

## KOSMET KLUB ENGAGES TWO MORE DANCERS

Specialty Girls From Orpheum Theatre at Omaha Will Entertain at Ball

FEW TICKETS ARE UNSOLD

Salesmen Will Visit Fraternity Houses During Dinner Hour This Evening

Only thirty-two tickets to the Interfraternity Ball, to be held tomorrow evening in the Scottish Rite Temple, remained unsold at 5 o'clock yesterday afternoon. Of the 300 tickets offered for sale at three dollars each this number is reserved for last minute sale. Members of Kosmet Klub, sponsoring the party, expressed their belief that every ticket would be sold when the ball begins.

Ten Kosmet Klub ticket salesmen will visit fraternity houses during dinner this evening to give Greek-letter men a last opportunity to attend the Interfraternity Ball, as no tickets will be sold at the door. All representatives are requested to turn ticket sale money to John Trout at the Sigma Nu fraternity house before 6 o'clock this evening.

## CORNELL APPOINTS FORMER NEBRASKAN

Dr. Madison Bentley, Psychology Instructor, Becomes Head Of Department

Dr. Madison Bentley, a graduate of the University of Nebraska and since 1912 professor of psychology at the University of Illinois, has been elected to the faculty of Cornell University, according to word received by friends in Lincoln. Mrs. W. L. Hall of Lincoln is his sister. Dr. Bentley was granted the degree of Bachelor of Science by the University in 1895, and three years later took the degree of Doctor of Philosophy at Cornell, where he was an instructor and assistant professor of psychology until 1912.

At the University of Illinois Dr. Bentley was professor of psychology and director of the psychological laboratories. At Cornell he will be the new Sage professor of psychology and head of his department. The Sage professorship is one of four chairs endowed by the late Henry W. Sage in the Susan Linn Sage school of philosophy at Cornell.

Dr. Bentley is the author of many articles and encyclopedia essays on psychology, and has written four books on the subjects. He was born in Clinton, Iowa.

## Collins, Curator, Will Resume Reading Hour

Readings for university students will be resumed this Sunday at five o'clock in Westminster House, 333 North 14 street. In response to a number of requests, Mr. F. C. Collins, university curator, will have charge of the hour again, reading a number of his favorite selections, some serious, some gay. Both men and women are invited.

## Carnival Cracks

Spattered by "Bill" McCleery

Nebraska students participate in the Husker Intramural Carnival this evening. Everything is set for the opening whistle. The "N" Club and the Athletic Department have planned a mixture of snappy athletics and entertainment features.

The first act begins at 7 o'clock. The Kappa Sigmas clash with Sigma Phi Epsilon in the class A interfraternity basketball championship. Persons enjoying intermissions and long waits will not enjoy the Carnival. It will rush along with activities jumping from one part of the floor to another.

"Indian" Schulte and "Jimmy" Lewis have arranged things in the Coliseum. They have moved, with a little janitorial aid, one section of the bleachers. That part of the floor has been laid out in a track. Twelve laps around this indoor track make a mile. A mile is a mile anywhere you find it.

If you care for relays you will enjoy the Carnival. If you don't care for relays you will enjoy the affair anyway. "Jimmy" tells us of a little inter-sorority competition. Have you ever seen a "Thread and Needle Relay?" Don't miss it. Presnell is running for the Phi Mu's. Or should we say "with."

Some of us never get enough of Bathing Beauty contests. Have you been looking around? So have we, and we are looking forward to seeing Ray Randle's beach babies.

Clogging? Bud McBride is fixing up a little clogging contest. Can you clog dance? Neither can we, but Bud promises some experts.

"They're off!"—or at least they will be when the Cornhusker Derby begins. No betting on the hosses. (Continued on Page 3)

## HUSKERS DRILL FOR AGGIE TILT

Thursday Practice Shows Team To Be in Top Condition For Saturday Fray

LINE-UP NOT YET DECIDED

Engaging in their eighth game of the season, the Cornhusker basketball team will meet the Oklahoma Aggie quintet Saturday evening, on the Coliseum court. As far as Coach Charley Black can determine at present, the starting team will consist of "Jug" Brown and "Dutch" Witte, forwards; Glen Munn, center; and Elmer Holm and "Lew" Lewandowski, guards.

Another spirited scrimmage with the yearling hoopers showed the Varsity as being in prime condition for the week-end tussle with the Stillwater Farmers. Making their shots count and working the ball through the freshman defense at will, the Varsity men rolled up a big margin in points during the regular practice drill Thursday.

Munn Looks Good  
Glen Munn is looking increasingly good at the pivot position. The elongated Idaho center is showing special ability at sinking the following shots and fits in good with his team mates in getting the ball down the court. By next year, high scoring achievements can be expected. (Continued on Page 2)

## COL. ROOSEVELT SPEAKS BEFORE LARGE AUDIENCE

He Attacks American Political And Social Methods at Large Convocation

LAUDS MILITARY UNIT

Son of "Teddy" Has Many Characteristics of His Famous Parent

"It is time for America to drop its 'doughnutty' attitude, and go forward again, for if a country loses its ideals, it loses its soul," Colonel Theodore Roosevelt Jr., war veteran, legislator, politician, and famed speaker, expounded this idea in his plea for Americanism before 1300 University students in Convocation yesterday.

