Greek Letter Initiations Hold Social Attention During the Past Week

Delta Gamma, Kappa Kappa Gamma, Pi Beta Phi, Delta Upsilon, Alpha Tau Omega, Pi Kappa Alpha And Alpha Gamma Rho Hold Services.

Initiation services at which new members were admitted to Greek letter groups figured prominently in the activities of the week end just passed, and many of the dances and dinners which were given honored the new initiates. Following the Delta Upsilon initiation Friday, a dinner and house dance were given for the new members. The initiation services of Delta Gamma, Kappa Kappa Gamma, and Pi Kappa Alpha, which occurred Saturday, were each followed by a banquet, and Alpha Gamma Rho, also initiating Saturday, gave a house dance for their initiates. On Sunday the Alpha Tau Omega's initiated and then had a banquet at the Cornhusker, and the Pi Beta Phi's held their initiation and honored the new members at a dinner at the chapter house.

Pi Phi's Initiate at Sunday Ceremony.

The new initiates of Pi Beta Phi, who became members of the sorority at a ceremony held at the chapter house Sunday, are Marjory Campbell, Calista Cooper, Jane Edwards, Edith Haney, Louise Hanna, Helen Hokanson, Mary Jane Hughes, Jean Ivens, Lorraine Lovegren, Lois May, Ruth Preston, Betty Rose, Jane Steele, Kathryn Stephenson, Mary Ulrich, Margaret Walker, and Bettie Wilson. Following the service the new initiates were entertained by the active chapter at a dinner at the house.

Pi K. A. Initiates

Saturday Morning.

At a ceremony held early Saturday morning six men were initiated into Pi Kappa Alpha. They are Paul McBride, Victor Scheaffer, Don Rainey, Neil Jones, Albert Schwaderer, and Randolph Soker. Saturday evening the fraternity held its Founders Day banquet at the house. Darrell McStrich was toastmaster and responses were made by Victor Scheaffer, Alex McKie, and Ted Brasschke. Following the banquet the members entertained at a spring party at the Cornhusker hotel.

D. U.'s Initiate Eight At Friday Ceremony.

Delta Upsilon held its initiation ceremony Friday afternoon, followed by a dinner and a house party in honor of the new initiates. A special invitation was issued to fathers of the new members, several of whom attended the ceremony. The following men were initiated: John Crawl, Vean Stone, Jack Vaughn, James Buis, Franklin Philco, Jay Jorgenson, Hayes Grimm.

Initiates of A. T. O. Honored at Banquet.

Nebraska chapter of Alpha Tau Omega initiated nine men at the chapter house Sunday. They are Rodger Wolcott, John Ralph, Walter Dann, William Fisher, Glen Reider, Edward Cannon, Charles Williams, Neal Slaughter and Merrill Moeller. Following the initiation the new members were entertained by the active chapter at a banquet at the Cornhusker hotel.

Banquet Follows Kappa Initiation.

Twenty girls were initiated into the local chapter of Kappa Kappa Gamma at a ceremony held at the chapter house Saturday afternoon, following which an initiation banquet was held at the University

EXTENSION DIVISION ISSUES NEW BULLETIN

Nebraskans Write Articles For Latest Educational Research Record.

The latest copy of the Educational Research Record of the university has just been released from the press. Copies of this bulletin have been sent to the Teachers college library and also to the main library.

The lead article of this issue is "The Present Status of Certification in Nebraska," by Herbert L. Cushing, deputy state superintendent. In it Mr. Cushing explains several plans for the issuing of teachers' certificates and advocates a plan which he believes should prove feasible in Nebraska.

Other articles are: "A Social Problems Course for High School Girls," by Grace McLain; "Some Trends in Commercial Education in Nebraska High Schools" by Carl W. Helmstaedter.

The bulletin was published in co-operation with the Extension Division of the University of Nebraska.

club. The new initiates are Juliette Barney, Mary C. Clarke, Evesia Madeline, Virginia Foster, Susan Gibbs, Katherine Hammond, Betty Kelly, Mary Lovell, Jane McLaughlin, Marietta Morehouse, Dorothy Nicholls, Imogen Souders, Jane Von Seggeren, Margaret Sunn, Louise Schneiderheinze, Alice Sprague, Jane Stein, Evelyn Seiber, Jean Warfield, and Roma De-Brown.

D. G. Initiates Are Honored at Banquet.

The Delta Gammans honored their new initiates of Saturday at a banquet that evening at the Cornhusker hotel. Mrs. Lyle Holland served as toastmistress. Others on the toast list were Lillie Mae Taylor, Rachel Branson, and Mrs. Ed Walt.

