WEATHER  
For Lincoln and vicinity: Probably rain turning to snow today; much colder.

VOL. XXVII, NO. 51.

THE UNIVERSITY OF NEBRASKA, LINCOLN, NEBRASKA, WEDNESDAY, NOVEMBER 30, 1927.

PRICE 5 CENTS

## TOURNEY PLAY SETTLES DOWN TO HARD PACE

### Annual Inter-Fraternity Games Get into Full Swing On Second Day

### DECISIVE WINS FEATURE

#### Teams Run Up Large Scores As Minor Opponents Drop from Race

Decisive wins for Theta Chi, Phi Kappa and Alpha Sigma Phi featured the second day afternoon play in the annual inter-fraternity basketball tournament Tuesday. Leading by a 12-4 score at half time, Theta Chi continued to pile up a winning margin over Acacia in their first game, winning handily 19-8. Bignell starred for the Theta Chi's, scoring 9 of his team's total while Kresinger was the important cog in the Acacia machine.

Bushee's eye for the basket brought the Phi Kappa's victory. He rang up a total of 12 points while his team mates contributed their share in trouncing Pi Kappa Phi 34-13. The floor work of Janulewicz and Hecock also featured the Phi Kappa's play while Sloan did the best work for Pi Kappa Phi.

Alpha Sigs Win.  
The Alpha Sigs had little trouble with the Lambda Chi's, scoring a 29-11 victory. Konkol, diminutive Alpha Sig forward, led the scoring of both teams with 10 points. Holbeisen and Norling, also featured while Sharpe, lanky Lambda Chi center, played the best for his team.

Delta Tau Delta won by forfeit in the other afternoon game when Alpha Chi Sigma failed to put in their appearance.

Phi Kappa Psi easily won the first game of the evening from Zeta Beta Tau by 39 to 11. The powerful scoring combination of Tagg and Wells proved too much for Zeta Beta Tau and in a short time after the first whistle they were well in the rear. The Phi Psi's sent in their second team for the last few minutes of the first half.

Score Fifty Points.  
Kappa Sigma, last year's second place winners, won the outstanding contest of the evening from Delta Theta Phi by 59 to 13. The game was far more interesting than the score would indicate and due credit should be given to Hull of the Delta Theta Chi team. Hull made several field goals from near the center of the floor but lacked support. McClay at center and Roper at forward starred for the fast Kappa Sigma team.

Beta Theta Pi buried the Kappa (Continued on Page 4)

## GROUP ELECTS AYLSWORTH

### Professor Will Collect Data On Modern City Governments

Prof. L. E. Aylsworth of the department of political science is the newly-elected secretary of a group of 200 Lincoln citizens organized to promote a study of the operation of the present form of city government.

He will gather information about the progress of modern systems in other cities and will report to the volunteer committee of which W. A. Selleck is chairman and O. J. Fee treasurer. When the study is completed authorities on municipal government will come to Lincoln to give advice on the recommendations to be submitted.

## Tests on Efficiency of Oil Stoves Are Being Conducted in Laboratory

The research and household management division of home economics now has a newly established Purnell laboratory in the Home Economics building. Here Professor Gretá Gray and her assistant, Mrs. Snyder, are working on problems of great interest to the people throughout the country, especially in Nebraska.

This fall a series of tests is being made on different types of oil stoves. The purpose is to determine which type gives the best service from the standpoint of economy as well as efficiency.

There are now seven different makes of kerosene stoves in the laboratory. Results from this study will be considered in relation to type rather than make of stove, so that no partiality will be shown toward any particular manufacturer.

## Plays on Coast

Ray Randels, Cornhusker tackle who has been invited to play with the All-Eastern eleven at San Francisco on December 26. Randels is one of the outstanding line men in the Missouri Valley and is an All-Valley tackle. He and Glenn Presnell will leave for Chicago December 15 where they will meet the team and coaches for the journey to the California city.

## CONVENTION QUOTA LACKS THIRTY MEN

### Secretary Hayes of University Y. M. C. A. Makes Call for More Applicants

With the quota of thirty for the tenth quadrennial Student Volunteer Convention at Detroit, Dec. 28 to Jan. 1, not yet filled, Mr. C. D. Hayes, secretary of the University Y. M. C. A., is making a call for more applicants.

