LINCOLN CHAMBER PLANNING EVENTS ON NEBRASKA DAY

Civic Organization Secures Cooperation of Many Local Agencies.

TO USE THREE PARADES.

Delegation From Manhattan Willing to Help on Idea.

The chamber of commerce of Lincoln has laid plans and is putting forth every effort to promote an activity to be known as "Nebraska Day." This will be on Oct. 29, Homecoming day on the university campus and the day of the Nebraska-Kansas Aggie game.

The committee in charge of the affair has already made many arrangements to insure the success of the idea. They expect to have assembled in Lincoln from eight to fifteen high school music organizations and American Legion bands from various cities near Lincoln.

There will be a series of three parades going through the city during the day. The State Teachers' Institute will also be in session during the latter part of this week and an effort is being made to keep the visiting teachers in the city for the celebration and for the homecoming game.

To Dedicate Flag.

Another interesting aspect of the day will be the dedication of Lincoln's new official flag, which will have a special military unit from the university as color guard. A parade for the occasion, which is to be led by the university band, will meet the Kansas Aggie special at the station about eleven-twenty Saturday morning.

Officials from the Kansas Aggie school have expressed their willingness to co-operate with the committee in carrying out their ideas. Every indication points to a large following of Kansas Aggie rooters for the game. From their train they will form a parade with the Kaggie band in the lead, then the Aggie team and the rooters. In the next section the Nebraska band will lead the Tassels, Corn-cobs and a pep unit of university students.

To Include Rally.

Further arrangements include a student rally at the Lincoln hotel. (Continued on Page 2.)

AUTO CLUB SUGGESTS ROUTE TO LAWRENCE

Detours to Be Found on Principal Highways to Nebraska Game.

Detours this year will almost create a monopoly on travel to the Nebraska-Kansas football game at Lawrence, according to the Lincoln Automobile club. East O is now under construction, with two detours. So, 14th or the Beatrice road has two detours, both of which would be soft and cause trouble in case of rains. The club suggests:

No. 2 to Nebraska City, U. S. No. 75 south, paved south from Nebraska City to the Howe Junction, then gravelled south to Sabetha, and Hoyt, then paved to Topeka, and Lawrence. This is an all weather road, the shortest, the distance being 205 miles. The club suggests U. S. No. 40 from Topeka to Lawrence, but there is another paved road, Kansas No. 10, via Newman and Perry, at an additional distance of three miles. From Lawrence, there is paving on U. S. No. 40 to Kansas City, a distance of forty-one miles.

Returning from Kansas City, you have two choices: One via St. Joseph, and No. 275 thru the Missouri and Iowa side, to junction of Iowa No. 3 then to Nebraska City, and returning via No. 2. Or from St. Joseph, the usual road to Hiawatha, then north on U. S. No. 73 and No. 75 to Nebraska City.

University of Nebraska Faculty Is Represented on Programs for Six District Teachers' Meetings

When the six districts of the Nebraska State Teachers' association hold their annual meetings from Oct. 26 to 29 in Alliance, McCook, Kearney, Norfolk, Omaha and Lincoln, the University of Nebraska faculty will be well represented on the various programs. The Lincoln gathering will probably bring a large number of former students to the capital city.

University of Nebraska educators on the program of the convention are headed by Dr. D. A. Worcester, who will preside at the character education division. Dr. S. M. Corey of the university, and president of the Nebraska Vocational Guidance association will preside at the meeting of the vocational guidance section. Dr. Charles Fordyce will lead the discussion on "The Pupils Demand for Vocational Guidance."

Link Heads Geography. President of the geography section is John T. Link. Dr. William Van Rosen will address the group on "Danger Spots of Europe." Miss Clara Evans of the university will speak on "Seat Work" in the normal training division, and Minnie

URGE STUDENTS TO ATTEND RALLY.

