

WRESTLERS GO TO FINAL ROUND

Lively Matches Mark Play of Wednesday Afternoon; Score Four Falls

LAST BOUTS HELD TODAY

Nine lively bouts in which appeared several flashes of good form were reeled off in the semi-final bouts of the inter-fraternity wrestling meet, Wednesday afternoon. Four of the matches were clinched with falls, two went to extra periods and two were forfeited. The matches were held in preparation for the finals in the seven classes which will be held in the Coliseum this afternoon at four o'clock.

Koehnke, Phi Kappa and Bennett, Acacia, started the ball rolling in a fast, active bout, and at the end of seven minutes the time advantage was a tie, forcing the men to go two extra periods. Both men, though showing signs of weakness, battled to the end and Koehnke was given the decision by a time advantage of 43 seconds.

Regier Wins

Peterson, broad-shouldered, 200-pound Beta, and Regier, Delta Sigma Phi, contested for the right to meet Koehnke in the finals of the heavyweight class. The men swayed around the ring for nearly five minutes before Regier made a grab which took both men off their feet. Regier finally went behind, but the seven minutes ended with less than a minute advantage, necessitating extra periods. In two slow extra periods, Regier took the offensive to win with a one minute advantage.

The 175-pound class bouts were short. Sailor, Delta Theta Phi, and Cox, Alpha Gamma Rho, started a bout which promised to be a whirlwind. But Sailor made a slip and Cox pinned him after 1 minute, 22 seconds with a half-nelson and body chancery. Brainerd, Delta Chi, and Walker, Phi Psi, had their go several weeks ago, with Brainerd taking the fall in 4 minutes and 30 seconds.

Simons Takes Decision

Stone, Alpha Gamma Rho, and Simons, Delta Theta Phi, started a fast bout in the 158-pound class, but Stone soon stalled by crawling to the edge of the mat. Simons worked hard, taking the offensive, and the bout ended with Simons holding a good time advantage, 4 minutes and 5 seconds.

One of the very even matches of the afternoon was won by Nixon, Farm House, over Heldt, Delta Tau Delta. It was a hotly contested bout, with both men showing up well, working hard and keeping active. At the end of 6 minutes and 16 seconds they fell into a reverse body chancery with Nixon on top, and Heldt's shoulders finally touched the mat.

Martin Gets Fall

The 145-pound matches started with Martin, Tau Kappa Epsilon, and McKinney, Delta Theta Phi. The match started well but slowed up as the men became tired. Martin held the edge and finally ended the match by a fall with a further half-nelson hold in 4 minutes and 7 seconds.

The other match in this class was between Nelson, Omega Beta Pi, and Buchanan, Alpha Gamma Rho. The men tore into each other at the start, but Buchanan by continually using a leg-ride tired his opponent enough to win by a good time advantage. Both men worked hard, but Nelson was not allowed much chance to wrestle. The match ended with 3 minutes and 30 seconds advantage.

Evenly Matched

Mallette, Tau Kappa Epsilon, had a good bout with Abbott, Beta Theta Pi. Three minutes was up before they went to the mat, when they tore into an even match. Mallette was a bit more active than his opponent and came out with an advantage of 1 minute, 20 seconds. Benson, Theta Chi, forfeited to DeFord, Delta Chi, which finished the 135-pound class.

Huren, Tau Kappa Epsilon, showed up well against Lindskog in the 125-pound class. They started with a rush into the ropes but they soon went to the mat with Lindskog on top. Huren tried, but could not get out from under his clinging opponent, and the match ended in favor of Lindskog, with an advantage of four and one-half minutes. Karrer, Theta Chi, forfeited to Stransky, Delta Chi.

The 115-pound bout, La Rue, Farm House, and Mattox, Theta Xi, ended in a hurry, when La Rue pinned his opponent in 50 seconds. Neither contestant in the other 115-pound bout showed up.

TEAMS OPEN FIRE IN GREEK RIFLE SHOOT

Scores for the Week Are to Be Checked Friday; Teams Urged to Compete as Soon as Possible

The following fraternities have started to fire in the inter-fraternity rifle shoot which is being held this week: Theta Xi, Phi Sigma Kappa, Alpha Sigma Phi, Theta Chi, Kappa Sigma, Alpha Theta Chi, Delta Theta Phi, Tau Kappa Epsilon, and Farm House.

