NINTH ANNUAL FARMERS' FAIR HELD SATURDAY

Over Twelve Thousand People Attend Ag College Annual Celebration

NEW PLANS INTRODUCED
Educational Exhibit and Parade Features of Fair; Prizes Are Awarded

Over twelve thousand persons attended the Ninth Annual Farmers' Fair at the College of Agriculture campus yesterday afternoon.

Starting with the parade at 11:30 o'clock, entertainment and amusement for young and old was provided until lights out at 11:30 last night. The ideal weather was responsible for the record crowd which attended.

The features of the fair were the educational exhibit and the parade. Arthur Hauke, '28, chairman of the exhibit executive committee, stated that he was well pleased with the showing made by the departments and announced the winners of the three best exhibits in the agricultural and home economics exhibit. They are:

Rural economics first, horticulture second, and vocational education third. In the home economics, clothing design first, interior decoration second, and textiles third. The judges were: T. A. Leadley, managing editor of the Nebraska Farmer; George Jackson, secretary of the Nebraska State Board of Agriculture; Rose Shonka, head of home economics in Lincoln public schools, and Mary-Ellen Brown, in charge of women's home demonstration work of the agricultural extension service.

Parade Used New Idea
The parade, known as the "Pageant of Progress" was a departure from those of former years in that it was built around a central theme.

James Jensen, chairman of the parade executive committee, was assisted by over two hundred students in preparing this representation of Nebraska's progress from the original Nebraskans to Nebraska's triumph, the Capitol building. In it was shown the Lewis and Clark expedition, Pony express, Prairie Schooner, the old "soddy," grasshopper days, the "Iron Horse," Nebraska's admission, the Country Doctor, the Great Commoner, Ag College Float, Goddess of Agriculture and her attendants, and last of all the Triumph, a model of the new State Capitol as it will appear when finished.

SPECIAL ISSUE OF BLUE PRINT READY

Engineers' Week Edition of Magazine To Be Distributed From Bookstore Tomorrow

The special Engineers' Week issue of the Nebraska Blue Print, publication of the College of Engineering, will be out tomorrow. Subscribers can get their copies at the Co-Op bookstore.

This is a forty-eight page edition, the largest ever put out, and is devoted entirely to Engineers' Week. It is entirely written and edited by students and instructors in the College of Engineering. All regular subscribers will be given an extra copy to send home to parents or friends.

Two articles by John Clema, E. E. '29, give the complete program and history of Engineers' Week. Dean Ferguson has contributed an article on "Engineering Education" telling why it is an essential course and what is to be gained from such a course. Emerson Meade has contributed a short history of engineering in the University of Nebraska. Ralph Raikes, '29, gives a short discussion of the "Sledge," scandal sheet put out by engineers during Engineers' Week. "Branches of Engineering" by Dean Ferguson and the departmental heads gives a general survey of the work covered in the College of Engineering. Other articles of importance appearing in this issue are "The Nebraska Engineering Experiment Station," by Prof. M. I. Evinger, "Cooperation of the Engineering College of the University of Nebraska with the various industries of the State," by Prof. Jiles W. Haney, acting chairman of the Department of Mechanical Engineering, and many other interesting articles by students and instructors in the College of Engineering.

The Blue Print is put out by the engineers every month during the school year. There will be one more issue this year. Plans are being made to put out a forty-page publication hereafter instead of thirty-two pages which has been the customary size of the magazine.

Auction Sale Is Feature of Fine Arts Carnival Held On Saturday

Paintings of "Mona Lisa," "Blue Boy" and Others Bring High Figure At First Auction. Ray Ramsay is Auctioneer.

An auction sale, the first of its kind to be held, was one of the features of the Fine Arts Carnival held Saturday evening at Morrill Hall. The "Mona Lisa," a "colorful" painting, drew an especially fabulous sum, and "The Blue Boy" was another which sold at a high figure. Ray Ramsay acted as auctioneer.

A modern "Baby Stuart," with jam-smearing features and unruly hair, was a favorite with female art lovers. "The Dance of the Simps" also attracted satisfying attention. All of these paintings were done by students in the School of Fine Arts, under the inspiration of the famous masters.

Of the statuary, Venus de Milo, ravishing in a picture hat, was most popular, with "Winged Victory," and "The Dying Gaul" close seconds. The auction was held in the gallery on the second floor of Morrill Hall. A large crowd was in attendance.

One gallery was given over entirely to booths, where such carnival dainties as pink lemonade and peanuts could be bought, along with conchetti, serpentine, and noise-makers. The fortune tellers booth was well attended, and many interesting futures were predicted during the evening. All the booths were attractively decorated, and bright Gypsy and Spanish costumes gave color to the scene.

