## KOSMET KLUB SETS DEADLINE FOR SKITS

Manager Declares Talent Diversified for Annual 'Turkey' Revue.

## ACTS MUST BE FILED

Deadline for submission of skits for Kosmet Klub's Thanksgiving morning revue has been set for Tuesday, November 5, at 12 noon. This deadline also applies to the filings for Nebraska's sweetheart, according to word issued by the production manager of Kosmet Klub Monday.

All organizations intending and planning to have skits should not fail to fill out blanks with necessary data at their earliest convenience. These blanks may be obtained in the Kosmet Klub rooms located in the Annex building. There are still openings for individual certain skits besides organization acts, according to the production manager. Anyone planning on presenting such an act should not fail to make known his intention of that or else hand it in as soon as possible.

Many Respond. Several skits have already been turned in by different organizations and a number of others have expressed their intentions of working up acts. Some very clever material is represented in the acts which have been turned in so far, according to the members of the club.

Several filings have been made for Nebraska's sweetheart but these will not be made public until the files close Tuesday. Any number may file for sweetheart since no limit has been set.

Skits will be reviewed and passed on directly after the deadline by a committee of club members. The "Thanksgiving morning revue" this year, will, according to all predictions, be one of the best productions ever staged by Kosmet Klub. A great deal of effort is being spent, according to the production manager, to make this first production of the year a stellar one. Negotiations are now being made for a theater and the results of these will be announced soon.

## MALCOLM CHURCH SERVICE HANDLED BY METHODISTS

Methodist students inaugurated a piece of deputation work Sunday evening when about seventy-five including members from Epworth and Warren Methodist churches and Phi Tau Theta, Methodist men's fraternity, journeyed to Malcolm by auto to take charge of the evening services.

With students and residents of the surrounding territory, a congregation of about 300 was present. The program began with a song service after which Rev. W. C. Fawell introduced the student speakers. Charles Paine of the law class of '29 gave the first address, followed by Henry Rinker from the agricultural college.

## TICKET SALE MOUNTS FOR JAYHAWK GAME

Kansas Interest Greater With Victory Over Iowa Cyclones.

## HUSKERS BEGIN WORK

A marked increase in the number of tickets being sold for Nebraska's Homecoming game with the Kansas university Jayhawks Saturday was noted today as the time of the battle drew nearer.

According to John K. Belleck, student activity manager, somewhere in the neighborhood of 20,000 football goes will watch the Cornhuskers on their Homecoming day, if nice weather prevails for the battle. Bad weather might make serious inroads into the attendance figure, he intimated.

At the present time, the majority of the tickets being sold now are on the twenty yard line. Some 12,000 pasteboards have already found their way into the hands of fans. A larger attendance than usual from Kansas university is expected to help swell the total number to attend the game. Kansas' 33 to 0 win over the Ames Bulldogs Saturday has sent the Jayhawkers' stock sky-rocketing at the southern institution, and enthusiasm is said to be higher for the game Saturday than for many years.

Tickets for the tilt are on sale in Omaha, as well as at two places in Lincoln. So far, 276 have been sent to Kansas, and possibilities are that more may be needed to supply the demand.

## AFTERNOON PROGRAM ATTENDED BY MANY

Pictures, Lectures Attract Crowd to Morrill Hall Entertainment.

Three hundred and fifty children and adults thronged to Morrill hall to attend the regular program and lecture tours through the museum and galleries last Sunday afternoon.

A three reel motion picture, "Footsteps of Progress," and a lecture, "Shoes in History and Romance," given by Miss Marjorie Shanafelt, curator of visual education in the university, formed the nucleus of the program. A new feature was introduced during the children's program. During the first fifteen minutes, songs arranged by Carol Wirts to fit museum subjects, were sung.

F. G. Collins, assistant curator, conducted lecture tours of the museum and galleries of Morrill hall throughout the afternoon.

