

CAST LISTED FOR PLAY TO BE GIVEN TOMORROW NIGHT

Alice Howell Takes Lead
As Uni Players Repeat
Ballard Comedy.

Many Members of Original
Cast Present; Play to Be
Given at Temple.

Miss H. Alice Howell, director of the University Players, heads the cast announced today for the special showing of "Ladies of the Jury," three-act comedy by Fred Ballard, which will be given at 8 o'clock Wednesday evening at the Temple theater. Many of the members of the original cast which presented the play last February are taking part in the production which is being presented tomorrow evening especially for summer students at the University of Nebraska.

The part of Mrs. Livingston Baldwin Crane, which Miss Howell will take is that originally played by Mrs. Fiske, the Chicago actress for whom the play was written. Theodore Diers again will play the part of Judge Fish who presides at the trial. Miss DeLellis Shramek of David City and Miss Mildred Bickley of Omaha are returning to Lincoln to take their parts as members of the jury.

Among those selected as members of the cast for the special showing are Miss Mary Katharine Throop, 2510 South Twenty-fourth street, who takes the part of the southern bride who was chosen for jury duty, and Miss Dorothy Zimmer, 2424 Bradford, as Mrs. Gordon, who is on trial for the murder of her husband.

The cast:
Mrs. Livingston Baldwin Crane,
H. Alice Howell,
Lily Pratt, Mildred Bickley,
Mayme Mixer, DeLellis Shramek,
Cynthia Tate, Pauline Gellatly,
Mrs. Dace, Mary Katharine Throop.

Mrs. McQuire, Nora Osborn,
Mrs. Gordon, Dorothy Zimmer,
Evelyn Snow, Charlotte Wells,
Susanne, Maxine McNess,
Jay J. Pressley, Thad Cone,
Spencer B. Dazey, Cloud Smith,
Tony Theodolphus, Ralph Ireland.

Steve Brown, Lee Bennett,
Andrew MacKaig, Jere Mickel,
Alonzo, Herbert Yenne,
Judge Fish, Theodore Diers,
Halsey Van Stye, Herbert Yenne,
Rutherford Dale, Jere Mickel,
Dr. James Jospoudi Natale,
Bill Dobbs, Roland Martin,
Clerk of the court, Glenn Turner.

BERKELEY.—Military training will be continued at the University of California, the board of regents announced recently. The training is not solely to prepare for national emergencies, it was stated, but is also preparation for citizenship and to develop leadership.

It was pointed out that being a land grant university, congress requires that all University of California students "shall receive instruction and discipline in military tactics."

Nightgowns Unpopular as Members Of Jury Choose Sleeping Apparel

What kind of sleeping apparel should one wear in a jury room, in which thirteen men and women are locked for three days and nights?

A pale cornflower blue negligee fashioned of shimmering lustrous satin and trimmed in blue maribou may sound a bit gaudy—but when worn by a smart looking society matron it strikes the fancy of the tired business man.

Pink satin lounging pajamas trimmed in ecru lace were the choice of a pretty southern bride while another young thing chose a

Takes Lead

Prof. H. Alice Howell.

Miss H. Alice Howell, director of the University Players, who will take the lead as a wealthy matron the three-act comedy, "Ladies of the Jury," which will be presented by the dramatic department at 8 o'clock Wednesday evening in the Temple theater.

LAZERTE TO DISCUSS CANADIAN SYSTEMS

Visiting Professor to Speak
At 9 O'clock Convocation
Wednesday Morning.

M. E. Lazerte, professor of educational psychology at the University of Edmonton, Canada, will talk on "The Canadian Educational System" at a university convocation Wednesday morning at 9 o'clock in the auditorium of Social Sciences building.

A discussion of educational methods and administrative system as compared with those in Nebraska and thruout the country will be made by the Canadian professor. Professor Lazerte is conducting classes in the psychology of elementary school subjects here during the summer session.

MONTANA COLLEGE PROFESSOR LAUDS UNIVERSITY STOCK

After paying the college of agriculture a visit during the past week, Prof. Louis Vinke, head of the animal husbandry department in the Montana agricultural college, complimented the University of Nebraska on the livestock located at the college.

