

CAGE SCHEDULE IS ANNOUNCED

One Class A and Five Class B Games To Be Played Wednesday Evening

Five Class B basketball games are scheduled for the interfraternity league Wednesday evening. Kappa Sigma meets Phi Sigma Kappa in the only Class A game at 7:25 on the main floor on the same evening.

Phi Delta Theta who was to play off a tie in League II with Phi Sigma Kappa last night forfeited. The Phi Sigs had previously defeated the Phi Deltas but on a percentage basis there was a tie.

The schedule for the Class B games Wednesday follows:

Alpha Gamma Rho vs. Theta Xi at 8:35 main floor.

Delta Sigma Lambda vs. Phi Gamma Delta at 7:00 o'clock main floor.

Phi Kappa Phi vs. Phi Kappa at 7:00 o'clock on floor 1.

Sigma Alpha Epsilon vs. Delta Chi at 7:25 o'clock on floor 1.

Sigma Phi Epsilon vs. Kappa Sigma at 8:35 o'clock on floor 1.

IN THE VALLEY

By JACK ELLIOTT

Dr. William P. Edmunds, for several years director of athletics at Washington university has resigned from that post according to reports from St. Louis. Dr. Edmunds declined to discuss the cause of his retirement but it is rumored on the Washington campus that there is friction between Edmunds and "Bob" Higgins, head football coach.

Now that the Missouri Valley cage race is well under way, one thing looms out as the big item in the Valley so far this season—Nebraska winning over Missouri. The game at the Coliseum Saturday night was one of the biggest upsets in Valley basketball for some time. The quintet coached by Black were so "hot" on hitting the iron rim that the Tiger five was completely bewildered at the uncanny shooting of not one man, but all five of the Scarlet clad youths.

Oklahoma is resting on the top rung of the Valley ladder right now with five victories and a perfect slate. The Sooners cleaned up everything in Iowa and receive the acid test of the season this week-end when they entertain "Phog" Allen's Kansas university five at Norman.

Nebraska hits the road this week-end for one tilt with the Drake Bulldogs at Des Moines. Kansas will come to Lincoln the next week for a game with the Huskers and by that time dopsters and critics will have things just about lined up who will win the flag this year. At present things are all going south to the Sooner school. Oklahoma has displayed a fast scoring basket machine so far this season and is equally as strong on defense.

Washington sprung a surprise on Valley followers last week by taking the Kansas Aggies to the court. The Bears held the Wildcats to 19 points while Wentage, Washington forward ran up 20 points for his team.

Missouri came through with a victory over Kansas Aggies at Manhattan last night and won the fray from the Purple five, 44 to 33. Washington took the Huskers into camp on the Coliseum floor for the second Monday night game in the Valley. The Scarlet and Cream quintet resembled an ice bear on hitting the iron rim for baskets. It was a complete reversal of form from the Missouri game Saturday night.

The Husker's defense was one of the high spots of the game in some spots. The Scarlet five man defense functioned perfectly during the opening half and the Huskers kept the Washington forwards shooting from long range. Nebraska's long range artists from the Missouri game were a thing of the past. Time and time the Nebraska forwards would try the long range variety but to no avail.

Charlie Bachman, former Kansas Aggie football mentor and considered one of the best gridiron coaches in the country has accepted the position as head coach at the University of Florida. Bachman coached the Aggie football teams for eight years and will commence his duties at Florida at the opening of the 1928 season. He is a Notre Dame man and uses the Notre Dame style of coaching.

IOWA STATE MEETS INDIANA GRAPPLERS

Hooiers and Cyclones Renew Sport Relations in Wrestling After Six Years

Ames, Iowa, Jan. 9.—(Special)—Indiana University, off the Iowa State sport card for six years, will again be taken on February 23 when the Cyclone grapplers wrestle the Hooiers at Bloomington. The Indiana school which has been bawled for several weeks was secured to give the Iowa State wrestlers a

second opponent on their trip east to meet Penn State at State College, February 25. With Indiana and Oklahoma Aggies on the wrestling card the schedule now includes nine dual meets, four at home and five on the road.