Scores will be checked Friday. Members of the teams are urged to fire as soon as possible.

INVITE WOMEN RIFLERS

W. A. A. Is Holding Practices for Team Every Day in M. E. Gallery

All girls are invited by the W. A. A. to come out for rifling. Ten practices are required to make the team. Practice is held in the basement of the Mechanical Engineering building, from 9 o'clock to 5 in the evening each day. Each one may practice twice a day, but one practice must be in the morning, and the other in the afternoon.

A sergeant from the R. O. T. C. will be in charge of the practice, and will teach the girls to shoot. Each girl must leave her target with the sergeant after practice, as the targets are a check on the practices. The target must contain the name, the date, the time of practice, and the year in school of the girl to whom it belongs.

There is no expense attached to taking part in this sport.

SPRINTER WILL BEGIN TRAINING

Roland Locke Plans to Enter Olympic Trials After Winter Campaign

TO COME HERE SATURDAY

Roland Locke, premier Nebraska sprinter and holder of the world's 220 yard dash record, plans to return to Lincoln Saturday to begin training for an intensive campaign in Eastern indoor meets this winter leading up to the Olympic trials late next spring.

At present Locke is at his home in North Platte where he has been resting and beginning track training following the removal of his tonsils during the Christmas period. He will work out in Lincoln for a week under the observant eyes of Coach Henry F. Schulte and under the care of "Doc" McLean, varsity trainer, who took care of Locke during his five years in the University.

Following a week of intensive work here, the North Platte record-holder will go to New York where he will continue his training and where he will participate in several indoor meets, specializing probably on the 75-meter dash.

Greatest Nebraska Runner

Locke is unquestionably the greatest track star ever developed at Nebraska as well as the greatest of the long list of Schulte proteges who have bettered Valley, national, and world's records. He was the leading sprinter in the Valley during his three years of collegiate competition.

It was in his senior year that "Gip" astonished the country with his record-breaking marks. He clipped the 100-yard dash in 9.6 seconds, equaling what was then the world's record, several times. In the valley meet, more watches caught him at 9.5 seconds than at 9.6 seconds, despite the fact that he had stumbled at the start when his first step hit a soft spot in the stadium track.

He broke the world's record in the 220-yard dash, formerly held by Charles Paddock of the University of Southern California, several times also. He sped the distance in 20.8 seconds, 20.7 seconds, and 20.5 seconds, the latter mark being recognized later as a new world's record. Locke was also a member of the Nebraska 880-yard relay team which established a new world's record in 1926 at the Kansas Relays.

Last year, he was ineligible for intercollegiate competition but had planned to work for new world's records. A severe attack of tonsillitis prevented his getting into shape early in the season and he never fully recovered from the effects of his illness, although he flashed in close to old-time form several times.

With the removal of his tonsils a few weeks ago, "Doc" McLean and others who have followed his career are predicting a sensational season for the former Husker ace.

IN THE VALLEY

By JACK ELLIOTT

The mighty Jayhawk has again fallen before a Valley foe on the court in the 1928 conference championship race. The victor this time was Coach Edward's Missouri five. The Tigers met "Phog" Allen's five at Lawrence and took the long end of the 30 to 22 count. The Mizouo victory is the second defeat for Kansas this season, the Kansas Aggies taking the opening game.

Not since 1920 has a Missouri basketball quintet been able to down the Jayhawkers. Captain Yunker of the Tigers was the main cog in the victory, scoring fifteen points for his team.

Nebraska meets Drake at Des Moines this week for a conference game. Both Drake and Nebraska have won a game and lost three and are in a tie for seventh place. If the Scarlet squad does not pick up before the day of the Bulldog game, Black's aggregation will again be on the low end of the count. Last night in practice the Huskers topped around the Coliseum floor in a MacLes-

ner, passing wildly and missing many set ups at the iron rim.