Vinke spent some time viewing the cattle, hogs, sheep and horses during his visit to the college. He was particularly interested in the draft horses which he said were very good.

FACULTY LIBRARIAN GOES TO NEW POST

Miss Mabel Harris, for eleven years librarian at Teachers' college, leaves September 1 to become associate librarian of Connecticut College for Women, New London, Conn.

SWIMMING POOL PLAN APPROVED BY ACTION BOARD OF REGENTS

Pool Will Be Paid For by
One Dollar Assessment
Each Semester.

Cost Estimated at \$35,000;
Will Be Placed Under
Coliseum Stage.

University of Nebraska students will have their own swimming pool this fall and will pay as they swim. This move was assured by action of the board of regents today when they approved an increase of the student health fee from one dollar to two dollars per semester, effective next fall. The increased revenue will be used to pay for the pool.

The added charge will bring in an annual income of about \$12,000 per year, it is estimated by University officials, which will enable the student body to pay for the pool within three years, action of the board having placed the cost not to exceed \$35,000. The completed pool will be comparable with the pools found in other middle western universities, state those familiar with the scheme.

The 50 foot by 115 foot room in the basement of the coliseum, directly beneath the large stage, will be used for the pool, original coliseum plans having called for that improvement at some time in the future. The pool itself will be 35 feet by 75 feet, with a water level ranging from 10 feet at the west end to three and one-half feet at the east end. A runway, eleven inches above the surface of the water, will extend entirely around the pool. At the north side and at the west end this walk will be five feet wide, while at the south and east sides there will be room for bleachers. A tower and diving board will be erected at the west end, or deep end, of the pool. There will be a clearance of 20 feet between the ceiling and the water level, according to present plans.

The pool itself and the floor area will be surfaced thruout with tile, according to the plans. The water will be kept circulating continuously thru filters, in accordance with modern pool construction. Provision will also be made for heating the water.

The existing men's locker room and showers in the building will be utilized for the pool, while an entirely new set of locker rooms and showers for women will be developed in the northeast corner of the basement. Physical education heads at the University have expressed their approval of the proposed pool, which will fill a much expressed need for the student body as well as providing swimming facilities on the campus. In the past swimming instruction has been given in a downtown pool.

Actual construction work will be started as soon as detailed plans are completed and contracts let. It is hoped to have the pool ready for use during the first semester.

Pallbearing Proves Profitable Job to Students in School

CHICAGO.—The college man going into business has learned from the bottom, if such jobs as window washing, acting as chauffeurs and policemen, and dishwashing can be designated as starting points on the road to millions.

This was revealed in a survey made by the vocational guidance bureau of the University of Chicago which during the past year obtained employment for some 800 students on the campus. One of the most profitable jobs, the men students discovered, was that of being a pallbearer. A good funeral, one that had to go to some outlying cemetery, invariably paid \$5. The average woman received from 60 cents to \$1 per hour, whereas the average man seldom got more than 50 cents an hour.

Tickets for Wednesday Comedy on Sale Today

Tickets for the three-act comedy, "Ladies of the Jury," to be given by the University Players Wednesday evening at 8 o'clock in the Temple theater, will be sold in the first floor corridor of Teachers college all day Tuesday and Wednesday by members of the student executive committee.

FUN FROLIC WILL BE AT COLISEUM FRIDAY

Committee Again Able to Get
Large Floor for Student
Mixer-Dance.

Varying the recreational program from picnics to dancing again, the Student Executive committee has scheduled another all-university mixer, to be held Friday evening in the university coliseum. The affair will begin at 9 o'clock with the summer student orchestra furnishing the music. A new program of entertainment, under the direction of Wendell Dodd, will be given during intermission.

