

### VESPER SERVICE IS HELD AT ELLEN SMITH

#### Annual Initiation and Candle Lighting on Devotional Program Tuesday

Candle lighting services were held in Ellen Smith hall Tuesday evening at 5:00 o'clock. This was the annual Y. W. C. A. initiation. The processional hymn was "The Church's One Foundation" and was sung by the Vesper Choir, which was making its first appearance this year.

Prayer and scripture readings were followed by a violin solo which was played by Mable Harriet Weaver.

Reverend Paul Calhoun delivered the address. He centered his remarks around the quotation from the Bible "In him was life and the life was light." He showed how the twofold purpose of the club follows the light idea. "The desire for the full and creative life through knowing God" is the possessing of the light and "the determination to take a part in making that life possible for all people," constitutes the giving of light to other people.

The incident which brought about the writing of the hymn "Let the Lower Lights Be Burning," was related and the meaning of this hymn in every day life explained. Reverend Calhoun said that in the same way that light brightens dark spots everyone can help make the world a little less dark by being of a forgiving nature, passing on kind words and by otherwise living in the light of God.

### IOTA SIGMA PI WILL ENTERTAIN THURSDAY

Iota Sigma Pi, honorary women's chemical society, will entertain at open house for all women chemistry students, faculty, and graduate students. The affair will be held Thursday afternoon from 2:30 to 5:30 o'clock in room 310, Chemistry hall.

### CATHOLIC STUDENTS WILL BE ENTERTAINED

#### Party and Dance Planned For Saturday, Oct. 20, At Uni Club

A party and fall dance is being given for all Catholic students and their friends at the University Club, Saturday evening, October 20, by the University Catholic Student club. This party is a regular annual affair given each year by the Student club, and the first of a series of dances for this year.

The Catholic Student club is a permanent social organization and generally has a membership of approximately one hundred and fifty students. The first party of the year, which is open to all Catholic students, is known as a Membership dance, besides the various dances that are given throughout the year at some local hotel.

### Sophomores and Frosh Tangle at Toronto U.

Toronto, Ont., Oct. 16.—(IP)—The first fracas of the season between sophomores and freshmen occurred at Victoria college in the University of Toronto.

This was of a nature altogether apart from the customary tugging, bed-dumping and horse-play. A Japanese student, M. Akiyama, who has spent some time at Albert college, Belleville, became involved with five sophomores in regard to styles of wearing the conventional tie, and in the course of the argument is variously reported to have laid out cold from one to five.

A fellow freshman of Mr. Akiyama's informs the Intercollegiate Press that the sophomores, five in number, set upon Akiyama in an effort to shear his tie as a penalty for wearing it within his vest. They succeeded, but Mr. Akiyama, not versed in western ways, resisted the attempt and laid about him with a few judo-jitsu tricks (in which he is an expert) and knocked out one of the sophomores.

One of the blows, reports say, was not according to the rules laid down by the Marquis of Queensbury, and the unfortunate second year man had to be carried to his residence, and has been spending some time in bed.

Akiyama claims, however, that the blow was perfectly in accord with judo-jitsu regulations, and alleges that a man has the privilege of defending himself according to the rules of his own people. Akiyama points to the fact that he is a Christian, son of a Buddhist father and a Christian mother.

Beauty is best adorned by the beautiful autumn frocks from

### DEAN SHERMAN IS PREPARING NEW BOOK

#### Manuscript Will Show Usage Of Literary Standards By Examples

Dean L. A. Sherman is now preparing a new and unusual treatise on literary values. Through original examples of the various forms of literature, he will show the proper usage of literary standards. Two scenes from "The Twilight of the Amazon," a five-act play which forms part of the scheme, appear in the current issue of the Prairie Schooner.

Dean Sherman explains that "The Twilight of the Amazon" is one of some ten divisions illustrating the various modes or forms in which a proper theme may be treated according to literary standards. The title of the work will be, in substance, "Literature, Its Methods and Values," or perhaps more popularly, "The Story of Literature."

Utilizes Social History  
It is expected that the illustrations, of which this five-act play is the second in the series, will not be without literary value, though each is designed primarily to show a poem, a short story, a stage play, an epic, or a dramatic poem are severally planned and handled.

The whole treatise of a scheme sufficient to utilize the Greek, the Roman, the Teutonic, and the Hebrew era of social history. The "Spectacles" on Shakespeare, by the same author which appeared in the second issue of the first volume of the Prairie Schooner is the eighth part in the series which will include the campaign in France led by Joan of Arc, the inspiration of the "Divine Comedy" of Dante and the prevalence of the saner womanhood of England, after the World War, in the struggle for civic rights. The history of social progress is the thread which unites the illustrative parts into a logical whole.

### KOSMET IS STRICTLY NEBRASKA PRODUCT

#### Klub Organized in 1911 Makes Advertising Trips For University

As most people know, a musical comedy sponsored by the Kosmet Klub is going to be produced the latter part of this month. There are many, however, who do not know just what the Kosmet Klub is or what its general purposes are.

The Kosmet Klub is a strictly Nebraska product, being organized in 1911. Its main purposes are to present annually an original musical comedy written, produced and directed by students or persons directly connected with the University; to sponsor an annual formal dance known as the Interfraternity ball; and to sponsor an annual interfraternity sing to be held on Ivy day.

The organization is made up of fifteen active members who are students in the University. This year's membership consists of Lynn Twinn, Austin Sturdevant, William Mentzer, John Trout, Sherman Welpton, James Musgrave, Charles Cox, Art Bailey, Harold Turner, Lowell Miller, Charles Bruce, Paul Bergert, Joyce Ayres, and Don Kelly.

The main events on this year's calendar are a musical comedy to be given October 19 and 20, a Thanksgiving morning matinee, an Interfraternity ball on February 9, and an all male cast show which will tour the state during spring vacation.

The Klub hopes to some day extend its itinerary to include neighboring states such as Kansas, Iowa and Missouri, as compared to the trips taken by the Hare's Foot club of Wisconsin, or the Princeton Triangle club, whose last year's trip extended as far west as Nebraska.

### College Prof Discovers Use For Cribbers

HAMILTON, N. Y., Oct. 16.—(By Intercollegiate Press and Syracuse Daily Orange)—A college professor has distinguished himself by finding a use for the cribber.

Unknown to themselves, thirty successful cheaters at Colgate University were studied by Professor H. C. Brownell, and used as laboratory specimens, showing the mental and emotional traits of college men who cheat in examinations—and get away with it.

Information about the thirty was obtained by underground and unofficial channels. Professor Brownell states in reporting his investigation. None of the cheaters were caught even by a severe eproctoring system.

### Concert Ushers Asked To Report at Coliseum

All men who have signed to usher at the Gall-Curel concert tonight are asked by George Holt to report at 7:15 o'clock at the Coliseum. It is of the utmost importance that all ushers be on hand at that time, according to Mr. Holt.

His emotional instability make it easier for the spirit to succumb under the "two-fold necessity."

More than half the college cheating would be eliminated if this psychological type could be eliminated according to Professor Brownell. With the general type would go most of the "all around" college men who shine in team and track contests, glee clubs, dramatic productions, and other bookless college activities, the professor believes.

### Wolcott Will Speak To Square and Compass Club

The Square and Compass club will meet Thursday evening at seven o'clock in the Faculty rooms of the Temple building.

Dr. Robert H. Wolcott of the University Zoology Department will talk on "Evolution: What It Is and What It Is Not." An election of officers for the coming year will be held. All faculty and student members of the Square and Compass club or not, are urged to attend this important meeting.