Indiana is the only school besides the Oklahoma Aggies and Penn State to have beaten an Iowa State wrestling team in a dual meet. The Hooiers turned the trick in 1920 with a close 27 to 18 victory. In the two following years the Cyclones won twice. In 1921 the wrestling team, which included Polly Wallace and Dick Barker, turned back the Indiana invasion, 37 to 12, and in 1922 had everything their own way in a 52 to 0 victory.

The renewal of the feud between the Gallagher and Otopalik clans is scheduled for Stillwater, Jan. 20, the second meet on the Iowa State wrestling schedule. In order to have the Cyclones in top shape for the powerful Oilers and the annual battle for national wrestling honors Coach Otopalik has arranged for a breathing spell of at least two weeks before these two meets.

SOONERS PREPARE FOR MAT CAMPAIGN

Oklahoma Wrestlers Work Out Daily in Preparation for First Game January 12

Stillwater, Okla., Jan. 9.—With the first match less than a week off, Coach E. C. Gallagher is sending his Oklahoma A. and M. college wrestling team through strenuous daily workouts. The Central State Teachers' college team of Edmond will come here January 12 to open the Aggies season.

Twenty-six of the 35 men on the varsity squad reported for practice twice daily during Christmas vacation, taking long runs in the morning to condition themselves, and working out on the mat in the afternoon to learn the finer points of wrestling.

Every man who has been counted on to wrestle on the varsity squad is eligible for the first three matches, at least, Coach Gallagher has announced. After the Central State Teachers, Iowa State and University of Oklahoma matches a new eligibility list will have to be secured and there is some prospect that several of the regulars will not be allowed to compete in the balance of the meets.

In keeping with a practice which he has followed ever since he started coaching, Mr. Gallagher will let the candidates wrestle on the mat to decide which ones are to represent the college in the varsity meets. The first varsity eliminations will be held January 6 and 7. The men who survive the varsity elimination will meet Central State Teachers, regardless of their previous experience or training. Thus each wrestler must prove he is the best man trying for each weight before he is allowed to compete on the varsity team.

IOWA STATE COACH GIVES UP BASEBALL

Diamond Sport Continues at Ames Under Tutelage of Football Mentor, Workman

Ames, Iowa, Jan. 9.—(Special)—Inability to work basketball and baseball together during the winter months has caused Bill Chandler, Iowa State coach, to ask to be relieved of his baseball coaching duties. Noel Workman, head football coach, will handle the Cyclone baseball candidates. Due to the fact that January, February and March are the busiest months of the basketball season, and that during these three months the baseball team should be starting its workouts Coach Chandler believes that the change will work for the better.

During his five years as head baseball coach at Iowa State the Cyclone mentor has turned out two of the best teams in the history of the school. Iowa State had a conference championship team in 1924, and in 1923 the Cyclones ranked second in the conference. The "hitless wonders" of 1924 were led by Slim Smith, who later pitched for the Washington Senators.

Last year's team was made up for the most part of new men, but this year the new coach will have nine major letter winners and two minor letter winners.

So far eight valley games have been scheduled.

Alpha Xi Delta Wins By Default Saturday

In the intramural basketball tournament Sigma Delta Tau defaulted to Alpha Xi Delta instead of the game being postponed as previously stated. The Sigma Kappa-Delta Zeta game will be played at 5 o'clock this afternoon.

The next round of the tournament will be staged Saturday, January 14.

Football non-scouting has been tried and abandoned by Harvard. That school had entered into a non-scouting agreement with Yale and one or two other opponents.

COMPANY A PLACES HIGH IN TRACK MEET

Good Records Are Turned In Monday In First Three Events In Inter-Group Competition

Company A which competed yesterday afternoon in the first three events of the inter-company track meet managed to secure second place among all the companies which have competed to date. Only the Headquarters company and companies B and C have not competed in the high jump, shot put and fifty yard dash.

