ALL-UNIVERSITY CHURCH DAY TO BE THIS SUNDAY

University Sends Out Postal Cards Urging Students To Attend

DAY HELD LATER IN PAST

Change Date in Attempt to Start Church-going Habit Early in Semester

Sunday, October 2, is set aside in the University of Nebraska calendar as All-University Church day. According to word received from Frederick W. Leavitt, president of the Federation of Church Workers in the university, this church day will be on a larger scale than ever before.

Churches all over Lincoln are interested in this church day, and in an endeavor to create enthusiasm in the project, 5,500 postal cards have been sent out by the University of Nebraska urging students to attend church next Sunday. This step was strongly endorsed by Acting Chancellor Burnett as worthy of commendation.

It is the hope of all churches in Lincoln that every person in Lincoln who is connected with the university, including students, professors, and others in some way employed, will attend church Sunday, and fill each structure to capacity. Church services will be at their best Sunday, and all sermons will hold a wealth of stimulating and prophetic truth. The music of all churches will also be the very best, with everyone participating striving to please the students.

The date of University Church day in previous years has been the Sunday before Thanksgiving, but it has been changed with the hope that the church-going habit might be created early in students, and made to stay. The Church day, before this year, was called "Affiliation Sunday," but this name and purpose have been changed. The purpose of church-day this year is to urge attendance, rather than affiliation.

Some churches, however, are urging affiliation to some extent, and are striving to get in communication with all students of their denominational preference. These churches propose that the students join as affiliate members, this connection having no effect upon the students' affiliation with his home church. It lasts only during the student's time in university, and may mean much or little to the student, according to the time he spends upon it, and the seriousness of his intent.

No list of churches extending a welcome to students on All-University Church Day will need to be published because all of the churches in Lincoln extend this welcome and invitation to students of the University of Nebraska.

MARTI IS WORLD FORUM SPEAKER

Last Year Ivy Day Orator Stresses Choice of Right Type of College Activities

"Students must choose the right kind of activities to pursue through their college careers," stated Lloyd Marti, at the first World Forum luncheon of the season held at the Grand Hotel yesterday with about one hundred in attendance.

"Activity work should be most interesting and important to freshmen," said Mr. Marti in regard to the question, "Place of Activities in the life of the Student." This advice was given from observation and experience in student activity work for four years, according to Mr. Marti. He declared that it was as important for a freshman to know what activities to enter as a man deciding "which car to buy or girl to marry."

The activities most prominent to the students seem to be publications, athletics, fraternities, sororities, the Y. M. C. A. and the Y. W. C. A.

One of the best points of the talk, probably, was "that there is so large" (Continued on Page 2)

Band Leader

John Philip Sousa

Who will bring his band to Lincoln for two concerts November 1. Sousa and his famous organization is brought to this city under the auspices of the University of Nebraska, and he will give his concerts in the huge University Coliseum.

DATE SET FOR SOUSA CONCERT

Famous Music Leader Brings Band to Lincoln on November First

TWO PROGRAMS PLANNED

When John Philip Sousa brings his band to Lincoln November 1, he will be celebrating his fiftieth anniversary as a conductor and the thirty-fifth anniversary of his famous band.

And when Lieutenant Commander Sousa lifts his baton on the stage of the University Coliseum, he will be nearing his seventy-third milestone of life.

Sousa, the "March King," is as active at 72 as many men a score of years younger than he, and he has undertaken this season a tour as strenuous as any he has made in the past. He attributes his good health to the exercise he has received while conducting a band twice daily for the last thirty-five years.

"Had I gone into a business or a profession other than music, I probably would have been dead twenty years ago," says Sousa. "If I had tried, I could not have picked out a profession which has combined exercise and regularity of hours in such an ideal manner."

Sousa will give two concerts at the University Coliseum, on November 1. The afternoon program will include an educational music novelty, especially for the hundreds of school children who will attend, called "Showing Off Before Company," when members of the band do individual stunts.

"Autumn Evening Picnic" at Ag College Postponed

Due to weather conditions, the plans for the "Autumn Evening Picnic," to be held Thursday from 5:30 to 7:30 o'clock under the auspices of the Y. W. C. A. at the College of Agriculture, have been changed. The picnic will be held in the Student Activities building and all new women students in the College of Agriculture, both freshmen and upper-classmen, are invited to attend.

MEN SELECTED FOR GLEE CLUB

Decker Announces Personnel For Year; 26 Chosen After Tryouts

VACATION TRIPS PLANNED

The members of the Men's Glee club for the ensuing year were announced last night by Prof. Hermann T. Decker. According to Mr. Decker, the tryouts were very good and it was very hard for him to pick the new men. Ninety-four men tried out for positions and places were given to twenty-six new men. Those who were in the Glee club last year were not required to tryout again, but were immediately accepted.

