PRICE FIVE CENTS

## HUSKERS LOSE TO JAYHAWKS

### LOAN COMMITTEE MEETS TUESDAY; FUND IS RAISED

Regents Authorize Student Loan Fund Increase Of \$6,400.

### SENIORS TO BE HELPED

Slade Estate Contribution Will Be Used to Aid Worthy Pupils.

That as many worthy seniors as possible should be assisted to complete their university work was the feeling expressed by members of the University of Nebraska student loan committee at their meeting Tuesday afternoon. The committee received authorization Tuesday from the board of regents to use for student loan purposes the \$6,400 recently received from the Slade estate.

"This addition of \$6,400 to our student loan funds is very welcome at this time," declared Mr. L. E. Gunderson, finance secretary of the board of regents and a member of the loan committee. Other members of the committee are Prof. Roy E. Cochran, chairman; and Prof. Clark E. Mickey, vice chairman.

Committee members are confronted with the problem of assisting the greatest possible number of students and still leave funds for future assistance. The majority of the loans are made so as to be repaid within two years after graduation, so that considerable money is constantly outstanding in the form of student loans. Thirty-one loans of from \$100 to \$200 have been made so far this year.

"It should be remembered," said one committee member, "that the money under the control of the student loan committee is not a part of the regular university fund. These loan funds are composed of monies donated by friends of the university for specific purposes and to be held in trust by the board of regents for administration."

It was further explained that most of the funds donated are restricted to certain purposes, such as being confined to loans to students enrolled in certain colleges or to students who have obtained certain honors or have certain specified qualifications. Some are restricted to the use of the interest only for student loans, while in the case of other funds the principal as well as the interest may be used for loan purposes.

### UNIVERSITY USES TWENTY-TWO MEN TO REMOVE SNOW

Many of Lincoln's unemployed were given work for a few days cleaning off streets after the heavy snowfalls of the last couple of weeks. The university alone put on ten extra men to clean off sidewalks on the city and ag campus. Most of these men were working yesterday cleaning the curbs so water could run freely. The university also employs about twelve regular men who worked on the snow crew making a total of twenty-two men cleaning snow during the last two weeks.

### Men Students Exclaim 'What the Heck' as They Sign Up for Home Economics Course in Housekeeping

By GEORGE ROUND.

"Say, what the heck do we learn in this home economics course, anyhow?"

"Well, it seems like the rest of the boys who have taken the subject have found out a lot they didn't know about child development, nutrition, and the responsibilities they will have in the future home."

Such is the general run of conversation among men students in the University of Nebraska who have registered for the home economics course for men which is offered on the college of agriculture campus the second semester. It will be the third time it has been given.

It is hard to imagine some of the more prominent Nebraska men students thinking about future married life but if they are registered in the home economics course they are going to learn all about it from the ground up. Imagine some of the lounge lizards discussing child care and home furnishings. Titter, titter, won't it be fun?

### Man's Viewpoint.

The course deals with problems of the home from the man's standpoint. Only junior and senior men in the University of Nebraska are allowed to take the course. Freshmen and sophomores are not expected to have such large ideas.

Staff members of the different divisions in the home economics will pursue the various units of the course. There is no laboratory work since the aim of the course is to give young men an understanding and insight into the problems and responsibilities that they share in the home.

### AG NEWS LETTER PLANNED

Report to Alumni Will Be Issued Yearly Says Announcement.

The Nebraska college of agriculture will start issuing an alumni news letter during the second semester, was the announcement made from the college Tuesday evening. H. K. Douthitt, assistant to the dean, is to have charge of the news letter.

It is planned to send one news letter out to college of agriculture graduates each year. At the present time there are about 2,000 men and women graduates from the college.

Douthitt is busy this week sending out questionnaires to the graduates in a further effort to learn of their locations and occupations. The results will be published in the news letter. The latter will tell about activities of the graduates and about those on the college campus. It is expected that the University of Nebraska Alumni association will co-operate with Douthitt in putting out the alumni news letter.

### RETIRING JUDGE HOLMES PRAISED BY FACULTY MEN

Resignation Supreme Court Justice Calls Forth Praise of Work.

### SAY LOSS IRREPARABLE

Political Science and Law Authorities Honor a 'Great Jurist.'

The resignation of Justice Oliver Wendell Holmes from the United States supreme court announced yesterday by President Hoover brought eulogistic comment from various members of the University of Nebraska faculty, when interviewed Tuesday afternoon. Respect for the retiring justice and admiration of his work was the common opinion expressed.

