**SCHOOL OF DRAMATICS HOLDS GET-TOGETHER**

**Assembly Sees Players in Shakespeare Burlesque, Play, Readings.**

The first departmental meeting of the dramatic department was held Tuesday night at the Temple Theater. This was the first of a series of get-together meetings to be held by the department during the coming year.

A nonsense Shakespearean sketch, "As You Like It," a burlesque on several plays done in typical Shakespearean language, was presented by the Junior Players class.

Every class in the department was represented, the Fine-Arts 191 by William Walker and James Roberts and the Fine-Arts 51 by Jane Wickersham, Byrl Klahn, and William Eddy. The Junior Players class also presented the banquet scene from Macbeth.

Arthur Sogley, Fine Arts 53, read "The Musicians," and Alice Widman played several piano selections.

The program closed with the play, "Judge Lynch," presented by the Senior Players class. Nora Osborn played the Mother, DeLellis Schramek, the daughter, Paul Thompson, Ed, and Dick Page took the part of the traveler.

The department will probably hold three or four of these meetings. Herb Yenne, instructor, said, "We would like to have one of these meetings every month. Every class, Freshman, Sophomore, Junior, and Senior will have a special night. The meeting Tuesday night was very well attended and was a great success."

**THREE ROUTES OPEN ON K. U. AUTO TRIP**

Only One Is Surfaced All Way to Lawrence; Is 208 Miles.

Nebraskans who plan to drive to Lawrence for the game with Kansas this week have their choice of three highway routes.

The first route is to take trail 11 or trail 24 from Lincoln to Nebraska City; take trail 11 by way of Union and the route will be two miles shorter, gravelled roads all of the way; continue south on paving out of Nebraska City and then you will have gravel to Auburn, Falls City and Hiawatha—130 miles from Lincoln. From north of Hiawatha, intersection of trail 36, turn right on gravel to intersection of trail 75, then south to Topeka. Hiawatha to Topeka is approximately 70 miles. Topeka to Lawrence, paved route, twenty-six miles. Total mileage—226 miles.

The second route is eighteen miles shorter but has five miles of dirt road. Trail 11 or Trail 24 to Nebraska City, then south on Trail 73 to Hiawatha, to Horton. From there follow trail 73 east to Lancaster and then back to trail 73 west, dirt for five miles just north of Cumming, then paved to Lawrence via Oskaloosa. This mileage is 208 miles from Lincoln.

The third route has a great deal of dirt road and should not be travelled if the roads are muddy. Take trail 77 south into Kansas, dirt from the Kansas line to Riley, then gravelled to intersection of trail 40. There is a small detour just west of present paving west of Topeka. Total mileage over this route is 241 miles.

**STUDENTS NEED REST ON TRAIN**

CHICAGO newspaper men who went along hoping to get some scandal came out on their return with articles that there was nothing to the published stories that college students held pajama parades down the aisles of the pullmans.

"Our only regulation concerning driving to out of town games in automobiles is one affecting the women. Chaperons acceptable to the Dean of Women's office are required for the girls driving in cars and the time of their departure and that of their return is checked. Women who go to out of town games by train or automobile are required to register at the Dean of Women's office. For the train trip they are given two passes, one which is collected on the trip down, the other on the way back."

**PHYS ED DEPARTMENT WILL TEACH DANCING**

Free instruction in social dancing for students of the university will be offered at the Armory on Saturday, Nov. 8, by the social committee of the university Y. W. C. A. which is sponsored by the women's physical education department.

This is the beginning of a term of six free lessons to be held every Saturday night from 7:30 to 8:30 to assist any students who have done no social dancing or those who are in need of instructions.

The committee which is being coached by Harriet Reager in the methods of teaching will offer individual instruction as far as possible. This is to conform to the method employed in professional schools.

Every one interested in learning or improving upon their dancing are urged to make use of this unusual opportunity.

**They shut the door on hybrid styles**

Quantity production of equipment has long been practiced by the telephone industry. Telephone designers years ago shut the door on many hybrid styles—seeking first to work out instruments which could best transmit the voice, then making these few types in great quantities.  
This standardization made possible concentrated study of manufacturing processes, and steady improvement of them. For example, the production of 15,000,000 switchboard lamps a year, all of one type, led to the development of a highly special machine which does in a few minutes what once took an hour.  
Manufacturing engineers, with their earl start in applying these ideas, have been able to develop methods which in many cases have become industrial models. *The opportunity is there.*
