## South Dakota Claims Ray Kenaston Hardest Working College Man

Vermillion, S. D.—The distinction of being the hardest working among the self-supporting students at the University of South Dakota goes by general acclamation to H. Ray Kenaston, Bonesteel, who by day is a senior law student and by night holds down the city desk of the Sioux City Journal.

Few would like to go around the clock with Kenaston. Upon completing his class work at the university law school early in the afternoon he drives to Sioux City to be at his desk in the Journal office by 5 p. m. He keeps up the whirlwind pace of the newspaper man until the final morning edition goes to press at 3 a. m. Then he jumps into his car and drives back to Vermillion, arriving in time to snatch an hour or so of sleep before classes start at 7:50. Most days he manages to get a couple hours of sleep in the afternoon but he follows this schedule closely.

How can he keep up the pace? He tries to catch up lost sleep on Saturdays and Sundays when there is no school. He also managed to get a good long sleep during Christmas vacation when for two whole weeks he could sleep all day.

## Student Activities Building at Curtis Completed; Serves Many Purposes

Work on the new student activities building at the Nebraska School of Agriculture at Curtis has just been completed and the building turned over to the school. The building must serve a variety of purposes and the structure at Curtis has been designed so that it may be devoted to as many different uses as possible.

First and foremost it will provide adequate gymnasium facilities for both men and women and a sizeable basketball court for interscholastic contests. Ample shower and locker rooms, with modern equipment, have been arranged. For the convenience of visiting teams a large room, adjoining one of the shower rooms, has also been provided. There is also office space for the athletic director.

The large gymnasium may easily be converted into an auditorium seating several hundred by filling in the floor with chairs. Storage space for the necessary chairs is provided in the basement. A large stage at one end of the building is equipped with modern stage devices. All of the school dramatic performances, operettas, concerts, debates, and lectures will be given in the new building. So that motion pictures may also be shown a modern projection booth has been installed.

Banquets and school parties are among the other activities that will

## DELEGATES TO READ REPORTS

Three Delegates to Student Conference at Milwaukee Speak at Vespers Today

Three delegates to the National Student Conference at Milwaukee will give a report at Vespers this evening at 5 o'clock. Helen Clark will speak on the Personnel of the Convention, Esther Garner on Impressions, and Esther Svoboda on the Discussion Groups and the Industrial Trips.

In the devotional portion of the service the leader, Eloise Keefer, will follow the plan of the Rev. G. A. Studdert Kennedy, who has as his basis the twenty-third psalm. Coming from his London pulpit to speak at the conference Reverend G. A. Studdert Kennedy presented one of the most impressive and helpful speeches given, on the "Power of Prayer." A violin solo by Mabel Lundian will complete the musical program.

Many Schools Represented

Thirty foreign countries and all colleges and universities from Maine to California were represented at the National Student conference of the Y. M. C. A. and the Y. W. C. A. held at Milwaukee from December 28th to January 1st. Eminent and world-known scientists, ministers, professors, doctors, and lecturers contributed their thoughts to the assembly of students concerning the problems confronting the world and America.

A more personal contact was assigned when each delegate was assigned to a special discussion group. Each of the University of Nebraska's fifteen representatives formed a unit of a different group thus assembling in each one, students from every region of the country.

### Visit Industrial Plants

Under the leadership of men widely known in industrial circles special trips to Milwaukee factories and steel mills were conducted. Personal interviews with the conference speakers were granted to the individual students. One of the interesting features of the four day program was the speech of the Mayor of Milwaukee on Socialism.

### MANY WOMEN SUPPORT THEMSELVES IN SCHOOL

Fourteen per cent (in all 698 students) of the total enrollment in nine women's colleges in the United States worked their way through college during the session 1924-1925. These nine colleges, the only exclusively women's colleges supplying the information to the Interior Department, Bureau of Education, are located in different sections of the country from Massachusetts to Colorado, and from Georgia to Texas.

## DEBATING TEAMS WILL MEET SOON

Nebraska Debaters Will Engage South Dakota Under Home and Home Plan

### USE SPLIT TEAM SYSTEM

University of Nebraska intercollegiate debaters will open their season with a home and home debate with the University of South Dakota Thursday, January 21, according to an announcement made yesterday by Professor H. Adelbert White, varsity debate coach. The question, "Resolved: That the government of the United States should be changed to include the principle of parliamentary responsibility" will be debated.

The split team system will be used. In the Lincoln debate there will be two Nebraskans and one debater from South Dakota on the affirmative and one Nebraskan and two South Dakota debaters on the negative. The proportions will be reversed at South Dakota.

