Regular Week End Social Program Shows Athletic Trend to Kansas

Residents of New Co-operative House Are Planning Saturday Dancing Party While Greek Men and Women Anticipate Homecoming.

Introducing its social program the new Co-operative house will entertain at a house dance Saturday night. Because so many students are planning to attend the game at Lawrence this week end fraternities and sororities have scheduled no house parties. Many of the Greeks who will be at Kansas for the game are planning to spend the week end as the guests of their various houses on the Kansas Uni campus. Homecoming promises to be unusually interesting this year with house dances on Friday night and the annual party Saturday evening. While there will be decorations this year as has been the custom, enthusiasm is keen.

One House Party Is Scheduled Saturday

The Co-Operative house is planning its first social event of the year, a house party to be given Saturday evening. Between thirty and forty couples are expected to attend. The orchestra which will play for the dancing has not yet been selected. Chaperones will be Professor and Mrs. E. W. Lantz and the housemother, Mrs. Clara Baker.

K. D. Inspector Leaves Thursday

Miss Beattie Faegan, national inspector of Kappa Delta, who left Lincoln Thursday morning was the guest of honor at several social functions while in this city. Sunday afternoon the active chapter of Kappa Delta was hostess at a tea which was attended by the presidents and housemothers of the various fraternities and sororities as well as other invited guests.

Tuesday at 11 o'clock the Alumnae club entertained for this national officer with a luncheon at the University club. Only members of this club were guests at the affair in honor of Miss Faegan.

The only hope for improving present conditions, restoring employment, affording permanent relief to the people, and bringing the nation back to the proud position of domestic happiness and of financial, industrial, agricultural and commercial leadership in the world lies in a drastic change in economic governmental policies.

Alpha Sigma Phi Go to Lawrence

Members of Alpha Sigma Phi attending the Kansas-Nebraska game: Lynn Leonard, Norman Finke, George Walliker, Neil McFarland, Emory Hunt, Bill Spomer, Judd Schroeder, Kern Fogerty, and Raymond Clark.

Sigma Nu will be represented at the Lawrence game Saturday by Doc Plimpton, Verdon Miner, Owen Johnson, Fred Nicklas, Bob Tebo and Bill McGuffin.

Theta Phi Alpha girls who will attend the Kansas-Nebraska football game are: Adela Tombrink, Lois Lee, Elinor Casari, and Esther Ladenberg.

About six Alpha Phis are planning to attend the game at Lawrence. Jeanette Arensberg, Jane Amidon, and Audrid Whitman will drive down while Ruth Eyerly, Helen Baldwin and Frances Morgan will go on the train.

Those from the Chi Omega house who are going to the Kansas game are Virginia Van Waning, Mary Lou Kirk, Mary Gilmore, Anna Helen Safarik, Henrietta Tharks, Leona Pollard and Maxine Remaly.

HUSKERS ON MARCH FOR JAYHAWKERS

(Continued From Page 1.) against the giant Jayhawkers. The game looks to be one that can just as well go to either team, but give Nebraska a slight edge.

The punting duties will be shouldered by John Roby and Steve Hokus, depending upon who is in at right end. Bob Joy will start at left end; Corwin Hulbert, left tackle; Clair Bishop, left guard; Lawrence Ely, center; Warren Debus, right guard and Gail O'Brien, right tackle.

Husker Backs Fast. Bernie Masterson's fine generalship in the Minneapolis fray makes him a certainty at quarterback with Chris Mathis at left half, Lee Penney at right half and Carlyle Staab, 151 pounder, at fullback. Light in poundage, the Husker backs feature great speed in Mathis and Staab.

That Coach Bible believes reserve strength will count as a large factor in the K. U. struggle has been evidenced by the way the second stringers have been working overtime this week. A second string backfield quartet that includes Jack Miller at quarter, Fred Overstreet and Fred Murray at halfbacks and Tator Fahrbruch at fullback is sure to see plenty of action. Hub Boswell has recovered from a shin injury so that he will be available at his old post at right half.

Dummy Scrimmage Thursday. Dummy scrimmage against Kansas defensive and offensive tactics with the freshmen as opponents kept the varsity busy Thursday afternoon. Only an easy drill is planned for Friday.

Morris Bristol, sophomore guard, failed to make the scholastic grade and so will not get to make the trip.