Among the outstanding performances of Company A were the runs made by Ball, Champ, and Gregory, each of the men running the distance in 6.5 seconds. Gregory equalled the record of the meet in the high jump making a leap of 5 feet, 3 inches. H. B. Holmes put the shot 33 feet, 6 inches for the best heave of the day. Good all around records were made by Urban and H. B. Holmes. Urban heaved the shot 30 feet 6 inches and high jumped 5 feet. Holmes put the shot 33 feet 6 inches high jumped 4 feet, and ran the 50 yard dash in 6.8 seconds.

Three companies, K, L, and M saw action in the Friday and Saturday meets of the inter-company track and field meet.

The outstanding performances of the three meets was the shot put in which Clint Hurd of Company M established a new record of 37 feet, 3 inches, more than two feet above the former record. The record of 6.2 in the fifty yard dash was equalled by Clyde Bailey of Company M. C. M. Halstead of Company L, and Abernathy and Grisinger of Company K.

Outstanding among the performances of Company K was the dash made in 6.2 by both Abernathy and Grisinger which equals the record in the meets. Wright, White, Nelson, Bolton and Beyers each covered the fifty yards in 6.5. While no records were made in the shot put, there were several good performances. Blazek was the best in the event with a heave of 31 feet 10 inches. O. C. Dean, the only outstanding man in the high jump, leaped 5 feet, 1 inch.

In Company I, Henry Sell and E. W. Eisenhart each cleared the bar at 5.2 in the high jump which is 1 inch below the record. Outstanding among the sprinters was C. M. Halstead who made the dash in 6.2 to equal the record in the event. W. E. Huddleston made it in 6.4. Other good performances were by Hoffman, Miller, Eckle, and Schewe each making it in 6.5. The best distance in the shot put was 29 feet, 3 inches made by Eisenhart.

The best performance in Company M was the shot put in which Clyde Hard established a new record of 37 feet 3 inches, more than two feet above the former record. Benbrook tossed the shot 30 feet one inch. In the 50 yard dash Clyde Bailey equalled the record of 6.2. Other good performances were; 6.3 by Benbrook, 6.4 by Craig and Hokanson while Stransky, Still and Gohl each made the dash in 6.5. The only outstanding record in the high jump was by Benbrook with a leap of 5 feet 2 inches.

AWARD IS PLANNED FOR SPORTS SKILL

Oklahoma University Will Present Trophy Each Year to Most Outstanding Athlete

Stillwater, Okla., Jan. 9.—The Oklahoma A. and M. college student who distinguishes himself most in athletics this year will be awarded a trophy at Commencement time in June, E. C. Gallagher, director of athletics, has announced. The trophy is to be offered each year by Nerris Inc., of Atlanta.

The winner is to be selected by a popular vote of the student body at the same time and place that balloting occurs for election of officers of the student government. The three athletes who receive the highest number of ballots in the primary election are to be considered candidates in the general election.

In order to be eligible for the trophy the student must have attained a passing grade in at least 70 per cent of his scholastic work carried during the year.

The Norris Athletic Trophy Committee, which will be in charge of awarding the cup, is to be made up of the president of the college, the director of athletics, the chairman of the faculty athletic committee and the president of the student body.

Fellowship Student Presents Her Thesis

Miss Mina Morris, a fellowship student in the textiles and clothing division of the department of home economics of the University of Nebraska in 1926-27, was in Lincoln just before the holidays to present her thesis to the examining committee and take her oral examination for her master degree. Her thesis was a study of authoritative material on the relation of clothing to the control of body temperature and the promotion of normal development.

Sooners Lead In Conference Cage Standing

The University of Oklahoma Sooners are leading the Valley in the 1928 conference flag race with five victories and a clear slate. The Sooners returned last week from Iowa where they won one hundred percent over the three Hawkeye quintets. All Valley teams are in the thick of the fight for conference basketball honors, every team playing this week.