According to those in charge, these Sunday afternoon programs will continue throughout the school year, starting at 2:30 for children and 4 o'clock for adults.

The October Awgwan broke all former sales records and many letters were received from Awgwan fans and other college humor magazines in commendation of the publication.

The advertisement told of the latest in collegiate apparel which the two were wearing.

## ENGINEERS, TEACHERS ADOPT ADVISER PLAN

Freshmen Will Get More Attention Regarding Scholarship.

## BURNETT APPROVES IDEA

A freshman adviser plan being tried for the first time this year in the college of engineering and the teachers college has as its purpose to assist freshmen students who find difficulty in adjusting themselves to university standards and especially to remedy defects in scholarship.

Special tests and examinations were given entering freshmen as an aid to registration rather than a bar to entrance. In this way an attempt was made to keep students out of courses for which they did not have the necessary background and so cut down on the number who find it necessary to visit the scholarship committee.

In addition freshmen students were required to fill out personal cards requesting in addition to such routine matters as information regarding age, home town, such things as high school subjects and activities he liked best, special interests or hobbies, his agricultural, business or industrial experience, books and magazines read, earning capacity and nature and extent of outside work.

These cards are filed in the office of the dean of student affairs. In previous years such a system was used only in the case of those (Continued on Page 3, Col. 2.)

## BARBS PREPARE FOR UNIVERSITY PARTIES

Chairman Williams States Plans of Group for Handling Crowd.

With homecoming and gala events associated with fraternities and sororities this week end will come another festivity new to the Nebraska campus—an all university party sponsored by the Barb executive board and arranged principally for nonfraternity students.

Three thousand five hundred invitations have been sent out to all students not affiliated with Greek letter organizations, though the Barb board makes it plain that the party is not restricted to this group but open to everyone. The price of thirty-five cents, charged for the last similar party, will again be in effect at this one.

Novel lighting effects and homecoming decorations featuring the red and blue of the Jayhawks as well as the scarlet and cream of the Cornhuskers will be used, Alan Williams, chairman of the board, said Monday night. Definite plans as to other entertainment than dancing have not been completed but will be announced shortly.

Alan Reiff Revisits Geology Department. Alan Reiff, former student in the geology department of the university, visited that department Monday. Mr. Reiff is associated with the geology division of the Producers and Refiners corporation at Tulsa, Okl.

## PI LAMBDA THETA PLANS INITIATION FOR FOUR COEDS

Four new members have been elected to Pi Lambda Theta, honorary organization for women in Teachers college. They are: Genevieve Miller, Pearl Reddish, Ethel Fitzsimmons and Mrs. E. C. Finckel.

Election to membership in Pi Lambda Theta is based on three qualifications: scholarship, faculty recommendation and personality. It is customary to elect members only in the spring of the school year, but as no election of graduate students was held last summer, a special election was held this fall so that these people could be active during the year.

Initiation will be held Friday, Nov. 1, at the Lincoln hotel, just before the annual Founders' day banquet to which all field members attending the Teachers association have been invited.

## THOMPSON PUBLISHES STUDENT BULLETINS

Dean Avers That Persons Living Near Campus Not Drive Cars.

## TRAFFIC IS CONGESTED

"There is no reason for persons living north of O street and west of Seventeenth street driving an automobile to the campus for classes," states Dr. T. J. Thompson, dean of student affairs in a bulletin sent out Monday to all organizations of the university.

"The parking congestion about the university is intense," the dean continues. "Fraternity and sorority students living in this area should leave their cars at home and walk."

The board of regents has been studying the traffic problem for two years and has not as yet reached a satisfactory solution for the matter, according to Dean Thompson.

"The parking situation," states the bulletin, "coupled with the fact that a few students believe it their right to drive recklessly and carelessly and thus endanger the life of others, argues against the student use of the automobile."

Be Careful! Urging the students to be careful, the executive says: "It would be a tragedy to have a student killed or a student maimed by reckless and careless driving." The proper conduct of rallies and serenades was also dealt with in the bulletin.

