

KANSAS CLASHES WITH NEBRASKA HERE SATURDAY

Cornhuskers End Strenuous Session in Preparation For Jayhawks

LINEUP IS UNANNOUNCED

Large Crowd Is Expected to Witness Contest On Coliseum Court

With only one more practice left before the crucial basketball tilt with Kansas Saturday night, the Varsity squad last night passed, dribbled, and scrimmaged with lightning speed.

According to recent practice sessions conducted by Coach Charles Black on the Coliseum court, Nebraska will be represented by a fast passing, soring combination in the Jayhawk game Saturday night. This game may be considered crucial because it will determine the real strength of the Cornhusker basket toppers this season.

Missouri Holds Edge.

Kansas has been beaten by Missouri by practically the same margin as was Nebraska last Saturday, and Coach Black is anxious to see how his men are going to stand in the scoring column after the conflict tomorrow night. "Phog" Allen the Kaw basketball mentor has had the reputation for several years, for aggregation will endeavor to compete with that belief tomorrow.

Missouri's defeat of Nebraska was not won handily, and the Scarlet and Cream warriors still have an excellent chance to bid for Big Six honors. As the condition of the men on the squad at the present time is of the best, Nebraska fans may expect a real contest with Kansas. The Jayhawkers have Bishop and Thomsen, two scoring forwards for the Nebraska guarding combination to watch, but from the looks of Olson, Holm, Krall and Lewandowski at the defensive wall, Nebraska may register a win.

Lineup May Be Shifted

Olson's consistent style of good playing will probably land him a berth in the opening five, with Lewandowski or Holm as his teammate. Krall seems to work best in the combination with Holm. MacRay will probably start at center although Munn has been pushing him during practice to work his hardest. Forward positions will be distributed with Fisher and Witte, or Grace getting the call for the tip-off. Davey has been showing up well in practice, but will probably not start the game. Jensen, at center, and Stipakt at guard have also been playing a good brand of basketball in the "rehearsals" but the more experienced men will undoubtedly start with Kansas tomorrow night.

PARTIES MAY CONTINUE UNTIL MIDNIGHT

Continued from Page 1

Time will be given sorority girls attending these events to return to their homes. The Inter-fraternity ball however will not fall under this privilege this year as plans are being made to hold this function in the new Cornhusker hotel ballroom. The Junior-Senior prom will be held in the Coliseum, and will benefit from the new building.

An issue of importance discussed by the committee concerned the notices sent to all fraternity houses by the committee of student organizations. These rules were sent out by the committee with the provision that they were to be read by the fraternity during meeting, and that a statement was to be filed with Miss Heppner, in Ellen Smith hall, to the effect that this notice had been read.

Fraternities Must Meet Request
According to Miss Heppner, only about half the fraternities have complied with the request and filed their statements. The fraternities not filing such statements with the secretary of the committee on student affairs, Miss Heppner, have been notified twice with no response as to their action. The committee yesterday approved the action that unless the fraternity not complying with this request does so at once, that all social events not already scheduled by that fraternity on the social calendar will be cancelled until a statement is filed with Miss Heppner to the effect that this notice has been read.

Although no action was taken by the committee a discussion concerning the price paid to Lincoln orchestras for parties was held. Recently the Pan-Hellenic approved the action that a uniform price be paid to union orchestras, and investigation of the proposed set price to be paid is pending an investigation by the Student Council. This movement has followed campus action in regard to a uniform price to be paid union musicians playing for university functions.

COUNCIL POSTPONES DATE FOR PROBATION

Continued from Page 1

receive all complaints, was elected consisting of James Foster, Phi Delta Theta; Charles Lawler, Delta Tau Delta; Gordon Larson, Alpha Sigma Phi; James Musgrave, Alpha Tau Omega, and B. M. Spencer, Sigma Phi Epsilon.

At the suggestion of Professor Schramm, it was moved to ask Chancellor E. A. Burnett to address the Inter-Fraternity council at a luncheon meeting to be scheduled in the near future, at which time he might explain the program of activities which he is planning. By this way it was hoped to secure a greater cooperation between the fraternities and the work of the university. A special effort will be made to secure a large representation from each fraternity.