This convention is held every four years. Mr. Hayes, who has attended two of them stated yesterday, "I consider it one of the greatest opportunities of a university student. Students often say that they get more education from one of these conventions than they would from a semester of college", he said.

Some well known speakers connected with missionary work will be at the convention and speak to the delegates. Dramatic presentations and informal round table discussions will aid in conveying the purpose of the convention. In regard to missions, Lloyd-George once said, "if Christian missions fail, the rest of us had better close up shop. The missionary program represents the most successful enterprise for the reclamation of mankind that the modern (Continued on Page 2)

## Hendricks Is Author Of Chemical Article

Prof. Clifford Hendricks of the chemistry department is the author of an article, "Irene Helps Find Radium," in the General Science Quarterly for November. His contribution is an account of the discovery of radium and polonium by Madam Curie, written particularly for children.

## Advance Course Men Do Not Send Corsages

The following notice has been issued by the military department: "Advance course men will not send corsages to their dates for the military ball. "H. E. JORGENSEN, Cadet Colonel, R. O. T. C."

## Copy for December Issue Of Awgwan Is Due Today

Copy for the "Scientific" number of the Awgwan, the December issue of Nebraska's monthly humor magazine, is being put into shape to go to the printers and engravers, Munro Kezer, editor, announced Tuesday.

Cartoon copy will go to the engravers today. Contributors who have not yet submitted their written copy should turn their copy in today, the editor announced. He also announced that the increased cartoon display begun in the November issue will be continued.

## TEAMS ADVANCE TO POLO FINALS

### Lambda Chi Alpha and Beta Theta Pi Win Semi-Final Matches

### FINAL GAME NEXT WEEK

Beta Theta Pi and Lambda Chi Alpha will fight for first honors in the first inter-fraternity water polo tournament ever held at Nebraska. These teams go to the finals as the result of their respective victories over Pi Kappa Alpha and Alpha Sigma Phi in the semi-finals held Tuesday night. The final match will be held next Wednesday night.

Bleachers will be erected for the final game, it is announced by Rudolph Vogeler, who is in charge, and other provisions made for the comfort of the large crowd which is expected. The game will be open to both men and women, and the windows will be opened so as to relieve spectators from the discomfort caused by the excessive heat which has characterized preceding contests.

An admission charge of twenty. (Continued on Page 2)

## Ag College Announces Sweater Awards For 1926 Football Team

For the first time, regular members on the University of Nebraska, College of Agriculture, football team will be awarded sweaters. They will be V necked and scarlet in color with a white A. To distinguish them from the Curtis Aggie football sweaters, which are also scarlet with a white A, no stripes will be placed on the sleeves.

The permission to award these sweaters has been obtained through the University Athletic Department. The team was coached by W. W. Knight of the physical education department, assisted by Chester A. Caroski.

All men who hold certificates from last year are entitled to buy these sweaters as well as the following men who were regular members of the football team this year: Floyd Belders, Cambridge; George Schmid, Curtis; Paige Hall, Curtis; Henry Buss, Columbus; Everett Kreisinger, Bellwood; George Powell, Hardy; Dale Stage, Lincoln; Don Facka, Hershey; Jay Pierson, Lincoln; Hansel Phipps, University Place; Bruce Anderson, Stromsburg; Clark Gollehon, Blair; Arthur Mauch, Bassett; Gregory Cripps, Whitney; Roscoe Burbell, Minden; Richard Poch, Ohio; Bert Hays, Trumbull; Harold Marcott, Gothenburg; Marion Allen, Omaha; Marion Stone, Nehawka, and Edgar Klemme, Alvo.

## MIXER GIVEN SATURDAY

### Christmas Party at Ellen Smith Hall For All Students

A Christmas Mixer party for all University students, will be given Saturday evening, December 3, at Ellen Smith Hall. The affair which is under the auspices of the combined "Y" organizations, is the second one to be given this semester.

Plans are being formulated for an unusual and elaborate party, in the line of entertainment and refreshments. Mary Elizabeth Ball is general chairman.

## Men's Commercial Club Gives Smoker

All men in the College of Business Administration will be entertained by the Men's Commercial Club at a smoker this evening. The affair will start at 7 o'clock in the Chamber of Commerce, and refreshments will be served.

