

NEBRASKA COACH COACHES SQUAD FOR CONTESTS

Rhodes Gets Team on Edge For Haskell Games This Weekend

PICKS SLOAN TO START

Indians Are Reputed to Be Speedy With Increasing Power at Bat

A real ball game combined with a thrilling circus and a wild-west show is promised for Husker fans Monday night and when Nebraska plays a two-game series with the Haskell Indians Friday and Saturday. The Haskell tribe is said to be one of the most colorful athletic squads in the country, the sides being real baseball players.

A survey of the Haskell record for the last three years shows that the Nebraskans will have a real task in disposing of the Redskins. The number of games dropped by their club has been very few and they have met all comers in the middle-west. A few runs in the first few frames almost assures them of victory as they seem to pick up speed as the fray progresses.

Sloan to Start

Clair Sloan is Rhodes' choice for the mound duties for the Friday game with M. Williams doing the backstopping. Gauger, who has been doing some nice work lately will start in the Saturday morning game with Gaston catching. This will be an entirely new set of bats for the Lincoln fans, these being the first home assignments for these men.

While Haskell boasts an exceptionally impressive record, Nebraska has a ball club that is coming to the front in a hurry. After a slow start on the southern jaunt to Oklahoma and Missouri which was caused largely because of adverse weather conditions early in the season, the Huskers picked up a two-game series from the Kaggies last week that showed the Husker potentialities most effectively. In the six games played thus far five have been won or lost by a margin of one run.

Pitchers Outstanding

From the present outlook Nebraska has one of the most reliable pitching staffs in the Big Six circuit. It was due almost entirely to the performances of Pickett and Armatis in the Kaggie series that brought home the bacon for the home boys. Although Sloan has yet to turn in a victory the Verdon hurler will have his chance to bring in a win Friday and judging from late work he should be baffling the Indian batsmen in great order.

Cosch Rhodes worked his men in a six inning practice game last night, the regulars winning 5 to 2. Pickett and Sayge was the beginning battery for the regulars and the yanigan battery consisted of Witte and Halbelson. Witte appears to be rounding into form rapidly and may get a chance at chucking in a regular game before the season is over. Stureck and Urban also got an opportunity to work before the game was over.

Row was doing the best stick work for the afternoon and Witte was wielding his usual potent hickory in addition to pretty good work on the mound. Armatis and Sloan, standbys in the pitching staff, worked out in the outfield.

An extended batting practice was on the program in an effort to produce some hitting to back up the uniformly good flinging that Nebraska has enjoyed thus far.

HUSKER TRACKSTERS DUEL AGGIES IN MEET

Schulte Prepares Athletes For Contests to Keep Edge for Big Six

With the Kansas Aggie dual meet only two days away, the Cornhusker track team went through its last heavy workout this week before clashing with the cinder artists coached by Ward Haylett.

Although Nebraska completely swamped the Aggies in the indoor dual held last winter it is rumored that the Kansas squad has gained considerable strength since the outdoor work started, and that the Huskers will have their hands full if they are to emerge victorious from the contest Saturday.

However, the meet with the Aggies on Saturday is not detracting attention from the affair of larger importance, the Big Six meet which is to be held next week at Ames. The Scarlet clad tracksters, conceded a good chance to walk off with Big Six honors, are pointing for that affair.

In addition to preparing his team for the two varsity meets, Coach Henry F. Schulte is also occupied with the task of organizing his staff for the staging of the high school meet, which is scheduled to be run off on the Memorial stadium sod and cinders, Friday and Saturday. Because of the prep school meet, the dual with the Kaggies is slated for Saturday morning at 10 o'clock.

The freshmen are also being put through their paces, establishing records to be used in the telegraphic relays in progress this week. Freshmen trials will continue until the end of the week.

COEDS CONTINUE ARCHERY GAME

Intramural archery practices are being held this week and next week. The tournament will be held Saturday, May 11 from 10 to 12 o'clock at the stadium. Practices will be

Alarm Clock Buzzes In Dejection To Spring Fever And Perfumes

Class was proceeding very nicely. The professor was discoursing and the students were present in various languid attitudes. Through the open windows came gusts of balmy air. The fragrance of blue and plum mingled with myriad other sweet-smelling perfumes found its way into the room. Really an idealistic environment—for everything but concentration upon known problems of law.

