GEOLOGIST DESCRIBES CONVENTION IN TEXAS

Number Former Nebraskans At Meeting Impresses Professor Schramm

GROUP HOLDS DINNER

E. F. Schramm, head of the department of geology, returned on Wednesday from Fort Worth, Tex., where he has been attending the meeting of the American Association of Petroleum Geologists. The meeting lasted three days, Thursday, Friday and Saturday, March 21, 22, 23.

There were 2,000 geologists present. Of this number sixty were University of Nebraska graduates. Mr. Schramm pointed out that, considering all scools in the country which have courses in geology, Nebraska was represented at this meeting by a good deal more than her just proportion. There were about 1,000 wives who attended the meetings with their husbands. Six of these were also graduaes of this university.

Nebraskans Give Luncheon.

On Friday, March 22, the Nebraska representatives gave a luncheon at the Texas Hotel. Mr. Schramm said that it was very gratifying to the members of the geology department here to note that the majority of these men attending the convention are heading the work of their respective companies, all of which speaks well for the university and particularly for the department of geology.

The following is a list of the Nebraska men attending the convention. Also the names of the six women who attended the university are listed:

Harold Ostrom, state featherweight champion; Harry Dingman, state lightweight champion; and Curtis Poet, senior welterweight champion are the three University of Nebraska A. A. U. champions.

Other defending champions who are entered in the meet are: Web Sundberg, Elks club, senior flyweight champion; Carl Wilfing, K. of C., junior bantamweight; Joe Ban, unattached, Omaha, state middleweight champion; Leonard Alstadt, unattached, state and junior A. A. U. light heavyweight champion; Frank Orient, Omaha Boxing club, senior A. A. U. heavyweight champion.

STURECK AND GANGER THROW FOR BALL NINES

Lewandowski Holds Down First Base Position For Initial Time

Husker baseballers played a practice game as usual last night at Landis field. Stureck and Ganger started on the mound for the two teams, with Ganger holding the advantage over Stureck, although the latter was the victim of some poor support from his team mates.

Gauger let the "A" team down with only a pair of singles, and Row cut loose with a beautiful double in the third from the "B" pitcher. Fielding for the afternoon was not as clean as the usual performances of the red-socks, both teams being especially unable to get away with double plays.

INITIAL PARADE IS PLANNED FOR REVIEW

with its right on fourteenth street, while company "M" formed near twelfth street.

Approximately 800 cadets are expected to appear this first parade of the season. If everyone of the members of the different companies could assemble the number would be increased to about 985 men, but outside work, 5 o'clock classes and skips will reduce the number to 800 cadets.

It was announced from the department that Col. F. F. Jewett, commander of cadets will have returned to witness the first parade of the year. Colonel Jewett has been absent for about a month and is expected to return Monday from Walter Reed hospital in Washington D. C. where he has been under going treatment.

A. W. S. GROUP PLANS DISCUSSION MEETINGS

Council Announces Intention Of Conducting Series for Vocation Talks

For those girls of the University who are anxious to decide on the vocation they will follow or want information on a certain line of work the council of Associated Women Students is presenting a series of group meetings. These will be held April 8, 9 and 10, and will be led by a group of well-qualified men and women engaged in the profession they will discuss here in Lincoln.

These group meetings and lectures are sponsored annually by the A. W. S. council. In other years it has been the custom to have some prominent woman from outside lead this personnel work, but this year the meetings will be in charge of men and women intimately connected with the field of which they speak. The subjects are those most likely to appeal to the majority of the women students and any girl as yet undecided about the field she prefers will be able to secure valuable information and help from these meetings.

The program for the week is as follows:

Monday at 11 o'clock, convocation in Temple—Miss Harriet Towne.

Tuesday at 5 o'clock, Ellen Smith hall—Mrs. Burton.

Round table discussions:

Tuesday at 10—Dr. H. C. Koch of Teachers college. Subject: "Teaching."

Tuesday at 3—Gertrude Dearie, head of library. Subject: "Opportunities for Librarians."

Tuesday at 4—Miss Dugan. Subject: "Secretarial Work."

Tuesday at 4—Dwight Kitch of university Art department. Subject: "Commercial Art."

Wednesday at 3—Miss Harriet Towne. Subject: "Social Welfare Work."

Wednesday at 4—Miss Dorothy Cameron of Lincoln high school, a former reporter on the State Journal. Subject: "Journalism for Women."

Wednesday at 4—Miss Marie Wessner, advertising manager of Miller and Paine. Subject: "Store Management, Personnel, Buying and Advertising."

For College of Agriculture students there will be open meetings at noon Tuesday and at 4 o'clock Tuesday. Further announcements will appear in The Daily Nebraskan.

COUNCIL ADOPTS RUSHING REGULATIONS

breaking of pledges of all new men taken by that fraternity. Pledging can not be resumed by that fraternity until the second semester. The Interfraternity Council believing that the move was drastic contemplate a large amount of good to be derived from the stringent regulations and the equal basis of rushing.

A constitution proposed by the constitutional committee, composed of George Holt, John McKnight, and Rollin Barnes, received no immediate action and was tabled pending insertion and revision.

A relay team from a Honolulu high school may participate in the Kansas Relays on April 20, if final negotiations with them by Dr. F. C. Allen head coach of the University of Kansas, are completed, according to word received last week. Doctor Allen has received no final confirmation of the schools acceptance, but a newspaper which carried a story of the decision to come was received from Honolulu.