The dean also called attention to the fact that the university maintains a department of student health with offices in the building of the college of pharmacy. "Several physicians and a nurse are in attendance and give students medical advice and treatment free of cost. The college of pharmacy maintains a pharmaceutical dispensary where drugs and medical supplies are furnished students at cost."

"An infirmary with a capacity of twenty-five beds exclusively for the use of students is also maintained in a separate building. Students who are ill and cannot be cared for in their rooms or boarding houses are given expert care in the infirmary at a nominal cost."

He is the oldest son of the Sir George Young family. He was educated at Eton and other universities. Since his graduation, he has gained fame as one of the foremost diplomats of England and one of the greatest authorities of the present age on international relations. ## BURNETT OFFERS CASH PRIZES IN ESSAY CONTEST

One Hundred Dollars Will Be Awarded Students By Chancellor.

DEADLINE MARCH 15

'Qualities of Leadership to Be Developed' Is Topic For Manuscript.

In the hope that students will give more thought to qualities that make for ultimate success in the world, Chancellor E. A. Burnett is offering one hundred dollars in prizes to undergraduate students for writing the best one thousand word articles on the subject, "What Qualities of Leadership Should a College Student Develop?"

Seven prizes are offered, a first prize of forty dollars, second prize of twenty-five dollars, third prize of fifteen dollars, and four prizes of five dollars each. Articles entered for the contest must be deposited in the chancellor's office, Administration hall, room 101. The awards will be announced March 15, 1930. The essays will be judged by three impartial judges.

A similar contest on, "The Obligation and Rewards of the College Student," was sponsored last year by Chancellor Burnett. Audrey Musick won the first prize of twenty-five dollars last year, Munro Kezer, the second prize of fifteen dollars, and Alan G. Williams the third prize of ten dollars. The three five dollar prizes were awarded to Donald G. Anderson, Dean Hammond, and George Thompson.

## INNOCENTS RELATE DECORATION PLAN

Twenty-Five Dollar Limit Must Be Adhered to by Organizations.

Scarlet and cream will mingle with crimson and blue Friday when fraternities and sororities of the campus deck their chapels with Nebraska and Kansas university colors. This will be done to welcome back alumni of the university to the annual homecoming held this week end.

Homecoming decorations are being encouraged and sponsored by the Innocents society. Cups will be awarded the fraternity or sorority having the best decorations. A new cup, first offered by Fenton B. Fleming and won by Sigma Alpha Epsilon last year, will be awarded the winning fraternity this year. The fraternity winning the cup three years in succession will be given permanent possession of it.

Kappa Deltis Win.

Sigma Phi Epsilon won permanent possession of the first cup offered in the decoration race in 1927. Kappa Delta was awarded the sorority cup for first prize last year. Gamma Phi Beta copped the prize in 1927.

Judging of the decorations will take place Friday night at 7 o'clock. Because the judging will be after dark, it is insisted that flood lights be used in illuminating the decorations.

No organization will be allowed to spend over twenty-five dollars for decorations and an account of expenditures must be turned in to Arthur Bailey, chairman of the committee in charge, at the Delta Upsilon house before 5 o'clock Friday. The practice of allowing only twenty-five dollars for chapter house beautification was started several years ago and has been strictly adhered to ever since. The object of this plan is to limit undue expenditures and to encourage more organizations to decorate.

## SLAYMAKER ADOPTS ENGINEERING CHANGE

Due to a recent edition of French's "Engineering Drawing," Dr. P. K. Slaymaker of the department of applied mechanics has been forced to make a number of changes in the outline of the course that is to be handled by the university extension division.

These mimeographed outlines of the course are sent to the many students who wish to receive instruction in the art of mechanics drawing and who are unable to attend the university. The new edition of the textbook necessitates a complete revision of the entire mimeographed outline before it is sent to the correspondence students in the course.