A special luncheon committee organized for the meeting is made up of George W. Holl, Jr., Phi

Kansas Forward

Tom Bishop, running mate of "Rub" Thompson, is another of "Phog" Allen's mainstays that he is figuring on to pile up the score against the Husker basketballers Saturday night. Bishop and Thompson accounted for 20 points against the Missouri Tigers this week. Bishop is playing his first year with Kansas.

Sigma Kappa, chairman, Harold Halblen, Alpha Sigma Phi, and Frank Mockler, Pi Kappa Alpha. A suggestion made by Professor Schramm that the council establish an inter-fraternity scholarship for the high man of junior ranking was not acted upon.

VETERANS SAY BIBLE HAS UNUSUAL ABILITY

More Tributes to Qualities Of Nebraska Coach Are Paid in Star

Two more tributes to the ability and sportsmanship of Nebraska's newly elected football coach, Dana X. Bible, appeared recently in the Kansas City Star, while that paper was commenting on the new Nebraska gridiron mentor.

The first tribute came from A. H. Venne, veteran basketball and football official and former coach of Carlisle and Haskell. Venne officiated in the Lone Star state for years and during this time had occasion to work a number of games for Coach Bible.

"Nebraska picked a winner in Coach Bible," Venne declared. "I remember a basketball game in which I had occasion to foul the crowd. That foul incidentally won the game for the team which was opposing Bible's aggregation. After it was over Bible congratulated me."

"I've been trying to eliminate this sort of thing for years," Bible is quoted as having told Venne, "and I think you did just right even though it cost us the game."

Always Clean and Square

The second compliment paid Bible came from Ernest M. Tipton, a Kansas City attorney. An coach and official in Texas, Tipton refereed many football games for Texas A. and M. while Bible was coach there. According to Tipton, Bible is a valuable addition to football in this territory.

"He suits his plays to his material and always has his team well versed in fundamental football. His teams are taught sportsmanship and in that respect are exactly like their coach. I've seen Bible under many conditions but have never seen him other than clean and square."

Both Venne and Tipton stated that Nebraska and the Big Six are to be complimented on obtaining Bible.

LAMBERT MAKES NEW TRACK MARK

Richard Lambert of Kearney, freshman sprint star, lowered the record for the 256 yard run in the R. O. T. C. track championships, covering the distance in 31.5-10 seconds. This performance shatters the record of Earl Wyatt, varsity track man who had previously set the pace at 31.9-10 seconds.

The first tri-color track meet of the season will be staged Saturday afternoon, according to Coach Henry F. Schulte.

"Modern mothers train their daughters to cultivate their appearance as well as their brains -- and the lessons often start at

VARSITY TRACKSTERS WILL BEGIN TRYOUTS

Strength of Cinder Material Remains Question Until Later Date

WILL BE HELD SATURDAY

With the opening events of the indoor track season near at hand, University of Nebraska varsity track aspirants will perform before Coach Henry F. "Indian" Schulte in "feeling out" track tryouts in all events, to be held underneath the east stadium Saturday afternoon, January 19, starting at 2:30 o'clock, the Husker mentor announced Thursday afternoon.

Both varsity and freshman cinder men have been taking daily workouts in the nature of limbering up exercises during the last few months and most of the men are reported in good condition for the coming campaign by "Doc" McLean, trainer.

The exact strength of the Husker varsity material is a question mark, according to Coach Schulte, and the meet Saturday will give him some idea of the ability of the men he will have to work with this winter and spring.

Eight Letter Men Return

Among the lettermen who will wear the Scarlet and Cream track suits this year are Stuart Campbell, captain of the 1929 cinder team, who possesses considerable ability of running the quarter-mile run in fast time. Art Easter, Missouri Valley 220-yard dash champion, is another returning letterman. Krause, Thompson and Trumble, holder of many high hurdles championships, will compete in the high and low barrier runs. Fleming, high and broad jumper, Sprague, distance man, and Ossian, pole vaulter, together with other lettermen will be in uniform also.

Some promising sophomore candidates are on deck for competition this spring including "Cobe" Tomson, valley freshman champion broad jumper and sprints man; Eller and Becker, sprinters; and Lamson, hurdler.

The first meet of the indoor season will probably be the Kansas City Athletic club games at Kansas City, Mo., early in February. The champions of the Nebraska College conference may come to Lincoln before this for their annual meet with the Cornhuskers.