The Commercial Club has invited Dean LeRossignol and all members of the Bizad faculty to be their guests at the smoker. It will serve as a general get-together for students in the College of Business Administration.

## BANCROFT WILL TALK THURSDAY

### Cornell Professor Scheduled As Feature of Chemical Society Meeting

### ENTERTAINED AT LUNCH

Professor Wilder D. Bancroft of Cornell will speak Thursday evening in Chemistry hall at 8 o'clock. His speech will be the feature of the regular meeting of the Nebraska section of the American Chemical society.

The topic of Professor Bancroft's talk will be "Bubbles, Drops, and Grains." Dr. Bancroft is one of America's foremost colloid chemists and he is noted for his fascinating manner in lecturing.

Colloidal chemistry has such an important bearing in so many different fields that the subject will be of general interest and with Dr. Bancroft to present it an unusual opportunity presents itself. All students, section members, and faculty members are urged to attend.

The Section is planning a luncheon in honor of Dr. Bancroft Thursday noon at the University Club. The tickets are 50 cents. They may be obtained from Professor R. C. Abbot, Experiment Station Hall, College of Agriculture and Dr. B. C. Bren, Chemistry Hall. Reservations may also be made by calling the Chemistry Office.

## New Hospital Is Considered In First Rank

With the completion of the second unit of the University hospital at Omaha, Nebraska, it is one of the most completely equipped university hospitals in the country. This added unit was very much needed to provide additional clinical facilities for the rapidly growing College of Medicine, and to meet the increased call for state service, according to those in close connections with conditions.

Dr. Wolcott, chairman of the department of zoology, will attend the official opening of this new unit today. Speeches by prominent men of the state who have aided in the development of the College of Medicine will be broadcast through KFAB between 3:30 and 4:30 o'clock this afternoon.

The beds in the two units will number 250, and many new features (Continued on Page 2)

## DECKER GIVES CONCERT

### Regular University Convocation Hears Baritone Singer

A regular University Convocation was held yesterday morning in the Temple auditorium. The program consisted of a concert given by Herman T. Decker, baritone. He was accompanied by Miss Jean Decker. Mr. Decker's program was as follows:

- Prologue from "Pagliacci"—Leoncavallo.
- I attempt from Love's Sickness to Fly—Purcell.
- Der Doppelgänger—Schubert.
- Zueignung—Strauss.
- The Linden—Grondahl.
- The Bitterness of Love—Dunn.
- My Attic—Moussorgsky.
- The Seminarian—Moussorgsky.

## MBAT JUDGING CONTINUES

### University of Nebraska Team Takes Part in Chicago Contests

The University of Nebraska is entered in the Intercollegiate Meat Judging Contest which has been going on in Chicago. Yesterday's program combined meat judging and an exposition of champion steers.

Twelve schools are taking part in the contest, the following included in the list: University of Illinois, Iowa State College, Kansas Aggies, University of Missouri, University of Nebraska, Oklahoma A. & M., Pennsylvania State College, West Virginia University, University of Wisconsin, and the University of Wyoming.

Secretary of Agriculture William H. Jardine was the guest of honor at Monday's session of the international livestock exposition.

## New Conference Plans Meeting for Tomorrow

The members of the "Big Six" conference will hold a meeting Thursday in Kansas City, stated Chester L. Brewer, director of athletics at the University of Missouri. The members were all formerly members of the Missouri Valley Conference.

## Directories Are Ready For Campus Sale Today

Student directories can be purchased today at the Engineers building, the Law building, Social Sciences, Mechanic Arts, the College Book store, the Co-Op Book store and the Agriculture College. The price is fifty cents.

The name, Greek affiliation, home, Lincoln address and telephone number of each student in the University are included in the book. I also contains an alphabetical list of faculty members, fraternities and sororities and their presidents. Members and pledges of the various Greek organizations are grouped in the last section of the directory.

## FACTORY LIFE IS PORTRAYED

### Elinor Noh, Representative At Chicago Experiment, Talks at Vespers

### TELLS OF MANY FAULTS

Elinor Noh, who went as a representative from the University of Nebraska to the Industrial Experiment held in Chicago last summer, described some of her experiences as a factory girl, at the regular Vespers service held Tuesday evening in Ellen Smith Hall.

