

KAPPA SIG FIVE IS UNDEFEATED

Alpha Sigma Phi Goes Down To Defeat in Finals of Greek Basketball, 20 to 16

GAME IS VERY CLOSE

Kappa Sigma, the only undefeated basketball five in the interfraternity basketball tourney, took a 20 to 16 game from Alpha Sigma Phi Friday on the Coliseum floor in the final championship flight of the Greek basketball tournament.

The Kappa Sigs have displayed a fast brand of ball throughout the tournament and kept up the pace against the Alpha Sigs Friday. Against the Alpha Sigs, the Kappa Sigs almost met their match and the score in the fray changed several times.

A fast floor game with both quintets holding the other to long shots was displayed throughout the game. Roper, Kappa Sig guard, led the attack at the iron rim for his mates and played a good game in the defense.

Try Often

The opening quarter found both quintets playing a fast brand of ball with many tries at the hoop. The Alpha Sigs jumped into the lead at the opening of the game and set the pace for their opponents until after the second stanza had started.

At the end of the first quarter the Kappa Sigs were trailing 5 to 2 and when the timekeeper sounded the gun, ending the initial half the Alpha Sigs still retained their lead, 9 to 7.

After the second half got under way both quintets let up on their defence and the Kappa Sigs found the rim more frequently and came out on the long end of the 20 to 16 count. Konkel and Urban were the main cogs in the Alpha Sig five and each counted three times from the field.

Student Loses Car that Carried Special Permit

Norman, Okla., Jan. 11.—(Special)—At least one student at the University of Oklahoma is lamenting his hard luck as a result of a midnight bonfire outside one of the fraternity houses near the university campus. The student's car was completely demolished before city firemen, summoned to the scene, could extinguish the blaze. "I don't mind the loss of the car," was the student's comment. "It's insured, but I had a permit from the university that went up in the smoke."

IN THE VALLEY

By JACK ELLIOTT

Twelve Kansas Jayhawk basketball men left for Norman the other day and Friday evening the powerful Oklahoma Sooners and Coach "Phog" Allen's championship basketballers got together for a Valley basketball game. The Sooners have a fairly good basketball quintet on the hardwood this season and when the game had ended, Kansas had scored 19 points while big "Vic" Holt and his crew had rolled up 45 points.

This is the third defeat for the Kansas and it looks very much like someone else besides the school down on the Kaw will capture the title for 1928, and that someone might be Oklahoma. At present they are the only five in the conference with a clean slate. In six starts the Sooners have come through victorious.

The Washington Bears, erstwhile conquerors of Nebraska, have chalked up a few victories in the win column so far this season. In fact the Bears have as many triumphs now as they did all season last year. Coach Don White expects to finish well up in the percentage column when his quintet closes the season in the Missouri Valley on March 10.

And speaking about basketball teams, we might mention the Oklahoma Aggies from down in Stillwater. The Aggies are trying to keep up the pace the Sooners are setting in the realm of basketball and have only dropped one game this season and are in second place in the standing. Friday night the Aggies subdued the Kansas Aggies and last night met the Jayhawkers. Ad Wright, sophomore forward, is setting a hot pace in individual scoring this season and has been in first place for some time.

Friday night the Missouri Tigers entertained Grinnell College at Columbia by trimming the Iowans 38 to 28. Grinnell led throughout the game up until the last seven minutes when the Edward's quintet cut loose and took the lead.

Probably one of the big upsets of the week was the victory Iowa State took from Washington. The Bears who have been going fast on the court this season were doped to win over the Cyclones but dropped the game 41 to 35 for their second defeat of the season.

Kansas comes up to Lincoln this week-end for an encounter with Black's Husker five. The dope on the two fives is just about even. Nebraska beat Missouri and Missouri beat Kansas but the inconsistent ball Nebraska has displayed so far this season leaves the dope on the outcome of the game in the dubious column.

If the Scarlet clad quintet is hitting the rim as it did in the Mizou game, the Jayhawk's fate is doomed already, but again if the Nebraskans are playing in the form they did against Washington—well the results may not please Cornhusker fans.

Roland "Gipper" Locke is back at the Husker school working out on the cinders under the watchful eye of his old coach, Henry "Indian" Schulte. The "Gipper" will stay in Lincoln for a short time limbering up before he leaves for New York to start intensive training for the Olympics. Locke still is complaining of the after effects of his sickness and has not yet hit his old stride in the sprints.

Collegiate Socks Are Manufactured from Wood

Madison, Wis., Jan. 14.—Furniture and paper are not the only commodities made from wood, a novel display in the Forest Products laboratory at the state university is intended to show. Imitation horsehair, used in decorating women's hats, is made of wood.

Collegiate socks often contain artificial silk made from wood; phonograph records are made from 60 to 80 per cent of wood flour; linoleum is manufactured from wood flour and linseed oil; dynamite and gunpowder contain considerable wood flour; and methyl alcohol is produced from sawdust.

THREE CO-ED FIVES WIN IN MAIN CLASS

Alpha Delta Pi, Zeta Tau Alpha and Delta Zeta Advance in Girls' Basketball

The second round of the interfraternity basketball tournament got under way yesterday with games in both the main and consolation classes. Alpha Delta Pi, Zeta Tau Alpha and Delta Zeta survived the main tournament competition and Alpha Delta Theta and Phi Mu earned the right to contest in the quarter finals of the consolation bracket.

The first game in the main tourney, between Gamma Phi and Alpha Delta Pi was an easy victory for the latter, 20 to 2. Darlene Day, star forward for the winners set a dizzy pace in scoring 16 points.

Zeta Tau Alpha found Alpha Xi Delta easy, gaining a 13 to 4 win. Geola Edinger was the individual star of the conflict with 8 points.

Best Game
Delta Zeta and Delta Gamma played the best game of the afternoon, Delta Zeta winning 6 to 0. The guarding of the Delta Zetas was impenetrable and the losers were forced to resort to a purely defensive game.

In the consolation tourney, Delta Delta Delta was beaten by Alpha Delta Theta, 6 to 8. Julia Polard scored all of the winner's points. Both teams exhibited a strong defense but erratic passing marred the offensive attack.

The only other game played in the consolation division, resulted in a walk-away for the Phi Mu's who smothered the Sigma Delta Tau's under a 26 to 1 score. The Phi Mu team exhibited a whirlwind offensive, built around Katherine Indoe who took high scoring honors with 11 points.

Some Have Not Played
Other teams who have not completed the second round of play yet are Cottage C and the team representing 1437 S street, in the main tourney, and Kappa Kappa Gamma.

Colleges Are Adding Talent To The Stage

"College dramatics are sending a class of intelligent boys and girls into the theater, a class of boys and girls that was never there before," stated George Gaul recently, who is the leading man with the Theater Guild repertory company of New York City, which will show at the Playhouse, Tuesday, January 17.

Mr. Gaul's statement was the answer to the question, "What is the influence of college dramatics on the legitimate stage?" He also added to his answer the following declaration: "Today there are many college dramatists making a success on the New York stage. I think the reason for this is that college dramatics are creating a new interest in the stage. This tour gives us close contact with