Kansas basketball team has been reversed in a number of its starts this year, Nebraska cage fans may expect a real tussle tomorrow night when the Jayhawkers meet Nebraska here. In the Missouri-Kansas game at Columbia Tuesday night, Allen's quintet was narrowly nosed out, 34-30, after knotting the count ten times during the game. Judging from this performance the Cornhuskers will have their hands full Saturday.

Richard Lambert, the Kearney sprint flash whose prep school performances stamped him as a likely prospect for Nebraska's track team, shattered the 256 yard record in the R. O. T. C. track competition in 31.5-10 seconds. In so doing, Lambert smashed the former record of 31.9-10 seconds which was held by Earl Wyatt, varsity 440 yd. star. Lambert is also tied for the 50 yard dash championship. His early season performances have created much impression in Nebraska track circles and have caused Coach "Indian" Schulte to tout him as a capable successor to Roland "Gipp" Locke.

Two more tributes to the ability of Dana X. Bible are paid the new Nebraska football coach in the Kansas City Star. The compliments come from A. H. Venne, veteran basketball and football official and Ernest M. Tipton who at one time was coach of the Haskell Indians. According to these critics, the addition of Bible to the coaching line-up of the Big Six is one of the finest things that could have happened to the conference. Bible is especially lauded for his sportsmanship and clean tactics.

If keeping them intact for several seasons improves its play, Coach Edwards and his Missouri basketball five should make a formidable bid for the Big Six title this year. Welsh, Waldorf and Baker, three

News Reel Pictures To Be Taken of Squad
The varsity football squad and coaches will meet this afternoon at the Coliseum. There will be news reel pictures taken which, according to Jimmy Lewis, will be sent all over the country.

mainstays of the Tiger quintet were coached by Edwards in Westport high school at Kansas City. Welsh was chosen as an all American forward by Chicago scribes following his appearance in the national high school tourney there where he was high point man.

Another double bill will be on deck for Saturday night in the Coliseum when Coach John Kellogg's Varsity wrestling team meets the powerful Iowa State Cyclones. Coached by a former Nebraska wrestler, the Cyclones have been one of the outstanding grappling teams in the entire country. The Nebraska athletes in both basketball and wrestling have tough assignments for Saturday evening. Kellogg has not a great amount of material to work with this season but has shown that he can develop what he does have. Simic, a newcomer on the Nebraska wrestling team, has shown promise of being one of the most outstanding wrestlers in the Big Six conference. In his first Varsity debut against the Indiana Hoosiers last Saturday, he won the only fall of the evening for the Huskers.

CADET TRACK TEAMS SHATTER OLD MARKS

Records Fall as Companies Compete in Cinder and Field Contests

The second round robin of the inter-company track meet began on Monday and is proving to be a record breaking round, with the one lap run broken twice and the high jump record tied. Companies G, H, and I ran off their two events yesterday and the results are being compiled.

The high jump and one-lap run are the two events in the second round of the meet. The fifty yard dash and shot put were run off last week with the high score going to Company M, with a total of 865 points for the two events.

Dick Lambert, of Company F, broke the old record of 31.9 seconds by circling the track in the fast time of 31.9 seconds. Henry Nester of Company H, also beat the old record with the time of 31.8 seconds. The high jump record of 5 ft. 3 in. was tied by Weldon Dobbins of Company D Tuesday morning.

Company E Leads.

The total number of points for the second round which are known for each company are: Company A, 586; Company B, 709; Company D, 526; Company F, 640; with Company E high point company in latest reports. Scores of Companies G, H, and I will be known sometime today.

One cadet in Company H made a rather outstanding record for the lap run yesterday afternoon, according to James Lewis. He circled the track at a miller's pace in 49.5 seconds.

The inter-company track meet is an annual meet in which the companies of the military department partake. The record of each individual is listed with his company and the total number of points indicates the company's standing. James Lewis, of the athletic department, has charge of the events, conducting them according to the rules of the meet.

NEBRASKA TAKES ON CYCLONE WRESTLERS

Powerful Big Six Mat Team Invades Husker Camp Saturday Night

AMES BESTS INDIANA

Nebraska's team for the meet with Iowa State was decided upon in the tryouts yesterday afternoon. The Cyclones have a very strong team and a tough battle is expected Saturday night. Last Monday the Ames team trimmed Indiana 17 to 11. The same Indiana team defeated the Scarlet and Cream bone-crushers last Saturday 15 to 11.