Each summer the Industrial Experiment is held in Chicago under the auspices of the Y. W. C. A., girls from colleges all over the country attending. The girls stay at an Elinor Club or some other of the clubs where board and room are furnished at cost, and during the six weeks that they spend in the experiment they try to live on what they earn, though it is often necessary to pool their wages to help one of their number. Two or three times a week they gather to discuss what they have learned and experienced.

Elinor Noh spent her first month as a clerk in a drug department of a "dime store," and the last two weeks she cut heels in a shoe factory. She described numerous instances of unguarded machinery which was entirely avoidable, and told of the experiences of one of the girls who worked in the stock yards trying to handle the raw, though no effort was made to bandage them or relieve them in any way; of another girl whose knuckles were badly scratched. (Continued on Page 2)

## Santa Sale and Sewing Bee Included in Plans For Ellen Smith Hall

A Santa Sale will be held in Ellen Smith Hall Dec. 8, 9 and 10 under the auspices of the conference committee of the Y. W. C. A., according to Ruth French, chairman of the committee.

Saturday, Dec. 3, a sewing bee will be held all day in Ellen Smith Hall to make things for the sale. Girls living in town are being asked to contribute home made candy. The proceeds of the sale will be used to send delegates to the Estes Park conference next summer.

## THREE SPEAKERS CHOSEN

### Organized Agriculture Meetings Will Be Held in Sidney

Three of the speakers for the Western Nebraska Organized Agriculture meetings to be held in Sidney, December 7, 8, and 9 are Miss Mary Rokahr, Miss Margaret Cleland, and Mrs. Eleanor Kahl.

Miss Rokahr, a State Home Demonstration leader from Wyoming, will give two talks. One is entitled "The Home Maker Making the Most of Herself." At a mass meeting, she will talk on "The Most Important Spot in the World."

Miss Cleland is a primary teacher in one of the Lincoln public schools, and has been recreation specialist for the mothers' vacation camp for the past three summers. The topics for her two addresses are: "Mothers, Do You Have a Hobby?" and "A Child's Stepping Stones for Character."

Mrs. Kahl from Sidney will talk on "The Big Double Hitch,—Parents and Teachers."

## Physical Education Club Holds Luncheon

The Physical Education club held its monthly luncheon Tuesday at Mrs. Bixby's tea room. About forty attended. Earl Johnson, supervisor of physical education in the Lincoln public school, spoke on "The Duties of a Supervisor Especially in His Relation to Community Recreation."

## Awaits Decision

Blue Howell, All-Valley halfback, is the third Husker to receive an invitation from Coach "Andy" Kerr to play on the All-Eastern eleven. Howell has not accepted as yet as he is waiting to see if there is anything in the Valley rules to prohibit him from participating in the east-west game.

## FUTURISTIC ART IS FORUM TOPIC TODAY

### Professor Grumann Will Present First of New Series of Talks at Noon

Prof. Paul H. Grumann, director of the School of Fine Arts will address the World Forum this noon at the Grand Hotel on the subject, "Futuristic Art." This will be the first of a series of lectures of this type.

Professor Grumann was one of the officials of the recent convention of the American Federation of Fine Arts. He holds at the present time an A. M. degree. He is also professor of dramatic literature. Fine Art subjects have been under his direction for many years and he is considered an authority on subjects of that nature.

The meeting this noon will begin with a 12 o'clock luncheon. The luncheon and meeting will last only until 12:50 o'clock. Tickets may be procured for twenty-five cents this morning. Tickets at the door will be thirty-five cents. According to Lee Rankin, chairman of the committee, all persons interested in World Forum topics are invited to attend. World Forum meetings at the University are held regularly on Wednesdays. At the College of Agriculture, the noon luncheons are on each Thursday.

## Smith Writes Article For Optical Journal

Prof. T. Townsend Smith of the department of physics is the author of an article appearing in the Journal of the Optical Society, entitled "The Color Correction of an Achromatic Doublet," which is a study of the accuracy in the removal by a certain type of lens of all traces of color in an image.

## Prairie Schooner Copy Deadline Is Saturday

The last call for contributions to The Prairie Schooner's winter number, to be issued early in January, was made by the editors Tuesday. Contributions in verse, story, or essay form must be received before Saturday to be considered for the Winter issue.

