take a hard workout tonight and then ease off the rest of the week. The sixth member of the team is still in doubt. Glen Johnson won the trials held last Friday. His scholastic eligibility will not be known, however until Saturday morning. Frink who ran second to him in the trials last week will round out the team if Johnson is ineligible.

## Nursery School, Sponsored By Home Economics Department, Is Novel Idea

Nebraska's nursery school, sponsored by the home economics department, is one of the newest of educational experiments. It gives the home economics students the opportunity to observe and study the management of young children under one trained for such work. It also gives each small boy and girl in the school an opportunity for wider social contacts than the average home affords.

Miss Ruth Staples, a graduate of the Teachers' College of Columbia University, who has done graduate work at the Merrill Palmer school in Detroit, is in charge of the school. Miss Mary Bailey, who has also been a student at the Merrill Palmer school, is directly in charge of the children's activities. Students in the home economics department assist in the nursery school, according to Miss Bailey's directions.

Sixteen children of pre-kindergarten age are registered in the school. It has a waiting list largely composed of younger children. Plans are being made to enroll children as young as two years of age. Miss Staples is caring for her maximum enrollment by receiving small groups at different times so that a group may become adjusted to each other and to the atmosphere of the room. When they feel at home she accepts another group so carefully that the first com-

## Rare Fossils Added To Morrill Collection

Casts of five rare fossils have been purchased by the museum from the Field Museum of Natural History at Chicago and will be added to the Morrill collection. One of the most important of the reproductions is that of the skull and tusks of a prehistoric elephant. The tusks are over ten feet long. The original was found in India and is now in the British Museum. Among the other casts is that of a glyptodon, an ancient gigantic animal similar to the armadillo, and the skull of a prehistoric whale-like animal which lived in the Gulf of Mexico. The material has not been stored in the stadium and will not be displayed until it is put in position in the new Morrill Hall.

"Intellectual Bootleggers" have caused the honor system to be abolished in Western Reserve University, Ohio, by action of the president and the trustees.

The nursery room, which is located on the second floor of the Agricultural Engineering Building, is equipped with playthings and materials best suited for children. Only three visitors at one time are allowed in the nursery. The school gives training in desirable habits, health, orderliness, obedience, cooperation, cheerfulness, and unselfishness. It gives the children opportunity to become adjusted to school life.

## Artists Guild Will Hold Annual Exhibit

The Lincoln Artists guild, which is composed of local artists, will hold its sixth annual exhibit from November 10 to November 20 on the Sixth floor of Gold's store at Eleventh and O Streets. Dwight Kirsch of the School of Fine Arts is the president of the guild this year and is planning a very interesting program for this exhibit. The teachers of the faculty of the University and Lincoln Public schools will give talks during the exhibit. The exhibit will be of art work

done by the artists themselves and will consist of oil paintings, wood carvings, pottery work and work on cloth. This guild holds two exhibits annually.

# Pick a Good One

"Rufus," said the wise old senior to the giddy young frosh, "I see you being rushed around a lot. Watch your step and take your time. Pick a good one!"

That's smart "crackin'," whether you're picking a "bunch" or a fountain pen. You want both of them to live with you a long, long time. So it's best to step up to the Wahl Pen counter right now and choose yourself a fine Wahl Pen.

Pick the style you like (Wahls come thin and Wahls come fat); the material you want (Wahls come

in solid gold, sterling silver, gold-filled and silver-filled, red, black or mottled rubber); the point that suits your hand—stiff or flexible, fine, medium, stub, oblique or Wahl Standard Signature.

Pick any Wahl Pen, and you get not only the smoothest, best-looking writing tool that ever graced your hand, but also one that from cap to nib is practically indestructible. You could carry a Wahl in your hip pocket through three initiations, and still have the best fountain pen in the world.

\$3 to \$7 for the silver or rubber \$6 and Northward for the gold