Colonel Roosevelt has a forceful hearty personality, with the craving for action and the sparkling sense of humor that characterized his vainglorious father "Teddy."

The speaker gave the impression that the characteristic idealism and spiritualism has not been as strong since the World war. The spirit of unselfishness so noticeable in the action of the United States during the war days, has taken a slump.

Mr. Roosevelt expressed the strong hope that America realize that she will be instrumental in rebuilding the world, and produce more men like Col. Lindbergh whom he thought was "a splendid example of the atrophied" (Continued on Page 3)

## Six Majors Are Left for Greek Sport Tourney

With one semester of Nebraska's extensive intramural program completed, six major contests are scheduled for the remainder of the year besides the interfraternity track meet which is going on this week and the two basketball classes which are ready for the finals.

Among the activities offered by the Athletic Department for the remainder of the season are: Boxing, horseshoes, hand ball, baseball tennis, and basketball free throwing. All intramural sports are divided into three departments for the purpose of scoring, the divisions being major, intermediate and minor.

The chief spring major sport will be baseball. An interfraternity and inter-college baseball tournament will feature the spring campaign. Each fraternity will be awarded (Continued on Page 4)

## Kappa Sigs Win Hoop Title

Above is the Kappa Sigma basketball team, at present undefeated leaders of the Class A interfraternity basketball race. They have clinched the championship but Sigma Phi Epsilon will meet them tonight in the final game in an attempt to break their perfect record. Left to right upper row they are: Keyes, Connor, Kronkright. Lower row: Roper, McClay, Paulson.

## CORNHUSKER INTRAMURAL SYSTEM HOLDS HIGH RANK

Every Man in University Has Opportunity to Compete in Some Athletic Event; Hare and Hounds and Water Polo Prove Popular Additions to Program

Under the direction of "Jimmy" Lewis and acting athletic director Herb Gish, Nebraska has worked out one of the most complete intramural athletic programs in the Missouri Valley. The system at Nebraska makes it possible for every man in the university to participate in some athletic event during the year.

To Coach "Indian" Schulte goes a goodly amount of the credit for the athletic program which is now in vogue at Nebraska. Coach Schulte has given his all for the betterment of sports at the university and his interest and work with the interfraternity program has been unceasing.

At the opening of school in the fall the interfraternity cross-country race is started and much interest and enthusiasm is worked up over the initial number on the season's program. This season Coach Schulte and Lewis started a new race among the fraternities. This was the hare and hound which was entered by more than half of the thirty-eight Greek letter organizations.

Water Polo Introduced  
"Rudy" Vogeler, instructor in physical education, inserted the second new contest into the intramural program when he started the interfraternity water polo meet at the Y. M. C. A. pool. This meet proved to be one of the most exciting events in the athletic circle. In the final round the Betas took the championship by beating the Lam Chis 16 to (Continued on Page 3)

Theta Chi Places Second, Kappa Sig, Third, TKE Fourth, Delta Tau, Fifth  
Farm House won the annual Interfraternity Cross Country race for 1927, emerging with a total of eighteen and one-half points. Fifteen fraternities took part in the event.

Theta Chi, led by its star distance man, Dexter, copped second honors with thirty-seven points, Kappa Sigma was third with forty, Tau Kappa Epsilon fourth with forty-six, and Delta Tau Delta fifth with forty-eight. Sigma Phi Epsilon pressed the Delts closely for fifth.

The course for Cross Country races was three miles in length, starting at a designated place in the country and ending at the stadium track. Several fraternities made the event compulsory for their freshmen.

## 'N' CLUB PLANS SPECIAL DANCE TO END EVENING

Off-Color Dancing Will Feature Mixer Following Sports Events Tonight

NO EXTRA CHARGE MADE

Fifty Cents Admission Covers Everything; College Club To Play

"Off-color" dancing will climax the Husker Intramural Carnival in the Coliseum this evening. The feature mixer-dance will start at 10 o'clock, closing a full evening of intramural sports.

The College Club orchestra has been engaged by the "N" Club and the Athletic Department, sponsoring the affair, to play for the dance. There will be no additional charge for the dance, the fifty cent admission covering everything.

"We will mix you or break you," promises James Lewis, in charge of arrangements for the Carnival. "You can dance with that girl all evening, but it will be expensive." The "off-color" dance is something entirely new at Nebraska, and a unique mixer. Must Mix or Break  
At the opening of the dance, tickets, or tags, will be given to the dancers to wear in a noticeable place. (Continued on Page 2)

## MATMEN WILL MEET KANSAS

First Wrestling Matches of 1928 Season Follow Basketball Game Saturday

TOUGH TUSSELE PROMISED

Nebraska's varsity wrestling squad will make its first appearance in Valley competition this season when it will meet the University of Kansas Saturday evening. The matches will take place immediately after the Nebraska-Oklahoma A. and M. basketball game.

