

TRACKSTERS TRY OUT FRIDAY FOR SOUTHERN TRIP

Squad Will Be Picked to Go to Texas, S. M. U. Relays.

HELD MARCH 28 AND 29

Trials to Be Given on Outdoor Track, Weather Permitting.

Coach Henry F. Schulte's track squad will get its first taste of competition outside Friday afternoon when tryouts will be held to determine the Nebraska representatives in the Texas and S. M. U. relays March 28 and 29. The tryouts will be held on the outdoor track if the weather permits; if not they will be held under the east wing of the stadium.

The team this year should give a good account of itself in the relays, having dual victories over Missouri and Iowa State under its belts and topping off the indoor season by annexing the Big Six title. This will be the first outdoor appearance of the Huskers and Coach Schulte will carry a squad of approximately twenty men to the relays carnival.

Loss of Art Easter, one of the leading Big Six sprinters, will weaken Schulte's men in the sprints but Eller, Hege, Steffan, Rogers and Eubank should develop into formidable men. Hege, Steffan and Rogers were not eligible for competition last year but should be able to turn in good performances during the present season.

Bevard Out.

Roger Bevard, who placed second in the relays last year in the javelin will not be in competition this year as he is laying off because of a sore arm. Bevard will be in school the next two years but is passing up competition a year to allow his arm, which he pulled the latter part of last season, to get back into shape. Faytinger and Hoku are the two strongest contenders for Bevard's place on the team. Faytinger has been leaving the spear more than 170 feet and may be able to place.

Cobe Tomson, another place winner last year, will also compete and should get into the money. Tomson has been leaping consistently over 23 feet this year and should stretch this enough to place high. Craig, Hege and Gray are the other jumpers who have been turning in records which give them a chance of making the trip. Schulte has indicated that a man will have to jump around 23 feet to get to make the trip and any man who can do this should be able to place.

Ossian Sure of Trip.

Bill Ossian, veteran pole vaulter, is another man who is practically sure of making the trip. Ossian hurt his ankle at the Illinois relays last week but should be in shape in a couple of weeks. He has cleared a fraction of an inch over 13 feet this season which should give him a chance to place.

Coach Schulte is making an attempt to have the shuttle relay included in the carnival and if he succeeds the Huskers have a good chance of annexing first place. The relay team turned in a time of 40.6 seconds at the Illinois relays but were disqualified by a foot. They defeated Illinois in the consolation in 41 seconds. Both of these times were as good or better than the official record set by the University of Iowa. If the event is not included Lanson, Thompson, Patz and Smutney will give the Huskers an excellent chance of showing up in both the high and low barrier events.

WHAT WITH HASH, SOUP, WEINIES AS DIET, IT'S NOT SO ODD COEDS 'GOLD DIG' DATES FOR BIG FEEDS.

(Continued from Page 1.)

and they attack them with equal facility.

Friday fish. Salt maskeralis preferred. It makes the girls all thirsty for Friday night dates. In consequence thoughtful cooks frequently serve apple sauce along side, or onions. (Onions are oh so protective! Take note, you unwilling cigar fiends.)

Saturday hash. Now we are getting into a dangerous tangle—but it's o. k. if the girls don't taste Wednesday's soup in it. If they do, insult has been added to injury, and indignation (or indigestion) takes its course. The tactful cook always has a box of cookies handy to pacify the girls in such a case—nice cookies—the kind you get free with your cocoa at drug stores.

Sunday, chicken. And thereupon the sisters take a new lease on life, vow to diet next Sunday, and write to their families that college is great after all. Cokes and whatnot fill out the rest of the menu. Mostly whatnot. Why not?

Juhl Is Chosen Captain Iowa State Wrestlers

AMES, Ia., March 19—Members of the Iowa State College wrestling team elected Wilbur (Joe) Juhl, Dana, to captain the 1931 Cyclone grapplers at a meeting Monday night. Juhl is a junior in agricultural economics and has one more year of varsity competition. In 1929 Juhl won the Midwest A. A. U. title in two weights, thereby winning the nickname, "Ironman." He was runner-up the last two years in the Big Six conference in his weight and was defeated only once in a dual meet this year. Juhl wrestles at 158 pounds.