At the height of the merrymaking, "In 1999," a play in which the order of society is reversed, with Herbert Yenne in the role of home-maker, was given. Mr. Yenne took his part convincingly, and a sample of his handiwork, a daintily embroidered layette, was a high spot in the production. Supporting Mr. Yenne, in the parts of Jean and Florence, were Elizabeth Tracy and Viola Loosbrock, who interpreted their lines exceptionally well.

During the evening there was dancing in one of the galleries with a

HOME EC CHAIRMAN ATTENDS MEETING

Miss Margaret Fedde Present at Conference Sponsored by Detroit School

Margaret Fedde, chairman of the department of Home Economics has just returned from a conference sponsored by the Merrill Palmer School of Detroit. The purpose of the conference was to determine objectives and standards that will orient programs which are to be offered relating to the home.

Miss White, director of the school invited specialists in child psychology, sociology, economics, and pediatric as well as some of the heads of home economics departments in colleges and universities to be present. Prof. E. C. Lindeman of the New York School of Social Work led most of the discussions.

Many Noted Speakers
Dr. E. R. Groves of Boston University; Mr. L. K. Frank of the Laura Spelman Rockefeller Memorial; Mrs. Ethel Puffer Howes, director of Institute for the Coordination of Women's Interests in Smith College; Dr. Anna Maeleed of Vassar; Hazel Kyrk of Chicago; Dr. C. C. Little, president, University of Michigan; Dr. R. A. Pearson, president of Maryland University; Mrs. Aurelia Reinhardt, president of Mill College; Dr. Louise Stanley, Bureau of Home Economics, Washington, D. C., were some of the contributors to the discussion.

The discussion centered about the changes of factors in contemporary life that make new parental attitudes necessary of desirable; what are the causes of conflicts in homes and what are the objectives for good family relationships; what are our objectives for good family relationships; what are our objectives for good housing and for household management. The last day of the conference was spent in discussing the suitable background and what fundamental causes should be offered to preparatory or college students embracing the objectives agreed upon by those present.

Bizad Monthly Is Ready For Distribution Soon According To Editors

The second issue of the Bizad Monthly, a newspaper put out by the College of Business Administration, is in the hands of the printer and will be ready for distribution Monday, according to Managing Editor Leo Carpenter.

The issue will feature Bizad Day, which has been revived after a number of years. It will also contain editorials which will handle situations of the present time in a pertinent manner.

five piece orchestra furnishing the music.

The last program for "Fine Arts Week" will be offered Sunday afternoon in Gallery A, when the third of a series of five Beethoven concerts will be given by Henry Cox, and Martin Bush, violinist and pianist. The program starts promptly at 3:30 o'clock.

PHARMACISTS TO HOLD PICNIC

New Feature Added To The Program of Annual Pharmacy Week

REED TO GIVE TALK

Picnic for the College of Pharmacy, which is an added feature of Pharmacy Week, is to be held Friday, May 6. The annual banquet will be the same evening at the Cornhusker Hotel. The place for the picnic has not been announced, but this new phase of Pharmacy Week is giving the students added enthusiasm for their work.

Kenneth Reed, general chairman of committees, will give a brief talk concerning the history and scope of Pharmacy Week over the radio from the University broadcasting studio, Tuesday night, May 3. He will take this means, also, of sending invitations to those out in the state.

Favors for Pharmacy Night, May 5, are being prepared by the students. The public is especially invited to inspect the exhibits on this evening and to attend the program.

Important Event in Work
Pharmacy Night is considered an important event in the education of the student since it brings the student and his profession close together. Students are held to their classes until the last of the week when their time is then given over to preparing their exhibits. Every student in the College is given an assignment for Pharmacy Night and is held responsible for its success.

Among the exhibits that evening, there will be several from the Pharmaceutical Chemistry Laboratory dealing with oils and butter fat. The modern druggist not only fills your prescription and labels it, "shake well before using," but he may also enter the commercial field where chemists are needed in the analysis and inspection of food products.

This college had its origin in 1908, as a School of Pharmacy. In 1915, by virtue of its progress, the legislature established by special act, the College of Pharmacy. Today the College of Pharmacy of the University of Nebraska, because of its accomplishments ranks foremost among the Colleges of Pharmacy. Due credit for this achievement is given to the Dean of the College, Dr. R. A. Lyman, and his staff of instructors.