Coach Kellogg announced last evening the names of the men who will make up the team Saturday. The men won the right to wrestle by winning the tryouts in their respective classes. Max Karrer will wrestle in the 125 pound class while Capt. Luff (Continued on Page 2)

## LUGHNA GIVES COLLECTION

University Museum Receives Iowa Fossil Corals

Dr. A. L. Luga had presented the University museum with a small collection of Silurian (Niagaran) fossil corals consisting of about a dozen different species in all. Four or five are rare and only recently described forms.

The collection was made near Monticello in Jones county, Iowa. This locality is famous as a collecting ground for Silurian corals, many rare forms being found there only, and other corals almost equally rare have been found but one other place.

A collection of Mississippian fossils, mostly crinoids and brachiopods with a few other forms were also given to the museum by Dr. Luga.

## Roosevelt Expresses Approval of Nebraska Track System and Coach

By Kate Arlene Goldstein

The "chip off the old block" drew to him yesterday many friends and ardent admirers, duly impressed by the inspiring personality, frankness, enthusiasm, sincerity and humor radiated by Colonel Theodore Roosevelt, Junior.

"I was watching the track meet today. Out here you develop the largest number of track men developed in a single sport. Your Locke and Elkins should place in New York," he remarked, explaining with the broad "Roosevelt grin" that since he was an official of the A. A. U. and on the National Olympic Committee it was not wise that he even think of favorites. "I am much impressed with the spirit of track here," he continued. "I've known of your track achievements and honors for a long time. And I've known of your coach. He's one of the best in the United States."

Congratulates R. O. T. C.  
"I congratulate Nebraska's R. O. T. C. again. Of course it should and must stay," was the forceful reply to a question concerning the abolishment of the R. O. T. C. Such an answer was expected, of course, from young "Teddy" who was wounded twice and who possesses many medals for bravery and service.

## EVERY TYPE OF SPORT MAY BE SEEN AT MEET

Locke and Elkins Will Appear in Special Exhibitions At Carnival

INTRODUCE HOG-CALLING

Randels' Bathing Beauties Will Represent Fraternities; Prizes Are Offered

Every type of intramural sport will be featured in the Husker Intramural Carnival in the Coliseum this evening. Everything is in readiness for the sports festival sponsored by the "N" Club and the Athletic Department with events beginning at 7 o'clock and lasting until 10 o'clock, when the dance begins.

Roland Locke, holder of the world's record for the 320-yard dash, and Falt "Chief" Elkins, present A. U. dethalon champion will appear in special exhibition events in the Carnival. Boxing and wrestling matches are scheduled to start at 7 o'clock and last until the dance begins. Feature relays, both interfraternity, and intercompany will be run in the athletic circus.

Curtain Raises At 7  
Kappa Sigma meets Sigma Phi Epsilon in the basketball curtain-raiser at 7 o'clock. This court battle will be the championship game in class A of interfraternity basketball. "Jimmy" Lewis has arranged a schedule of events from that time on that leaves no openings.

Coach Schulte's varsity and freshman tracksters will compete in events. Exhibitions in dashes, high and low hurdles, high jump and pole (Continued on Page 3)

## SCORES RUN UP IN INDOOR MEET

Ossian Leads Vaulters; Elkins Takes Second; Sprague, Sharpe, Tomson Place

STANDING IS UNCERTAIN

Ossian, Delta Sigma Lambda, with a leap of 11 feet 6 inches led the pole vaulters Thursday afternoon in the interfraternity indoor meet under the east stadium. "Chief" Elkins, Theta Chi, vaulted eleven feet for the second best performance in this event. Cook, Delta Tau Delta, and Morris, Kappa Sigma, each cleared the bar at 10 feet, 6 inches.

The best performance in the two mile run was by Sprague, Farm (Continued on Page 3.)

## University Bands Have Big Mid-Year Activity

This week end is a busy time for the University of Nebraska R. O. T. C. band. Besides playing for the athletic carnival tonight it will be on hand for the basketball game with Oklahoma A. and M. Saturday night. Sunday the band is appearing in its first public concert of the season at the Coliseum at 3 o'clock. The University Fine Arts band played at the convocation Thursday when Roosevelt spoke.

## Jimmie Husker Says:

I just heard that the Alpha Phi's has a couple of girls who can thread six needles in eight seconds. My wife Nancy has been patchin' my shirts and sewing fancy table cloths and Sunday aprons for nigh 40 years an' she can't do that well. I'll tell you this young generation is smarter than we give 'em credit for bein'. The girls say if Presnell an' his bunch of runners don't hold any conventions during the race the whole thing's settled right now.