Valley Standing	Wins	Losses	Points
Oklahoma	5	0	1,000
Oklahoma A. and M.	4	1	800
Washington	3	1	750
Missouri	2	1	667
Kansas	1	1	500
Kansas Aggies	1	2	333
Nebraska	1	3	250
Drake	1	3	250
Ames	0	2	000
Grinnell	0	4	000

Coach Hugh McDermott's Sooner five are rated by dopsters to have the strongest court five in the conference, being strong on both defense and offense. The Oklahoma coach has three of the best basket shooting aces in the Valley in Drake, LeCrone and Holt. The Sooners get the test of the season this Friday when "Phog" Allen takes his Jayhawk five to Norman.

In the five Valley games the Sooners have played to date, the southern five has scored an average of 43 points per game and has held its opponents to an average of 23 points per game. This week Oklahoma meets Kansas Friday and Kansas Aggies Saturday. After the thuds have died away from the hardwood this week end a Valley winner may emerge for critics to talk about.

Mizzou Defeats Aggies

Kansas Aggies suffered a defeat at the hands of Coach Edwards' Missouri Tigers last night at Manhattan which put the Purple five down in the second division with two defeats and one win. The Cornhuskers, losing to Washington last night dropped into the second division in a tie for seventh place with Drake.

Missouri and Washington, the two winners in Monday night's games, are in the first division and are real contenders for the championship. The trio of Iowa quintets are as yet unknown quantities around the camp of the Huskers but will be heard from this week. Drake is on the only Hawkeye five that has been able to turn in a game on the win side and that over the Oklahoma Aggies at Stillwater early in the season.

A real scoring battle for individual honors has gotten under way and the basketesters from Soonerland seem to have things their way. Wright of the Sooner Aggies is leading with 72 points or an average of 14 points a game. Holt and Drake of Oklahoma are in second and third with 69 and 63 points.

JAYHAWKERS WIN FROM WASHINGTON

Game With Missouri Saturday at Lawrence Is Expected to Be Close Contest.

Lawrence, Kan., Jan. 9.—After winning a hard-fought basketball game from the Washington Bears in a five-minute play-off here Friday night, the Kansas Jayhawkers are expected to go into the game with Missouri Tuesday night, Jan. 10 with a spirit and fight that will be hard to overcome.

It has been a long time since a game has been so closely contested on the home court in the last few minutes of play as the that with Washington. Kansas had a 17 to 8 lead at the half, but in the second period the Bears brought up their score until they held a one-point lead on the Jayhawkers. Kansas rallied and at the close of the regular play-

ing period the score was tied at 26. In the five-minute play off, Hauser made a field goal and free throw for the Jayhawkers, while the Bears were held scoreless, making the final count Kansas 29, Washington 26.

Home fans are looking forward to another hard fought game when Missouri and Kansas meet on the local court Tuesday night. Kansas and Missouri have played, continuously since 1907, having played 71 games of which Kansas has won 47 and Missouri 24. Kansas has piled up a total of 1878 points and Missouri 1782.

BOWLING TOURNAMENT TO START THURSDAY

Inter-frat Event Is Not Sponsored By University, Will Afford Preliminary Practice

The Inter-fraternity Bowling tournament to be held at the Saratoga Bowling Alley, will get under way Thursday evening. This tournament is not sponsored by the University, and no points are given, but ample incentive is aroused through the competition for a prize to be offered by the management of the Saratoga Recreation Rooms. It is not yet known as to just what form this prize will take, but promise is made of either a "skin" cup, or money.

This tournament, although entirely separate, will serve as a preliminary to the regular event sponsored annually by the University, and will serve as an excellent practice for those teams entering.

