

## NEW HURDLER IS UNCOVERED

Arganbright Beats Krause and Fleming in 50-yard High Hurdle Flight

### SQUAD KEPT INDOORS

A new varsity hurdler prospect was uncovered at the stadium Wednesday afternoon when Donald Arganbright, Waterville, Kansas, sophomore, nosed out Krause and Fleming in a 60 yard flight of high hurdles.

Arganbright stepped the distance in 7.4 seconds. Krause and Fleming came back to beat him in a later flight clipping the barriers in 7.2 seconds. Arganbright has been working out for some time but is just beginning to limber into shape. He is eligible for varsity competition.

Johnson led Chadderden on the tape in a fast 660 on the indoor track. His time of 1:25.5 is close to record time for the track. Chadderden made the distance in 1:26.8. Lemly led Janulewicz and Lesser to the tape in another 660, finishing in 1:29.

### Wyatt Beats Davenport

"Perly" Wyatt nosed out Davenport in a 50-yard dash in 5.8 seconds. Wyatt also led Davenport in a one-lap race running the distance in slightly under 30 seconds. His leg is steadily limbering up and if not strained he should be in good shape for the trip.

Bad weather still kept the tracksters indoors. Coach Schulte is seriously handicapped in his training as a result. Hurdle men are limited to short flights and the sprinters are unable to work on the 100 and 220, being forced to be content with starting practice and fifty yard dashes. All the runners are bothered by the bad curves of the indoor track and the short straightaways. Discus and javelin men are also unable to get in some much-needed work.

### Hope for Fair Weather

Coach Schulte is hoping that it will clear before Saturday at least so that final tryouts for the California trip can be held in track weather on the outdoor track. With less than two weeks left before the squad leaves for the coast, time for outdoor practice is growing short.

High jumpers are still a missing quantity at the stadium. Ted Page is coming along. If the big boy makes the improvement over last year's work that is expected of him, he may fill the bill. With the greenest team in years, Coaches Schulte, Lewis, and Krimmelmeyer are looking over all prospects and working all the novices in an attempt to round up some new varsity calibre material.

## IN THE VALLEY

By

JACK ELLIOTT

Kansas University has scheduled eighteen baseball games for the coming season, all but two are conference games. The first Valley foes for the Jayhawk school are the Oklahoma Aggies and Oklahoma Sooners to be played on the Oklahoma diamonds.

There are only seven of the ten Missouri Valley schools supporting a baseball nine this season. The three that are not in the race are Nebraska, Drake and Grinnell. This is Nebraska's second year out of baseball and a petition sponsored by the N club failed to bring the great American pastime back into the Husker sport curriculum. Drake and Grinnell have not played baseball for a number of years.

Pre-season dope favors the Oklahoma Sooners and looks as if Bill Owen will turn out his third consecutive Missouri Valley baseball nine. This will be Owen's last year as coach and he will be relieved next season by "Jap" Haskell of Kansas City, Kansas, high school.

The practice gridiron south of Memorial Stadium field has been re-sodded and dragged and is in perfect condition for Coach Bear's spring football candidates who are going through the annual spring sessions until April 2.

The preliminary round of the national A. A. U. wrestling tournament started at Iowa State today and will continue well into the evening. The first national title holder to begin workouts in state gym was Ralph Hammond of Austin, Texas, 160-pound champion. Hammond will probably wrestle in the 160 and light heavyweight classes.

Nebraska's basketball players and wrestlers will be awarded their letters within the next few days, according to H. D. Gish, director of athletics. All recommendations are in and the committee on awards will pass on them. The freshmen basketball players will get numerals similar to those awarded freshman football players. This is the first time the yearling basketballers have been awarded.

Coach "Indian" Schulte and his Nebraska track crew will leave Lincoln Saturday morning, April 2, at 2 o'clock for the western trip through Colorado, New Mexico and California. The Cornhusker squad will arrive in Denver at 2 o'clock in the afternoon.

## Ag College Basketball

Through their perseverance and ability these men were chosen as the first string basketball squad of the College of Agriculture, by Coach W. W. Knight.

Left to right—Top Row: W. W. Knight, Coach; Basil Wendt; Merlin Matzke.

Lower Row: Joe Watson; Alton Moran; Donald Smith; Stanley Danekas; Edwin Booth.