Kish will represent Nebraska in the 115 pound class. Kish has been showing great form this year. He won a hard-fought battle from his opponent in the Indiana meet.

In the 125 pound class Hurren beat Linskog two matches in succession and won the chance to compete against Ames. Linskog beat Hurren in the tryouts for the Indiana meet.

Andrews Wins Tryouts

Andrews, 135 pounds, won both of his tryout matches and much is expected of him in the meet Saturday. He defeated Reece and Carpenter in the tryouts.

Reimers will wrestle in the 145 pound class. He was one of the scorers for Nebraska in the Hoosier meet.

In the 155 pound class Simick, one of the best wrestlers on the team, was chosen without any tryout match. He made the only throw of the evening in the Indiana match.

Tomam, captain of the team, a speedy and heady wrestler, and a great leader will wrestle in the 165 pound class.

Stone Will Compete

Stone, a 165 pounder, will compete in the 175 pound class in the meet tomorrow. As there are no 175 pounders on the team, Coach Kellogg was forced to draft a 165 pounder to represent Nebraska in that class. Stone wrestled in the 175 pound class last Saturday and caused much comment by staying the limit with his Hoosier candidate, a member of the United States Olympic team in 1928.

Peterson, a new boy out for wrestling this year, will wrestle in the heavyweight class. The Cyclones boast of one of the best wrestlers in the country, a 135 pounder, Holding. Holding is national A. A. U. champion in his weight. He has been Mid-Western A. A. U. champ for the last two years. He was also an alternate on the Olympic team.

WORKS 7 YEARS ON ONE REPORT

Ames, Iowa, Jan. 17.—Culminating a seven-year study, Prof. A. H. Fuller, head of the civil engineering department at Iowa State College, this afternoon read a final report on highway bridge impacts before the convention of the American Society of Civil Engineers in New York City.

At 12 miles an hour, 15 percent of an automobile's weight is added to its load on the bridge through impact, while 25 percent is added if the vehicle runs over an obstruction one inch high, the report reveals. Impact is defined by engineers as the load added to the bridge by the effect of the vehicle's motion.

The study was undertaken in 1922 by a special committee of the society, with Professor Fuller as chairman, in order to check the present allowances in design for

Sorority Girls Are Raided by Apple Sellers

"Roses, roses, who'll buy our roses?" No not that. The cry now is, "Apples, apples, who'll buy our apples?"

Undernourished and poorly fed girls were saved from dying of starvation, and their more corpulent sisters were rescued from adding pounds to their none too slender waists Thursday night when, under the auspices of the Girls' Intramural tournament board, apples were distributed to the various sorority houses for sale by representatives of the board. Receipts of the sale are to be used by the board to pay for the plaque to be awarded to the winner of the intramural tournament.

Sale May Continue

Margaret Ward, treasure of the board, is in charge of the distribution of the apples. With her corps of assistants she canvassed each sorority house, leaving boxes of apples. One freshman girl in each house then took over the sale. Plans may be made to continue the sale of apples every two weeks.

AMES MATMEN POINT FOR HUSKER MATCH

Tussle With Indiana Leaves Cyclone Squad Devoid Of Injuries

Ames, Iowa.—With no injuries following up the victory over Indiana last Monday, Coach Hugo Otopalk is grooming his charges for the rival Husker matmen who turnish the opposition Saturday night at Lincoln, Neb.

Coach Otopalk announces no changes in the lighter classes but is re-arranging his heavier entries. Andrew Pontius, Fogi Dodge, will probably be the Cyclone entrant in the 175-pound division in the place of Milton Kubicek, Cresco, who lost by decision in the Indiana meet. And Clarence Zink, Green Mountain, who was the only Cyclone to have his shoulders pinned last Monday, probably will be replaced by Ralph Goodale, Marshalltown, providing he is eligible for competition by the time the squad leaves for Lincoln Friday.

Nebraska is reported to have a fairly strong team even though Indiana gave them a beating. Nebraska's 145-pound entrant, three the Indiana 145-pounder, who was later thrown by Juhl, Iowa State, entrant in the Hoosier meet.
