

NEBRASKA MENTOR

Coach Earnest E. Bearg who has developed Nebraska football squads so successfully that football critics, pointing to records made last year

and results of spring practice, are regarding the Husker team as one of the leaders throughout the country.

BIZAD NEWS IS PUBLISHED

Department Paper Welcomes Freshmen; Program for Year Outlined

The first issue of the Bizad News, publication of the College of Business Administration, made its appearance September 12. It was devoted primarily to welcoming incoming freshmen to the college, and contained brief resumes of the business organizations and fraternities.

This year's program calls for a great expansion in both the scope and quality of the paper. Features of the News will include all departmental occurrences, write-ups of honorary organizations, and the latest athletic and campus news.

Douglas Timmerman, '30, Lincoln, is this semester's editor; Loris Spence, '29, Franklin and Florence Benson, '28, Lincoln, are the associate editors, and Paul Marti, '30, Lincoln, holds the news editors position.

The business staff is headed by A. Ralph Fell, business manager, and Wilbur Mead, assistant business manager. Arlene Turnbull heads the advertising staff, and Marvin Grimm is the circulation manager.

Kidwell Called To Active Service

Frank A. Kidwell, in charge of supplies for the military department, was called to active duty under his reserve officers commission of lieutenant colonel this summer, and for two weeks was placed in the office of the quartermaster general at Washington, D. C. Later, with Mrs. Kidwell, he visited his son and grandson at Governors Island, N. Y.

Iowa College Band To Make Three Day Trip to Milwaukee

Ames, Iowa, Sept. 18. (Special)—A three-day trip to Milwaukee with the football team, when Iowa State College meets Marquette University there on Thanksgiving day, will be the award in store for the 50 best men and women in the Iowa State band this fall, was the announcement this morning of O. H. Hawley, director.

Each year the band is allowed one trip of this sort with the gridmen. Last year the band helped out at the Nebraska game at Lincoln. The year before they went to Columbia, Mo. Special busses will be chartered for the occasion.

The concert band this year will be limited to 50 persons, says Director Hawley, for road trips, which include journeys to the annual Drake game at Des Moines, and the Drake relays each spring.

There will be three bands at Iowa State this fall, from indications now. The concert band for all campus appearances will number 80, there will be approximately the same number in a second band, and 10 in the third or training band.

"Seven years ago, says Mr. Hawley, "it was difficult to get a band of 70 pieces. Last year we had 300 applicants for places."

HUSKER GRID WORK STARTS

(Continued from Page 1) will work his pigskin warriors to the utmost.

Several men from last year's freshman squad are out and will push the veterans for positions on the regular eleven. Glenn Munn, 219-pound tackle, Charles Asmus, 175-pound center, Charles Bushee, 190-pound guard, George Holt, 200-pound center, George Ray, 235-pound tackle, Raymond "Big" Richards, 220-pound tackle, Claire Sloan, 185-pound halfback, and Ralph Jeffries, 180-pound end are a few of the sophomores who are giving the lettermen from last year some stiff competition for positions.

Competition is Keen

The Ames Cyclones will hoist the season's football curtain in Lincoln when Bearg sends his charges out for the initial battle. Iowa State will have one of the strongest teams in the Valley this season. The backfield will be the same as that of last year, with captain Walt Weiss in the quarterback's shoes, Bob Lamson at the fullback position, and Harry Lindbloom, Al Holman, Johnny Miller and "Chink" Hall to play the halves. Coach Noel Workman lost but one man from the backfield, and that was Bob Fisher, halfback.

The starting lineup for the Husker eleven will not be known until a later date, but the odds are against any of the sophomores breaking into the starting lineup for the opening conference game.

Even with plenty of experience both in the line and the backfield, Coach Bearg is not without worries. A man must be moulded to fill the shoes of the stellar triple-threat "Bobbie" Stephens, who graduated last year and a tackle of the Lonnie Stiner caliber must be developed.

Captain "Jug" Brown will be at the helm of the Cornhusker eleven for the coming season and will hold down the position at quarter. Brown is a letterman of two seasons and one of the best athletes ever turned out by Lincoln high school. Glenn Presnell and Arnold Oelrich will probably hold down the two half positions with Blue Howell, the smashing Nebraska fullback at his old po-

sition.

