Clair Sloan found Fisher too much competition and dropped three points to his opponent.

Jensen with a 77 took Davison for two out of three points to add to the Phi Sig total.

Strayer blanked Woods in the second four-hole and collected three points for the Phi Kappa Phi.

Without the points that might accrue from the contest between Leuser and Davey the score stood 5 to 4 in favor of the Phi Sig.

On the sixteenth tee Leuser was two down, and had Davey won one of the last three holes the Phi Kappa Phi would have been the victors.

The Phi Sig's triumph entitles them to meet Sigma Chi's golfers in a final encounter to decide first and second places in the interfraternity sport.

TEKES FIGHT WAY TO GREEK BALL FINALS

Bailmen Will Clash With Delta Sigs Today for Championship.

Tau Kappa Epsilon's baseball team meets Delta Sigma Phi this afternoon on the drill field at 5 o'clock.

The interfraternity championship of the university is at stake. At the same time, Theta Xi and Alpha Sigma Phi will play to decide the winners of third and fourth places.

Tau Kappa Epsilon won its way into the finals by earning the highest percentage in the preliminary league and by beating Delta Tau Delta and Alpha Sigma Phi in the elimination tournament between league winners.

Alpha Sigma Phi, Delta Sigma Phi and Theta Xi drew byes in the first round and did not play until Wednesday.

A milestone of Telephone progress

This marker is used to show the position of a new type of underground cable line. It is also a monument to the Bell System policy of constantly improving established methods and developing new ones.

For years underground telephone cables have been laid in hollow duct lines especially constructed for the purpose. By this newly developed supplementary method they can be buried directly in the ground without conduit—and, under many conditions, at a saving of time and money.

To do this it was necessary to develop a new type of cable, many kinds of special equipment including labor-saving installation machinery, and to work out an entirely new installation procedure.

Progress means change. The Bell System holds no procedure so sacred that it is not open to improvement.
