

ENTRIES DOUBLE WRESTLING LIST

Almost 100 Grapplers Enter Greek Meet, Making It Largest in History

The entry list for the inter-fraternity wrestling tournament now being held, was the largest of any yet held, according to Coach John Kellogg. There were almost one hundred men entered in the various classes, which is twice the number entered last year.

The semi-finals of the meet will be run off Jan. 11 and on Jan. 12 the final matches will take place. There will be no more matches before the Christmas vacation.

Following the tournament exhibition matches will be run off between the winners of the inter-fraternity and non-fraternity tournaments. Medals will be presented to the winners in each class.

Negotiations are being made to schedule a varsity wrestling meet some time in January. Northwestern will probably be the school with which the meet will be scheduled.

Coach Kellogg expressed a belief that perhaps some of the men who are taking part in the inter-fraternity meet would be wrestling on the varsity squad.

IN THE VALLEY

By JACK ELLIOTT

Nebraska's Scarlet and Cream basketball quintet got off on the wrong foot down in Missouri last week end. Charley Black's basketballers dropped a game to Washington and one to Missouri to start out the Missouri Valley basketball season. The game Friday night with the Washington Bears was lost by one point but the Missouri tilt was something of a massacre of the scarlet clad boys from Nebraska.

Missouri has a strong cage squad this season and will be one of the fives to contend for the 1928 flag. Kansas was subdued in their initial contest with the Aggie Wildcat five from Manhattan, but the power of the Jayhawk five did not show up in their initial encounter.

The Oklahoma Sooners were hard hit last week when Pinkerton, star Sooner guard was declared ineligible for the season. The Sooner guard was ruled ineligible on account of having played two years with North Texas Teachers' College at Denton.

Harold Schmidt, playing his last year with the Jayhawk basketball crew has received an offer to coach basketball this season at Hays Teachers' College at Hays, Kansas. Schmidt is one of Coach "Phog" Allen's mainstays on the court this season and should Schmidt decide to take the coaching offer, the Kansas five will be hard hit.

Although Nebraska lost the opening two-games of the 1927-28 basketball card, the going after the holidays should be just plenty tough for the Valley teams who line up against Nebraska. Nebraska lost Page last year but Charley Black simply had to have a tall rangy center and Glenn Munn, the six foot six inch lad has filled the position. Munn looks every bit as good as Page and lacks only experience. This is the big boy's first year on the Varsity cage squad and with a little more experience he should be able to give Holt of Oklahoma a real battle for the tip-off. Both centers cover the same distance from head to foot.

Bill Hargis is the third coach from the Kansas conference to land a coaching job in the Big Six. Gwinn Henry started the line when he left the College of Emporia at Emporia, Kansas for the head coaching job at Missouri. He was followed by Adrian Lindsey, coach of Bethany College at Lindsborg who is now at Ok-

TIE GAME PLAYED IN SOCCER TOURNEY

Sophomore and Junior-Senior Girls Cannot Score; Title In Doubt

The Sophomore and Junior-Senior girls' soccer teams met last Friday in the closing game of the week's tournament. It was by far the fastest tilt of the season and ending in a scoreless tie, left the championship still in dispute.

CYCLONES EXPECT FAST RELAY TEAM

Material Available for 2-Mile Relay Promises to Be Speedy; Other Prospect Poor

Ames, Iowa, Dec. 12.—Another record breaking 2-mile relay team is promised for Iowa State with seven half milers, four of them letter men, working out. However, prospects in the other divisions for the indoor track season are not as rosy. The scholastic axe is threatening to put some capable performers on the ineligible list. This year's indoor track squad, numbering 45, includes 20 men from last season's strong yearling team, six major letter men and five minor letter winners.

As usual, Coach Bob Simpson's Cyclones will be strong in the middle distances, with some hopes for improvement in the sprints, providing several promising sophomores come

through. The loss of nine men through graduation has left a hole in the ranks of the high jumpers and hurdlers, although several good sophomores are available. The men from last winter's indoor squad who are lost are Conger, middle distance ace; Bonnell, middle distance runner; Buck, sprinter; Cervi, two-miler; Kingery, high jumper; Witmer, star hurdler; Toom high jumper; Suit, quarter miler; and Bangs and Fry.

Good New Men

Among the newcomers who are expected to strengthen the team is Maurice Soultis of Clarion, who gives promise of being the greatest pole vaulter that Iowa State has had. Dill Smith, crack sophomore hurdler, who has been bothered by a bad heart, has been pronounced fit by the college doctors; but is now laid up with an injured leg.

Included in the schedule for the coming indoor season is the Kansas City Athletic club meet in Convention Hall, Feb. 18, the annual triangular meet with Drake and Grinnell at Iowa State, Feb. 23; a dual with Drake at Des Moines, March 3; the Missouri Valley indoor meet in Des Moines, March 9 and 10; and the Illinois Relays at Urbana, March 17.

Cage Pilot

The Husker captain, Tom Elliott, veteran basketeer, led Charley Black's team on its first trip. Elliott who was expected to be the center of this year's five, made his first Valley appearance of the year at a forward position where he made a creditable showing. Scoring five points during the trip, the captain showed his old form on the court.

Nebraska High Schools Request White Rats to Utilize in Experiments

A number of high schools in Nebraska have sent requests to Professor Rebekah Gibbons of the Foods and Nutrition division of the Home Economics department of the University of Nebraska, asking for young white rats to be used for demonstration experiments.

Rats of the same age are to be used to show the effects of good and poor diets upon the general health and rate of growth. This past week rats have been sent to the home economics departments of high schools of Brainerd, Elgin, and Gothenberg.

Miss Mason expects to resume her work in the home economics department at the close of the holidays on January 4.

"Come on in and spread!"

COMES day when your family pry themselves loose and send you a box of eats... cake four stories high, turkey, candied orange peel, fudge, and other good things.

The cry goes round. Your friends gather. Wash down the eats with "Canada Dry." This ginger ale has a delightful flavor... tang to it... dryness... sparkle. It has a subtle gingery flavor because it is made from pure Jamaica ginger. It contains no capsicum (red pepper).