Suddenly, from the sill of one of the windows came a familiar sound, that of an alarm clock buzzing out its warning. Everyone promptly took cognizance and "came alive." With an indignant smile, the professor remarked, "You need something to wake you up."

held May 14 from 10-20 to 11 o'clock, May 15 from 1 to 2 o'clock, May 17 from 3 to 4 o'clock. Rows and arrows, and instructions will be furnished at the stadium. Lucile Ackerman and Francis Holyoke are in charge of the tournament.

Students Show Disapproval to Physical Exams

Dr. R. A. Lyman, dean of the College of Pharmacy, questioned the wisdom, yesterday, of requiring periodical physical examinations for all students of the University. The dean based his stand upon the disagreeability to students of such a course, and the rather negligent, routine nature which these periodic examinations would eventually assume.

When questioned as to his opinion on health examinations, for which there has been some agitation on the campus, Dr. Lyman said that "A compulsory, periodical physical examination would become unburdenous to the student, and they would come to regard it with a dislike greater than that of compulsory military drill."

Would Be Disagreeable

"Moreover, the best of doctors would soon come to look upon the examinations as disagreeable routine, and the word of the student would be taken as an indication of his health rather than an actual investigation."

The dean went on to emphasize his entire approval of a rule requiring all students entering the University to submit to a thorough examination. However, he pointed out, this is actually being practiced, since all freshmen must be examined for military drill or physical education. "It would also be a commendable practice to periodically examine all students engaged in all of the more strenuous forms of athletics," he continued.

"I wish to emphasize to students the value and necessity of reporting for physical examination whenever they feel 'off-color.' But until they grow to realize the importance of good health, and until they are educated to the expediency of physical examinations, I consider it inadvisable to place such great emphasis on their health and to establish another onerous duty for them to resent," he concluded.

PREPSTERS VIE FOR AWARDS IN CLASSIC FRIDAY

High School Boys Arrive To Compete in Annual Cinder Contests

RECORD-BREAKING LIST

More Than Hundred Signify Intention to Race for State Honors

Advance guard of the thousand or so Nebraska interscholastic cinder athletes, will start rolling into Lincoln today, in anticipation of the opening of the two day series of the track meet which will culminate the 1929 season for Husker prep schools and decide the championships of the four divisions.

With the announcement by Walter Black, Wednesday, that the hundred mark had been reached in the list of entries, prospects for several more to swell the total, stamp this Friday and Saturday's affair as being the largest in Cornhusker high school history. The old mark, set last year, by eighty-eight, has already fallen by the wayside and this week-end's affair will take its place on the record books as being the largest in the way of attendance.

New Entries

Entry blanks from Fairfield, Exeter, College View and Bruning were the last received by Secretary Black, Fairfield, Exeter and College View will compete in Group two and Bruning, in Group one.

Past season performances would indicate that the many Nebraska prep school standard bearers anticipate turning the meet into a record breaking affair and if several of the state's leading performers are at their best, the 1929 meet may also add to its laurels, several new marks.

Preliminaries for the four divisions will be held Friday afternoon with the finals scheduled for Saturday afternoon. All four divisions will be run off at the same time.

Coach Henry F. Schulte's varsity performers will put on a show for the visiting athletes, Saturday morning, then they tangle with the Kansas Aggies in a dual meet.

PREPARATIONS FOR BIZAD DAY ARE CONCLUDED

Continued from Page 1
If the winner of the first drawing is not present a second drawing will be made.

Full Athletic Program

Among the events which will be staged at Twenty-seventh and A streets will be a blind bogey contest and a horseshoe tournament between the Women's Commercial club and Phi Chi Theta. These two organizations will play the faculty team in baseball on the Antelope diamond at 10:15 o'clock. Relay races are scheduled for 11 o'clock, and Delta Sigma Pi will meet

Women Arrange For Sports Day Program

Sports day at the University of Nebraska for girls from state colleges and Normal schools will be held Saturday, beginning at 10 o'clock, under the auspices of the department of physical education for women. Omaha university, Peru State normal, Wayne State normal, York college, and the University of Nebraska will be represented at the Sports day program with about fifty girls each.

