day is the deadline for skits.

Announcement of the show and a call for skits and workers was made in The Daily Nebraskan a few days ago, Since that time several fraternity-sorority combinations have been formed for acts in the show and in some cases, work has actually been begun.

Either organizations or individ-uals may have acts in the show, length of time ranging all the way from five to fifteen minutes. Office hours of 2 to 5 o'clock every afternoon are being maintained in the club rooms, in the Annex build-ing, and anyone wishing to enter a skit for consideration will be able to do so during those hours.

Must Enter Skits at Once. It is imperative, according to club members, that all skits be entered within the next few days. A deadline for acceptance of them has been set for Tuesday, Oct. 13, at 5 o'clock. The club feels that enough time is being given in the days before the deadline for all who want to enter skits, so that none will be accepted after the deadline.

Anything of an entertaining nature will be accepted for the show. There will necessarily be several 'long" acts running from ten to (Continued on Page 2.)
