

GRID PROSPECTS ARE ONLY FAIR

Undeclared Team Outlook Not Overly Promising, Says Varsity Coach

Nebraska's prospects for an undeclared football team this fall are only fair, according to Coach Ernest E. Bearg, with the loss of such men as Presnell and Randalls, All-American selections, Brown and Bronson, quarters, Lee and Lawson, ends and Oehlrich. The big job for the coaching staff this fall is to develop ends, quarterbacks, and guards, according to the coach.

Spring practice failed to unearth any especially promising candidates to fill the vacancies caused by graduation, which will throw the responsibility of developing men to fill the places of Presnell, Randalls, and Oehlrich, in the short three weeks' practice next fall before the first game with Iowa State at Ames, October 6.

Presnell to be Missed

So far, no one has displayed Presnell's great ball carrying ability. Presnell, who is probably the greatest ball carrier Nebraska ever had, will be missed. Clair Sloan, one of the fastest men on the team, an excellent tackle, punter and passer, is the likely candidate to fill Glenn's place. "Dutch" Witte, probably the best forward passer on the team, together with "Wally" Marrow and Rowley, of last year's freshman squad are other promising candidates, in Coach Bearg's estimation.

Munn To Take Randall's Place

Munn and Marion Broadstone will be out to fill Randall's place. Gilbert is another likely prospect at tackle. McMullen is probably lost to the team as guard, and his place will have to be filled. Greenberg, Joe Still, "Red" Ray, George Ray and Lucas, last year substitute, will be out for the berth.

Howell, fullback, Holm, guard, James, center, and Ashburn, end, are the remaining first stringers who will form the nucleus of Nebraska's 1928 football team, which opens the hardest season in its history, October 6.

Golf Tourney Entries Will Be Due Tuesday

All entries for the inter-fraternity golf tournament must be filed in the office of the athletic department by Tuesday, April 24. A trophy plaque is being engraved and this award will go to the fraternity winning the championship.

According to the system to be used this year, four men will constitute a team, two of them being from one fraternity, and two from another. Pairings will be decided by lot after all filings are in. Matches will be for eighteen holes.

Will Use New Scoring Plan

The Nassau system of scoring is being used here for the first time. By this method one point will be counted for the winner of the first nine holes, and one point to the winner of the second nine holes. One point will be given for the match. During each round about half of the teams will be eliminated so as to leave four in the semi-final round. Play will take place on the Antelope course.

IN THE VALLEY

By

FLORENCE SEWARD

Lawrence, Kansas, citizens have one idea fixed firmly in mind this spring. They don't feel it at all possible for the Kansas football team to lose a game this fall. Reports coming up from witnesses of the Jay-hawks in action this spring indicate plenty of trouble for Nebraska next November 3.

Kansas Aggies are going strong already, with "Bo" McMillin directing activities. The Agricultural College has a discovery in a new sophomore halfback, who is claimed to be as good a back as any they have ever had.

Missouri is out with their usual strong team. Nebraska will have a chance to even up some past defeats from the Tigers on Memorial Stadium field, October 27.

Big Six teams as a whole are exceptionally strong this year, with Oklahoma looming as one of Nebraska's hardest games. Early season predictions doom the Cornhuskers to defeat. Some comment has it that Oklahoma will be the only Big Six team to beat the Cornhuskers.

The Oklahomans have an unusually strong freshman team this year, in addition to veterans from last fall. Churchill and Drake, two crack all-around athletes of the Sooners squad will be in Lincoln next month for the conference meet. Nebraska fans last saw them in action on the Sooner basketball team, and will get a chance to see them again next November.

Spring practice with the Cornhuskers has not been as promising. Presnell will be missed this fall, and the team will lose 15 lettermen at graduation. There will be but three weeks practice before the first game with Iowa State at Ames. With the hardest football schedule in the history of the University, prospects are fair, with plenty of hard work ahead next fall for the men.

Inter-Frat Games Scheduled To Start

Greeks Will Meet in Handball and Horse Shoe Singles Monday Afternoon

Assistant athletic Director, James C. Lewis, has scheduled the following games for Monday, April 23, in the Interfraternity Handball and Horse Shoe Singles tournament:

Handball Singles: Delta Chi vs. Sigma Chi, 3 to 4; Pi Kappa Alpha vs. Lambda Chi Alpha, 3 to 4; Phi Gamma Delta vs. Delta Tau Delta, 3 to 4; Alpha Theta Chi vs. Sigma Alpha Mu, 3 to 4; Farm House vs. Alpha Theta Chi, 4 to 5; Theta Chi vs. Sigma Phi Epsilon, 4 to 5; Phi Sigma Kappa vs. Alpha Chi Sigma, 4 to 5;

Alpha Sigma Phi vs. Phi Kappa Phi, 5 to 6; Delta Upsilon vs. Kappa Sigma, 5 to 6; Sigma Alpha Epsilon vs. Beta Theta Pi, 5 to 6.

Horse shoe singles: Court 1, Delta Sigma Lambda vs. Alpha Theta Chi, 3 to 4; Alpha Gamma Rho vs. Acacia, 4 to 5; Omega Beta Pi vs. Kappa Sigma, 5 to 6. Court 2, Beta Theta Pi vs. Pi Kappa Phi, 3 to 4; Pi Kappa Alpha vs. Phi Sigma Kappa, 4 to 5; and Delta Tau Delta vs. Farm House 5 to 6.

