Active In School. Miss Geddes is the retiring pres-ident of Alpha Lambda Delta, freshman scholastic honorary, and is a member of the Outing club. Miss Reilly is a member of Delta Gamma, and is treasurer of the A. W. S. board. She is the newly elected vice-president of the Big Sister board, and is a member of the Great Cathedral choir. Miss Cooper is affiliated with Pi Beta Phi and has been a member of the A. W. S. freshman activities group. She is a newly elected member of the Big Sister

board. Miss Haxthusen is a member of Alpha Chi Omega and was freshman chairman of the Y. W. C. A. finance drive. Miss Carlsen is affiliated with Kappa Alpha Theta and is an ac-

tive member of the A. W. S. freshman activities group, as is Miss McAllister. Miss Smith who is a member of Delta Gamma, served as president of the frosh group during the first semester, Miss Perkins is a newly elected member of the Big Sister board. All candidates will be introduced

Monday evening at the mass meeting. At 5 o'clock two nominees will be chosen to be added to each class. Balloting will follow nomina-tions from the floor.

GOETHE'S DEATH TO BE COMMEMORATED

(Continued from Page 1)

burg of the department of classics, and a song by a quartet com-posed of Harold Hollingsworth, Harvey Humann, Lyle DeMoss and Harvey Humann,

observance reminds that "Goethe's influence on modern thought, cultural, literary, esthetic and artiscan scarcely be overesti-

"Every university," the announcement continues, "college, or other higher institution of learning throughout the civilized world shares in this memorial celebration. Every educated human being recognizes that the gifts which

a great genius bestows upon mankind are its permanent possessions, its unfailing source of refreshment

for the higher life." Goethe died in Weimar, Ger-many, March 22, 1932, at the age of eighty-two. His most noted work is the opera Faust.

member of the W. A. A. executive meets for which the events and regulations were formed.

The events are as follows: One length free style for speed; one length back crawl for speed; one length side stroke for form; diving which consists of two standard dives and one optional; plunge; balloon race; and the relay. The standard dives from which the contestants may choose two are front jack-knife, back dive, running front or swan, and standing front. The balloon race is a novelty event.

Several rules were made regarding the intramural meet. It was decided that only one swimming

club member may be on one team and each organization may have only four representatives on a team. Not more than one swimmer from each organization may participate in the same event; each swimmer may enter two events and the relay.

Substitutions may be made provided the substitute enters the same events as the swimmer for whom he is substituting.

VISIT ENGINEERING COLLEGE George T. Work, '26, of the Worthington Pump and Machinery company, Kansas City, Mo., and Earl S. Carpenter, ex-'08, city superintendent at Anthony, Kans., visited the College of Engineering offices last week.