May Breakfast For Staffs Held Today

The annual May Morning Breakfast for all staff members of the University Y. W. C. A. was held this morning at 8 o'clock at Ellen Smith Hall. Mary Kinney, president of the organization for the coming year, led devotionals and each of the staffs for next year was introduced by the cabinet member in charge of it.

This breakfast is an annual affair and is the first official meeting of the staffs who are to carry the work of the Y. W. C. A. for the next year. This breakfast is not to be confused with the inter-society May Morning Breakfast.

Dean Heppner Returns From National Convention of Altrusa Club in Texas

Dean Amanda H. Heppner returned Tuesday, April 26, from Austin, Texas, where she attended the national convention of Altrusa club. Miss Heppner has been the president for the past two years, but at the recent convention resigned her position.

"We were not troubled with the flood, because the M. K. T. railroad ran a detour that took us through Tulsa, Okla., and thus avoided all the high water," stated Miss Heppner when she was questioned about the conditions of the country that has been so devastated by the recent rains. "The delegates from New Orleans crossed the trestle across the Mississippi above Memphis just two hours before it broke and the members coming from Chicago were marooned at Hot Springs and never got there," continued the dean.

The recent convention celebrated the tenth anniversary of the Altrusa club which was founded in Nashville, Tenn. The purpose of the organization is to give women a club parallel to the Rotary club, according to Miss Heppner. At the meetings the national

WEAVER NAMED SPEAKER FOR BANQUET MAY 4

Prominent Nebraskan Will Address Interfraternity Group At Meeting

SCHOLARSHIPS AWARDED

Chatburn To Explain Fifts and Chairman of Council Will Present Them

A. J. Weaver of Falls City, prominent agriculturist and political leader, will be the speaker at the Interfraternity banquet May 4. Mr. Weaver's acceptance of the committee's invitation was received Saturday.

Mr. Weaver, chairman of the Missouri River navigation commission bill in Congress. Appointed by Governor McMullen, Mr. Weaver, with his associates, spent much time in Washington sponsoring the measure.

He was also chairman of the constitutional convention in 1920. He is a member of the state board of agriculture, of the board of governors of the federal reserve bank at Omaha, and is active in many business and agricultural movements.

May Succeed Norris

Mr. Weaver has been mentioned as the possible successor of United States Senator George W. Norris, who plans to retire from the senate at the end of his present term. When Secretary of Agriculture Wallace retired Mr. Weaver was considered a possible choice for that position by Mr. Coolidge.

Though primarily a farmer and the most successful fruit raiser in the state, Mr. Weaver is also a lawyer, receiving the degree of bachelor of laws from the University of Nebraska in 1896. He was previously graduated. (Continued on Page Two.)

BIZADS TO HOLD DINNER TUESDAY

Rally Meeting to Set Off Bizad Day Is Planned; Ticket Sales on May 4-5

Rally dinner to set off Bizad Day will be Tuesday evening, at 6 o'clock, at the Grand hotel. All members of committees will be expected to be present and every Bizad in the college is invited.

This dinner is being sponsored by the Bizad Day committee as a means of stimulating interest in the ticket sales campaign which is on Wednesday and Thursday, May 4 and 5. Both men and women of the commercial clubs and the professional fraternities are cooperating and plan to attend one hundred percent. Tickets for the dinner will be fifty cents.

Glenn Spain who is in charge of ticket sales, will outline the sales campaign at the dinner. The campaign will be worked out on a new basis this year and the committee plans to have every student in the college personally solicited.

Plans are progressing rapidly for Bizad Day which is May 13 and committees are planning on 800 Bizad students participating in the program of the day. Wayne Gratinny is general chairman of committees.

The events of the day will take place at Antelope park while the evening entertainment will consist of a program, a vaudeville and a dance at the Lindell Party house. The committee is stressing the fact that it is a full day's program of entertainment, of which every phase is covered by the one ticket of one dollar.

Wins 220 Race

Philadelphia, Pa.—(Special to the Daily Nebraskan)—After losing the 100 yard dash, Roland Locke, Nebraskan sprint ace, returned to the water-soaked track on Franklin Field today an hour later to defeat both Henry Russell and Jackson Scholz in the 220, while clipping the distance in 21.6 seconds, fast time for the muddy track.

The track was a quagmire and the 100 was won in 10.1 seconds by Scholz, another former Schulte pupil, with Russell a foot behind, and Locke trailing by almost a yard. Locke trailed the first 100 yards of the furlong but then uncorked his famous hip drive, bursting past both competitors, Scholz picked up at the finish, passing Russell but could not overtake the flying Cornhusker.