A win over Drake would not put the Huskers in the first division but a loss to the Iowa quintet would just about predict a miserable season for the Nebraskans in the eyes of the court critics.

Athletic officials at Kansas Aggies are still undecided as to who shall guide the destinies of the Wildcat football teams in the next few years. The vacancy caused by Charlie Bachman, who resigned to take up coaching duties at Florida university, is still a cause of worry to athletic director, Mike Ahern.

Aggie officials want a Notre Dame man and since the negotiations with Chet Wayne, Creighton coach have terminated, the only one left is Arthur Stark, who played under Bachman and who is now football coach at Chadron Normal at Chadron, Nebraska.

Lawrence Perry, in the Omaha World Herald suggests the Nebraska Cornhuskers as a possible opponent for the Army since the break between Navy and Army. Mr. Perry declares it is very probable that the athletic officials at the school at West Point may select some mid-western eleven like Minnesota or Nebraska for this schedule.

PHI GAMS AND SIG ALPHAS WIN GAMES

Eight Extra Periods Mark Delta Chi Game; Six Tilts Are Scheduled Tonight

Phi Gamma Delta defeated Delta Sigma Lambda in the first game of the Class B games last night, 13 to 12. The game was somewhat rough, quite a number of fouls being committed by both teams. Long of the Phi Gams was high point man of the game with six counters to his credit.

Sigma Alpha Epsilon was victor over Delta Chi with a score of 10 to 6. Eight extra periods were played before the verdict was finally decided.

The schedule for the interfraternity basketball leagues for Thursday includes two Class A games and four Class B games. The schedule is as follows: Phi Kappa vs. Pi Kappa Alpha, 7:00 o'clock, floor 1, Class B. Farm House vs. Theta Chi, 7:00 o'clock, main floor, Class B. Phi Delta Theta vs. Sigma Kappa, 8:35 o'clock, main floor, Class A. Sigma Alpha Epsilon vs. Sigma Phi Epsilon, 9:00 o'clock, main floor, Class A. Xi Psi Phi vs. Pi Kappa Phi, 9:00 o'clock, floor 1, Class B. Tau Kappa Epsilon vs. Sigma Nu, 8:35 o'clock, floor 1, Class B. Phi Sigma Kappa will play Delta Tau Delta Friday afternoon at 3:30 o'clock. The Phi Sig-Phi Delt game will not count in the standings as the Phi Delt's previously forfeited the game.

R.O.T.C. TRACK MEET STARTS NEXT GROUP

Companies D, E, and F Compete in Pole Vault, Broad Jump, Lows, and One-Lap Run

Companies D, E, and F competed in the second group of events in the inter-company track meet. The events for the second group are: pole vault, broad jump, low hurdles, and 256 yard run.

Exceptional performances in the events were scarce as the uniforms hindered the men more than in the first group. Ragsins, of D made a good all round record, pole vaulting 9 feet 6 inches, and broad jumping 17 feet, 1 inch.

Hildreth of Company E made a leap of 15 feet 11 inches in the broad while House of the same company jumped 15 feet, 2 inches. M. W. Stephenson of Company F pole vaulted an even 10 feet which was a remarkable feat, considering the encumbrance given by the uniform.

RAY CONGER WHETS SPIKES FOR RACES

Iowa State Star Training for First Runs of Year at Millrose Games in New York

Ames, Iowa, Jan. 11.—After six months of inactivity on the track, Ray Conger, national collegiate and national A. A. U. mile champion, will again swing into action February 2 when he competes in the Wanamaker mile race of the Millrose games, Madison Square Garden, New York. In addition to this meet, Conger will also run in the Boston Athletic Association meet in the Hunter mile run on February 4. Conger last raced in Europe.

In these two races the former Iowa State ace, who is running under the colors of the Illinois A. C., will meet the leading milers of the country, including stars of the caliber of Lloyd Hahn, of the Boston A. A., Cox of Penn State and Lermond of Boston College. Hahn, who broke the world's indoor half mile record a week ago, has defeated Conger twice out of the four long races run by the Iowa State man in his college career. In the opinion of

Bob Simpson, Iowa State track coach, Conger is faster this year than he has ever been before and the fight between Hahn and Conger will be unusually close.