Sale of the October number of the literary magazine is continuing at local book stores. Copies may be procured at Long's Book store, Co-op Book store, or the Regents' book store.

## Bengtson Describes Venezuelan Oil City and Changes Made by Foreigners

Dr. N. A. Bengtson, professor in the department of geography, has reached New York and will complete his studies there before returning to his teaching position in Lincoln in January. Dr. Bengtson has been engaged in research work in Venezuela. The following letter has been received by his friends at the University.

"The homeward voyage has begun. This morning at Maracaibo we came on board at 8 o'clock; at 9:50 a. m. the propellers began to turn and we left the new oil metropolis of South America behind as we steamed northward.

"The Caracas is a new ship, of beautiful design, well-equipped and elegantly furnished. This is her second trip in service so she is just beginning a career which we all hope will be long and successful.

"During the two hours on board before sailing we were enabled to form a sort of resume picture of Maracaibo; let me try to depict it in words for you. The Caracas at anchor was facing east. Looking forward into the bay the fleet of oil tankers was an impressive sight, seventeen of them in view, some

## MORTAR BOARDS GIVE PLANS FOR DISTRICT MEET

### Program Is Announced for Convention in Lincoln Next Saturday

### BEGINS AT 9:30 O'CLOCK

#### Helen Anderson Represents Nebraska Chapter at The Meetings

The program for the district convention of Mortar Board to be held in Lincoln next Saturday has been completed. The conference will open with registration at Ellen Smith in the morning and close with the formal banquet to be held at the Lincoln hotel in the evening.

The schedule is as follows: 9 to 9:30—Registration at Ellen Smith Hall.

9:30 to 12:30—General conference meetings in Mortar Board rooms in Ellen Smith Hall.

President of Black Masque chapter, welcome, Miss Geraldine Fleming.

Address—Dean Amanda Heppner.

Address—Mrs. Earl Coryell, district superintendent.

12:30—Luncheon, College of Agriculture campus.

1:30 to 5:30—Continuation of meetings.

Papers on: Scholarship, Delegates from Bozeman, Montana.

Faculty Cooperation, Delegate from Nebraska.

Secretary of Mortar Board, Delegate from Kansas.

Service of Mortar Board, Delegate from Washington University.

Active Mortar Board's Relation to National, Delegates from Missouri.

Selection of the Girl, Delegate from Missoula, Montana.

Report by Mrs. Richard Westover.

Helen Anderson will represent the local chapter of Mortar Board at the meetings. All active and alumni members are to attend the formal banquet at 6 o'clock Saturday.

## PROGRAMS NEARLY READY

### Home Economics Section Will Hold Meetings in January

The programs for the Home Economics section of the Organized Agriculture meetings to be held in Lincoln January 3, 4, and 5 will soon be ready for distribution throughout the state.

One of the special speakers for these meetings is Mrs. Clara Ingram Judson, a noted author and lecturer. She has written books on home economics topics for girls. Also, she has written for the Country Gentleman and other magazines. Mrs. Judson is scheduled to deliver three addresses and conduct a round table discussion at these meetings. The topics of her addresses are:

- "Business Side of Home Making."
- "Spending the Home Makers' Hours."
- "America's Biggest Business."

The round table discussion will be on "Banishing the Bugbear of Finances."

Sixty-eight foreign students are registered at the University of Ohio. They represent twenty-two different nations.

coming, others going, still others riding lazily at anchor while waiting for their clearance papers. Darting hither and yon the motorboats carrying customs officials and company officers completed the picture of the hustle which is oil. The tankers are the means of carrying the crude petroleum of Venezuela to the oil-thirsty world outside and the stream they are now conveying gives promise of putting this country in second place among the nations in 1928.

"But let us face north on the port side toward the city. Near us are three freighters, two Dutch and one British, busily handling cargo. Beyond them is the fleet of small boats,—motor and sailing craft,—engaged in coastwise trade, while beyond that is the city of Maracaibo, low-lying and red-roofed. Above the general level of the buildings rise a number of church spires presenting marked contrast to the architectural monotony of the downtown section. The churches are venerable old structures, some said to be over 300 years old, rich in the history of the city. During troublous times of revolution and banditry they have furnished (Continued on Page 3)
