**Lettermen Form Nucleus**  
Five lettermen will return to the  
team this year, which should give  
Coach Black a nucleus around which  
to build a strong team. Aside from  
Elliott and Othmer, Jug Brown,  
Elmer Holm, and Vint Lawson earned  
their letters in varsity competition  
last year, and are counted upon to  
even better their performances. The  
graduation of such stellar men as  
Smaha, Page, Andresen and Klep-

Many a man is  
doing work day after  
day that an electric  
motor can do for less  
than a cent an hour

College men and women recognize elec-  
tricity as one of the principal aids to  
progress in the factory, on the farm, and  
in the home.

Guided by human intelligence,  
electricity can do almost any  
job a man can do. From stirring  
to grinding, from lifting to  
pulling, there is a G-E motor  
specially adapted to any task.
