The Nebraska Sweetheart of last year who was to reign at this year's show, Miss Audrey Gregory, a law student, resigned her posi-tion when the candidate for Sweetheart from the law school, Miss Imogene Steinmeier, was disquali-fied because of the eligibility rule passed by the Klub. In spite of these facts and the dispute over the validity of the Kosmet ruling, the Laws asked everyone to forget the contest in favor of the successful supporting of the show. When the senate committee

meets next week, therefore, its decision will not affect the Sweetheart elected this year. It will just merely decide whether the rule can stand as an eligibility requirement in the conduct of future elections for Nebraska Sweetheart.

(Continued from Page 1.) been disappointed because they

cannot secure second sittings for their Cornhusker pictures," Detrick explained. He pointed out that although

this harms the junior and senior and fraternity and sorority sections, in that the pictures are not as good, the greatest dissatisfaction is on the part of the students because they do not get as good a picture as they would like to have in the Cornhusker.

"This also causes confusion and hurry on the part of the staff in getting the pictures in to the en-gravers. It throws the whole section off somewhat, as the engravers are unable to give as much attention to the mountings when they are delayed.

No Extension.

"This yearly situation has always brought forth many appeals for an extension of time by the students late, but this year their pleadings will not be heard. The Cornhusker staff does not intend to extend the time because it is an unnecessary gesture that is a great inconvenience to them. Fair warning has been given the students—it is up to them to heed it." Detrick said.

The editor stated that the cost of production of the book is going to be higher this year because o added sections of pictures, which makes it necessary for them to get the pictures in in time to get the discount from the engravers.