Baseball Tourney Is Postponed to April 27

Alpha Delta Pi Holds Big Lead in Intramural Sports Program With 265 Points

Friday, April 27, is the date of the opening games of the intra-mural baseball tournament instead of Monday, April 23, as was previously arranged. The postponement will give the teams one more week in which to get into championship shape.

Alpha Delta Pi with 265 points is now in the lead in the number of points won in intramural sports, Alpha Delta Theta is second with 160.

Wall Plaque Is Awarded

A silver wall plaque has been ordered and will be presented to the group winning the most points in intramural participation. Final arrangements have not been made concerning the ownership of the plaque but it is thought that the group winning it three times will be the permanent owner.

A schedule of the games and locations is now on the bulletin board in the east entrance of the Armory.

Huskers Take Seven Places in Relays

(Continued from Page 1)

The high jump and pole vault. The Schulte men ran a great race in the mile relay and were leading when Perley Wyatt dropped the baton on the back stretch.

Churchill Is Star

Tom Churchill, University of Oklahoma star, won the decathlon, totalling 7,384.8526 points, placing first in the 1,500 meter run, broad jump and discus. He won two seconds two thirds, two fourths and an eleventh place.

Summary of special events and relays:

SPECIAL EVENTS
120-yard high hurdles: Won by Trumble, Nebraska; Carmen, Okla., second; Arnschmidt, Nebraska, third; Thompson, Nebraska, fourth. Time: 15.2 seconds.
Shotput: Won by Beattie, Colorado Aggies, 46 feet 1.4 inches; Hargiss, Texas second, 45 feet 9 inches; White, Kansas Teachers, Pittsburg, third, 44 feet 8 1/4 inches; Brown, Missouri, fourth, 45 feet 3 3/4 inches.
5,000 meter run: Won by Haworth, Penn. college; Pitt, Southwest Missouri Teachers, second; Grubb, Lombard college, third; Teiger, Marquette, fourth. Time: 9:05.1.
100-yard dash (final): Won by Elder, Notre Dame; Easter, Nebraska, second; Parks, Drake, third; All, Donne, fourth. Time: 10 seconds flat.
High jump: Won by Shelby, University of Oklahoma, 6 feet 1 inch; second, tie between Shepherd, University of Texas and Beale, K. S. T. C. (Emporia) 4 feet; fourth Geer, Duane college, 5 feet, 11 inches.

Mile relay: Won by Northwestern (Wilkins, Bloomberg, Coyle, Walter); second, University of Iowa; third, Oklahoma A. & M.; fourth, University of Missouri. Time: 5:21.4.
Four mile relay: Won by the University of Illinois (McElwain, Stine, Novak, Abbott); Nebraska, second. Time: 18:27.2.
Quarter mile relay: Won by Kansas (Jones, McInerney, Cooper, Grady); Texas Aggies, second; Illinois third; Missouri, fourth. Time: 4:22.

Nebraska Dairy Department Is Cheese Maker

The dairy department of the College of Agriculture makes 1400 pounds of cheese daily. Prof. H. P. Davis, chairman of the dairy department, stated today that there are over five hundred kinds of cheese. Ten of these varieties have been made in the dairy by students in the department.

The daily sale of cottage cheese has increased in the last five years, from a few hundred pounds to one thousand pounds. The present method of making cottage cheese was originated in the dairy department of the University of Nebraska. This is a very notable factor owing to the fact that this same method is used by all leading manufacturers of dairy products in the world.

from Abertam, a Bohemian cheese made of sheep's milk, to Zieger, a Swiss cheese made of whey. The cheeses made at the College of Agriculture vary in weight from the one pound Coulommier's to the one hundred and twenty pound Swiss.

Professor Davis states that the flavor of cheese depends largely upon the length of time allowed for it to ripen. Most Americans prefer cheese which has been aged from six weeks to two months, while Europeans consider the cheeses best which are ripened from six months to several years. The older the cheese, the more easily it is digested. A buyer for one large American corporation comes to Lincoln several times a year for the purpose of buying more than one hundred pounds of Nebraska cheese which has been ripened about a year.

Annual Dinner of Engineers Is Held

(Continued from Page 1)

the overbearing types and finally the correct.

Three essentials for an engineer starting his career stated by the toastmaster were practicality, socialability, and scholarship. He illustrated that to reach success none of these could be neglected.

Judson Detrick, '28, of York reviewed some of his school experiences and C. J. Frankforter gave a short talk stressing the idea of selling one's self to his work. He also stated that vitality and endurance are essential in retaining a good position.

Dean O. J. Ferguson gave the faculty member's point of view in assisting the just-graduated engineer. In consideration of the executive side of the job he attributed success to cooperation, insisting that a fellow

must have the help of both employers and workmen if he is to get along.

WANT ADS

STUDENTS—We wish to employ several ambitious students, either young men or young women, for their summer vacations. This work is educational, is out-of-doors, and is carries a guaranteed salary. Your application should be received prior to April 22nd. Write Harriet Horton, 1527 M St., Lincoln and appointment will be made.

LOST—Diamond-studded Sigma Chi pin. Call F4236 or B2989. Reward.

What Shakespeare says about Coca-Cola

"Age cannot wither her, nor custom stale her infinite variety"

What Shakespeare wrote of Cleopatra finds echo in the thoughts of millions who recognize the perennial youth of the Coca-Cola girl—the fair one you see everywhere so temptingly suggesting that you "refresh yourself."

The Coca-Cola Company, Atlanta, Ga.

A million a day — IT HAD TO BE GOOD TO GET WHERE IT IS
