The Oklahoma Sooners have a fast The sensational battle has been aggregation on the hardwood this started by Wright, a sophomore for- year and are setting the pace for the ward on the Oklahoma Aggie five. Valley teams. In five encounters Wright, in five games, has snagged the Sooners have come out victorious thirty one baskets and ten free and have proved to critics that they throws for a total of 72 points. This not only have a fast machine on the Aggie star started out in the first offense but have an air tight defense game of the season with his basket machine. The average height of the assault and has continued the bar- southern five is over six feet, probrage of baskets, setting the pace for ably one of the tallest if not the tallest basketball five in the country.

Holt leads the squad with his Witte (Nebraska) height of six feet six inches but does Hauser (Kansas) ... not tower above the rest of his Othmer (Nebraska) mates by very far. The forwards Lohiding (Washing) average six two while the guards Norris (Okla.) only lack an inch of measuring up Edwards (Kan Ags) with the forwards. Nebraska fans Shradski (Kan Ags) will not get a chance to see the Jeffrey (Kansas) ... Sooners in action on the Coliseum Roach (Missou) ... Brown (Ames) floor until late in February.

Kurz (Washing) Nebraska Loses Scorers Nebraska, this year is minus the Krall (Nebr.) scoring aces of last year, Clark Craig (Misson) Smaha and Ted Page. These two Mettel (Kan Ags)

Massachusetts Institute of Technology

School of Chemical Engineering Practice

SDIVIDUAL and practical training at five industrial plants are important features of the Graduate Course in Chemical En-neering Practice. Field work is carried out at Bungot, Me;

Boston, Mass., Buffalo, N. Y., and Bayonne, N. J.; in plants producing sulphite and soda pulp, paper, caustic soda, chlorine, heavy acids and salts, sugar, coke, gas, steel, petroleum and

other chemical products.

The more important operations of Chemical Engineering, as typified by the above processes, are studied systematically by tests and experiments on actual plant apparatus, thus fixing in the student's mind the principles of Chemical Engineering and correlating these principles with practice.

The work is non-remonerative and independent of plant control, the whole attention of the students being directed as study and experimentation.

Registration is limited, as students study and experiment in small groups and receive individual instruction by resident

Five minutes to play

The score 21-0 against dear old Siwash. Brown, the greatest Siwash quarter-back, gets the ball. He rushes down the field for a touchdown. But one isn't enough. He makes another . . . another . . . another . . . until the score stands 28-21. And Siwash wins. 50,000 people go crazy. They yell themselves hourse. Brown marries the girl and is now mining fire-proof coal in Labrador.

Well! What of it? Brownie, his girl and all the bunch drank "Canada Dry" after the game, the coolest, most thirst-quenching ginger ale they'd ever tasted. Because it contains only pure Jamaica ginger, it has a delightful flavor . . . tang to it . . . dryness . . . sparkle.

Drink "Canada Dry!" The Champagne of Ginger Ales. When your friends drop in . . . on every occasion.

"The Champagne of Ginger Ales"

Extract in partial from Canada and battled in the U. S. A. by Dey Ginger Ale, Incorporated, 25 W. 43rd Street, New York, N. V. In Canada, J. J. McLaughlin Limited, Established 1890.

Will You Win or Lose?

In the game of business will you be on the winning or losing team? As in any other contests proper training will have much to do with your success. Plan to be a winner.

Train for Leadership

To meet the demand for special training for young men looking forward to successful business careers and excutive leadership is the purpose of Babson Institute, Here you will be taught the fundamental rules of business. You will be shown how to apply them effectively to actual life.

This short, intensive course at Babson Institute is under the direction of business excutives and deals with the law of Finance, Production and Distribution. It is an excellent investment as a preparation for a business career.