Have Light Work Out

Practice last night consisted of a light limbering up workout. Passing, punting and a few signal plays was the program of the first practice of the 1927 season. In the line in the first run of signal plays were "Big" Richards and Ray Randells at the tackle positions, Elmer Holm and Dan McMullen at guard, Lawson and Lee at end, and Lloyd Grow at center. Presnell, Brown, Howell, and Oelrich made up the backfield.

The personell of the first backfield is likely to give Bearg much food for thought before the initial encounter with the Cyclones. The combination of Howell, Presnell, and Brown is a trio which promises great power and a fair amount of speed, but—who will do the punting, the passing, and the place kicking that was assigned to Stephens last year. Upon this ability will depend the fourth berth in Bearg's charging Nebraska backfield. "Bud" McBride, Claire Sloan, and Willard Witte are the promising sophomores who are

fighting hard for this position. Bearg had his entire squad punting last night and the booting of Howell, Presnell and Richards looked good enough not to worry any coach.

Over 70 men have checked out equipment for football and with the freshmen gridiron aspirants out for practice today football will be well under way for 1927. Captain Leahman of the R. O. T. C. unit will assist Freshman Coach "Choppy" Rhodes in moulding the yearlings into varsity calibre for next year.

The lettermen out for practice last night were: Captain "Jug" Brown, Evard Lee, Vint Lawson, Clifford Ashburn, Willard Bronson, Glen Presnell, Lloyd Grow, Elmer Holm, Blue Howell, Ted James, LeRoy Lucas, Dan McMullen, Arnold Oelrich, Ray Randells, Clarence Raish, Bob Whitmore, and Merle Zuver.

SPEND SUMMER IN CHICAGO

Members of Geography Department Take Vacation in East

Prof. E. E. Lackey of the geography department, spent the summer in Chicago. Miss Esther S. Anderson, instructor in that department, spent two weeks in Chicago visiting Mrs. Ana Stake, formerly an assistant at the university. While in Chicago Miss Anderson was asked to write an article on Nebraska for the "world book," an encyclopedia to be issued for the use of grade schools.

MISS DOLAN PAINTS MURALS

New York Artist Visits Ainsworth Observing Nature of Country

So that the huge prehistoric specimens in the University of Nebraska might have the proper environment, Miss Elizabeth Dolan, New York artist, is spending several days in the vicinity of Ainsworth this week, sketching the landscape and observing the nature of the country.

Miss Dolan is engaged in painting the murals which will serve as backgrounds for exhibits of animals which once thrived in what is now Brown county. She will make small oil paintings of scenes near Ainsworth, and on her return to Lincoln will use these as working models for the larger paintings on the walls of Morrill hall, where the university museum is housed.

She has been engaged in the work since early last spring and has finished most of the smaller panels. She is now working on Elephant hall, where the museum's largest specimen of early American animals will be mounted.

Husker Captain

"Jug" Brown, who will lead Nebraska football squad through what is considered the most strenuous schedule of many seasons.

Bengston Reported On Way to Venezuela

Word from Dr. H. A. Bengston, who is on an extended leave of absence from the university as professor of geology and geography, is that he is on his way to Venezuela where he will be engaged in economic-geographic problems until his return to the university in February.

Prof. T. T. Smith of the physics department spent the early part of the summer in Columbia, Mo., and Louisville, Kentucky, and took his vacation during August in Colorado.

Prof. J. E. Almy of the physics department returned recently from a three months tour of the Pacific coast, where he visited several universities.

Bands of Color
mean something

The color band on the holder of a Waterman's No. 7 indicates at a glance the character of the pen point.

- | | |
|---|--|
| Red —STANDARD—Suits most writers. A splendid correspondence point. Medium flexibility. For home and general use. | Pink —FLEXIBLE; FINE—As resilient as a watch spring. Fine, tapered point; ground fine to shade at any angle. Loved by stenographers. |
| Green —RIGID—Tempered to armor-plate hardness. Will not shade even under heavy pressure. Unequaled for manifolding. The salesman's friend. | Blue —BLUNT—An improved stub point. This point makes a broad line. May be held in any position. Liked by rapid writers. |
| Purple —STIFF; FINE—Writes without pressure. Makes a thin, clear line and small figures with unerring accuracy. Popular with accountants. | Yellow —ROUNDED—A different pen point. The tip is ball shape. Makes a heavy, characteristic line without pressure. Suits left-handed writers. |

When you buy your supplies, ask your dealer to show you Waterman's No. 7. Try all six pen points and select the one that perfectly suits your style of writing.