This session marks the first instance in summer school history where the coliseum has been used for student dances. In past years the armory has always been the scene of such parties. This term, as an experiment, the Student Executive committee obtained use of the coliseum. At the two functions which have been held there the attendance has merited its use for the coming week-end's party. Highly suitable is the coliseum for such affairs. Not only has its ventilating system kept the temperature at a comfortable level, but also the floor space has made dancing enjoyable. The committee reports that it hopes for the con-

SCHOLARSHIP FUND TO BE ESTABLISHED BY SUMMER PLAYS

The scholarship fund for students in the dramatics department which will be established from the proceeds of the special showing of "Ladies of the Jury" Wednesday evening will be a permanent fund and will be increased each year, according to plans suggested by the student executive committee and members of the University Players.

Such a fund would aid students specializing in dramatics and the University Players have indicated their willingness to donate a special showing each summer in order that the plan may be made possible.

In the play tomorrow evening, the rent of the theater, equipment and time of those taking part will be donated. At the request of Fred Ballard, author and Nebraska graduate, the publishing company will also donate the royalty to the new fund.

Tickets are being sold for 35 cents, plus any additional amount that the individual may wish to give toward the scholarship fund.

Bancroft Teachers Have Pupils Who Don't Want to Go Home After School

"Children, please go home now." Yes, it was actually a teacher coaxing her children to go home an hour after dismissal. Mars? No, it all took place over at Bancroft school. No wonder! They are doing such exciting things as building airplanes and preparing to broadcast.

The pupils in the third grade for the summer session with their teacher, Miss Mildred Honan, critic teacher, teachers college, Kansas City, Mo., are going to tell about their study of transportation over KFAB Thursday, July 16, between 9:30 and 10:00.

It all started with a visit to the airport and another to the radio station. Now their room shows a plane under construction and is decorated with posters showing transportation by air, land, and

UNIVERSITY TO FOLLOW RETRENCHMENT POLICY FOR NEXT TWO YEARS

Five Percent Cut Forces
Many Changes; Grads and
Instructors Hit.

New Budget Is \$3,692,298;
Chairmanships Cannot
Be Filled.

Owing to the recent 5 per cent cut in maintenance appropriations, the University of Nebraska has embarked upon a policy of retrenchment for the next two years, it was announced Friday by Chancellor E. A. Burnett following a meeting of the board of regents. Adoption of a budget for the coming year was one item of business on the board docket.

Under the approved budget, the total maintenance expense of the University of Nebraska for 1931-32 will be \$3,692,298.65. Of this total, \$2,093,209.67 will come from taxation sources, \$1,304,113.53 from cash funds, and \$294,975.45 from federal funds.

It has been decided, the chancellor announced, owing to the shortage of money, to engage no chairman for the department of bacteriology and pathology, this work being placed for the next year under the direction of the chairman of the department of zoology. Similarly, no one will be engaged at present to take the chairmanship of the department of classics, this being placed under the chairman of the department of history. Prof. C. H. Oldfather, chairman of the department of history, will be acting chairman of the department of classics, and Prof. R. H. Wolcott, chairman of the department of zoology, will be acting chairman of the department of bacteriology.

For an important position on the law faculty a young man two years out of Law College has been engaged, he stated, although the securing of a well known teacher for this work was contemplated some time ago. The salary asked was entirely prohibitive in view of the financial situation. No new instructors are being engaged to take care of the overload in several departments, and it will be found necessary next year to dispense with the services of some of those now engaged, the chancellor announced. All such will be given a year's notice, since it is now too late in the year to make other arrangements.

Other retrenchments as announced by Chancellor Burnett include:

Elimination for the biennium of all betterment of equipment in various departments of the University.

Elimination of all possible graduate assistants.

Elimination of all betterments

(Continued on Page 2.)

water; travel booklets; historical charts of Indian, pioneer, and modern modes of travel; art hangings with ship designs, and many other fascinating things. Another interesting part of their study was the tracing of the route of the Winnie Mae as revealed in their Current Events.

In her reply to letters which the children wrote telling of their work, Miss Clara Wilson told of her classes in California. She mentioned especially a Chinese theater which they have there and sent the third graders a program printed in that language.

Of course these folks are really studying the usual third grade subjects, but they are so cleverly correlated around the general topic of transportation, they are learning many other things, too, and are enjoying it.
