NNOUNCEMENT

NCE IN A DECADE comes a picture that is so strikingly unusual, so absorbing and with a theme so universal in its appeal—a picture so masterfully produced and acted, holding the spectator's interest at the highest pitch, that all classes, critics-every man, woman and child-who see it instinctively acclaim it GREAT!

Such a picture we are privileged to present to Lincoln starting today-a production whose gay, sophisticated human comedy of every-day life recently swept a large preview audience to unparalleled heights of

Thousands of Indian Children Enroll in Schools of Country

WASHINGTON - September marked the opening of school and with it came the enrollment of 71,-000 Indian children throughout the United States. Of this number 38,000 are in pub-

lic schools along with the general run of normal children, the remainder being educated at gov-ernment schools located on the various reservations, and at missions and private institutions in the country.

Approximately 5,600 children are living at their homes and attending government day schools on the reservations. These schools are largely for smaller children and constitute the first step in the education of the Indian child. The boarding school is the next step, where at the expense of the fed-

I "M. A." as well as the man who's making the team - the fellow whose foot-work is from class to class as well as the bright boy who can foot it io 10 seconds flat - any one or all of them stand a good chance of having that ringworm infection commonly known as "Athlete's Foot." In fact, 50% of the men in universities as widely separated as those of Pennsylvania and California have caught it, according to authoritative reports. "At least half of all adults suffer from it at some time," according to the U.S. Public Health Service.

The symptoms vary, but all are traceable to one germ, tinea trichophyton by name. Sometimes it starts with redness between the toes and i-t-c-h-i-n-g. Again, tiny blisters appear; or it may show itself in a thick, moist skin condition; or dryness with little scales.

It lurks in the very places

In spite of modern sanitation (you have to boil socks 15 minutes to kill it) this fungus parasite infects and re-infects bare feet almost any time they come in contact with damp floors.

> Absorbine Jr. kills the germ of "ATHLETE'S FOOT"

Tests in a famous New York "lab" have revealed that Absorbine Jr. penetrates fleshlike tissues deeply and that wherever it penetrates, it KILLS the ringworm germ.

It might not be a bad idea to examine your feet tonight. At the first signs of the symptoms mentioned, douse on Absorbine Jr. And keep a bottle handy in your locker as a preventive.
