If there are any inter-sectional laurels to the new Big Six conference this year, they must be brought by either Nebraska, Missouri or Oklahoma. Nebraska's 1928 edition of the Cornhusker football eleven stands the best chance to bring back to the Big Six laurels from inter-sectional conquest.

The main reason for this request is that it is thought that this will be a very good method in getting the first year men in close contact with the far famed Nebraska spirit. Also, many of them are unacquainted with the custom of the section and stress is being placed on them to get them into the section.

ADVERTISING GROUP PLANS ACTIVE YEAR

Alpha Delta Sigma Members Will Write Majority of Cornhusker Copy

Copy for most of the advertising to appear in the 1929 Cornhusker will be written this year by members of Alpha Delta Sigma, national advertising fraternity. The society will write and plan advertising for other university organizations in accordance with an active program that will be followed throughout the year.

The local chapter of ADS was taken into the national chain of the fraternity last spring, with O. J. Fee as sponsor and Professor F. C. Blood as faculty adviser.

At the first meeting of the society tonight at 7:30 o'clock at the Sigma Alpha Epsilon house, further plans of activity will be laid and a delegate to the national convention at Champaign, Illinois, will be appointed.

The fraternity is composed of copy writers, cartoonists, illustrators and lay-out men selected for their ability from the students on the Cornhusker campus.

A memorial loan fund has been established by President and Mrs. Benedict of the University of Texas for deserving sophomores in the College of Arts and Sciences in need of financial assistance. In addition to this one, there are twenty-two loan funds available to needy students.

We're At It Again

Busting right out with more of the very best in apparel for University men --- Nebraska's finest.

For Freshmen

We heartily recommend a beautiful new furnishing in headwear. Absolutely everyone will be wearing them. They're green--very, very green--not too large to be bulky, not too small for comfort, and heartily endorsed by all upperclassmen, innocents included.

SIGNALS OVER

Please don't think that green is our only color. For upperclassmen we are showing grays and browns in those snappy narrower brims.

To say nothing about sweater and tie ensembles in any old color. And furthermore our corduroy jackets are right for the old grid season. More neckwear than you can handle at a buck and a half a throw. No free throws.

OH, YES! We Almost Forgot

We almost forgot. Not going to bother you much longer, but simply have got—pardon, we simply must let you in on one more thing. Our Overcoats—imagine our embarrassment at nearly overlooking those—anyhow, they're just awfully smart—long, you know, very gray and very blue—really you have no idea. Just the thing, they are, for those chilly football games and chillier evenings, and so on. Honestly, we could go on indefinitely about them—but come in and see for yourself.