### Will Take Audience Vote

With the breaking up of the teams for this debate, a system of audience vote will replace the no-decision system used in recent years. A double ballot has been prepared. The audience will vote as to its sentiments before the debate and again after the debate. In this manner, the change in opinion, if any, can be noted.

A meeting of the eight men selected for the squad for these debates will be held this evening at 7 o'clock in Law 101. Tryouts for the teams for the question, "Resolved: That the essentials of the McNary-Haugen bill should be enacted into Federal law" will be held in U Hall 106 Wednesday afternoon January 12. Professor White announced yesterday that he wanted speakers on both sides of this question for the tryouts next week so that he can get a line on the available material. A negative team for the debate with Iowa State is to be selected at that time and a tentative affirmative team is to be chosen.

## University Officers Manage Three Hotels

Officers of Western Reserve University have become hotel operators. They are managing the Forest, Maple, and Spring lodges at Green Springs, Ohio. Controlling interest in the operating company was acquired with a gift of a \$60,000 mortgage on the Forest Park Hotel Company in the will of Dr. R. Donald Reynolds, a Western Reserve alumnus, who died several years ago. The company suffered financial reverses after Dr. Reynolds' death and several months ago the university assumed entire control of the property to protect its own interests. In the few months the University has operated the property it has cleared up all troublesome indebtedness and placed the hotels in a clear and safe condition.

The prizes of fifteen and ten dollars for the best skits presented that night would be well worth the effort, added to the fun of giving it.

Interfraternity Bowling and Track Events Will Be Inaugurated By Athletic Department

The program of intramural athletics will be well under way when the interfraternity basketball tournament starts. As soon as basketball has made a good start other events are planned by the Athletic Office. About the first of February interfraternity bowling is scheduled. Handball contests will take place about the same time. Mid-winter track will be run off soon, but the exact time is not known, as it is being planned to best fit the Varsity track schedule. Wrestling is finished.

Herb Gish, acting director of athletics, announced that handball courts are available to more men than are using them at present. There are seven courts in the Coliseum ready for use.

## Huge Fan Ventilates Iowa State's Tunnels

Ames, Iowa.—A huge electric fan, eight and one-half feet in diameter, has recently been installed in the heating tunnel system at Iowa State College to ventilate the tunnels and thus facilitate inspection and repair. The fan is so arranged that it will draw air from the college heating and power plant through the entire network of tunnels beneath the campus. It is driven by a 40-horse-power motor with automatic control.

## PLAY IN GREEK TOURNEY OPENS THIS SATURDAY

Games Will Be Played on Two Courts in Coliseum Beginning Saturday

### TEAMS SHOULD FILE NOW

Athletic Office Announces that All Teams Should Send In Fees At Once

Play in the interfraternity basketball tournament will start Saturday according to Herb Gish, acting athletic director. The games will be played in the Coliseum, on two courts. It is not certain as to the time of the contests, but they will be arranged in a manner that will interfere neither with school work or Varsity and freshman practice.

The teams desiring to enter should do so today or Wednesday. A letter has been sent out from the Athletic Office announcing the tourney. An entrance fee of one dollar must be paid. Fraternities having paid the annual intramural fee are automatically entered in the contests. These are Delta Upsilon, Tau Kappa Epsilon, Pi Kappa Alpha, Lambda Chi Alpha, Mu Sigma, Kappa Sigma, Farm House, Sigma Phi Epsilon, Delta Chi, Phi Delta Theta, Theta Chi, Alpha Gamma Rho and Pi Kappa Phi.

### Drawings Made Wednesday

Drawings of the games will be made Wednesday evening. The tournament will be conducted on a league and elimination basis, the teams playing each other contestant in their league, then the winners from the leagues, based on percentages, will play an elimination round to determine the champion. The number of teams in the leagues will be decided when the entries are completed. The plans of this year's tourney give fraternity teams, usually hastily gotten together, a better chance to show their merit.

Before their first game the fraternities must turn in their lists of contestants to the Athletic Office. These men must comply with the eligibility rules for intra-mural contests.

### May Add Class B

Director Gish stated that it was possible that a Class B tourney may be held. This will be a competition between second teams entered by fraternities. If a large enough number can enter, probably ten or twelve of the Class B games will be run off. This will not start until about a week from Saturday.

