tege. During his high school career, he never failed to secure a high rating. "Bob" Young, another candidate with a prep school reputation, journeyed from Norfolk for a chance at a berth on the team.

Plenty of beef and speed is apparent from a cursory examination of the guards and tackles. Coach Lehman has them under his wing during the "sweat" practices of Friday and Saturday. Lehman, in addition to his coaching duties, is an instructor in the military department.

W. A. A. OUTLINES YEAR'S ACTIVITIES

New Students Urged to Come Out for Outside Sports Sponsored by Women's Association

Newly entering students are urged to come out for the extra-curricular sports sponsored by the Women's Athletic Association. Membership in the association is attained by earning a sufficient number of points and reporting for practice throughout the sport season.

Hockey and tennis are the first activities of the fall term. The hockey tournament will be held at the end of six weeks of practice. To be eligible for tournament play one must have reported a minimum of 10 times during the six weeks.

It is not necessary to have a knowledge of the game at the beginning of the season, because instruction is given during the practice hours by competent coaches. The four o'clock hour every Thursday has been especially set aside for freshmen and newly entering students unfamiliar with the game. Tuesday at four o'clock has been reserved for Sophomores. Wednesday at the same hour juniors and seniors will report for practice. "Mixer," or general practices, are scheduled for Monday at 5 o'clock and Friday at 4 o'clock. It is advised that every devotee of the sport get in a minimum of two practices each week until the end of the season.

No coaching is given in tennis. All girls wishing to enter the tournament should spend a minimum of five practice hours on the courts near Bessey hall within the next two weeks.

"Choppy" Rhodes is Satisfied With Candidates; Sees Opposition To Varsity Eleven

Amid clouds of dust and under an unusually torrid sun, Nebraska's yearling football enthusiasts officially opened the 1927 season on the drill field Friday afternoon. A crowd of approximately 100 gridsters braved the heat and gathered for an exhaustive workout under the direction of Assistant Coaches Kem and Lehman. Head Coach "Choppy" Rhodes did not arrive until the Saturday afternoon workout was under way.

This year's squad has fewer outstanding stars than the usual yearling turnout. However, enough backfield men and line men are on hand for "Choppy" to pick out a multitude of teams. He expressed himself as being "satisfied" with the large turnout and predicted plenty of opposition for the Varsity.

Frahm Looks Good

Thus far, it is impossible to pick out players and predict that they will go "good" during this season. Frahm, 185 pound fullback, hails from Beatrice and should be a valuable asset as a triple-threat man. Burgeson, blonde athlete from Holdrege, showed up well in Saturday's practice. A prospective Varsity center is Phillips, husky David City pro-