Every Nebraska student in Lawrence Saturday has been urged by William Devereaux, rally chairman of the Innocents society, to be at the station at 11:15 a. m. when the special train carrying Nebraska students, Corn Cobs, Tassels and band will arrive. "It is necessary that those students who drive thru to the game take part in the rally which will be staged as the train pulls in," Devereaux declared, "since this is the first rally ever held by Nebraska at a 'foreign' school and must have plenty of support to make a good showing."

He added that the game is Kansas' annual Homecoming celebration and the rally Saturday morning in Lawrence will give Nebraska a chance to vie with their guests in showing their enthusiastic support for the teams that will represent the respective schools Saturday afternoon.

VIGILANCE GROUP ELECTS OFFICERS OF ORGANIZATION

Student Council Postpones Action on Recognition of Committee.

Meeting in the Delta Tau Delta house Wednesday night, sophomores of the university perfected their "Vigilance Committee" organization by presenting a petition to the student council for approval, electing officers and an executive committee, and appointing a committee to draw up rules and orders for the newly formed club.

Charles Steadman, Alpha Sigma Phi from Lincoln, was elected chairman of the club, and Pat Miller, Phi Gamma Delta from Oakland, was elected secretary-treasurer. An executive committee composed of four bars and one fraternity man will be appointed by the chairman with in a few days.

Discuss Tug-of-War.

Discussion of the group led to plans for selection of a sophomore tug of war team, and also plans for persuading freshmen to continue wearing the caps.

That the student council of the university may ignore the committee altogether was evident Wednesday when Jack Erickson, member of the council, moved that it be shelved until the next meeting. As (Continued on Page 2.)

FACULTY TO HELP DAILY NEBRASKAN IN ELECTION POLL

Four Members to Officiate at Ballot Boxes During the Day.

Members of the university faculty will express their presidential preference at the Daily Nebraskan presidential election to be conducted Wednesday, Oct. 26, in the main hallway of Social Science building. The polls, under the supervision of the faculty, will receive ballots from students, graduate students, and faculty members.

Two thousand ballots have been ordered and it is expected that the final results will be representative of the general political trend of the campus. The ballots will include the names of three candidates: Hoover, Roosevelt and Thomas, but a blank will be reserved for any additional candidate the voters may wish to write in, and a blank in which graduate students and faculty may designate themselves.

The faculty has offered to stimulate interest in the straw vote by announcing it in their classes. Four faculty members will be at the polls during the voting period each contributing an hour of his time to take charge of the ballot box. Professors Jenness, Satterfield, Peterson and Hill are those who have volunteered their services. Two girls will assist them during each hour.

The polls will be open from 9 to 12 and from 1 to 4. Votes received in the morning will be counted at noon, and the remainder immediately after four so that the results may be wired to the Daily Princetonian at Princeton university as soon as possible.

The Daily Nebraskan project is part of a nationwide university enterprise being conducted by the Daily Princetonian. The returns of each participating college will be printed in the Daily Nebraskan at the same time that those on our own campus are tabulated.

HUSKERS ON MARCH FOR JAYHAWKERS

Nebraska Team of Thirty Players Entains Tonight at Ten O'clock for Thirty-ninth Battle With University of Kansas Foemen at Lawrence.

HUSKERS GIVEN SLIGHT EDGE AGAINST K. U.

Scarlet Backfield Outweighed by Thirty Pound Margin, Line Thirteen by Giant Lindsey Eleven; George Sauer Confined to Limited Duty.

Beset by injuries and with ineligibility costing them the loss of one player, Nebraska stock appeared none too bright as thirty Cornhuskers entain tonight at 10 o'clock for their thirty-ninth game Saturday with the University of Kansas Jayhawkers at Lawrence. Coaches Bible, Brown, and Schulte, Manager Ed Stelzel, Earl Deppen, trainer "Doc" McLean and

but that appears to be the extent of his participation. Another casualty is Bruce Kilbourne, who suffered a jammed knee injury in the Minnesota game. He is expected to be used sparingly against K. U.