The officers of the club are: Harold Pickett, president; Carl Olson, vice-president; Clarence Schulz, secretary; and James Shane, business manager, trips have been planned for a part of the Christmas vacation and for the spring vacation. The Men's Glee club will also sing at the Lincoln theater about the first of December. Rehearsals will begin Friday. (Continued on Page 2)

AWGWAN CAMPAIGN GETS SLOW START

All Copy for "Eye-Opener" Goes To Printer Today; To Surpass Former Efforts

Awgwan's subscription campaign unnumbered its joints Wednesday ready for a week-end push. Coincident with the opening of the drive for subscribers came the announcement that the rest of the editorial copy for the first issue will go to the printers late today.

"Slow start" was the way Hal F. Childs characterized the opening day's efforts. He expressed confidence that the campaign would be a success before the completion of the week allotted by the Student Council. "More than 1000 subscribers laughed at and with the Awgwan last year," he said. "I look for a far larger number this year." Indications are that the opening number will surpass former efforts at college comics. There is every reason to expect that succeeding numbers will come up to the standard set in the opener.

No effort is being spared to get "The Eye-Opener" out on time, declared Munro Kester, editor of the Awgwan, Wednesday afternoon. "All" (Continued on Page 2)

SPHINX COMMAND GREEN CAPS BE WORN

Additional Shipment of Headgear in; Excuses Will Not Avail at Game on Saturday

The tickets for green caps may be purchased from the Iron Sphinx at the Student's Activities office in the University Coliseum or from Speier's Clothing Co. A new shipment of the caps has been received at the store and they can be had in all sizes. All freshmen can be supplied with this remaining part of the shipment according to the store authorities.

Fraternity and non-fraternity men are working together in keeping before the eyes of the freshmen the numerous advantages that were brought out in the Freshmen Convocation of the custom of wearing the traditional green cap. Freshmen who appear without these caps at the game Saturday will be reprimanded during the half-time by the members of the Iron Sphinx according to a report given out by the leaders of that organization. The only freshmen who will not have to wear the caps on Saturday afternoon will be those in the new cheering section on the East side of the stands.

COMMERCIAL CLUB INITIATES MEMBERS

Talks on the Purposes, Ideals and Aims of the Club Followed the Usual Paddling

Sixty men were initiated into the University Men's Commercial Club at the clubroom in the Temple last night. The initiation consisted of the usual paddling administered by the members present, and a series of talks by active members. The talks centered chiefly around purpose, ideals and aims of the club. All initiates were urged to work for Beta Gamma Sigma, the honorary Bizad fraternity.

After the initiation a lunch was served to all present.

Students Urged To Get Cheering Section Caps

Caps for the organized cheering section have been received at the Student Activities office in the Coliseum and may be had by presentation of tickets.

Few members of the cheering section called for their caps, only one hundred being given out. All should have their caps by the practice Friday afternoon at 4:30 o'clock in the Stadium.

CHEER SECTION MEETS FRIDAY

Yell Leaders and Corn Cobs Will Assign Seats and Give Instructions

ONLY PRACTICE THIS YEAR

All students in the organized cheering section must attend the meeting of the group which will be held at the stadium at 4:30 o'clock Friday afternoon. This session, which is being held to prepare the section for the Iowa State-Nebraska game, will be the only practice of the season.

The meeting will be led by the cheer leaders and the Corn Cobs, who will assign seats and give general instructions regarding students. In order to eliminate disorder, students are requested to keep the seats assigned Friday.

The object of organized cheering, which was instituted at Nebraska only this year, is to offer the team organized support and to make an effective display in the stadium. The effectiveness of the idea has been demonstrated at the other universities which it has been used.

Students in the section will wear red and white caps, and will receive colored cardboards to use in the stunts.

Fraternities Receive Wall Skin Trophies

Trophies have been awarded by the Athletic department to the fraternities winning the sport events in the inter-fraternity tournament and meets last year. The trophies are wall-skins with the name of the winning fraternity, the sport, and the year won in letters sewn on the background.

Kappa Sigma leads the list in winning sports last year, receiving three skins for three first place ratings. The cup for the fraternity having the greatest number of points at the end of the year was won by Kappa Sigma also.

Following is a list of the winning fraternities: Theta Chi, Cross country run. Phi Sigma Kappa, Basketball (Class A.) Pi Kappa Phi, Baseball. Kappa Sigma, Basketball (Class B), Mid-winter track and field meet, and bowling. Sigma Alpha Mu, Handball singles. Alpha Chi Sigma, Handball doubles. Alpha Gamma Rho, Wrestling. Sigma Phi Epsilon, Fall outdoor track and field meet.

FRESHMAN COUNCIL MEETS

University Y. M. C. A. Group Hold Round-table Discussion

About fifteen members of the Freshman Council of the University Y. M. C. A. gathered at the Temple Wednesday evening for their first meeting. A round-table discussion was held on the topic, "What Is Expected of a Freshman." Joe Hunt, student president, and Mr. Hays, general secretary, were in charge of the discussion.