Dean H. H. Foster of law college expressed regret at Justice Holmes' resignation, declaring that his loss would be irreparable.

"Justice Holmes ranks among the greatest judges connected with our supreme court. His opinions are distinctive no less for the profound social philosophy than for their literary excellence. At ninety, his mind was still open to new ideas and he was among the leaders of progressive thought," commented Dean Foster.

"Such a man can never be replaced," he concluded.

Prof. J. P. Senning, head of the political science department, was likewise enthusiastic in praising Justice Holmes' ability as a lawyer, calling him "the greatest jurist of his age."

"Loss Will Be Felt."

"Despite his advanced years," Holmes had the youngest mind in the supreme court bench. His loss will be keenly felt," Senning asserted.

Prof. Norman L. Hill of the political science department also felt that the country had lost the services of a great man.

"The bench has suffered a real loss," he said.

### SALE OF DUCATS FOR GREEK BALL GETS UNDER WAY

Ticket Selling Begins This Morning; Cost Is Two Dollars.

### HEAVY SALE PREDICTED

Council's Attention Called to Violations of Rules for Initiation.

Interfraternity ball tickets go on sale this morning. Sales are in charge of the Greek council representatives in the fraternity houses and at Long's and the Co-op Book stores. The price is \$2. Tickets were distributed to the Interfraternity council members at a short meeting preceding the basketball game last night. Ten tickets were checked out to each representative and a limited number left with each book store.

A heavy early sale is predicted by Charles Skade, in charge of the ticket sales department of the ball committee, since the sale will be limited to the capacity of the Cornhusker hotel ballroom where the event is scheduled Feb. 6.

The price this year has been reduced fifty cents under last year and fifty cents under the Military ball. Norman Galleher, chairman of the ball committee, explained yesterday, to conform to the general campus movement for reduction of social expenses.

Two fifteen piece orchestras, Eddie Jungbluth's and Leo Beck's, have been booked for the event and will play alternately throughout the evening. Special entertainers have been engaged by Jack Thompson who heads the entertainment section of the ball committee. Thompson reports that a vaudeville act from the Stuart theater stage show the week of the ball may be engaged as an added entertainment feature.

John Zeilinger, in charge of decorations for the ball, is negotiating for the decorations contract and expects to be able to announce his plans soon. Other arrangements for the ball are practically completed.

### STUDENTS HONOR BARBOUR

Geologists at Tulsa Meet Fete Former Teacher At Luncheon.

Although he was not present himself, Professor E. H. Barbour, head of the department of geology, was honored by eighteen of his former students at a luncheon during the annual convention of the Geological Society of America, meeting in Tulsa, Okl., during the holidays.

Dr. Barbour received a letter from his friends attending the convention telling him of the events of the meeting. Dr. G. E. Condra, director of the conservation and survey division, was present at the meeting.

A. L. Beekly, a Nebraska graduate of 1910, formerly connected with the United States Geological Survey and now a geologist in Tulsa, was toastmaster at the luncheon. Chas. N. Gould and A. H. Darton, former students, sat on either side of Mr. Beekly. Mr. Gould gave a short talk on the life and work of Dr. Barbour.

### Student Council to Meet Tonight at 5

The student council will meet this afternoon at 5:00 sharp in U. Hall, room 111. All members are urged to be present promptly on the hour in order to facilitate the transaction of a considerable amount of business.

EDWIN FAULKNER, President.

### ALL AGGIE MEN TO MEET

Rev. Inglis Scheduled Talk On Social Relations Tonight.

A meeting of all Agricultural college men has been scheduled for tonight at 7 o'clock in room 306 Ag hall, when Rev. Ervine Inglis of the Vine Congregational church will speak on the subject, "Relationship Between Men and Women."

The meeting tonight will conclude the first semester meetings, according to C. D. Hayes, secretary of the University Y. M. C. A.

### JOURNALISTS HEAR BEUHLER METCALFE

Washington Correspondent During Wilson Period Speaks Tuesday.

Beuhler Metcalfe, of the class of 1912, spoke before J. E. Lawrence's journalism 181 class last night, relating a rambling series of experiences gained in thirty-five years of newspaper work which included a period as Washington correspondent for the New York Sun during the closing years of the Wilson administration.