The Iowa State star began his training for the indoor season the first of December and is now approaching top form. He will leave for New York January 30, a day before the remainder of the I. A. C. contingent leaves.

Andrews Hall Work Progresses Rapidly With Warm Weather

Work is progressing rapidly on Andrews Hall which is being constructed on the east side of the campus. This building when completed will house the College of Dentistry and the department of English and romance languages.

Twenty men are working daily excavating the basement and constructing the foundation. The building is being built of brick with a stone finish. According to Ernest Rokahr and Sons, contractors, the building will be completed by August 20, 1928. Davis and Wilson of Lincoln are the architects in charge.

JOURNALISTS GET WORK IN PRACTICE

Oklahoma University Requires Three Months Experience in Employment of Publications

Norman, Okla., Jan. 11.—(Special)—Being unable to answer the prospective employer in the affirmative to a question regarding practical experience in the journalistic profession is not one of the worries of the student at the school of journalism in the University of Oklahoma who receives a certificate from the school.

Before earning a journalism certificate at the university, the student must have completed three months or more in the actual employ of some periodical in a position involving the field of work which the student is studying, according to Prof. H. H. Herbert, director of the school.

Reporting, editing, writing, publicity work and many other editorial lines are included in the eligible list for editorial students, while the student studying the advertising and business end of the course, must complete the required time in some position on the business staff of a periodical, Professor Herbert said.

The school maintains a vocational bureau which aids students wherever possible in obtaining temporary and permanent positions in newspaper and other periodical work. More than 26 students last summer worked for state publications to meet the school requirements and many of these were directly placed by the school.

The object of the requirement is to make sure that the student who meets the classroom requirements in the school can actually hold down a job in his field when he leaves school. Professor Herbert explained. In addition to the practical experience requirements, each student receiving a certificate must pass a typewriter speed requirement at 34 words per minute.

The certificate requirement has nothing to do with a student's university degree, Professor Herbert declared, and oftentimes a student will

wait until he has graduated to gain the required practical experience. His certificate is awarded as soon as he has completed the practical experience requisite.

The requirement was established at the university nearly ten years ago, and at that time, the school here was the only one in the United States having such a requirement. Since that time, one other, the University of Illinois has established the requirement.

Extension Department Plans Entertainments For State Distribution

The University Extension department has prepared a list of lectures and entertainments which various members of the faculty are prepared to go out over the state and give during the year. The lectures cover a wide range of subjects, and the entertainments include readings, recitals, and stereopticon views.

This list is available for schools and organizations of any kind desiring such materials during the coming year. Calls have already come in from high schools and women's clubs.

DELTA ZETAS WIN GAME

Defeat Sigma Kappa in First Round of Co-Ed Basketball Tourney

The Sigma Kappas and the Delta Zetas played off their game in the first round of the Co-ed Intramural basketball tournament Tuesday at 5 o'clock, on the Armory floor.

The game which was postponed last Saturday ended with the score of 10 to 5 in favor of the Delta Zetas.

The second round of the tournament will be played Saturday January 14.

"Ethics of Achievement" by Dean Herbert Patterson of the school of education at Oklahoma A. and M., has received much favorable comment by critics. Changes in modern life have necessitated setting new standards for the teaching of ethics. Mr. Patterson proves that we are free in our actions. He then questions what we shall do with this freedom. Mr. Patterson feels that many of our ills may be traced to seeking happiness. He also states that seeking power will not bring happiness. Seeking achievement should be the special aim of an individual.

Missionary Field Discussed at Hi-Y

(Continued from Page 1) given after the banquet. The Freshman Council of the University met with the Hi-Y alumni instead of the regular Wednesday night meeting.

"The student volunteer movement is made up of students interested in the missionary fields in some field or another," said Perry W. Morton

What Will 1928 Mean for You?

Will it be your last year in college?

Possibly it is the year you have planned to enter business — and prove you have ability to make good!

But are you prepared for business? Have you a thorough knowledge of the fundamental laws of Finance, Management, Production and Distribution?

