HUSKERS WELCOME

at Missouri-Pacific Depot Friday Afternoon.

The Texas Aggie delegation was given a big welcome Friday afternoon at 3:55 when the Nebraska student body, headed by the Innocents, Corn Cobs and R. O. T. C. and the way things look, Nebraska met them at the Missouric breaks passing attack isn't all it.

Immediately upon leaving the train the Aggie team and band fell in line behind the Innocents to the tune of the Texas Aggie song, played by the Nebraska band, and began the march up town. Following the Texas team came the Nebraska band and a long line of cars bearing the Nebraska student body.

DUNTING was fair, thirty-eight yards being the average for the eleven kicks Nebraska tried. Row-ley and Young were getting off some nice kicks but were not quite consistent enough.

Young had the stands worried several times when he kicked. He holds the ball in one hand and waves the other in the air while

Ten gallon hats and fancy boots, said to be characteristic of the Maybe it's a Lone Star state, were in evidence to get ready for the catch.

within the Texas delegation.

The parade disbanded at 16 and R from where the Aggles were transported on a tour of Lincoln by a number of Nebraska students.

Two Alumni Visit at

Alumni who visited the college of engineering this past week were: Fred J. Wehmer, chem.e. '26, now associated with the Philadelphia Rubber works, Akron, O. and Lester L. Shields, arch. e. '27, estimator and architect for the Geer Construction company

The Nebraska team clearly outyarded their opponents during the first half but seemed to lack the Engineering College necessary punch when they were

within scoring distance. Penalties also played their part in stopping the Husker scoring machine. Penalties are responsible for losing plenty of ball games, as you will remember from the Pittsburgh fracas last year.

THIS MAN PAUL, who hails

the greatest individual feats in and then see them come up and Nebraska history when he pull the same play on your team marched to the first Nebraska that you coached them in.

Texans Given Big Reception at Missouri-Pacific Pacific Pacific

It took him four downs to fi-nally go over the chalk line but go over he did. Silent prayers for his success were probably being of-fered on the final try.

NCIDENTALLY, the flags are all up-or they were up Satur-day. This must be taken as a victory and we are hurrying to take cognizance of the fact while it is still fresh in our minds.

You never can tell what will happen, 'cause they may never put 'em up again. But it must be called a victory for "The Benchand that's all there is to it.

WHEN the Aggies pulled one of their forward passes in the dying moments of the first half, one of the A. & M. boys was quite jubilant about its success.

"Bible ought to remember that. It's his play," was his statement. It must be a queer feeling to have been coach in another school

Rowley gave him a short that fed you but it's coming pretty

To Talk at Meeting

Dr. B. L. Hoope, chairman of the prosthetic department of the college of dentistry, will speak on "That Important Stepping tSone to Success; Esthetics" at the first fall meeting of the Lincoln District Dental society at the Lincoln hotel Monday evening. Dr. Hooper read this paper at the annual meeting of the American Dental associa-tion in Denver last summer.