Twenty-nine players have been designated for the Lawrence pilgrimage with another gridster being added to this list Friday.

state commerce; (b) rates of utility companies operating across state lines; (c) Exchanges in securities and commodities. We advocate quicker methods of realizing on assets for the relief of depositors of suspended banks, and a more rigid supervision of national banks for the protection of depositors and the prevention of the use of their moneys in speculation to the detriment of local credits.

COUNCIL REDUCES ADMISSION PRICE FOR UNI PARTIES

"The first two parties of this year were given without any reduction in price," declared Jack Coupland, chairman of the Bar Council, "because certain members and advisers of the council felt that the results would not justify such an action. Therefore an attempt was made to increase the amount and quality of entertainment for the same old charge."

Receive Criticism.

This not only proved unsatisfactory, Coupland continued, but called forth quite a bit of criticism upon the council, as was evidenced by a letter printed in the Daily Nebraskan a week or so ago. "The council has now come to the conclusion," he stated, "that the most important procedure must be a reduction in price. This action was therefore taken. It is our object to provide recreation for as many university students as possible, and this reduction should make our parties available to more than ever before. We hope that the student body will co-operate with us to maintain this standard of entertainment."

We advocate the full measure of justice and generosity for all war veterans who have suffered disability or disease caused by or resulting from actual service in time of war and for their dependents. We advocate a firm foreign policy, including peace with all the world and the settlement of international dispute by arbitration; no interference in the internal affairs of other nations; the sanctity of treaties and the maintenance of good faith and of good will in financial obligations; adherence to the World Court with appending reservations; the Pact of Paris abolishing war as an instrument of national policy, to be made effective by provisions for consultation and conference in case of threatened violations of agreements for reduction of armaments and co-operation with nations of the western hemisphere to maintain the spirit of the Monroe Doctrine.

INDEPENDENCE FOR THE PHILIPPINES

Independence for the Philippines; ultimate statehood for Porto Rico. The employment of American citizens in the operation of the Panama Canal.

Simplification of legal procedure

and reorganization of the judicial system to make the attainment of justice speedy, certain, and at less cost. Continuous publicity of political contributions and expenditures; strengthening of the corrupt practices act and severe penalties for misappropriation of campaign funds.

We oppose cancellation of the debts

owing to the United States by foreign nations. We advocate the repeal of the eighteenth amendment. To effect such repeal we demand that the congress immediately propose a constitutional amendment to truly representative conventions in the states called to act solely on that proposal. We urge the enactment of such measures by the several states as will actually promote temperance, effectively prevent the return of the saloon and bring the liquor traffic into the open under complete supervision and control by the states.

We demand that the federal government

effectively exercise its power to enable the states to protect themselves against importation of intoxicating liquors in violation of their laws. Pending repeal, we favor immediate modification of the Volstead act to legalize the manufacture and sale of beer and other beverages of such alcoholic content as is permissible under the constitution and to provide therefrom a proper and needed revenue.

We advocate continuous responsibility of government

for human welfare, especially for the protection of children. We condemn the improper and excessive use of money in political activities.

We condemn paid lobbies

of special interests to influence members of congress and other public servants by personal contact. We condemn action and utterances of high public officials designed to influence stock exchange prices.

We condemn the open and covert

resistance of administration officials to every effort made by congressional committees to curtail the extravagant expenditures of the government and to revoke invidious subsidies granted to favorite interests.

We condemn the extravagance

of the farm board, its disastrous action which made the government a speculator of farm products and the unsound policy of restricting agricultural products to the demands of domestic markets.

We condemn the usurpation of power

by the state department in assuming to pass upon foreign securities offered by international bankers as a result of which billions of dollars in questionable bonds have been sold to the public upon the implied approval of the federal government.

We condemn the Hawley-Smoot

tariff law, the prohibitive rates of

which have resulted in retaliatory action by more than forty countries, created international economic hostilities, destroyed international trade, driven our factories into foreign countries, robbed the American farmer of his foreign markets, and increased the cost of production. In conclusion, to accomplish these purposes and to recover economic liberty we pledge the nominees of this convention the best efforts of a great party whose founder announced the doctrine which guides us now in the hour of our country's need: Equal rights to all; special privileges to none.
