STEPHENS HEAD OF LETTER MEN

Smaha, Zimmerman and Page Are Other Officers Named On Tuesday

MEET IN NEW CLUB ROOM

Bob Stephens, '27, was elected president of the "N" club at a meeting held in the club's new quarters in the Coliseum Tuesday noon. The other officers are: Clarke Smaha, '27, vice-president; Paul Zimmerman, '26, secretary-treasurer; and Ted Page, '27, sergeant-at-arms.

The room is about 30 feet long and 15 feet wide. It is entered either from the east or the west. Trophy cases are all along the north wall and windows along the south wall. These cases along the full length of the room are of mahogany providing about twenty linear feet of display room for the trophies and awards. Above them are pictures of all the teams in every sport since 1890 that are available at present and any others that may be found in the future.

The walls and the ceiling are finished in travertine stone, richly furnished effect, with Nebraska seals, about six feet in diameter adorning the east and the west walls. The chandeliers are of bronze and are designed with a row of ships and U of N directly below. The floors are covered with gray and black rugs. There are also palms and other plants to lend to the richness of the room.

The room is richly furnished in scarlet and blue that tends to give the ease and the beauty of a club room. One of the features of the room is to be a picture of Jack Best, known as "the grand old man of Nebraska" which is to be with the teams on the north wall. Jack Best came to Nebraska in 1888 and was the trainer here until his death in 1923, and is known to all the "N" men. He was an honorary member of the "N" club on account of his long stay at the University.

The trophies are mostly from track and baseball for which Coach Schulte is largely responsible. The trophies are arranged in the cases below the pictures. The awards are all from the Valley meets held in track and baseball except one cup won by Henry Sargent in 1923 for fencing. This cup was presented to him by the Western Inter-Collegiate Athletic association in recognition for his exceptional record. The Missouri Valley cup for the Valley record in the 100 yard dash is in the center of the cross, and other record trophies won by Nebraska are in the same section of the case.

The room is to be used for meetings of the "N" Club in the future and for special meetings to be held in the evening. The business meetings are to be held in the club room the first Tuesday of each month. There is talk of keeping it open to the public at parties in the Coliseum but the "N" club has not acted on this measure. This room is furnished from the funds of the "N" club.

Y.M.C.A. Book Store Plans To Help Students

Nearly 250 students came to the Student's Book exchange in the University Y. M. C. A. Monday and Tuesday to exchange and sell books during the hours the store was open. Out of the 490 books brought in over 225 were sold.

The Students' Book exchange, the first of its kind to be introduced here at the University, is operated by the University Y. M. C. A., which takes a small percentage for the handling of the books.

The thought carried to the student in the word "exchange" may serve to mislead the thought of the student reader. "Cash cannot be paid out directly to the student for his books, nor can books be exchanged, one for another," says C. D. Hayes, secretary of the University Y. M. C. A. "The idea has been carried out that the books are purchased for cash, and that the books can be exchanged. We buy the students' books, and give a receipt for which the student can collect when the books are sold," added Mr. Hayes.

More books are wanted. There is a market open for all books that are used this semester. Many of the students are turned away because the books are not on reserve. Students are required to bring in all the books that they have. If they are not saleable now, the Book Exchange plans to sell the books during the summer session. The name of every student is taken so that if the seller of a book does not call for his money, it can be remitted to the person selling.

Frederick Libby World Forum Lecturer Today

Frederick Libby, executive secretary of the National Council for the Prevention of War, will speak at World Forum this noon at the Grand Hotel on the question of America's relations with Nicaragua.

\$4500 CUT FROM SUMMER BUDGET

Regents Pursue Plan of Economy in Appropriations; New Courses Had Been Planned

Information has been received by Dean Sealock's office of Teacher's college that an approximate cut of \$4500, representing the amount necessary for the addition of new courses in the summer school session, particularly English, Home Economics, Physical Education and Mathematics, has been made in the budget for that session. This change is the result of a recent meeting of the Board of Regents in Omaha.

The total budget allowed for the summer session of 1927 is \$64,000. A slight increase of \$1000 is granted in courses offered during last year's summer school, where an advance in enrollment necessitated the added expenditure. A careful policy of economy and careful scrutinization of budget appropriations have caused these changes.

BIG SCHEDULE FACES HUSKER CINDER STARS

Coach Schulte Confronted With Thirteen Track Meets in 1927

SEASON OPENS FEBR. 12 California Joust and Valley Outdoor Meet Big Events On Season's Card

Thirteen meets! That's the program that is being dished out to Coach Henry F. Schulte and his Cornhusker track and field men this season. The 1927 Nebraska track and field schedule not only includes a larger number of meets than ever before but offers the most varied schedule ever arranged here. Featuring the trip to California for a meet with the strong University of California Bears and the Missouri Valley Conference outdoor meet which is to be held here for the second successive year, the Husker track schedule is one that would delight any track coach, athlete, or fan. With only nine letter-men, Coach Schulte and his assistants, Jimmy Lewis and Choppy Rhodes, are confronted with the task of building almost an entire squad with green material. They are swinging to the task, with the best schedule of recent years and also a series of numeral and tri-color meets to attract new men to the stadium.

A clash with the combined strength of the Nebraska College Conference teams on the stadium indoor track February 12 opens the varsity schedule. Tryouts for this meet will be held next Tuesday in conjunction with the first of the tri-color meets. This will be the first indoor meet ever held here. The meet will be held in the evening and arrangements are being made to accommodate from one to two thousand people.

Three foreign indoor meets will fill up the early part of the season. On February 19, a team will go to Kansas City for the annual K. C. A. C. indoor games. A week later, a small squad will be sent to the annual Illinois Indoor Relays at Urbana, held under the auspices of the University of Illinois. The indoor schedule will be brought to a close with the Missouri Valley conference meet, to be held at Des Moines this year with Drake as hosts. Nebraska has won the indoor championship for the last two years.

The outdoor schedule opens with the California trip, on which the Huskers will tangle in three meets. The squad will stop at Denver on the way out for a triangular meet with Denver University and Colorado Agricultural College on April 2. Two days later, they will meet the University of New Mexico at Albuquerque. Then on April 9, the University of Nebraska and the University of California will meet at Berkeley in one of the big intersectional dual meets of the season.

The relay season opens up the latter part of April. Nebraska will take part in the Kansas Relays at Lawrence April 23 and in the Drake Relays at Des Moines, April 29-30. With the exception of Locke and Hein, the sprint relay teams are intact, but new teams will have to be developed for the distances.

The big event of the outdoor season is the annual valley meet which will again be held on the stadium track. All nine of the valley schools will participate in this meet which is one of the annual classics of the Middle-West. The meet was won last year by Nebraska against the sterling efforts of 400 crack valley athletes. One world's record was broken, one equalled, and six valley records were broken at last year's meet.

The dual schedule is not as extensive as it has been some years because the Drake Relays and the Valley meet are so close together. However, the Cornhuskers will go to Manhattan May 7 for a triangular meet with the two Kansas schools. On May 13, Drake will meet the Huskers in a dual meet at the stadium. The best the Nebraska squad has
