

VALLEY GAMES ARE SCHEDULED

(Continued from Page 1) Opening game is scheduled for December 16 which is unusually early in the season. In the past the conference season usually opened after the Christmas holidays.

Team Crippled
Basketball prospects in the Husker camp took on a gloomy atmosphere this season with the loss of the basket shooting ace, Clark Smaha, and the towering giant, Ted Page, and "Andy" Andresen, stellar Nebraska guard. Smaha was one of the leading scorers in the Valley last season and Ted Page who handled the pivot position on Black's five was unequalled by any other center in the conference on tip-offs. He got the tip from every center he met on the court.

The basketball practice season has been slow to get under way on account of the number of men on Bear's football squad. "Jug" Brown, Elmer Holm, Vint Lawson, Leon Sprague and several other basketball men will not be able to report on the court until after Thanksgiving.

Coach Black has started his practice and is giving his cagers three practice sessions a week to get his men in shape for the first game on December 16. The Nebraska coach is building his squad around Captain Tom Elliott and Kenneth Othmer, two lettermen from last year. "Olie" Olson will probably hold down one of the forward positions this year on the cage team and Othmer will handle the other one. Elliott is making his bid for the pivot position and Black will have to develop a pair of guards to take the place of Andresen and Gerelick.

Schedule Is Given
Bob Krall a reserve guard from last year's squad looks good for one of the guard positions and Elmer Holm will be back for the other guard position.

HUSKERS WORKOUT FOR SYRACUSE TILT

(Continued from Page 1) Three elevens were practicing on stadium sod last night rehearsing the new assortment of plays that Coach Bearg has been giving his men. Bill Bronson was calling signals in the first backfield with Howell and Pressnell at half and Oehrich at full. In the second backfield Witte and McBride were at the halves, Farley at full and Peaker barking the signals. Captain "Jug" Brown was alternating with Bill Bronson at the quarter position in the first backfield.

Freshmen to Scrimmage
Scrimmage with the freshman eleven was on the program and will be a regular occurrence for the first half of this week. The yearling team lined up against the Varsity and went through the Syracuse plays. The varsity eleven then launched an attack of the new plays and although they proved effective to a certain extent against the yearlings, a great amount of work will be necessary to bring the plays up to working order against the Orange crew that will invade the Husker camp Saturday.

Changes in the backfield may be on deck for this week. "Dutch" Witte, reserve halfback who has been showing some exceptional work in the practice sessions and who romped over the Grinnell team to score his first Nebraska touchdown two weeks ago may replace a regular in the backfield. Witte is getting the brunt of the passing game in the Bearg squad. He passes with ease and sureness and has a "shotgun" pass. Bearg has been looking for a good passer and the way it looks he has found his man in the former Lincoln high school star.

In the scrimmage last night the freshmen only had a fair amount of success in their forward passes against the Scarlet eleven. They used the Syracuse formations to a good advantage while the Beargmen pulled various plays in the passing and running formation for substantial gains through the line and around the ends.

Large Crowd To See Game
John Selleck is expecting the second largest football crowd in memorial stadium Saturday for the important intersection clash with the Syracuse Orange eleven. A crowd of 23,000 is expected at Saturday's game if the weather man treats Cornhusker football as he has been the past three weeks. The ticket sale is going fast but there will be a large number of good seats left Saturday, according to the business manager.

Dads' Day at Nebraska has been planned for this game and interest all over the state has been aroused in the Cornhusker dads and they expect to attend the big game en masse. A special section has been reserved for them in the stadium and a round

"Adults Learn as Easily as Children" Says Columbia University Professor

No man or woman under fifty years of age need be discouraged from trying to learn anything which he or she need to learn, by the fear of being too old, according to a statement recently made by Dr. Thorndike of Columbia University.

Experiments made with two groups of adults of different ages proved that adults learn many subjects faster than do children, and the fact is easily illustrated that the majority of adult students absorb more knowledge within a given time than do children.

In answer to the question of why so many adults think that they cannot learn so easily as children, the fact might be cited that the older folk lack the desire to learn. When the desire is strong enough, the in-

dividual will learn, as can be illustrated in the cases of mothers who have taken college courses with their sons and daughters.

The art of learning is one that can be cultivated by anyone, and is not restricted to young people in either degree or speed. Because it does have to be cultivated many people who have ceased to do so believe their inability to concentrate is due to old age. People of adult years who keep up the habit of study can bear testimony to the fact that with the acquisition of increased knowledge the ability to gain more increases rather than diminishes. This is only a logical development since the more one studies the more familiar should one become with the art of how to study, and that is, after all, more than half the battle.

of entertainment will be provided for them throughout the day. A noon luncheon and dinners at the fraternity and sorority houses will be on the program for Saturday.

The Syracuse-Nebraska game will also be the annual Omaha livestock trip to Lincoln for a football game. The party from South Omaha will be headed by a band and a section of 400 seats have been reserved for the delegation.

Many Rooters Coming
The livestock men will not be the only party from Omaha for over 1000 Husker rooters are expected down for the big game. The Omahans will come by auto and special train. A block of 1000 seats already have been sold in Omaha and the figure will probably mount before the end of the week.

Officials for the game are Leslie Edmonds, Topeka Kansas, referee; Mike Thompson, Emmetsburg, Md., umpire; J. P. Eagan, Philadelphia, field judge; C. E. McBride, Kansas City, Mo., headlinesman.

Colonel Edward H. R. Green of New Bedford, Mass., has leased his \$2,000,000 aviation field to the United States government for \$1 a year.

Mexican Firing Squad Costs Calles Friend Of Years Standing

San Antonio, Texas, Oct. 25.—A firing squad can not only change a man's politics but can shatter the closest friendship, Jose Peralta, Syracuse graduate, said here today upon his arrival from Mexico, where he spent two hours against a stone wall awaiting the volley of an executioner's squad.

Peralta, who was a special representative of the Pullman company, in Mexico, declared that a friendship of years' standing with President Calles of Mexico, had been broken by the experience. The friendship started when Peralta traveled in Europe with Calles and later gave Calles physical culture lessons when the president was in ill health. Peralta was arrested for sending an unfavorable report on Mexican conditions to the Pullman company.

Freshmen at Pittsburgh State Teachers' college have been denied the right of "wearing them rolled," this applies to both the "eds and the co-eds," since the men are forced to wear garters.

Amherst college abolished two forms of freshmen hazing namely that of capturing freshmen for performance at senior meetings and that of attempting to disrupt the annual frosh banquet.

"There was a sound of revelry by night." —LORD BYRON

ONCE upon a time an undergraduate came back from his summer vacation, bought a case of "Canada Dry" and to his friends said, "Come around to my rooms, this evening. . . ." "There was a sound of revelry by night," as Lord Byron put it. And if you don't believe me, look it up in some canto or other of Childe Harold. This is not a story of flaming youth. Or anything devilish. But just this: "Canada Dry" is the smoothest, mellowest, most palatable ginger ale you've ever tasted. It quenches your thirst. It has a distinctive flavor. It mixes well with other beverages. It contains no capsicum (red pepper). And it is really good for you.