Active participation by all girls will be emphasized in the day's program. Team units will be formed by choosing several girls from each school, and playing in each sport event of the day. After a morning of baseball, tennis, deck tennis, Nebraska ball, and college hop on the University campus, the participants will go to the College of Agriculture for lunch and for the afternoon activities.

Features Planned

Stunts will be presented during the lunch hour. Archery, pacific tennis, horse polo, and kick ball will be the events for the afternoon. As a climax of the day's activities, folk dancing and singing of college songs will take place in the gymnasium at the College of Agriculture.

Sports day aims to give each girl an opportunity to acquire new leisure time activities, which is becoming an increasing problem in the United States with the increase of leisure time for both men and women. Universities and colleges of many states have already held events much like this one, and have found it successful. It is hoped to make it an annual event in Nebraska.

Alpha Kappa Psi in Horseshoes at 11 o'clock

Delta Sigma Pi will meet Alpha Kappa Psi again in the afternoon in baseball. All those wishing transportation to the Nebraska-Haskell Indians baseball game at 4 o'clock will be accommodated by the committee in charge.

A dance at the Lindell with "Red" Krause and his ten-piece orchestra furnishing the music will be the final event of the day.

'Choppy' Rhodes Calls For Yearling Rehearsal

"Choppy" Rhodes, varsity baseball coach, issued the call to freshmen baseball men yesterday afternoon. All freshmen interested in baseball are requested to turn out this afternoon at Landis field at 5 o'clock after the varsity workout. Rhodes will be on hand to look the yearlings over and offer suggestions for aspiring candidates.

Regular practices for freshmen are being planned for the remainder of the season. Rhodes plans to organize a freshmen team to play the varsity in practice games in the near future.

LEWIS PAIRS GREEKS IN ANNUAL GOLF RACE

Naussau System of Scoring Will Be Used To Decide Winning Team

Pairings for the interfraternity golf tournament, which is to run off as a straight elimination contest, were announced yesterday by Jimmy Lewis, supervisor of intramurals. First round drawings are as follows: Lambda Chi Alpha vs. Alpha Theta Chi; Sigma Nu vs. Tau Kappa Epsilon; Phi Sigma Kappa vs. Delta Tau Delta; Kappa Sigma vs. Delta Upsilon; Phi Alpha Delta vs. Sigma Chi; Pi Kappa Phi vs. Sigma Phi Epsilon; Theta Xi vs.

Phi Kappa; and Alpha Sigma Phi vs. Beta Theta Pi.

It is planned that the Naussau system of scoring will be used this year. This system was used successfully in the last golf tournament, according to Lewis. On this basis, one point is awarded for the first nine, one point for the second nine, and one point for the match.

New Match Scheme

The winner of nine holes is to be determined by a count of the holes won. The winner of the match will be decided in the same way. Unless otherwise agreed upon by the participating fraternities, before the

match, a match will consist of four twosomes.

All first round matches must be played this week, if the tournament is to be finished before the term ends. Matches not reported by May 14 will not be counted in the tournament, Lewis said yesterday. As usual, a bronze plaque will be awarded to the winner.

"as advertised"

How many times you see those two words in the course of a day's shopping "This article for sale—as advertised."

And those two words are as welcome as they are familiar, for they form a bond of confidence between the merchant and yourself. They are his guarantee to you of worth and value. Here is an article that has been described in your newspaper. Its merits have been told; possibly, too, in price. You know its quality, its utility; you know how it fits into your needs. And when you buy it you know you are getting not some unproved substitute but the specified article as represented.

It is easy to understand why that phrase "as advertised," creates a feeling of confidence. You have learned to depend upon consistently advertised products. You know that the maker has confidence in them, else he would not spend the money calling your attention to them day after day, and month after month. You know that they have been approved by the most critical of investigators—the buying public. And above all you know from experience that buying goods "as advertised" is the best investment that you can make.

It pays to read advertisements in your paper
