BIG SIX SCHOOLS ARRANGE ANNUAL FRESHMAN MEET

Coaches Groom Yearlings For Telegraphic Competition.

RACES TO BEGIN MONDAY

Two Weeks Will Be Devoted To Individuals and Relay Events.

The Big Six freshman telebe run off starting next Monday and lasting two weeks, with the first year track material at the University of Nebraska taking advantage of their only opportunity to compare their efforts with those of freshmen of other Big Six

This meet is unique in that the men competing are running against each other the they may be a few hundred miles apart, and may compete several days apart; for each team competes at home, on any day of the prescribed week, and the marks are telegraphed in to central headquarters, and the results announced there. Compar-ative times and distances, not direct competition, determine the

Relays to Come First. frack fans are familiar, the meet features relay competition in the field events, usually regarded as individual competition. So the performances of four men in the field to Nebraska. track fans are familiar, the meet events are compared to those of four men from other schools, and the rating of this four man team given out. In this way, a fresh-man athlete who might otherwise man athlete who might otherwise word home. State Farm Poultry Will Include Ostriches As Soon As California Eggs Hatch In Nebraska Incubator

BY GEORGE ROUND

"Now ladies and gentlemen, it will only cost you a dime for a ride around the block on this beautiful looking bird. You may think it is fun to ride in an Austin but hiecoughing doesn't affect this bird at all. He is only an ostrich." Jack Redditt. poultry extension agent at the agricultural college, will probably be shouting to the cold, cold world about a year from now.

birth.

poultry department. He says it

Hopes for Half.

Redditt hopes that 50 percent of the eggs will hatch out. If so he will be satisfied. The young birds

are quite delicate and require considerable care while the more ma-

ture birds can live most anywhere. Asked what he would feed the

some green feeds soon after

If the venture is successful, Redditt believes the birds would

make an added attraction for the

1932 Farmer's fair on the agricul-

tural college campus. Then he may

turn the birds over to Antelope park. Or perhaps they will be