HISTORIAN TELLS OF WAR CONDITIONS

Dr. Paxson of Wisconsin Outlines World War Situation at Convocation Friday

"The ten years that have elapsed since the World War have brought with them great changes in our minds, and today it seems almost possible to form a judgment about that matter with which we were concerned," began Dr. F. L. Paxson, well-known historian and a professor in the history department at the University of Wisconsin, in his talk before 650 students and faculty members at a convocation in the Temple theater at 11 o'clock Friday morning.

Dr. Paxson is in Lincoln to speak at the annual State History Teachers' Association. His subject at the convocation was "United States in the Battle of 1918."

"Belgium," continued the speaker, "has an answer to the question, 'Who won the war?' The people of that country say that because of the unexpected resistance they gave the German troops in 1914 they won the war.

Countries Believe Won War
"England, says she won the war with her navy, Italy says she won the war by keeping the Central Powers from crossing the Alps, and the French say they won the war. The only thing these nations will agree on concerning the war is that whoever (Continued on Page Two.)

Fair Board Members Organize Societies

Old members of Farmers' Fair Boards has organized a society which will be known as Former Farmers' Board. Membership will consist of graduates of the College of Agriculture who have at sometime served on this committee.

All of the 1926 board and most of the 1925 board besides several of the older members were present at the meeting. Elton Lux, '21, was elected manager and Betty Bosserman, '26, was elected chairman. This organization plans to boost the Fair among the alumni of the college and in their respective communities. K. C. Fouts of Seward who appointed the first Farmers' Fair committee in 1917 was present at the meeting.

Bizad Womens Club Chooses New Officers

After a special meeting of the Girls' Commercial Club the following officers have been announced for the coming semester:

President, Florence Benson; vice-president, Jessie Stearns; secretary, Hilma Anderson; treasurer, Bernice Welch; corresponding secretary, Dorothy Barvin; reporter, Marjorie Perkins.

Trumbull Says Jobs Exceeding Applicants

"The number of jobs available greatly exceeds the number of those that have filed for work," stated William Trumbull, of the University Y. M. C. A. Employment Bureau. Spring weather has opened up the outdoor working season. These are not, however, the only kinds of jobs available.

Mr. Trumbull states that the work coming in consists of part-time and full-time jobs. There seems to be a great demand for the distribution of advertising, which will pay well.

Mr. Trumbull would like anyone wishing work to call at the office in the University Y. M. C. A. building and leave with him a schedule of the amount of time they can spend on outside work.

ENGINEERS OPEN ANNUAL EXHIBIT

Stage Set for Fifteenth Annual Engineers Week Which Begins Tomorrow

LINCOLN STORES ASSIST

The stage is set for the Fifteenth Engineers' Week which opens tomorrow. Ed Jolley, chairman, and his men have been working for several months to make the annual affair successful.

The committee on campus structures have tied the dirigible, E'27, to the mooring mast on the lawn near the Administration building. This dirigible was built in the ME laboratory. It represents a field not commonly thought of as a branch of engineering, aeronautics.

The different departments have displays in the windows of down-stores. Each exhibit is representative of the work done in the department from which it comes. Due to the impossibility of getting windows sooner, a few of the display will not be put in until tomorrow, but the most of them went in yesterday afternoon.

Engineers' Night Old Custom
The first Engineers' Night was celebrated thirty-three years ago by the electrical engineers by an electrical show on the night of Charter Day, February 15. This first Engineers' Night drew a large crowd of interested spectators and was a huge success. Due to the success of this first performance, the program was continued from year to year. As laboratory equipment became more common in the other departments the scope of the program was widened to include all branches of engineering and the chemistry and physics departments. This was the beginning of Engineers' Night as we know it today.

As registration increased and new departments were added with the further addition of laboratory equipment, the engineers decided to put on a whole week's show to give each department a chance to sell itself to the public. This custom has been maintained ever since and Engineers' Week has grown in popularity until it is now considered the biggest single event of the year for engineers.

Further College Interest
The celebration serves to bring the engineers of all departments together teaching them the relation which they have in common with all other branches and giving them an appreciation of the work being done by their contemporaries in the other fields of engineering.

It also serves as a definite job set by the students themselves and undertaken and accomplished under their own impetus.

It further serves to give parents and the public at large as well as students in other departments of the university a chance to get first-hand information regarding the work carried on in the College of Engineering.