FOURTEEN RELAYS ON PROGRAM AT KANSAS

Ten Special Events Listed in Outdoor Meet Set For April 19.

OPENS MIDWEST SEASON

LAWRENCE, Kas.—Fourteen relay races and ten special events for individual athletes are announced for the program of the eighth annual Kansas relays to be held on the University of Kansas stadium track and field here April 19.

The Kansas meet opens the outdoor season in the middle west, but athletes of numerous institutions will have shown their possibilities for the outdoor track season in the Texas university and Southern Methodist relays at Austin and Dallas, March 25 and 26.

The Kansas relays program presents relay races for university, college and high school athletes, but the special events are restricted to university and college athletes.

The university relays include races at a quarter mile, half mile, one mile, two miles, four miles and a distance medley in which the runners do 440 yards, 880, three quarters mile, and mile.

College class relays are a half mile, one mile, two miles and distance medley identical with that of the university class.

Four High School Class Events. The open high school class relays are at a half mile, one mile, two miles and sprint medley (440, 220, 220, 880).

Special events for individual university and college athletes are the 100 yard dash, 120 yard high hurdles, 3,000 meters run, 18 pound shot put, javelin throw, running high jump, running broad jump, pole vault, and a decathlon.

The decathlon is a ten event all around test, five events of which are run off on Friday afternoon, April 18, and the remaining five Saturday morning, April 19.

General excellence of performances in the annual Illinois indoor relays at Champaign last week indicate that the coming outdoor season will see brilliant performances in all events, but particularly in the distance events and relays.

Entry blanks for the Kansas relays have been mailed to some three hundred picked institutions in widely scattered parts of the United States. Entries will close April 9.

COUNCIL DEFIES FACULTY STAND ON CLASS POSTS

(Continued from Page 1.)

to investigate both the council's powers and those of the faculty committee as regard student activities. As chairman of the committee, Bill F. McCleery was selected, and working with him are Ben Cowdery, Dave Fellman, and Helen Whitmore.

The question of rallies was also discussed because of the pending meeting of the joint Student council and faculty committee next Saturday. The sentiment voiced at the council session was that a plan should be formed whereby rallies could be retained, but handled in the most efficient manner.

The Resolution. The complete text of McCleery's resolution for the doing away of minor class officers forever reads as follows:

"WHEREAS, recent developments have confirmed the Student council's original stand in regard to the advisability of abolishing minor class officers, and

"WHEREAS, Tuesday's election shows conclusively that the election of minor class officers in mass meetings does not encourage, but rather discourages, any attempt to create class spirit and unity, and

"WHEREAS, the Student council feels that it is capable and eligible to take final action on this matter, be it

"RESOLVED: that minor class officers are no longer in existence and that class presidents are no longer empowered to call class meetings for the purpose of electing such class officers."

THAT KANSAS VOCABULARY.

KANSAS University—Results of research and investigation of the vocabulary of K. U. students and some of the best known modern writers were published in the Feb. 22 number of the "School and Society" magazine. Prof. Paul A. Witty and Lou LaBrant, assistant professor of education, authors of the article, show that students use meager vocabularies and that those used by modern writers are quite limited.

GRIDSTERS DRAW HEAVY WORKOUT AFTER LAYOFFS

Fundamentals Stressed in Wednesday Session; Young Shines.

ELY GETS ATTENTION

Second Practice Games Are Scheduled for Saturday Afternoon, 2:45.

Spring football practice looked more like the genuine article last night when fifty scarlet clad gridsters turned out for drill. The turnout, while not large, was appreciably better than that of the previous night, which found only twenty men in suits, a number which exceeded by only a few the coaching staff.

Fundamentals and more fundamentals, varied by a few fundamentals constituted the drill last night. At the start of the spring training period, Coach D. X. Bible promised the gridsters plenty of drill in blocking and tackling, and they are rapidly beginning to believe that Bible is a man of his word.

The backs spent their time last night in tackling each other, and blocking dummies. The broadside block practiced on the dummies took most of the time of the group. Louis Brown, quarterback on last year's freshman squad and letter winner at Creighton, and Red Young, varsity veteran, looked best on the blocking.