Games will be played every Thursday evening, with one-half of the teams competing at seven o'clock, and the other half at nine. It is hoped, with the schedule now arranged, that every competing team will be enabled to play each other team twice. Under present plans it is necessary for teams to enter in groups of four. To date there are twelve teams signed up, with prospects for an additional four very soon.

The following fraternities have already entered teams: Xi Psi Phi; Sigma Phi Epsilon; Delta Upsilon; Theta Xi; Pi Kappa Phi; Farm House; Kappa Sigmas; Pi Kappa Alpha; Beta Theta Pi; Delta Tau Delta; Phi Kappa Psi; and Theta Chi.

Students at Lawrence To Hear Will Rogers

Will Rogers, famous movie star and all round artist, so to speak, has been engaged by the Forensic Council of the University of Kansas to address the students sometime during the latter part of March. Mr. Rogers has been called the second Mark Twain of the United States.

OKLAHOMA AGGIES BUILD NEW TRACK

Work Will Start Within a Few Days; Will Be One of Best in Missouri Valley

Stillwater, Okla., Jan. 10.—Work on the new Oklahoma A. and M. college cinder track which will be one of the best in the Missouri Valley conference, is to start within a few days, according to E. C. Gallagher, director of athletics. Two concrete tennis courts are also to be constructed at once. It is estimated that the track will cost about \$9,500, and the tennis courts \$1,500.

"Nothing will be spared to make the cinder track one of the best it is possible to obtain," Mr. Gallagher declared. "Every attention will be given to proper drainage. We plan to drain the sub soil and provide storm sewers to carry off the excess water. Such a plan will help drain the varsity football field."

The 220 yard straightaway in front of the south stands will be 29 feet wide, while the curves and north side of the track will be 21 feet wide. A cement curb is to be constructed all around the track.

The tennis courts will be of regulation size, each 30 feet wide by 110 feet long. Only the best of materials are to be used on both the track and tennis courts, Mr. Gallagher said.

AMES ENGINEERS MAKE PRODUCTS

Iowa Students Operate Mechanical Engineering Shops As Part Of Laboratory Work

Ames, Iowa, Jan. 9.—(Special)—Three hundred galvanized iron baskets, to be used instead of lockers in the new Ames High School Field House, are now being made by students in the mechanical engineering shops at Iowa State College. Among the other products made are man-hole covers, large pipe fittings, bronze tablets, inlet grates and special castings. Just now 2,500 brass key holders are being made to be used in the office which handles all keys for the college.

The mechanical engineering department operates the machine shop, forge shop, pattern shop and foundry, and according to Prof. W. H.

DANCING SCHOOL

Learn To Dance for 3.00, 1015 N. Franzmathes Academy

Meeker, head of the department, the students in these shops get a much better training by working on articles for specific commercial use rather than on standard laboratory exercises.

Many of the articles made for the college, such as the brass key holders are of a special character and consequently could not be purchased readily on the market. This work, together with much of the installation and repair of equipment, is done by the mechanical engineering department. Individuals from all parts of the state send in pieces of machinery to be duplicated or repaired, and advanced students get the benefit of doing this practical work, with the aid of capable supervision.

Students at Indiana have been urged to see the family physician to be vaccinated. An epidemic may be prevented by students doing their part. The University stated that epidemics usually break out after vacation when students have been in various parts of the state.

Vision and planning make the successful telephone pioneer.

Behind the scenes with Columbus

THERE is a forgotten chapter in the life of Columbus which in its way had as much to do with the discovery of America as the voyage itself. We refer to the years spent in preparation before he set sail—years filled with painstaking study, planning his voyage with the aid of what crude maps and geographical data he could procure. In telephony, too, the success of each new development depends on the years

of intensive research and careful planning that precede actual construction. Bell telephone men are continually mapping out the course of this great industry for years to come.

The true telephone pioneer is he who brings vision and initiative to his work as supervisor, engineer or executive—and who backs this up with the painstaking study needed to crystallize the dream into the reality.