Mr. Metcalfe, introduced by Mr. Lawrence, editor of the Lincoln Star, as the "best legislative reporter ever turned out by the state of Nebraska," was a varsity baseball player and member of Phi Delta Theta in school. He is a brother of Lieutenant Governor Metcalfe of Nebraska and son of Richard L. Metcalfe, old time Nebraska newspaper man and present mayor of Omaha.

Relates Experiences.

After giving three tenets for the successful newspaper man and some suggestions for developing style, Mr. Metcalfe told of a number of his experiences in journalistic work and with many nationally known figures, including leading newspapermen and government officials.

His tenets for the successful newspaper man: 1. Be reliable—(Continued on Page 4.)

### JANUARY AWGWAN DUE FRIDAY SAYS EDITOR

Publication May Be Held Till Monday Because of New Layout.

The January number of Awgwan, campus humor magazine will probably appear Friday morning, according to Marvin Robinson, editor.

"Publication has been delayed because of a new layout we are using," Robinson declared. "Therefore, I am unable to say definitely whether the Awgwan will be on the stands Friday. If not Friday, then Monday," he stated.

### DEAN HICKS WILL RETURN HERE FOR SECOND SEMESTER

Dean J. D. Hicks of the college of arts and sciences will return to Nebraska soon to resume his position here for the second semester, Acting Dean Oldfather's office said yesterday.

Dean Hicks has been teaching American history at Harvard this semester on a leave of absence from the university.

### Ferguson Will Speak At A.I.E.E. Meeting

Dean O. J. Ferguson will speak at the meeting of the local student branch of the American Institute of Electrical Engineers, which will be held Wednesday night at 6 o'clock in the Annex cafe. Annual election of officers will also be held.

### GIRLS DECLAIM IN SUPPORT OF LEAP YEAR FETE

Survey of Feminine Opinion Reveals Enthusiasm for Feb. 20 Event.

### AFFAIR TO BE FORMAL

Sorority Poll Indicates Girls Like Idea of Being Escorts.

BY VIRGINIA POLLARD.

Formal attire will be required of all women and their dates attending the Leap Year party at the coliseum Feb. 20, Mortar Board, the sponsors of the party, announced yesterday. All university women are invited and urged to attend in order that the first Leap Year party may be a success.

The women who attend the party will call for their dates, provide the means of transportation, pay for tickets and the refreshments, and other expenses as their male friends may require.

Since the announcement of the party by Mortar Board students have been discussing the idea and making plans accordingly. Men seem to agree that the idea is a good one, and that the party will be a novelty. However since the women are the ones who are to stand all of the expenses of the evening their opinions were also asked in a survey by the Daily Nebraskan.

Girl Opinions Quoted.

Louise Cogswell, president of Kappa Kappa Gamma, thought the party a "good idea" and said the "Kappas were glad to go."

"The Kappa Alpha Theta's liked the idea and many are planning to go," stated Helen Drummond, the president of the chapter.

Beverly Martin, Delta Delta Delta, "thought the idea perfect and that the girls thought that it was just great."

A dinner will be given by the girls for their dates before the party by the Alpha Phi's. "We are all planning to go and think it will be a lot of fun," stated Helen Baldwin.

### SWIMMERS TRY OUT POOL

Exhibition Staged in New Tank After Court Tilt Tuesday.

Nebraska sports patrons seasoned their basketball Tuesday night with a touch of aquatics when Rudy Vogeler and his varsity swimmers collaborated in an exhibition of what the well bred varsity swimming team goes thru in anticipation of a difficult season's schedule.

### WALTER WINCHELL, RECKLESS GOTHAM COLUMNIST, LIFTS SELF UP BY OWN BOOT STRAPS TO ACHIEVE WIDE FAME

By CLARKE C. BRADLEY.

You have probably heard of the man who lifted himself by his boot straps, but have you been aware of the very modern version of this adage that has been taking place during the past few months.

The man referred to herein is the gayest and most reckless of Broadway columnists, Walter Winchell. For the proverbial boot straps Mr. Winchell has employed interesting bits about celebrities and by conducting his column on the celebrities, Mr. Winchell has become a celebrity of equal, if not even greater brilliance.

His intimate anecdotes concerning people in the public eye has become such a sensation that Mrs. Winchell's little boy, Walter, is no more a mere Broadway columnist, but a radio favorite, as well.

