## Something Original Wanted.

Homecoming is almost the next order of things. Plans for a big Homecoming party are groups are preparing for the annual house decorative competition. Most houses, in past years, have done decorating of some form or other on this occasion, hoping that perchance they may receive the distinction of a first prize.

Here is another of those timely events which campus. On October 24 it is hoped that every fraternal order will appear in special Homecoming dress. There is no cash prize: the advertising is of some value; but best of all, it shows that students are really interested in some of Nebraska's traditions.

"Look here!" someone pops up. "The Daily Nebraskan is campaigning against decorations. Why encourage such things!

True, this newspaper has dedicated itself strenuously against the practice of going into extravagant dress up. Much editorial yardage has been addressed to the students appealing to them for a cut on social expenditures. Whether anything comes from it is hard to determine, but it must be admitted that an effort has been made to bend the mass of student TO THE EDITOR thot to one thing: Cut down on non-essentials so that we can remain here to enjoy the Mail" of Oct. 9. containing the ravings of worthy.

ever, is not true at least in the majority of cases. A student recognizes the fact that he is in school for a purpose; he realizes en examination grade at least represents tangible evidence of his knowledge of the course, and naturally he desires that grade to be as creditible as possible.

tributed; there is an exam on the outside to the affair. reading assignment for the day which Joe has neglected to look up. Joesephine on his right. on the contrary, spent an hour in the library yesterday afternoon. Josephine writes a large Humphrey. Miss Munshaw has reand very legible hand, and Joe's eyes have a tendency to wander much to Josephine's displeasure, which however she hesitates to show for fear of being thought a "scoofer" or a 'wet blanket'' or some such unpleasant sort of "low life.

How much better an intensive campaign for an honor system; a campaign for the support of the entire student body even as that of football tickets and University Players!

The above mentioned scene might then be re-enacted: Joe arrives at an eight o'clock; paper is distributed; there is to be an examination over an outside reading assignment. But Joe just laughs and laughs because he studied in the library too!

### Some Worthy Ideas To Further Party Campaign.

ALBERT LUCKE An unsigned letter to the editor sets forth seven vital points which would aid in cutting the high cost of entertainment. They are astounding revelations and had the writer given his name, we could and would have pub-lished the could and would have published the entire letter. Here are the points as outlined:

Combine all fraternities into one:

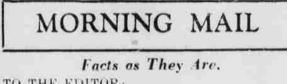

Hold all parties in barns or on street corners

Bring guests to the spot in street cars. 35 Use a portable phonograph to furnish coln; Ro Second Omana;

music 5. Serve lollypops for refreshments. (The sticks make useful as well as inexpensive favors.

6. Begin at five and close at seven. (Saves light bill.)

7. Use four-inch lengths of hemp smokes.

They should go to that organiza- if J. H. can show us an orchestra of the calibre tion which displays the greatest amount of that we have been using, for that price, we initiative and ingenuity, combined with the will be only too glad to pay him a commission least cost.

Maybe the reason there are no reports of violations of the rushing rules is because fraternities have found it is too expensive to tell on each other.

### **Combatting Student** Disregard of Honor System.

During years past, consecutively and unfailingly there has been raised annually some agitation concerning the honor system at the University of Nebraska, Some of the hue and cry has been scathing, derogatory, ironic, and depreciating in general tone the absense of the honor system within the walls of the institution.

Irate processors have expounded on the noticeable dearth of honesty and honor among university students especially during written examinations. There has been a good deal of enfuriated and emblazoned copy written by proponents of an experiment of the plan.

And now we blend our voice with those of the former standard bearers of the cause, and say in effest, "On with the honor system ; may it scale the battlements of carlessness, negligence, indolence, and incomplete preparation and gain the eastle of honesty situated on the summit of the hill of exclusive personal attainment."

It has long been the practice of a good many professors on the campus to combat this stutwo separate sets of questions for odd and the old rules. even numbered seats. It has been the experience of every student at some time in his plied to the recklessness of student driving by career to be sitting in an odd numbered seat members of that public which watches the acwhen the even numbered questions are such tivities of university students with hawklike that he could easily answer and do credit to activity. Students are the more spectacular himself; whereas the odd questions he can in all they do merely because they are students. answer only in a mediocre and hazy manner. at the beginning of the year. If he doubts this The time has come for something original in statement the council feels sure that our good

of at least \$20. From the tone of the letter written by J. H he seems to assume that the only costs is the decorations and the orchestra. Did he intentionally forget the advertising, punch, electrician fees, cost of using university trucks, and several other items? It might surprise him to learn that the university charges the

Barb council \$50.00 plus janitor fees every time the coliseum is used to put on a party. Let J. H. take that burden off the parties if he wishes to see lower prices!

The Barb council has attempted to give parties on Friday and we find that the attendance is less than on Saturday. This can be verified by the records at the finance office. J. H. asks what the council does with the money that is taken in on the parties, Perhaps he would be vastly interested to know that with the small surplus the council has, it sends flowers every week to the infirmary. J. H. might also be interested to know that the council itself never so much as sees the money it takes in on these parties. It is all handled by the finance office.

THE BARB COUNCIL.

## **Bowing** to Conditions.

NEWSPAPER TALK
