### Baseball To Be Played On Stuart Tract

The baseball diamonds on the Stuart Tract have been secured for the use of fraternity men until 6 o'clock each day, according to Jimmy Lewis of the athletic department. The fields are located at 33rd and 27th and A, and at the Muny Pool. The old field at the College of Agriculture is still open to the fraternity men.

Fraternities should make reservations for fields at the Athletic office. If they do not make reservations, the athletic department will assign them for games. The games assigned that are not played will be forfeited. The frats are requested to rush the games along so that the final games may be played as a feature of the Round-Up on Friday, May 27.

The four diamonds have backstops and ample fielding space. It is hoped they will be finished by Monday. Herb Gish has been busy for a couple of days purchasing equipment. Baseballs, masks, bats, protectors, and bases for the games will be checked out. The Athletic department announces they have everything but batting averages. A deposit of one dollar will be required for each baseball taken out. The department will trust the men for the rest of the furnishings, according to the athletic authorities.

### KAPPA SIGS WIN FROM DELTA THETS

Win 23-0 Victory Friday Afternoon; Game Never Doubtful; Lowe And Ekstrom Pitch

The Kappa Sig nine unleashed a batting attack that carried them through to a 23 to 0 victory over the Delta Theta Phi team, Friday afternoon at the municipal diamond. The game was never doubtful, pitchers Lowe and Ekstrom of the Kappa Sig nine kept the opposing batters in hand.

The game was featured with heavy hitting, Othmer poling two homers, while Ekstrom hoisted the ball for four bases with the bases loaded. The Kappa Sigs annexed five runs in the first inning and from then on they were never headed.

Harvard University has a plan under way to shorten the school year at least two months.

### Y. M. CABINET HOLDS MEETING

Plans Formulated for Session at Camp Strader May 7 and 8

A meeting of the University Y. M. C. A. cabinet was held in the Temple building, Thursday morning, to make plans for a week-end cabinet session to be held at Camp Strader May 7 and 8. Topics were chosen for discussion at this cabinet meeting. The general theme of the discussion is to center around the purpose of the Y. M. C. A. and a discussion of a pro-

**LISTEN LADIES**  
 It's been a long time since I talked to you, but I've been on the job just the same. Looking for clever styles and clever places, and now I'm back with about two weeks shopping adventures to tell you about.

### Whew!!! Hot??? I Should Say It Is!

Summer has descended without warning. Suits are a possibility and the mention of coats high crime. Take my advice—don't wait another day to send the summer togs to Evan's. Dresses look a bit forlorn? Let Evan's refresh them. Hats! You may go bare headed on the campus but there comes an occasion where a hat as is a hat is a necessity. If you send last summer's felt or straw to Evan's you may recognize it when it returns but your best friend won't. Gloves and shoes, too. When Evan's have finished that best friend will think you've been on an elaborate shopping expedition.

### Sarah Got The Cutest Shoes!

Sarah got the cutest I. Miller shoes the other day—down at Spier's you know. Graceful one strap slippers that really fit at the heel, at the arch, and in the ball of the foot for I. Miller shoes are carefully constructed to fit her foot and YOUR foot with snug smartness. Slippers like these are the perfect accessory for the afternoon frock—a distinctive novelty that modern femininity demands.

And then when you have purchased your shoes—for of course you are going to follow Sarah's example—stop to match them with I. Miller hosiery. I. Miller Beautiful Hosiery—the kind you want to wear because it wears so long. New spring shades. At Spier's.

### After The Rain Comes Sunshine

So get on the faithful kodak this week end. Snapshots of the crowd will make many a hot summer afternoon pass more quickly because they are a record of good times during the good old college days.

Mother and dad, too, will want to know what fellow you go with and what the girl you pal with looks like. So get out the kodak and the treat the folks back home.

And after you have finished the film don't forget to take it in to the Sugar Bowl to be developed. 1552 O street—surely you know Walter Johnson's Sugar Bowl! We always take our films there—it is so convenient to leave them on the way to a show.

### The Picnic Basket And The College Ford

And lazy spring days! Don't they belong together? We had the Ford—such as it was—and goodness knows lazy spring Sundays are plentiful enough. But my kingdom for a picnic basket!

At home mother could scramble together the most scrumptious lunch while we were getting gas and water, but now mother is miles away and spring days wait for no woman.

But college folks have a friend indeed to help them out in time of need. The IDYL HOUR, on thirty minutes notice, will collect for you just such a lunch—for instance—with steaks ready to fry.

So we called the Idyl Hour. Why don't you?

### Every Day Is Mother's Day

But Next Sunday is her very own day so you and I, so far away from home must find a way to let her know how much we are thinking of HER every day.

Wonder how? Just walk past George Bros. and in the window you'll see a few of the things—unusual things—that they have picked out as especially appropriate for you to give YOUR mother.

Perhaps a string of jade or amber or carved beads would effectively fill the bill?

Or a refreshment basket and glasses now that the summer days are coming on, oh, so swiftly?

Or personal stationery that is stamped with her very own individuality.

Whatever you want of gifts or cards you'll find it at George Bros.