### In Dance Ditties.

Another indication of his growing popularity is manifest by not less than six or seven popular dance ditties that mention him and his prolific snooting. He is read, talked about and sung about. Not so bad for a lowly columnist?

Those of the more conservative mind in journalism look with disdain on some of Mr. Winchell's pranks, but they must admit that, although they differ with him in theory, no other columnist has consistently produced interesting facts and chatter on the scale that Winchell has.

### That Winchelling.

As we take a closer peek at the work of Walter, we find that from his column has come a large part of our current slang. Perhaps this isn't so commendable, but his creations are something new and to

### K.U. WINS FAST TILT 34 TO 31

Blackmen Unable to Overcome Opponents' Lead in Last Minute Spurt; Nebraska Leads 17 to 11 At End of First Canto.

### NEBRASKA HOOPSTERS SHOW IMPROVEMENT

Johnson Stars for Kansas; Henrion, Lunney, Hartley, Mason and Koster Prove Best Combination; Koster 'Sensational' at Guard.

By MURLIN SPENCER.

A belated rally with slightly over three minutes to play failed to cut down an overwhelming lead piled up by Kansas, and Nebraska dropped a fast, hard-fought conference game to the Jayhawkers, 31 to 24, at the Coliseum Tuesday night.

It was a game hard to lose. With the first half ending 17 to 11 in favor of the Huskers, approximately 3,500 spectators watched Kansas come back in the second period and gradually tie the count. The defending Big Six champions then put on a five minute spurt that netted them more than enough points to win.

With the Jayhawkers 12 points in the lead and only a little over three minutes to go, the Huskers went to work in a spectacular display of fight and offensive power to overtake them. Time proved to be the greatest obstacle to the hopes of the Cornhuskers, however, and the gun ended the scoring spree with Nebraska three points behind.

It was a vastly improved Nebraska team that took the floor Tuesday night in comparison to the Husker quintette that met Carleton college. Coach Charley Black has found a scoring combination in Henrion, Lunney and Hartley that will prove its worth over any team.

In Koster Nebraska has one of the outstanding guards in the conference. His guarding last night was sensational, and his scoring ability netted five points. Mason although inexperienced proved to be a fitting running mate for "Dutch" and scored six points.

Johnson is K. U. Star.

Johnson, tall Jayhawker center, who has proved a thorn in the side of the Huskers for so long, again was responsible for the Kansas win. Besides scoring 14 points for high point honors for the evening, his control of the tip-off and floor work was the best seen here for some time.

Nebraska used five substitutes in the latter part of the game in an attempt to catch the Jayhawkers. Boswell did his share with two field goals. Henrion, Hartley and Mason were tied at six points each for the Nebraska scoring honors.

Mason started the fireworks in the first forty seconds of the game, giving Nebraska a two point lead from which they were never headed in the first period. Baskets by Hartley, Henrion and Koster, together with deadly eye on free throws by Mason, gave Nebraska a substantial lead of 17 to 11 as the half ended.

Kansas was playing a defensive game for the most part, showing a tight man for man defense that was difficult for the Huskers to break through. The guarding of Nebraska in this period was responsible for the low score of the Jayhawkers.

Jayhawkers Come Back.

Kansas came back with a rush (Continued on Page 4.)

### RIFLE CLUB TO START PRACTICE FOR FIRST MEET

Rifle club members held a short meeting Tuesday noon in the W. A. A. office. Practices will start Feb. 2 and the freshmen will practice on Tuesday nights at 7 while the upperclassmen will have their practices at 8. The first challenge will be on Feb. 13 according to the club heads and faculty sponsor.

### WALTER WINCHELL, RECKLESS GOTHAM COLUMNIST, LIFTS SELF UP BY OWN BOOT STRAPS TO ACHIEVE WIDE FAME

By CLARKE C. BRADLEY.

You have probably heard of the man who lifted himself by his boot straps, but have you been aware of the very modern version of this adage that has been taking place during the past few months.

The man referred to herein is the gayest and most reckless of Broadway columnists, Walter Winchell. For the proverbial boot straps Mr. Winchell has employed interesting bits about celebrities and by conducting his column on the celebrities, Mr. Winchell has become a celebrity of equal, if not even greater brilliance.

His intimate anecdotes concerning people in the public eye has become such a sensation that Mrs. Winchell's little boy, Walter, is no more a mere Broadway columnist, but a radio favorite, as well.

### In Dance Ditties.
