The University Player expedition to Pawnee City to present to the residents of Pawnee county "Broadway's Theatre hour, a feature never before presented at any county fair or state fair in the west," was a huge success, according to members of "Broken Dishes" cast.

Going back almost to Greek times. University Players presented their "Broadway" produc-o-tion on a stage constructed of star of University Player producplanks and sawhorses. This somewhat precarious affair was situated inside the race track, and the audience watched from a distance turning from Pawnee City in an of about sixty feet in the grand

stand across the race track. Preceded by bicycle riders, trapeze experts, clown acts, dog races. and army exhibitions, the Players were favorably received, other attractions no withstanding. Scenery" was procured from the which had the scenes constructed many (?) ago. Loud speakers conveyed the delicate intonations of the voices of the actors across

the sixty feet mentioned above.

Members of the cast report a enjoyable time with but slight indispositions due to a great quantity of "hot dogs" consumed at the suggestion of W. Zolley Lerner, assistant manager and

"I regret that Mr. Von Seggern is caused to withdraw from the university and his editorial post because of ill health. He has been doing splendid work. I strongly favor his policy of eco-nomy advocated through the edi-torial columns of The Daily Nebraskan. The university has al-ways endorsed minimized school expenses for the individual student since curtailing the costs to the

"In my conversations with Mr. Von Seggern, he has expressed as sound and beneficial to the student body. Had he continued in his position as editor, I believe he would have accomplished many projects which would have been wholesome to the student body and others vitally interested in the welfare of the university.

Commends Editorial Policy. Professor Walker, accepting Von Seggern's resignation, commented as follows

"I am deeply grieved by the resignation of Mr. Von Seggern, enforced by ill health. In his campaign for financial retrenchment among students of the University of Nebraska he has been performing in my judgment, a real service to the taxpayers of the state. Believing that his departure involves a distinct loss to The Daily Nebraskan, I accept his resignation for the student publication board only with the greatest of regret."

Von Seggern plans to live this winter in San Diego, Calif. He stated that altho his plans for continuing his education were indefinite, he eventually wanted to obtain his degree and that if possible he would re-enter the University of Nebraska at some future date.