Babson Institute offers you the opportunity of a training in the methods as well as the theories of business. Here you would be taught to do the things expected of you in actual business.

Your college training would prove an excellent foundation for this intensive course.

Babson Institute

Organized, not for profit, under the educational laws of Massachusetts.
311 Wellesley Ave., Babson Park, Mass.

Note

Students enter four times a year and continue nine consecutive months. Enrollment strictly limited. Waiting list at opening of Fall and Winter terms, and very few vacancies for next term starting April 2, 1928.

Send for Booklet

It shows how, by following business methods, our students are thoroughly trained for leadership. Fill in attached coupon.

Babson Institute, 311 Wellesley Avenue, Babson Park, Mass. Send me, without obligation, "Training for Business Leadership" and complete particulars about Babson Institute.

in addressing the others. "At the Detroit Convention of the Student Volunteers we met in the new \$70,000,000 Masonic temple with four thousand students from all over the world. The thing that impressed me most was the fact that my sense of Nordic superiority, racial snobbishness, color prejudice or what ever you wish to call it was beaten down and I had to lay it aside permanently because of the wider view I had after listening to the speakers and students from all over the world. There were many powerful speakers from foreign lands and these men revealed the fact that the idea of race superiority is all a farce or in slang it's the bunk.

"People of elsewhere do not want to accept the gospel of Christ as long as "Christian" America, and I insist on quotation marks about the word Christian, by the action of its people continue to show by their actions a tendency toward the color line. One of the negro speakers at the convention summarized this in a few words when he said "We want a God who has no color-complex."

Richard B. Smith, a former president of the Lincoln Hi-Y, gave four reasons for the missionary enterprises. "First, the fact that the world is not too big to carry missions. Second, there is plenty to share in the life of Christ with other people. Third, it is America's duty to share with the others because we are rich and have great resources. Last, the stark need of the world today."

Wendell Groth, who spoke on "The Change in Mission Fields Abroad" said, "Foreigners are revolting from our Christianity and we must show our generosity by sharing with them not forcing them. We must change our attitude toward them or they will overthrow the schooling and ideals that we have set before them."

The meeting was in charge of John Turner, one of the presidents of Hi-Y, and all of the speakers were former Lincoln Hi-Y men and two were former presidents of the organization.

Kappa Sigs Win From Phi Sigs

(Continued from Page 1) Maclay divided honors for the Kappa Sigs and scored nine points a piece.

The opening quarter found both quintets running at top speed and playing air-tight defense. The five-man defense of the Phi Sig aggrega-

tion kept their opponents shooting from long range, while Roper and Conner, Kappa Sig guards, hurried the shots of the Phi Sig forwards. The defense of the Phi Sig quintet weakened in the second period and the opposing forwards began to put up baskets in quick succession to ring the game in the win column. MacLay, pivot man on the Kappa Sigma five was one of the main cogs in the victory and around him the offense functioned.

The Sigma Phi Epsilon and Sig Alph fives will meet tomorrow night on the Coliseum floor to continue in the championship fight.

The box score:

Kappa Sigma	
Paulson	fg ft pf
Kronkright	3 0 2
Maclay	4 1 0
Roper	0 0 2
Conner	0 0 4
Total	10 5 8
Phi Sigma Kappa

VARSITY CLEANERS AND DYERS

"Come on in and spread!"

COMES day when your family pry themselves loose and send you a box of cats . . . cake four stories high, turkey, candied orange peel, fudge, and other good things.

The cry goes round. Your friends gather. Wash down the cats with "Canada Dry." This ginger ale has a delightful flavor . . . tang to it . . . dryness . . . sparkle. It has a subtle ginger flavor because it is made from pure Jamaica ginger. It contains no capicum (red pepper).

"CANADA DRY"

"The Champagne of Ginger Ale."

Extract imported from Canada and bottled in the U. S. A. by Canada Dry Ginger Ale, Incorporated, 25 West 43rd Street, New York, N. Y. In Canada, J. J. McLoughlin Limited, Established 1890.

Buy it dark and easy! The name Canada Dry on the bottle cap means that no one can put over a fake one on you.