Various ideas were brought forth as to what is really expected of first year men in the University. Scholarship and school activities were naturally foremost. The freshmen, according to the general opinion of those present, should first of all learn how to study. Having acquired this they should make it a habit and keep (Continued on Page 2)

ENGINEERS WILL ENTERTAIN

Jolley Has Charge of Social Affair For Freshmen Engineers

Free movies and refreshments are the attractions offered to all freshman men by the Engineers' Society Thursday evening. The affair is strictly stag, and is from 7 to 8 o'clock in Mechanical Engineering building, 206. Edward Jolley is in charge of the affair. The affair will be followed by a regular meeting of the Nebraska Engineering Society, and a meeting of the G. I. E. E., in charge of W. Van Wile.

Line Pilot

Ray Randels of Anthony, Kansas, will step into the new role as line general when the Iowa State eleven lines up against Nebraska Saturday. Randels is a veteran tackle on the Cornhusker eleven having seen two years of service with the Husker team.

ROY RANDELS NAMED PILOT HUSKER LINE

New "No Scouting" Rule is Reason Leaves Line Without Knowledge of Opponent Plays

Another important change has taken place in the Cornhusker football squad when a new position of line captain was created by "Bunny" Oakes, Husker line coach. Ray Randels of Anthony, Kansas, veteran forward wall tackle on the Nebraska team was elected to that position. Randels is one of the hardest fighters on the Husker line and has seen two years on the Scarlet team.

Randels in the new role as line general will pilot the forward wall and arrange the line on defensive plays. The reason for the Nebraska line coach taking this action was that the "no scouting" rule in the Valley now leaves the front wall to figure out all the plays after the kickoff. Heretofore with scouting going on within the Valley circle, the linemen knew a little about the plays of the opposing eleven.

LAW FACULTY HAS RHODES SCHOLAR

Sheldon Tefft, Nebraska Winner Of Scholarship, Returns To Teach

Sheldon Tefft, Rhodes scholar from Nebraska, will be an instructor in the College of Law this year, taking the place of E. M. Dods. He is teaching Criminal Law, Equity, Corporations, and Partnerships. Mr. Tefft was the Rhodes scholar from Nebraska in 1924, and has been a student at Oxford University the past three years. While at Oxford he won the Vinerian scholarship in law.

American students who think that students at Oxford never work have a misconception of the University, Mr. Tefft told a Nebraskan reporter today. While it is true that a man may get a degree from Oxford by simply managing to stay in school for four years, Mr. Tefft thinks that it is harder to get a "first" at Oxford than to make Phi Beta Kappa at Nebraska. Only one examination is given, which comes at the end of the four year course. On the basis of this the graduating class is divided into four divisions, and to get into the first of these is considered a high honor.

The numerous rules governing the conduct of students are highly interesting to Americans. These rules are taken from old statutes, and are written in mediaeval Latin, which even a good student of classical Latin can hardly translate. If the university authorities do not approve of your conduct, they generally have little trouble in finding a rule to fit the case.

Oxford students are strictly forbidden to ride in airplanes without (Continued on Page 2)

The name of each and every applicant was brought before the council and due consideration given before any definite vote was taken. The members of the committees were chosen on the basis of merit, as to experience, scholarship, and personality. Those on the student council who were members of the Varsity Dance Committee in previous years were called upon to make recommendations as to the desirability of various candidates for positions.

More than sixty-five applications were presented to the council. Lists of those filing with their recommendations will be kept in permanent file with the student council during the year for reference in case of a vacancy.

Those showing their interest in this type of thing by filing who were not placed as committee chairmen are (Continued on Page 2)

"ALIAS THE DEACON" WILL BE GIVEN SOON

Players' Practice Progresses Rapidly; First Performance is October 6

Rehearsals for the first University Players' production, "Alias the Deacon," to be presented October 6, 7, 8, are progressing rapidly. The first performance of the play will be Thursday evening, October 6, with regular evening entertainments and one matinee following.

Ticket sales are progressing steadily, many old patrons having renewed their regular season tickets some time ago, along with the bulk of regular ticket trade, which is heavy. Matinee season tickets may still be obtained for \$2.75, entitling the purchaser to reserved seat tickets at all productions the full season. Season tickets for the regular evening performance are \$5.00. Eight plays will be offered this season at the same price as in the past, when only seven plays were offered.

H. Alice Howell, head of the Dramatic Department, is directing the Players, assisted by Ray Ramsay and Herbert Yenne.

Fraternity House Is Entered and Robbed; Eighty Dollars Taken

The Theta Xi fraternity house was robbed of eighty dollars sometime last Tuesday night. The house, situated at 1844 Washington, was visited for the third time this year, sixty dollars being taken from the fraternity strong box, and the balance coming from students' clothing. Students arising at 5 o'clock to study discovered that nearly all of the clothing in the house had been relieved of watches and loose change. The watches, however, were found on a table downstairs.

H. D. Miller was the largest individual loser. His wallet containing fifteen dollars was taken by the burglars. Paul Mattox found his billfold in the front yard later in the morning, but no trace of the one dollar bill which it contained was found. Ten other students lost pocket change to the extent of five dollars. Upon investigation it was found that all of the doors were locked, and that the burglar had gained entrance through a north window, opening on the alley. Marks on the sill showed where he had entered.