The following were initiated: Bernette Adams, Alice Beckman, Louise Comstock, Louise Correa, Caroline Echols, Dorothy Gill, Barbara Harrison, Florence Pantor, Thelma Paulson, Louise Perry, Caroline Reese, Marion Smith, and Ruth Skiles.

CADET OFFICERS DONATE \$50 FOR DROUGHT AID FUND

(Continued from Page 1) university faculty has amassed a sum exceeding \$1,350.

In addition to these contributions proceeds from the Nebraska-College Aggie football game and the Nebraska-Creighton basketball games have been added to the relief fund.

The Daily Nebraskan, besides receiving many cash contributions in its relief campaign, has collected and shipped over four boxes of clothing to the chairman of the state relief committee for Antelope county at Orchard. Walter H. Whitten, secretary of the Lincoln chamber of commerce, has expressed great concern at the response of the university in contributing to the drought sufferers.

SAINT LOUIS PICKED FOR ENGINEERS TRIP

(Continued from Page 1) several other side trips which will be announced later.

About sixty or seventy will make the trip according to present plans, and the committee in charge desires that all those intending to make the trip who have not registered should do so immediately.

Members of the committee are F. W. Weiland, associate professor of mechanical engineering; chairman; H. J. Kesner, professor of civil engineering, and C. L. Zink, agriculture engineering instructor.

The trip will be made by railway and buses will furnish transportation while the inspectors are in the city, according to present plans. They will stay at the Hotel Mayfair.

INTRODUCE PLAN FOR FORMATION OF BARB GROUPS

(Continued from Page 1) work through since they would not be here next year.

In answer to the criticism, Edwin Faulkner suggested that the committee this year might well confine itself to doing preliminary work in the matter of barb organization, feeling out the situation and reporting to the student council its results. If the work seemed promising, he indicated, the council might deem it wise to reappoint special committees to carry on the work next year.

PLANS PROGRESS FOR AG COLLEGE PAGEANT

(Continued from Page 1)

of the class each day this week for conferences regarding the pageant production. The class, however, meets each Friday from 1 o'clock until 4 in the Home Economics building.

Though the original plans for the pageant called for six episodes the final plans have reduced the number to five. Each division will represent a development in the state's history. Members of the advisory board made up of prominent Nebraska citizens are giving suggestions for the development of the pageant. Frank Marsh, member of the board of regents, is taking an active part in helping the fair board present a successful pageant.

Loretta Borzyk of Farwell, junior in the College of Agriculture, is directing the dances which will be presented during the pageant. Miss Clarice McDonald, director of intramural coed athletics, is helping Miss Borzyk with the dance program. They have not as yet announced the individuals who will present the dances. Beside the dances between each interlude there will be two special presentations during the production.

THE CAMPUS OF THE FUTURE

(Continued from Page 1) erecting a new major building south of Bessey hall and facing the quadrangle.

Old Campus Plans.

"We may next turn our attention to the 'old campus' where memories cluster while its halls decay, old memories, it is true, and ancient halls, some of them unfit for modern use," the chancellor went on. "The old spirit is to be preserved, but a new motif of order and symmetry is to be injected into the plan. When a new building is erected, it will be adapted to modern educational needs."

"An open space is to run north and south through the central area now occupied by old 'U' hall," the old electrical engineering laboratory, and the abandoned boiler house. Looking northward down this open space one may hope to see the colonnade sometime in the future filling the south end of the

man, Mrs. O. R. Martin, F4504, for an earlier appointment.

Each applicant must also provide three recommendations, two of which should be from members of the faculty staff. These recommendations should be mailed directly to Mrs. O. R. Martin, 1527 South 20th Street before April 7.

The scholarships will be given in September, 1932, in time for use at registration. The successful candidates will be announced at the Honors Convocation on May 4, 1932.

FERGUSON WRITES ON UNEMPLOYMENT TOPIC

(Continued from Page 1)

charge of overheads and underpasses in the state department of public works, tells the economic conditions necessary in the study of the elimination of grade crossings by separation structures. His article is entitled "Railway Grade Crossings."

"Flood Relief for Salt Creek," a feature by Mario E. Smith, a sophomore in the Civil Engineering college, is a story of the work that has been done in relieving flood conditions in the Salt Creek valley. The plan for future development is also outlined.

Harvard Clinic to Analyze Dreams of Lindbergh Mystery

The Harvard psychological clinic, which is conducting a study of dreams, believes that the Lindbergh kidnapping case may throw light on the mysteries of mental telepathy.

