The Government Inspection Board, composed of Major R. M. Danford, Field Artillery, and Major C. H. Bonesteel, Infantry, will arrive in Lincoln Saturday morning to inspect the local R. O. T. ## GLEE CLUB GIVES CONCERT SUNDAY

'Voyage of Columbus' is Feature of Program to be Held at St. Paul's Church  
**IS ANNUAL PRESENTATION**  
"The Voyage of Columbus," a short cantata by Dudley Buck, is the feature number of the program to be presented by the University Glee club, at the club's annual home concert at the St. Paul's Methodist church, Sunday evening at 8 o'clock. This cantata includes solo work and group numbers and is considered an exceptionally fine bit of work as well as a difficult selection for a college glee club.

The cantata is an excellent example of Buck's work. He was one of America's outstanding composers and musical critics, and the "Voyage" brings out many of his favorite ideas of composition.

The cantata which runs about forty-five minutes is approximately half of the club's concert. A group of four numbers by the club, a group by the Varsity quartet, a trombone solo by Charles Calhoun, and a solo group by Prof. Herman T. Decker, director of the club, are also included. The program will be concluded with "There is no Place Like Nebraska." Mrs. Dean Decker will accompany the club at the piano. A silver offering will be taken.

## "Indian" Schulte Puts Athletics High Up In A College Education

By Glenn Presnell  
"Aw, I don't know!" exclaimed Coach Henry F. "Indian" Schulte when I first asked him for an interview. I just laughed and walked away hoping soon to find him in better humor. The next day as I was talking to him I casually asked him if he believed athletics were of any value in an education. Without hesitating he named several points in favor of athletics in an education.

## STUDENTS SWARM CAMPUS FOR HIGH SCHOOL CONTESTS

Exceptional Marks and Record Entry Lists Point to Great Track Meet

**PRELIMINARIES TODAY**  
Lincoln Makes Strong Bid for Honors; Crete May Rate High in Group Two

Lincoln is overflowing this morning with Nebraska high school athletes who are eagerly awaiting the first crack of the starter's gun which will open the twenty-fifth annual track and field meet of the Nebraska High School Athletic association at two o'clock this afternoon in Nebraska Memorial stadium.

The greatest meet in the history of state high school athletics is promised by a record entry list of ninety-one schools and by the exceptional marks which have been made at the various out-state meets in spite of the poor track weather which has been prevalent this spring. Old grudges can be settled without any alibis when the men meet on the stadium track which is in perfect condition giving promise of some fast times being hung up.

Preliminaries Start at 2 O'clock  
Preliminary heats in the 120 high hurdles will open the meet at two o'clock this afternoon. Preliminaries in the hurdles, dashes, and field events will be held. The finals in all events will be run off starting at two o'clock Saturday afternoon.

Grand Island, champion of the last two years, will have a hard time to repeat against the fast Lincoln high tracksters who beat them out at Hastings last week. Although Lincoln won from the Islanders by a safe margin at the Hastings meet, the points will have to be shared with so many other schools in this meet that Grand Island may easily ring up enough to reconquer their old rivals.

The stinging defeat given them in football last fall by Grand Island will serve to heighten the interest in the battle between these two favorites for state honors.

In class II Crete has a vision of breaking up the Cambridge-Gothenburgh combination which has controlled first place in that class for the last three years and has monopolized both first and second for the last two years.

Hurdle Events Are Feature  
The hurdle races this spring point to a battle between Lamson of Neligh and Trumble of Cambridge who have both equalled the present record in the 120 highs and the 220 lows. Barring bad weather conditions these

## Students Must Strip Cars of Slogans At Once is Order of Chief of Police

A windshield is no place for funny "cracks" of decoration in any form. Neither is a side or rear window, according to Chief of Police Peter Pohnstone. So it is that humorous jems and worthy slogans alike must be ruthlessly scraped and peeled from student motors at once, or owners will be liable to penalty of from one to one hundred dollars.

The chief also complained of student disregard of light signals. "We have more complaints on student pedestrians than anybody for this," he boomed, and made known that going against the lights, jay-walking, and all the common student traffic crimes are liable to fine also. "The motor traffic, he contended, is fairly good considering the number of cars which must be crowded onto campus territory.