Steve Hokuf, game captain for the Jayhawk tilt, visited the infirmary Thursday, and came out with a clean bill of health, the swelling and pain in his injured ankle practically gone. Whether Hokuf or Roby will start at right end is a question that cannot be solved until just before game time Saturday. Except for a few minutes in the Minnesota tilt, Steve has not been able to practice for two weeks.

Big Weight Handicap.

Facing a thirty pound weight advantage in the backfield and a thirteen pound margin in the line, it is small wonder that Head Coach D. X. Bible is visibly worried over the K. U. encounter. As a starting backfield Bible has nominated Penney, Masterson, Mathis and Staab, a quartet that averages only 164 pounds. Coach Ad Lindsey, on the other hand has four ball carriers in Nesmith, Schaack, Smith and Beach that weigh in at a 194 pound average. With Debus and Bishop, midget guards scheduled to start, the Nebraska line averages 183 pounds to 196 for the Kansas.

Altho the Cornhuskers have not tasted defeat for thirty-six years at Lawrence, without Sauer the Scarlet and Cream eleven will be waging an uphill battle Saturday (Continued on Page 3.)

WOLCOTT PRAISES ANEMIA DISCOVERY

Instructor Reveals to Public Compound to Cure Disease.

Dr. R. H. Wolcott, head of the zoology department in commenting on the discovery of an anemia remedy by Prof. Edwin B. Hart of the University of Wisconsin, offered no statement as to the feasibility of it, but stated that if it did the work he thought it was a very fine thing because anemia is one of the hardest diseases to treat.

In 1928 after three years of research Professor Hart discovered that copper when added to iron results in a compound which prevents and cures certain kinds of anemia. The applications for a patent have been hanging fire until just recently when they were assigned to the Wisconsin alumni research foundation.

Doctor Wolcott stated that he thought it was fine of Professor Hart to release his discovery to the public. There has been a tendency among scientists to keep important discoveries to themselves and use them for their own personal profit instead of giving them to society, Doctor Wolcott declared.

DEFENDS SCHOOL SYSTEM

Teachers College Dean Says All Are Entitled to Opportunity.

Dr. Frank E. Henzlik, dean of the University of Nebraska teachers college, defended the present school system against critics who want education put on a basis of aristocracy rather than of universality, in address which he made before the Lion's club.

"Critics argue that 90 percent of our students in higher schools have no right to be there," he said. "If there is any fault with our system, it isn't due to any weakness in our ideals. In this country we want the race of life run from an even start in educational opportunities."

Due to the interest shown by several students it was decided to hold another tryout for membership. All those interested should appear at the Foundation Wednesday, Oct. 26, at 7 o'clock.

Young Democratic Club Presents Party Platform

In this time of unprecedented economic and social distress the democratic party declares its conviction that the chief causes of this condition were the disastrous policies pursued by our government since the World War, of economic isolation, fostering the merger of competitive businesses into monopolies and encouraging the indefensible expansion and contraction of credit for private profit at the expense of the public.

Those who were responsible for these policies have abandoned the ideals on which the war was won and thrown away the fruits of victory, thus rejecting the greatest opportunity in history to bring peace, prosperity and happiness to our people and to the world.

They have ruined our foreign trade, destroyed the values of our commodities and products, crippled our banking system, robbed millions of our people of their life savings, and thrown millions more

forth. The Nebraskan feels that such a presentation may help students in casting an intelligent vote next Wednesday in the Daily Nebraskan straw vote.

In an effort to make easily available for all students the principles upon which the various parties are campaigning for the presidency this year, the Daily Nebraskan is co-operating with the three student political organizations on this campus by presenting the platforms and principles of those parties. Today the democratic platform is printed. In Sunday's issue, similar space will be given to the socialist campaign doctrines, and Tuesday morning, the republican party principles will be set