From forty-four states and from Canada, within the last few days have come reports of 500 dreams about the sensational abduction, and Dr. Henry A. Murray, head of the clinic, has stated that he believed analysis of these contributions may reveal valuable new data concerning unconscious mental processes.

Completed stadium. Around this open space where vistas lure and stately trees abound, will be grouped the buildings of the old campus. The library, physics, and mechanical engineering on the west with modern buildings, gradually replacing the older halls on the east.

"Engineering hall will be the first in order," he said. Standing west of Twelfth street, it will face east and close the western terminal of the quadrangle. It will provide for electrical engineering, mathematics, and applied mechanics. All the space will be occupied with departments relating to engineering education.

Nebraska Hall to Go.

"Old Nebraska hall must be removed before the erection of Engineering hall," Chancellor Burnett explained, "since it stands upon land that the latter must occupy. This will force the administration to provide quarters for conservation and survey and for the military departments before the plan proceeds.

"The development of the area east of Fourteenth street is more remote in its realization. It will extend the quadrangle and provide a setting for modern library building," he said, pointing out the arrangement on a large blueprint.

"Looking south on a broad avenue to the capitol and west to the older campus, it will be the axis and focal point of interest in the complete plan. Dormitories, sorority and fraternity houses will be grouped around it to the east, north and south, while prominent university halls on either side of the quadrangle will connect it with the campus farther west.

"Student Union hall built by private subscription may be given a prominent place near the library."

"The plan looks many years to the future," explained the chancellor, "but with an insight into the university's needs that is prophetic of growth. Every new building erected will be in accordance with this campus plan. Fortunately the most pressing needs of the university call for buildings on the older campus where the plan is nearing completion. The progress that we shall make in the completion of this plan will depend upon our recovery to normal times and the further expansion of our student body."

GROUPS COMBINE FOR FRIDAY CHURCH FETE

Fifty Attend Methodist Joint Party at St.

Paul M. E.

Students representing fourteen Lincoln Methodist churches attended a party given at the St. Paul Methodist church last Friday night. It was the third of a series of four parties planned for the school year and drew an attendance of more than fifty young men and women.

The program included piano solos by Marvin Bostrom, readings by Margaret Hulshoff, and vocal solos by Mrs. Newton W. Gaines.

Party committees were Bernard Malcolm, program; Glenn Heady, entertainment and games; Florence Downey and Marvin Woodfill, refreshments; Tom White, La Verne Ruth and Fern Lee, decorations; Lola Applegate, Fern Lee and Nora Bubb, reception.

NEBRASKA GRADS ARE AUTHORS OF BOOKS ON BIRDS

"The Prairie Horned Lark," a book by Gayle B. Pickwell, A. B. '21, M. A. '22, published by the Academy of Science, St. Louis, has been received from the author by Dr. R. H. Wolcott, chairman of the department of zoology. Pickwell is now head of the department of biology at the California State Teachers college, and is also the editor of Western Nature Study.

Doctor Wolcott has also received a book, "Measurements of Birds," of which Leonard G. Worley, A. B. '28, A. M. '28, is a collaborator author. Doctor Wolcott praises both works.

COED BLACKLISTED BY MICHIGAN MEN

Men students "blacklisted" Marion Shepard, University of Michigan freshman, after she donned male attire and entered the Michigan Union, traditionally closed to women. She said that she was trying "something different" to beat a male competitor for a job on the student newspaper.

Each coed prom to which men are not invited is an annual feature at Montana State.

KAPPA PHI GIVES SUNDAY BREAKFAST

Methodist Sorority Holds Annual Devotional Program.

The annual Palm Sunday morning breakfast was given Sunday by Kappa Phi, Methodist girls club at St. Paul church. Places were arranged for fifty native members with Eileen Moore presiding at the affair.

The program opened with a vocal solo by Alice and Mildred Williams. Rachel Baker gave the devotional program when she read "The Two Faces." Another group of selections by the Misses Williams followed. A benediction closed the program.

The next meeting of the group will be held April 7 at the Wesley Foundation. Officers will be elected at this session, and a foreign missions group will be presented.

Prof. Schramm Plans To Attend Convention

Prof. E. F. Schramm, department of geology, plans to attend the conventions of the American Association of Petroleum Geologists at Oklahoma City, Okla., March 23 to 26, and of Sigma Gamma Epsilon, professional geological fraternity, which meets on April 1 and 2 at Pennsylvania State college.