Stiff Workout.

The coach drove the backs through an unusually stiff workout last evening, apparently as a reward for the failure of a greater percentage of them to appear Tuesday evening. The drill was the first stiff one of the week, for practice time Monday was taken up by a chalk talk.

Instruction in the mysteries of taking men "out" or "in," a difference of great importance but unknown to the uninitiated, likewise took part of the time of ball toters in the afternoon's program. This, like the blocking, was done at fairly high speed under the prodding of Coach Bible.

Ely, freshman center last year and possible varsity candidate next fall, continued to acquire his share of attention from Bunny Oakes and Ed Weil last night. Coaches are striving to perfect his work as fast as possible. He and Felber Maasdam, who made a letter at the pivot post last year, will probably have the call on it next fall, according to present indications.

Fresh Drilled.

Freshmen tackles of last year likewise were drilled in the arts of their position last night. Guard candidates were made to move rapidly through their jobs, while the ends got a good workout as well.

According to an announcement made last night, games this Saturday will bring together the Bulldogs and the Panthers and the Bears and Tigers. The Tigers conquered the Bulldogs last week, while the Panthers won from the Bears. The games will start at 2:45.

K. U. SPRING FOOTBALL PRACTICE UNDER WAY

Thirty-four Prospects Out For Initial Drill Under Hargiss.

LAWRENCE, Kas.—Forty-four candidates answered Coach Bill Hargiss' call for the first spring football practice Monday afternoon at the University of Kansas. Numerous additions are expected to the group within the next few days.

Seven of the eighteen lettermen who will be available for next fall were out the first day. Four football lettermen who will not report this spring—Jim Bausch, Wichita, and Mutt Thornhill, Protection, are members of the track team; Paul Fisher, Pittsburg, and Charles Smeot, Bartlesville, Okl., are both members of the baseball squad.

Lettermen who reported yesterday are George Atkinson, all conference guard; Frank Bausch, center; Lee Davis, guard; Johnny Madison, halfback; Lee Page, halfback; Otto Rost, guard, and Nelson V. Sorem, tackle.

Thirty-four of last year's freshman squad also were out, many of whom had been getting practice under Line Coach Mike Getto.

The BIG SIX SHOOTER

One more instructor has qualified for the Students' Award to Rational Faculty Members.

Just what the award is no one knows, but it should be quite handsome. Anyway, this latest nomination had an examination duly scheduled for Friday. Yesterday in class he made the announcement that the examination would be postponed because there was an opera in Lincoln Thursday night, and because he believed that students should avail themselves of the opportunity to attend. Such a noble sentiment we can think of, regardless of our personal opinion on opera in general.

It is just about time to start worrying about our baseball team. Here it is the middle of March and the boys have not been outside this spring. Right now, they are not even practicing inside. This person Carmen is just about monopolizing the entire coliseum, and there is no room for baseball practice in there. Oklahoma, of course, has a big start on all the rest of the Big Six teams. Iowa State is so far along that Noel Workman has decided to give the team a layoff. Kansas, Kansas Aggies, and Missouri are keeping their practices more or less to themselves, but it is safe to assume that they are ahead of the Cornishers. Unless some one gets started pretty soon we might not have that baseball title back again, which would be regrettable, with the material there is in school.

Changing the location of the high school basketball tournament is being considered by the board of control because the meet this year was not as successful financially as it has been in the past. The following comment is not instigated by the Lincoln chamber of commerce, the Rotary club, the Kiwanis club, or any other similar organization. It seems to be a simple set of facts. Surely no one could expect the 1930 meet to be as big a drawing card as past tournaments when this one had only thirty-two teams entered while previous years saw entry lists numbering in the hundreds. It is doubtful if any place could be found that could take care of a tournament as easily as can the coliseum. The small thirty-two team bracket could be run off in a one floor gym, but it would eliminate the consolation play, which is really a valuable opportunity for teams from widely separated sections to meet. It doesn't appear that moving the tournament will bring in any more money.

LOYAL Y' AS MEMBER OF WORLD CHRISTIAN GROUP, WORKS TO SEND HOOVER TO CHINA TO AID DR. KOO.