LE ROSSIGNOL WILL VISIT AT HARVARD

Dean of Business Administration Will Discuss Two Papers Before Convention

Dean J. E. LeRossignol of the College of Business Administration will attend the meeting of the American Association of Collegiate Schools of Business at Harvard University May 6, 7, and 8. Dean LeRossignol, who was president of the association last year, together with Dean W. E. Hotchkiss of Stanford, will take part in the discussion of two papers to be given Friday morning, May 6. The first paper, "The Social Significance of Business" (an related to curriculum and research), will be presented by Dean W. B. Denham of Harvard, president of the association. The second paper, "The Social Responsibility of Individual Business Executives," will be given by Mr. Swaps, president of the General Electric Company.

WIRSIG TIES FOR FIRST PLACE IN POLE VAULTING

Nebraskan Clears Bar at 13 Feet For First Time in Life At Drake Relays

MAKES FOUR-WAY TIE

Boyles of Iowa, Glazer of Marquette Drogenmueller of North-Western Holders

Des Moines, Ia., April 30, (Special to the Daily Nebraskan)—Frank Wirsig, Nebraskan, tied for first in the pole vault at 13 feet with Boyles of Iowa, Glazer of Marquette, and Drogenmueller, Northwestern, in the feature event of the eighteenth annual Drake relays held here today. A capacity crowd filled the Drake stadium with the weather ideal for the meet. Nearly three thousand athletes from 249 Universities and seventeen state colleges took part in the relays.

Wirsig cleared the bar at 13 feet for the first time in his life to hold one corner of a four-cornered tie for first in the pole vault. Two of the others, Boyle and Glazer, tied with Wirsig in the Kansas Relays last week for second place, White of Illinois winning at 12 feet 10 inches. All rose to the heights today to top the bar over the unlucky-foot mark.

Teams Fail to Place
Cornhusker relay teams failed to place but Krause came out of his slump to finish third in the high hurdles. Dunson, fleet Oklahoma Indian, who won the high barriers, and Irwin of Ohio State, second-place winner, nosed Krause out in a close finish. The time was 15 seconds, well ahead of the Cornhusker sophomore's best previous time. He beat Doornbos, Kansas University, by a wide margin.

Nebraska failed to place in the four-mile relay, Coach Schulte saving Glen Johnson for the mile relay. Iowa's crack mile quartet brought the meet to a close when they broke the tape in the mile relay in 3:02.5, in a close race. Wisconsin finished second, Oklahoma Aggies, third, and Indiana, fourth. The Huskers failed to place.

Indians Make New Record
Haskell Indians sped to a new two-mile relay record when they negotiated the distance in 7:59.3, badly cracking the old record of 8:04.4. Iowa tied the 440 yard record of 41.8 seconds. McCartney failed to place in the 2 mile run and Doty failed to place in the broad jump. Nebraska weight men had failed to qualify in the trials Friday. Nebraska high school team turned in good performances. Lincoln high's mile relay team finished (Continued on Page Three.)

JOINT BANQUET TO BE HELD

Pi Lambda Theta and Phi Delta Kappa Plan Meeting May 7

A joint banquet of Pi Lambda Theta and Phi Delta Kappa, honorary educational societies for women and men respectively, will be held at the University club Saturday evening, May 7. Many Lincoln school folks, as well as students in the University of Nebraska teachers college, are members of the societies.

One hundred persons are expected to attend the banquet, which is an annual affair.

The program arranged by C. L. Culler, principal of the Whittier junior high school, and Miss Frances McChaney is as follows:

Vocal numbers by Mr. and Mrs. O. H. Bimson of University Place. Trumpet solo by Donald Abbott, accompanied by Miss Marian Sylvester. A skit by Ray Ramsay and Harold Sumption of the University Players.

Eighteen Pre-Medics Are Tapped Theta Nu

Theta Nu, honorary pre-medical fraternity, tapped eighteen men at a banquet at the Grand hotel Thursday evening. Nearly seventy-five pre-medics were present. Membership in the organization is governed by scholarship and personality of the men, and the tapping is an annual spring event in the Pre-Medic College.

The new members are: A. G. Spencer, '29, Brewster; Howard Smith, '30, Salida, Colo.; George Volkmer, '28, Talmage; Norman Craig, '30, Clarison; Wallace Greenwood, '30, Utica; Paul Burger, '30, Lincoln; Chauncey Hager, '30, Ord; Walter Juacas, '28, Lincoln; Roscoe Hildreth, '30, Lincoln; Claude Mason, '30, Omaha; James Mason, '30, Omaha; Harold Johnson, '29, Lincoln; Frank Prell, '30, Lincoln; Ivan Ralledge, '30, Herman; Theodore Sanders, '30, Omaha; Carl Schlumberger, '30, Friend; and Gordon Pracher, '29, Madison. Dr. H. W. Taylor was chosen as an honorary member.