## STUDENTS URGED TO EXCHANGE TICKETS

Athletic Office Requests Students to Turn In Football Tickets for Seats in Coliseum Soon

About two-thirds of the students possessing athletic tickets have exchanged them for basketball tickets. The remaining one-third are requested to bring them to the Athletic Office in the Coliseum as soon as possible; if they do not, confusion is liable to result due to the last minute rush. It is to be noted that the sooner the tickets are exchanged, the greater will be the choice of seats.

Those students who do not have athletic tickets, may do so for five dollars. Otherwise, single admission to all games will be one dollar. All seats will be reserved.

The home games will be as follows: Jan. 7—Kansas Aggies; Jan. 22, Drake; Jan. 29, Iowa State; Feb. 8, Grinnell; Feb. 14, Missouri; Feb. 18, Oklahoma; Feb. 19, Oklahoma Aggies; Feb. 22, Washington; Feb. 26, Kansas. All games will be in the Coliseum and will start promptly at 7:30.

Kosmet Klub Show "The Dream Pirate" Receives Favorable Comment

The production made eight showings in the cities of Nebraska City, Beatrice, Hastings, Grand Island, Columbus, Norfolk, Fremont, and Omaha in the order named.

Hastings proved to be the banner house in regard to ticket sales. Alumni Associations in the various cities took an active part in making the play a success and sponsored entertainments especially for "The Dream Pirate" cast.

### Give Radio Programs

Programs by the Quartette, the orchestra, and soloists were broadcast from stations KFKX in Hastings and WDAG in Norfolk. Between acts Nick Amos, head cheerleader of the University, led the alumni and students who were present in Cornhusker yells. The play was well received and played to fine houses in all places.

## University Instructor Charges The Daily Nebraskan Suppresses News

For the benefit of many students who probably did not get a copy of "AT BAY", the pamphlet circulated yesterday "on the edge of the campus" by Instructor Jensen, The Daily Nebraskan prints below the entire text. Comment is reserved for the editorial column on page 2.—The Managing Editor.

### AT BAY!

"In consequence of a series of suppressions, the undersigned is forced to avail himself of this means, much to his reluctance, in his attempt to reveal the censorship at the University.

"On December 17, 1926 this censorship was guilty of the most flagrant suppression yet practiced at the University. On that day The Daily Nebraskan completely suppressed a release handled by three press associations. The release, in the form of a letter to Chancellor Avery appeared in the state and national papers, even as far east as New York.

"This release contained a series of exposures, revealing one phase of a censorship, affecting even the city papers, that has existed for years. The release contained, among other matters, a detailed description of a letter that in effect bars even the President of the United States from the University of Nebraska.

"Speaking editorially on December 17, the Editor of the Omaha World-Herald remarked that this release "as carried in press reports, deserves careful reading on the part of all who would like to see the University of Nebraska a real university instead of a Prussianized kindergarten."

"The students on the campus are preparing to print an off-campus paper. To avoid any false impressions the undersigned takes this occasion to state that thus far he has had nothing to do with the organization of that paper. In case The Daily Nebraskan continues to maintain its censorship, it is to be hoped that the suppressed material may find its way into the columns of this off-campus paper.

"The undersigned is solely responsible for this circular and regrets that the censorship at the University has made it necessary."

A. H. JENSEN.

The meetings are being held in the various buildings on the college of agriculture campus. The programs include speakers of national reputation, faculty members and successful agriculturists.

Fun Fest on Program

The feature program of the entire week is the Farmer's Family Fun Feed which will be held in the new activities building this year. There has been a lack of room for this affair in the past but with the new building, it is hoped that all who wish may attend.

As the name implies, "fun" is the main "dish" of the evening. The banquet served by the students of the college, will be followed by a program prepared by the faculty of the college.

On Thursday, all the organizations meet in a joint session at the activities building where they will hear Hon. Duncan Marshall, Former Minister of Agriculture of Canada; Pres. F. D. Farrell, of the Kansas State Agricultural College, and Prof. Edwin D. Starbuck of the University of Iowa.

ten, in which opinion, unless it is in conformity with 'our policies' is either timidly concealed or ruthlessly gagged."

"On the same day a letter from one of the students failed to find its way into the columns of The Daily Nebraskan. This letter dealt with an article in The Daily Nebraskan of Dec. 12. The article contained the sentence "Persons who tell the truth in this way may wisely be removed from the university, not for incompetency in their special subject, but from lack of good judgment to such a degree that young people ought not to be subjected to their influence." The editorial staff of The Daily Nebraskan has already compromised itself by varying and evasive accounts of that article.

"Will The Daily Nebraskan publish the release, and republish the article of December 12 and the letter on that article? Those who are wise will defer judgment until all evidence is in.