(Continued from Page 1.)

and aid the organization work. His home will become a center of the Christian life or the community, and will be a meeting place for prominent leaders of the movement. At the end of four years he will return to the United States. It is probable that after a brief stay he will be returned to China, possibly with another man to aid in the task.

Dr. Koo Appeals.

The World Christian Student movement, of which Y. M. C. A. group is a member, is the organizer and encourager of the work in all countries. Directly after the World war, when everyone was in a generous mood, there were sixteen American secretaries doing work in China. By last summer, according to Dr. Koo, he had "only one and one-half men left." As a result he came to this country to appeal directly to the student leaders themselves.

England has one man in China now, Germany is sending one, and it is hoped that this country can send two, Mr. Hoover said. All the Y. M. C. A. workers are doing much to aid China, he stated. Of the Committee of Ten, the governing body of present day China, at Nanking, seven of the members are Christians, and four are former "Y" secretaries.

In the drive on the Nebraska campus, to raise the \$1,000 goal set, the work is being concentrated on the agricultural college campus this week. From the enthusiasm evinced by the students, it is the opinion of the leaders that little trouble will be had in the successful carrying out of the project.

Mr. Hoover, a member of Sigma Chi, has given brief talks at the Phi Kappa Psi house and the Beta house, in addition to his own. He plans other talks to fraternal groups during the next few days.

MILITARY PROPAGANDA?

UNIVERSITY OF MINNESOTA.—The charge that F. O. T. C. units and the organized reserves existed merely for propaganda values, was made by a member of congress, and discounted yesterday by Major John Hester, head of the military department of the university. Claims that the two military organizations existed merely to serve

Iowa State Ball Team To Get Spring Vacation

AMES, Ia., March 18—Diamond aspirants for the 1930 Iowa State College baseball team will be excused for spring vacation from Wednesday until Monday, according to Coach Louis Menze. The new Cyclone mentor believes his proteges are considerably ahead of other years in conditions, due to the favorable weather.

Pitchers were allowed to "cut loose" Saturday for the first time, when two teams engaged in a long scrimmage drill. Intensive practice will be resumed with the opening of school for the spring quarter, March 24. The first game is scheduled for April 18.

GIRLS' BASKET TEAMS SELECTED WEDNESDAY

Representative Squads of Three Classes Chosen From Tryouts.

Representative basketball teams for the freshman, sophomore and upperclass women were chosen Wednesday night from the tryouts held in the women's gymnasium. A topster tournament will be played between the class teams, starting Friday, March 21.

For the freshman team, Louise Redman and Pauline Yates are forwards, J. Barclay and Jane Robb, guards; Catherine Jensen, jumping center, and Eldora Rempfer, running center. Margaret Cook, Alice Jensen, Mazzone Babcock, and Geneva Grant are substitutes.

The sophomore team is composed of Mary Elizabeth Long and Grace Vlsnak, forwards; Adelaide Burr, Julia Simanek, guards; Victoria Glaffel, jumping center, and Helen McCoy, running center. Substitutes are Lila Wagner, Doris McCreary, Ruth Shellburn, and Marjorie Gass.

The upperclass team made up of junior and senior women, includes Helen Yowell and Katherine Cruise, forwards; Louise Cottier and Gertrude Chittendon, guards; Margaret Koerting, jumping center, and Florence Anderson, running center. Alice Buffett is the substitute.

The first game of the topster tournament will be played Friday, March 21, at 5 o'clock in the women's gymnasium between the freshmen and sophomores. The upperclassmen will meet the sophomores Monday, March 24, at 5 o'clock in the gymnasium. On Wednesday, March 26, the upperclass team will play the freshmen at 5 o'clock in the gymnasium.

as gigantic house organs and publicity members for the national government were made before the house of representatives in a minority report of the house subcommittee on appropriation for the war department.

The bi-annual pleas for money with which to equip and run the two subsidiary forces are worthy and should be recognized, Major Hester said yesterday.

"Congress realized the need for a national defense act, with the result that it was created in 1916. They were particularly in favor of having reserve training corps established in land grant colleges from which to draw their officers for the main military units," he said.

"I know of no other place where they could get men of a higher mentality and a better general

Nebraska used to be called "Missouri country on the Platte river."