Basketball was of real interest in the College of Agriculture this season. The new Student Activities Building provided a 54 by 90 foot court on which nearly every Ag man could be seen more or less regularly flipping baskets. A team was organized under the direction of W. W. Knight and entered in intra-mural competition. A number of games were played including several tilts with the university freshmen. Most of the men are first year material and will be in school again next year.

one hour before the meet with Colorado Aggies and Denver University.

At the Missouri Valley outdoor track meet to be held in Lincoln on May 20 and 21 five places will be counted in each event instead of four as has been done in the past. The scoring will count five, four, three, two and one, instead of five, three, two and one as has been the case when but four places were counted. Three men may be entered in each event at Valley indoor meets hereafter instead of two, as was the case this year.

### Gerlich Named Head Of Falls City Schools

A. B. Gerlich, '24, has been selected to be Superintendent of Schools at Falls City to succeed Superintendent A. C. Gwym, according to word received recently by R. D. Moritz, head of the Educational Service department of the Teachers' College.

Lack of college spirit in German universities is due to the absence of organized sports, student dormitories, and fraternity buildings, according to Dr. F. E. Schmidt of the University of Oregon.

### Kissing May Shorten Life

Computations on the popular "Every kiss shortens life three minutes" theory show that only 175,000 kisses would exclude the kisser from one year of living on this fair earth. College students are asking, "Is it worth while?"

The crime situation in America can be aided through athletic channels through the medium of track meets, according to A. A. Bruce of Northwestern University.

## IOWANS PREPARE FOR RELAY MEET

Entry List of 3,000 Expected at 18th Annual Drake Contest To Be Held at Des Moines

Des Moines, Ia., March 23.—With indications now pointing to an entry list of 3,000 star university, college and high school athletes, the 18th annual Drake University relay meet, to be held here April 29 and 30, promises to be the largest and most hotly contested carnival in the history of the great western classic.

All universities and colleges in Iowa will be represented at the meet, and scores of Iowa high schools will compete in the prep school events. Western and Missouri Valley conference institutions, as well as leading schools in all sections of the United States, will send their crack athletes to the Drake carnival.

### Hammer Throw Added

Ossie Solem, athletic director of Drake and director of the Drake relays, announced today that the hammer throw, always a spectacular test, will be added to the list of special events at the meet for the first time this year. Other special events include the 100-yard dash, 120-yard high hurdles, broad jump, high jump, pole vault, discus throw, javelin throw and hop-step-and-jump.

### Six Relay Races

Relay races scheduled include the quarter-mile, half-mile, mile, two-mile, four-mile and medley events.

With completion of the new Drake field house, visiting coaches, trainers and athletes will find better accommodations awaiting them than ever before. For the first time this year, there will be plenty of dressing room, locker room and shower bath facility for the army of athletes attending the meet.

## Ag Coach

W. W. Knight, coach of the Agricultural College athletic teams, and active in the intra-mural program put on by the Agricultural College.

## Roland Locke to Run In Annual Penn Relays

Roland Locke, holder of the world's record in the 220-yard dash and western intercollegiate champion in the century and twenty sprints, announces that he will compete in the annual Penn U. relays to be held the last week in April. Locke will be pitted against Jackson Scholz and "Hank" Russell, both of whom were members of the 1924 American Olympic team.

### Drake Has Classic Club

The latest campus organization at Drake University is the Classic Club. Membership is limited to students having at least seven years of Latin or three of Greek. An over-crowded condition has not been reported as yet.

Dr. F. M. Cramb, U. of N., '99, Osteopath, Burlington Blk. 13th & O St.—Adv.

VARSITY CLEANERS AND DYERS

# DON'T GO STALE

Not a chance of that lead-like, loggy feeling even during early Spring—if you make a daily habit of Shredded Wheat.

That's one reason why this prince of whole wheat cereals graces the training tables of so many colleges and schools.

Carefully separated, completely cleaned, perfectly shredded, and thoroughly cooked whole wheat grains — that's all there is to

# SHREDDED WHEAT

Except its convenient biscuit form, its taste-inviting crispness, its Nature-given, refreshing, tonic benefits.

MAKE IT A DAILY HABIT

# Spring Merchandise

Lincoln's finest Shops have complete stocks of the very latest spring modes.

These Merchants present their very latest in this publication. Watch for them the next few weeks.
