

### Styles in School Teachers Change As in Other Things, Report Reveals

By Ruth Palmer

"How the times have changed," shrieks the modern school teacher when she reads quotations from the New Hampshire School committee report made for 1856.

In 1856, \$1.50 a week for board was considered quite high. In fact, when the teacher paid this amount the family with whom she boarded felt it their duty to assist the teacher to her work. \$1.25 was paid for board in the summer term. In district No. 4 the report for Troy County says, the price of board for both terms was \$2.50 per week; thirty-three dollars were paid the teacher for twelve weeks labor and thirty dollars for board for the same time.

While seventy-one years ago the school marm was snugly tucking half of her eleven-dollar-a-month salary in the blue pitcher on the mantle case little Miss Instructress of today can hardly meet the manicure

ist bill on eleven dollars a week.

**Free Board for Former Teachers**

The teacher, the early reports point out, received free board at the homes of the lowest responsible bidders. Free board to our modern teacher is a thing unheard of unless it is in the shape of a nice hard board some clever child with his cunning witicism of 1927 were to bring to the school house for the teacher's future use, but even that is unheard of in most of our modern schools with their student governing bodies and monitorial systems.

The good of the school, it seems, was taken into consideration with the boarding of the teacher. Today the school board little cares whether the teacher eat or not. In fact, some prefer those teachers who have left the starches and fats from their menus and can barely "tip" the scales. Not so in the old days. A well fed teacher, the report hints, was desirable.

How the times have changed!

### YEARBOOK HAS FEW PHOTO SPACES OPEN

**Cornhusker Will Permit Ten Seniors And Four Juniors to Enter Pictures in Annual**

All juniors and senior panels for the 1928 Cornhusker have been made up and are ready to go to the engravers. It was found, in making up the two class panels, that there is room for ten seniors and four juniors at the end of the last panel in each section.

Students who have not had their pictures taken and wish to get them in either of the class sections may make arrangements with William Mentzer, Jr., at the Cornhusker office any time before Wednesday afternoon at six o'clock. Only students who can use last year's pictures may avail themselves of this chance, because it is too late to have a picture taken for either the junior or the senior class section.

### DELTS WIN IN TOURNNEY

**Beta Theta Pi Goes Down to Defeat In Only Game in Greek Tournament**

Delta Tau Delta defeated Beta Theta Pi 11 to 8 and virtually won the league 6 championship in the only game of the inter-fraternity basketball tournament last night. The Delts, emerging from the half on the short end of a 4 to 2 score came back strong in the final period of play and rolled up nine counters to the opponent's four.

The game was hard fought from the first whistle and was anybody's game until the end of play. Excellent defense featured the game until the last quarter when both teams scored frequently.

Hill playing on the forward wall of the Delt team won the honor of individual point man with seven points to his credit. The combination of Hill and Cook proved too much for the Betas in the final period and the Delts had soon gained a lead which they maintained until the finish. Hall at forward starred for Beta Theta Pi.

**Summary:**  
 Beta Theta Pi      Delta Tau Delta  
 Lohmeier      F      Cook  
 Hall      F      Hill  
 Walquist      C      Potts  
 Lohman      G      Bauman  
 Egan      G      Johnston

Substitutions: Beta Theta Pi—Kube for Egan, Calvert for Hall, Hall for Kube; Delta Tau Delta—King for Johnston.

Points: Delta Tau Delta—Cook 2, Potts 1, Hill 7, King 1; Beta Theta Pi—Lohmeier 1, Lohman 1, Walquist 2, Hall 4.

Games tomorrow:  
 League 1—Phi Kappa Psi vs. Sigma Phi Epsilon at 4 o'clock on floor 2.  
 Delta Sigma Phi vs. Zeta Beta Tau 4:30 o'clock, floor 2.  
 League 2—Sigma Chi vs. Omega Beta Pi, 7:25 o'clock, floor 3.  
 League 4—Alpha Sigma Phi vs. Phi Gamma Delta, 7:25 o'clock on floor 2.  
 Lambda Chi Alpha vs. Delta Upsilon, 8:35 o'clock on floor 2.  
 League 5—Xi Psi Phi vs. Acacia 9 o'clock, floor 3.  
 Alpha Tau Omega vs. Kappa Sigma, 8:35 o'clock on floor 3.  
 League 6—Beta Theta Pi vs. Alpha Chi Sigma, floor 2, 4:30 o'clock.  
 Alpha Chi Sigma vs. Phi Alpha Delta 9 o'clock on floor 2.  
 Kappa Psi vs. Delta Sigma Delta 7 o'clock, floor 3.

### SCHOOL DECREES NO TOBACCO OR SHOWS

**Washington Missionary College Rules That Use Automatically Expels Student**

The use of tobacco in any form or the attendance at theatrical performances will hereafter automatically expel students from the Washington Missionary college.

H. H. Hamilton, president of the college, and the administration committee have drawn up resolution which state that "any student attending a photo play or motion picture automatically severs his connection with this college." The ruling which has to do with tobacco pipes, cigars, will be automatically expelled. Also possession of tobacco or the allowing of them to be used in the student's room carries with it the punishment of expulsion.

### Sprinters Will Feature Water Polo Program

With a forty-yard invitation free style race as a semi-windup event, the inter-fraternity water polo finals will be fought out by Beta Theta Pi and Lambda Chi Alpha Wednesday night.

The program, which will begin at 8 o'clock in the Y. M. C. A. pool, will be open to both men and women, and bleachers have been provided for the comfort of the onlookers. The windows will be opened so that spectators will not suffer from the extreme heat which characterized the early rounds of the polo tournament. An admission charge of twenty-five cents will be made.

**Eight Good Swimmers**

Eight men, considered by Rudolph Vogeler, who is in charge of water sports to be the outstanding swimmers of the university, have been invited to compete in the dash. It will be a free style event. Those who will take part in this race are: Joe Spangler, Gregg Waldo, Bud McBride, Bob Davenport, Frank Mockler, Bill Ungles, Ed Cahew and Wesley Mays.

Beta Theta Pi and Lambda Chi Alpha won the right to try for the inter-fraternity championship when they defeated Pi Kappa Alpha and Alpha Sigma Phi, respectively, in the semi-finals held last Tuesday evening. Both teams have shown material superior to the opponents they have met so far, and the prospects are that they are evenly matched.

Other water contests and exhibi-

tions will probably be held in connection with the close of the tournament, but definite announcement concerning this has not been made.

**MASONS WILL ORGANIZE**  
 Square and Compass Club Will Meet in Temple 202 Wednesday

The first meeting of the campus Square and Compass Club, an organization of University of Nebraska Masons, will be held on Wednesday evening in Faculty Room 202, Temple Bldg. The meeting is called for seven o'clock and all faculty and student Masons are invited and urged to attend.

Most of the time will be given over to organization for the year and brief talks by Frank Johnson, secretary to Governor McMullen, Prof. Roy E. Cochran, and Prof. Robt. H. Wolcott.

A Boston judge says that feeble-minded people are usually handsome.

### Where "good enough" isn't—

The basketball team that is never satisfied with its performance is headed for the top. And in this, as in the making of telephone apparatus, success follows from the determination of every man to cover his position and work in harmony with his team mates.

At Western Electric, a continually widening range of activities is being undertaken—for example, investigating raw materials, designing more efficient machinery, developing new plans for manufacture, studying operating methods and personnel relations—any one of which offers the individual an interesting field.

But whatever the work, his place in it and his contribution to its success depend upon his acceptance of this Western Electric idea: to improve the machinery of production to a point where it more closely approaches perfection.
