Hall, playing forward on the Delta Theta Phi quintet, was the individual star of the game between his team and the Alpha Gamma Rho's. Although playing on the losing team, he scored the eleven points credited to them. Roth and Presnell, forwards on the opposing quintet, showed up with some clever team-work and were largely responsible for the big score. The final score was 31 to 11 for Alpha Gamma Rho.

Phi Gamma Delta took a close and hard-fought game from the Betas by a 15 to 6 score. Leading 7 to 2 at the half, the winners continued their aggressive play and smothered a Beta rally in the closing minutes of the game.

The final game of the day was of defeat of Sigma Nu by Witte, playing with four other players of the Sigma Alpha Epsilon team. He scored seventeen points on shorts,

longs and mediums, but was ably aided by his teammates by good passing. The Sig Alphas showed a promising team that will show others in the tourney a good race. The Porter boys, substituted by Sigma Nu, scored six of the ten points made by their team and Seder collected four on one field goal and two free throws.
